Commentaries on American Law

In this groundbreaking book, Scalia and Garner systematically explain all the most important principles of constitutional, statutory, and contractual interpretation in an engaging and informative style with hundreds of illustrations from actual cases. Is a burrito a sandwich? Is a corporation entitled to personal privacy? If you trade a gun for drugs, are you using a gun in a drug transaction? The authors grapple with these and dozens of equally curious questions while explaining the most principled, lucid, and reliable techniques for deriving meaning from authoritative texts. Meanwhile, the book takes up some of the most controversial issues in modern jurisprudence. What, exactly, is "textualism?" Why is "strict construction" a bad thing? What is the true doctrine of "originalism?" And which is more important: the spirit of the law, or the letter? The authors write with a well-argued point of view that is definitive yet nuanced, straightforward yet sophisticated.

Trial Techniques and Trials

North Carolina Criminal Procedure, Third Edition is a comprehensive reference to the rules, statutes, and case law affecting criminal procedure in North Carolina. In one convenient volume, it covers every procedural aspect of the criminal case - from arrest to appeal. Through careful analysis of the case law, author Irving Joyner points out where North Carolina Appellate Court decisions conflict with holdings of the U.S. Supreme Court. This eBook features links to Lexis Advance for further legal research options.

Reading Law

Pleading Your Case offers an insightful, humorous and practical approach to pleadings. Veteran litigator Janet S. Kole walks you through the steps of drafting a complaint or response and provides helpful tips and strategies to make your pleadings more effective. This book is your first step to crafting a complaint or response that effectively tells your client's story.

The Little Book of Cowboy Law

This collection is a captivating look at the subset of American jurisprudence that illustrates the unique character of cowboy culture. But even with the freedom and relative lawlessness we associate with them, the cowboy — like the rest of society — was never far from the courthouse, and the book you have before you contains some fascinating legal disputes that have made their way to the bench.

American Law School Review

Library of American Law and Practice: Personal property. Contracts. Bailments. Sales

The 19th century saw dramatic changes in the legal education system in the United States. Before the Civil War, lawyers learned their trade primarily through apprenticeship and self-directed study. By the end of the 19th century, the modern legal education system which was developed primarily by Dean Christopher Langdell at Harvard was in place: a bachelor's degree was required for admission to the new model law school, and a law degree was promoted as the best preparation for admission to the bar. William P. LaPiana provides an in-depth study of the intellectual history of the transformation of American legal education during this period. In the process, he offers a revisionist portrait of Langdell, the Dean of Harvard Law School from 1870 to 1900, and the earliest proponent for the modern method of legal education, as well as portraying for the first time the opposition to the changes at Harvard.

Puterbaugh's Common Law Pleading and Practice

By far the most thorough and detailed of the books in the field, Trial Techniques and Trials, Tenth Edition is a comprehensive yet concise handbook that covers all aspects of the trial process and provides excellent examples illustrating strategies for opening statements, jury selection, direct- and cross-examination, exhibits, objections, and more. Extensive examples are clustered into three groups: personal injury, commercial, and criminal for ease in finding particular areas of trial practice. Tom Mauet, renowned for his skills both as a writer and litigator, breaks the trial process down into its critical components for better and quicker student comprehension.

Criminal Procedure in North Carolina

Employee Rights Litigation

This is a study of the central role of history in late-nineteenth century American legal thought. In the decades following the Civil War, the founding generation of professional legal scholars in the United States drew from the evolutionary social thought that pervaded Western intellectual life on both sides of the Atlantic. Their historical analysis of law as an inductive science rejected deductive theories and supported moderate legal reform, conclusions that challenge conventional accounts of legal formalism Unprecedented in its coverage and its innovative conclusions about major American legal thinkers from the Civil War to the present, the book combines transatlantic intellectual history, legal history, the history of legal thought, historiography, jurisprudence, constitutional theory, and the history of higher education.

American Jurisprudence Pleading and Practice Forms Annotated

G. Edward White's 'Tort Law in America' is regarded as a standard in the field. Concise, accessible and wide-ranging, White's work represents a major work of legal scholarship, providing an enduring intellectual history of American tort law.

Legal ethics

Florida Family Law & Practice Factors beyond their control are increasing the challenges faced by all who work with Florida family law. Divorce studies and a flood of pro se litigants have driven Florida family courts to revise trial procedure and promote case management and settlement. Consequently, lawyers' courtroom skills are frequently lacking in the implementation of "trial as a last resort." And their existing settlement approaches are at times inadequate to meet court mandates. Judge Renee Goldenberg, a master of systems organization and management, has written a procedural toolbox to address these challenges. Florida Family Law & Practice provides techniques, law, and forms to improve your effectiveness and efficiency in everything from client preparation through entry of evidence to closing argument. The book is heavily annotated with over 3,000 case citations, dozens of practice tips and checklists, and over 200 forms. Taking a step-by-step approach, this complete practice and procedure guide walks you through:

- Screening cases
- Investigation
- Emergencies
- Discovery
- Temporary relief
- Property issues
- Alimony
- Child support
- Attorneys' fees
- Settlement
- Trial
