Mercy, Mercy Me

Seymour lies between the City of North Vancouver and Indian Arm and includes the communities of Dollarton, Deep Cove, the Tsleil-Waututh First Nation and the popular Mount Seymour winter sports complex. Compiled with the help of knowledgeable Seymour seniors of the Deep Cove Heritage Society, *Echoes Across Seymour* provides unparalleled insight into the history and character of each of Seymour's nineteen neighbourhoods. Readers will meet the crocodile-rearing Doc Hogan in Riverside East, hear tales of the sea serpent that claims the waters of Indian Arm as its home, play in the Northlands Golf Course that local supporters fought to make a success, and watch wistfully as Deep Cove transforms from a misted primeval forest to a charming suburban community. Each neighbourhood's unique and detailed history is presented in a concise and captivating manner with a focus on facts and stories from the last fifty years. Delightful poems and charming photographs from the community's archives bring Seymour's history to life for newcomers to discover, and allows residents to reminisce about their own fond memories of the area. *Echoes Across Seymour* reveals a vibrant and modern community working to find the right balance between development and nature, celebrating its triumphs and embracing the challenges still to come.

Be Still and Know

Brimming with helpful information and tips, The Everything Great Marriage Book can help bring harmony to any relationship.

John Haynes

You haven't gotten yourself a R107 yet? Too bad, the good ones can cost a small fortune today and they have only one way to go: UP! But don't worry, plenty of them have been built and plenty of them are still around. Problem is, which one is the right one for you? Can you imagine that even a low mileage, good looking R107 can still far exceed your wildest imaginations, when it comes to restoration costs? Everybody seems to want a late model 560SL. Why not an early 450SL for half the money? The joy and pride of ownership is the same, trust me. Or how about one of the former longtime underdogs, an SLC? Also they start to appreciate, a few of them even very fast, faster than a mint 560SL. If any of this is of interest, then this new book (published already earlier as e-book) is for you. It does not only deal with development and history, it also comes with a comprehensive buyer's guide for

both the SL and SLC. This includes a look at their price development over the past years. Another focus has been the VIN and data card, so that you have a better understanding, how they were equipped and to which market they have been shipped first. Superb recent photography from the author's collection can help you to find the right car or it might even serve as reference in a restoration project. Naturally the paint and interior upholstery options, full technical details plus the annual production history of each model are covered. As a bonus, rare insights into the R107's almost unknown rally history are given. **FREE BONUS:** When you have bought this book, you are eligible for a free pdf file of any Mercedes model (such as W111 or W198 or R107 for example) the author has covered in one of his books. Please contact the author through his website (inside the book) and stipulate, which free pdf file you want him to send to you.

The representation of gender and sexuality is well-explored territory in film studies. In *Film Bodies*, Katharina Lindner takes existing debates into a new direction and integrates queer and feminist theory with film phenomenology. *Film Bodies* explores the female body's presence in a range of genres including the dance film, the sports film and queer cinema. Moving across mainstream and independent cinema, Lindner provides detailed 'textural' analyses of *Black Swan*, *The Tango Lesson*, *2 Seconds*, *Offside*, *Tomboy* and *Girlhood* and discusses the queer feminist encounters these films can give rise to. This provocative book is of vital interest to students and researchers of queer cinema, queer/feminist theory, embodiment and affect and offers a unique new way of understanding the relationship between queerness, feminism, the body and cinema.

was shot by his father-his relevance persists because of the indelible mark his outsized talent left on American culture. A transcendent performer whose career spanned the history of rhythm and blues, from doo-wop to the sultriest of soul music, Gaye's artistic scope and emotional range set the soundtrack for America's tumultuous coming of age in the 1970s. Michael Eric Dyson's searching narrative illuminates Marvin Gaye's stellar ascendance-from a black church in Washington, D.C., to the artistic peak of *What's Going On?*-and charts his sobering personal decline. Dyson draws from interviews with those closest to Gaye to paint an intimate portrait of the tensions and themes that shaped contemporary urban America: racism, drug abuse, economic adversity, and the long legacy of hardship. Gaye's stormy relationships with women, including duet partner Tammi Terrell and wives Anna Gordy and Janis Hunter, are examined in light of the sexual revolution of the 1960s and 1970s. Dyson also considers family violence in the larger context of the African-American life and how that heartbreaking legacy resulted in Gaye's murder. *Mercy, Mercy, Me* is an unforgettable portrait of a beloved black genius whose art is reflected in the dynamism of contemporary urban America.

The book focuses on the effects of shock waves on vacancies and their clusters in fcc crystals. It is shown that high-speed cooperative atomic displacements represent a powerful tool for the purposeful modification of defect structures in crystalline bodies. The results are important for radiation material science, nano-engineering, the study of shock wave effects and the ultrasonic treatment of materials. Keywords: Computer Modelling of Nanopores, Molecular Dynamics, Fcc Metals, Defect Structures in Crystals, Radiation Material Science, Nano-Engineering of Materials, Ultrasonic Treatment of Materials, Radiation Induced Defects, Vacancy Clusters, Shock Wave Effects, Radiation-Resistant Materials, Thermomechanical Processing, Energy Transfer Mechanism, Nanopore Nucleation, Nanopore Based Filters, Nanopore Based Detectors, Cooling Elements in Nano-Electronics.

This book gives an up-close look at Mercedes-Benz roadsters, convertibles, and two- and four-seat coupes from the mid-1950s to present. With roadsters, starting with the 300SL's from the mid-1950 and continuing through the current SLK's - up to the 2003 model year. Coupes and Cabrios, this book details the 220SEb/300SE cars of 1960 and continues on up to the current CLK's to the 2003 model year. This approach better serves those who are in the market for "personal cars" by not spreading the book too thin to cover the entire Mercedes-Benz lineup. Explore all the traditional elements of the Buyer's Guide series, such as the basic histories of each model or model type, Garage Watch photos with inset photo callouts, tables of common replacement parts, quotes from contemporary magazine reviews, owner testimonials, rating charts, and specification tables.

Prepare to be swept off your feet by The Royally Series Collection- three sexy, swoony, modern royal romances that will capture your heart, and satisfy your desire for a breathtaking happily ever after. Royally Screwed- By order of the Queen, Crown Prince Nicholas Pembrook has five months to choose a suitable bride. Then one snowy night, in New York City, he meets spirited and beautiful waitress, Olivia Hammond. Their whirlwind romance makes Nicholas question everything—who he is and who he wants to be—a King...or the man who gets to love Olivia forever. Royally Matched- Responsibility has never been Prince Henry Pembrook's strong suit. So when an unexpected heap of it is dropped in his regal lap, he reacts accordingly—by secretly signing up for a reality TV dating show. Henry plans on partying his worries away. What he doesn't plan on...is Lady Sarah Von Titebottum...the quiet, stunning, shy, librarian hiding behind a book. As Henry and Sarah grow closer, old words take on new meanings for the irresponsible royal. Words like Duty, Honor and most of all—Love. Royally Endowed- For years, broody royal bodyguard Logan St. James has watched over—and wanted—perfect, perky,
