"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," Leaves of Grass

The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

Give Me Liberty!: An American History Seagull 6E Combined Vol

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty!

delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool.

Ulysses

USA's historie fra 1450-1877 samt kolonisationen af Amerika. Medtager kildeskriver af historisk interesse fra perioden

For the Record

"I hold this book to be the most important expression which the present age has found; it is a book to which we are all indebted, and from which none of us can escape." T.S. Eliot *Ulysses* depicts a day in Leopold Bloom's life, broken into episodes analogous to Homer's *Odyssey* and related in rich, varied styles. Joyce's novel is celebrated for its depth of learning, earthy humor, literary allusions and piercing insight into the human heart. First published in Paris in 1922 *Ulysses* was not published in the United States until 1934. Immediately recognized as an extraordinary work that both echoed the history of English literature and took it in new, unheralded directions, Joyce's book was controversial. Its widespread release was initially slowed by censors nitpicking a few passages. The novel is challenging, in that it is an uncommon reader who will perceive all that Joyce has put into his pages upon first reading, but it is uniquely rewarding for anyone willing to follow where the author leads. Far more than a learned exercise in literary skill, *Ulysses* displays a sense of humor that ranges from delicate to roguish as well as sequences of striking beauty and emotion. Chief among the latter must be the novel's climactic stream of consciousness step into the mind of the protagonist's wife, Molly Bloom, whose open-hearted acceptance of life and love is among the most memorable and moving passages in English literature. With an eye-catching new cover, and professionally typeset manuscript, this edition of *Ulysses* is both modern and readable.

Eyewitness to America

Facing Facts

A magnificent new novel from one of America's finest writers—a powerfully affecting story spanning the twentieth century of a widow and her daughter and the nuns who serve their Irish-American community in Brooklyn. On a dim winter afternoon, a young Irish immigrant opens the gas taps in his Brooklyn tenement. He is determined to prove—to the subway bosses who have recently fired him, to his badgering, pregnant wife—"that the hours of his life belong to himself alone." In the aftermath of the fire that follows, Sister St. Savior, an aging nun appears, unbidden, to direct the way forward for his widow and his unborn child. We begin deep inside Catholic Brooklyn, in the early part of the twentieth century. Decorum, superstition, and shame collude to erase the man's brief existence. Yet his suicide, although never spoken of, reverberates through many lives and over the decades

testing the limits and the demands of love and sacrifice, of forgiveness and forgetfulness, even through multiple generations. The characters we meet, from Sally, the unborn baby at the beginning of the novel, who becomes the center of the story to the nuns whose personalities we come to know and love to the neighborhood families with whose lives they are entwined, are all rendered with extraordinary sympathy and McDermott's trademark lucidity and intelligence. Alice McDermott's *The Ninth Hour* is a crowning achievement by one of the premiere writers at work in America today.

Constructing the American Past

Connect students to the stories of history. Connect students to the experience of history. Connect students to success in history. At McGraw-Hill, we have spent the past few years deepening our understanding of the student and instructor experience. Employing a wide array of research tools including surveys, focus groups, and ethnographic studies, we've identified areas in need of improvement to provide an opportunity for greater learning and teaching experiences. Experience History is a direct result of this. Experience History is also a first in American History. Its groundbreaking adaptive diagnostic and interactive exercises paired with its lively narrative and engaging visuals create a unique teaching and learning environment propelling greater student success and better course results. Instructors gain better insight into students' engagement and understanding as students develop a base of knowledge and construct critical thinking skills. Gripping stories keep students turning the page while the adaptive diagnostics for each chapter and a personalized study plan for each individual student help students prepare for class discussions and course work while enjoying increased course success. Experience History emphasizes that history is not just a collection of proven facts, but is "created" from the detective work of historians examining evidence from the past. Providing the interactive environment that only an integrated solution can provide, Experience History gives students the opportunity to examine primary sources and explore specific periods and events. This leads to greater understanding as well as the building and practicing of critical thinking skills. As students uniquely experience American History, Experience History propels students to greater understanding while achieving greater course success. Give students an experience. Improve course participation and performance. Experience History, and experience success.

The Enduring Vision

Place of publication transcribed from publisher's web site.

America's History: Concise Edition

This primary source reader captures the excitement of hands-on history through letters, articles, journalistic sources, photographs and posters. Constructing the American Past achieves a level of inclusion and depth rarely found in other source books. Each chapter focuses on a particular problem or moment in American history, and provides students with several points of view. The photographs, posters and maps included in the text ask the students to "read" the visual sources

of American history. By exposing students to primary sources, the building blocks of history, *Constructing the American Past* fosters a solid foundation and invites its readers to build their own understanding of American history.

America's History

“If you want to read one book about Vietnam, read this one.” —New York Review of Books Drawing on years of experience teaching about the war, Larry H. Addington presents a short, narrative history of the origins, course, and outcome of America’s military involvement in Vietnam. Not intended as a competitor to the many excellent comprehensive studies of the Vietnam Era, this book will prove a useful introduction and a concise reference to America’s longest, most controversial war. Addington reviews the history of pre-colonial Vietnam, the impact of French imperialism and the Indochina War, and the Cold War origins of American involvement. He then details US policy after the 1954 Geneva Accords, its role in the establishment of South Vietnam, and the outbreak of a new war. Turning to America’s deepening involvement, Addington examines the US strategies for waging air and ground war, the impact of the war at home, and the reasons for the failure of US policy under President Johnson. He studies the successes and failures of the policy of withdrawal under President Nixon and concludes with an overview of the war’s aftermath and its legacy.

America: A Narrative History

Contains source documents for American history and the series index.

Give Me Liberty! An American History

Known for its clear, insightful analytical narrative and balanced approach, *America's History, Concise Edition* is a brief, affordable text that brings America's diverse past to life. The Concise Edition features the full narrative of the parent text, select images and maps, built-in primary sources and skills-based pedagogy that gives students practice in thinking historically.

The Unfinished Nation Combined Edition

A lively history of American journalism from the colonial era to the present day

The History of Latin America

Developed to meet the demand for a low-cost, high-quality history book, this text is an economically priced version of *The Enduring Vision*, 5/e (2004). The Dolphin Edition offers readers the complete text while limiting the number of photos, tables, and maps. All volumes feature a paperback, two-color format that appeals to those seeking a comprehensive, trade-sized history text. Like its hardcover counterpart, the Dolphin Edition's engaging narrative balances political, social, and cultural history within a clear, chronological framework. Each chapter features the latest scholarship, with a special emphasis on technology, public health, disease, and medicine. Significant narrative revisions to the Fifth Edition of *The Enduring*

Vision are reflected in the Dolphin Edition. For further reference, the companion web site provides additional readings, web links, and appendices.

America's War in Vietnam

Hundreds of eyewitness accounts of great moments in American history include Langston Hughes on the Scottsboro boys, Jack London on the 1906 San Francisco earthquake, and other chronicles of the Salem witch trials and the Scopes trial

America

A 1599 Roman tennis match between the Italian painter Caravaggio and the Spanish poet Quevedo represents the way the world changed in their times, in a novel that goes from the execution of Anne Boleyn to Mexico after the conquest.

U.S. History

America has sold more than 1.8 million copies over the past eight editions because it 's a book that students enjoy reading. Effective storytelling, colorful anecdotes, and biographical sketches make the narrative absorbing and the material more memorable. The Brief Ninth Edition is 20% shorter, and includes refreshed and updated coverage of African American history, and has been streamlined from 37 to 34 chapters.

Introduction to Information Retrieval

The history of the South in this century has been obscured in the ever-growing mass of information about the region's rapid change and turbulent development. In this book, Volume X of A History of the South, the historical image of the modern South is brought into full focus for the first time. George Brown Tindall presents a thorough and well-balanced historical narrative of the region during the years 1913--1945 when the South underwent a transformation from a predominantly agricultural area to one of growing industrialization. The inauguration of President Woodrow Wilson ended a half century of political isolation for the South and ushered in an era of agrarian reforms, prohibition, woman suffrage, industrial growth, and recurring crises for Southern farmers. During the 1920's the South was caught in a contrast of urban booms and farm distress. There were flareups of racial violence, and the Ku Klux Klan was revived. Mr. Tindall devotes considerable attention to the Southern literary renaissance which produced William Faulkner, Thomas Wolfe, and many other notable writers and critics. The Emergence of the New South provides a new understanding of the changing political and social climate in the South under the stresses of depression, the New Deal, the labor movement, Negro unrest, and two world wars.

America's History, Value Edition, Combined Volume

A narrative history of Latin America covering five centuries beginning before the explorations of Columbus to the end of the twentieth century that describes its economic and political development.

Report on the Condition of the South

The Ninth Hour

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Looseleaf for Experience History, Vol 2: Since 1865

Edited by Eric Foner and coordinated with each chapter of the text, this companion to Give Me Liberty! includes primary-source documents touching on the theme of American freedom. The freedom theme is explored in the words of well-known historical figures and ordinary Americans. Each document is accompanied by an introductory headnote and study questions.

Voices of Freedom

Kindred

“Every teacher, every student of history, every citizen should read this book. It is both a refreshing antidote to what has passed for history in our educational system and a one-volume education in itself.” —Howard Zinn A new edition of the national bestseller and American Book Award winner, with a new preface by the author Since its first publication in 1995, *Lies My Teacher Told Me* has become one of the most important—and successful—history books of our time. Having sold nearly two million copies, the book also won an American Book Award and the Oliver Cromwell Cox Award for Distinguished Anti-Racist Scholarship and was heralded on the front page of the *New York Times*. For this new edition, Loewen has added a new preface that shows how inadequate history courses in high school help produce adult Americans who think Donald Trump can solve their problems, and calls out academic historians for abandoning the concept of truth in a misguided effort to be “objective.” What started out as a survey of the twelve leading American history textbooks has ended up being what the *San Francisco Chronicle* calls “an extremely convincing plea for truth in education.” In *Lies My Teacher Told Me*, James W. Loewen brings history alive in all its complexity and ambiguity. Beginning with pre-Columbian history and ranging over characters and events as diverse as Reconstruction, Helen Keller, the first Thanksgiving, the My Lai massacre, 9/11, and the Iraq War, Loewen offers an eye-opening critique of existing textbooks, and a wonderful retelling of American history as it should—and could—be taught to

American students.

Lies My Teacher Told Me

A masterful and comprehensive chronicle of World War II, by internationally bestselling historian Antony Beevor. Over the past two decades, Antony Beevor has established himself as one of the world's premier historians of WWII. His multi-award winning books have included Stalingrad and The Fall of Berlin 1945. Now, in his newest and most ambitious book, he turns his focus to one of the bloodiest and most tragic events of the twentieth century, the Second World War. In this searing narrative that takes us from Hitler's invasion of Poland on September 1st, 1939 to V-J day on August 14, 1945 and the war's aftermath, Beevor describes the conflict and its global reach -- one that included every major power. The result is a dramatic and breathtaking single-volume history that provides a remarkably intimate account of the war that, more than any other, still commands attention and an audience. Thrillingly written and brilliantly researched, Beevor's grand and provocative account is destined to become the definitive work on this complex, tragic, and endlessly fascinating period in world history, and confirms once more that he is a military historian of the first rank.

The Emergence of the New South, 1913-1945

Out of Many

Experience History emphasizes that history is not a collection of facts, but is "interpreted" from the detective work of historians examining the past's evidence. Utilizing an active learning environment that only an online solution can provide, Experience History gives students the opportunity to examine primary sources and explores specific periods and events. As students uniquely experience American History, Experience History propels students to greater understanding while achieving greater course success.

The Hidden Brain

Now revised — the easy-to-understand guide to the story of America Want to better understand U.S. History? This friendly book serves as your tour guide through the important events of America's past and present, introducing you to the people who helped to shape history. From pre-Columbus to the American Revolution, from Watergate to Iraq to Barack Obama, you'll discover fascinating details that you won't find in dry history texts! They're coming to America — explore early civilizations, meet Native Americans, and see how the development of the English colonies led to slavery and the American Revolution From Thomas Jefferson to Abraham Lincoln — examine the contributions of great Americans as well as the discovery of gold, the birth of California, the Civil War, and Manifest Destiny America grows up — be there during the conquering of the West, industrial development, and the invention of the light bulb and the telephone The impact of the World Wars — understand the sweeping changes these epochal events brought to America and the rest of the world The Cold War, Camelot, and Clinton — take a

U.S. History For Dummies

The hidden brain is the voice in our ear when we make the most important decisions in our lives—but we're never aware of it. The hidden brain decides whom we fall in love with and whom we hate. It tells us to vote for the white candidate and convict the dark-skinned defendant, to hire the thin woman but pay her less than the man doing the same job. It can direct us to safety when disaster strikes and move us to extraordinary acts of altruism. But it can also be manipulated to turn an ordinary person into a suicide terrorist or a group of bystanders into a mob. In a series of compulsively readable narratives, Shankar Vedantam journeys through the latest discoveries in neuroscience, psychology, and behavioral science to uncover the darkest corner of our minds and its decisive impact on the choices we make as individuals and as a society. Filled with fascinating characters, dramatic storytelling, and cutting-edge science, this is an engrossing exploration of the secrets our brains keep from us—and how they are revealed.

The American Yawp

Known for its clear, insightful analytical narrative and balanced approach, America's History, Concise Edition is a brief, affordable text that brings America's diverse past to life. The Concise Edition features the full narrative of the parent text, select images and maps, built-in primary sources and skills-based pedagogy that gives students practice in thinking historically.

A History of US

An essential narrative of American history, with a focus on core learning objectives in the text and online.

The Simple Life

Looking across more than three centuries of want and prosperity, war and peace, Shi introduces a rich cast of practitioners and proponents of the simple life, among them Thomas Jefferson, Henry David Thoreau, Jane Addams, Scott and Helen Nearing, and Jimmy Carter.

Experience History: Interpreting America's Past

A companion primary-source reader for America: A Narrative History.

Sudden Death

Report on the Condition of the South is a title written by Carl Christian Schurz, who was a German revolutionary and an American statesman, journalist, and reformer. Schurz was sent through the South to make a tour and report on the economic conditions there. This book represents not only the information the author gathered, but provides us also with his insight into the topic of slavery.

Covering America

A powerful text by an acclaimed historian, Give Me Liberty! delivers an authoritative, concise, and integrated American history. In the Sixth Edition, Eric Foner addresses a question that has motivated, divided, and stirred passionate debates: "Who is an American?" With new coverage of issues of inclusion and exclusion—reinforced by new primary source features in the text and a new secondary source tutorial online—Give Me Liberty! strengthens students' most important historical thinking skills. The Seagull Edition offers the complete text of the Full Edition in full color and a portable trim size with fewer illustrations and maps and an exceptionally low price.

America's History: Concise Edition, Combined Volume

The visionary author's masterpiece pulls us—along with her Black female hero—through time to face the horrors of slavery and explore the impacts of racism, sexism, and white supremacy then and now. Dana, a modern black woman, is celebrating her twenty-sixth birthday with her new husband when she is snatched abruptly from her home in California and transported to the antebellum South. Rufus, the white son of a plantation owner, is drowning, and Dana has been summoned to save him. Dana is drawn back repeatedly through time to the slave quarters, and each time the stay grows longer, more arduous, and more dangerous until it is uncertain whether or not Dana's life will end, long before it has a chance to begin.

America's Other Clan

America's History explains WHY events occurred, not just when. Students are provided an analytical and big-picture approach to American history in an affordable format.

The Second World War

A history of the United States that places itself squarely within mainstream American understandings of the country's past. The focus is primarily political, but significant impact of the work of social and cultural historians can be detected. The text covers up to the first weeks of the invasion of

America

Class-tested and coherent, this textbook teaches classical and web information retrieval, including web search and the related areas of text classification and text clustering from basic concepts. It gives an up-to-date treatment of all aspects of the design and implementation of systems for gathering, indexing, and searching documents; methods for evaluating systems; and an introduction to the use of machine learning methods on text collections. All the important ideas are explained using examples and figures, making it perfect for introductory courses in information retrieval for advanced undergraduates and graduate students in computer science. Based on feedback from extensive classroom experience, the book has been carefully structured in order to make teaching more natural and effective. Slides and additional exercises (with solutions for lecturers) are also available through the book's supporting website to help course instructors prepare their lectures.

Out of Many

Shi provides the most comprehensive history to date of the rise of realism in American culture, vividly capturing the character and sweep of this all-encompassing movement that ranges from Winslow Homer to the rise of the Ash Can school, from Whitman to Henry James to Theodore Dreiser.
