Cambridge University professor Reynold Nicholson once remarked that the 13th-century Persian poet Rumi is the "greatest mystical poet of any age." In Rumi's vision, love is the very matrix of existence; love is what moves life. His poetry expresses the deepest and the most inclusive layers of love, and thus connects us to an immense source of joy, compassion, creativity, and mystery. This book is a new anthology and an original translation of Rumi's poetry. It is divided into three parts. Part I contains two essays, one on Rumi's life ("A Messenger from the Sun") and the other on his poetic vision and thought ("The Path of Love in the Ocean of Life"), which together help the reader better situate his poetry. Part II presents 144+1 quatrains (Rubaiyat) of Rumi categorized into 12 thematic chapters: On the Pain and Joy of Longing; The Search; Who Am I?; The

Beloved's Face; Die to Yourself; The Art of Living; Night Secrets; Water of Life; Fire of Love; Unity and Union; Peaceful Mind; and Rumi on His Life, Poetry and Death. These poems have been selected and translated from the authentic Persian editions of Rumi's Divan-e Shams. For readers interested in the cadence and rhythm of the poems in the original language the Persian reading (in English script) is also given under each translated poem. Part III is a selection of 12 wisdom stories from Rumi's own life (taken from a 14th-century biographical work on Rumi). A glossary of symbolic terms in Rumi's poetry, and references to the original sources of the translated poems are also given at the end of the book. This anthology brings fresh insight into the work and mind of a master poet who mapped the path of spiritual quest and union, and painted in words the art of loving.

James Macpherson's The Poems of Ossian (1760-1763) were one of the publishing sensations of the eighteenth century. Macpherson's supposed discovery of the epic poet Ossian in the Scottish Highlands provoked fascination and controversy in equal measure. His vision of a romantic Celtic past of melancholy heroes and mournful bards made an

immediate impact on all aspects of eighteenth-century culture across Europe and influenced at least two generations of poets, novelists, painters and composers. Many of the most important documents of the Ossian phenomenon have hitherto only been accessible in a handful of British research libraries. This collection brings these documents for the first time to a wider audience. Other titles available in this series include, Shakespeare Imitations, Parodies and Forgeries (May 2004, 3 volumes, £350) and Romanticism and Science (2002, 5 volumes, £550).

Rumi

The poetry of Jalal Al-Din Rumi is featured on 50 lavishly illustrated cards and a hardcover book. Each of the cards bears a quotation from a Rumi poem on one side and a glorious color work of Middle-Eastern Sufi or Islamic classical art on the other side.

Ati Teas 6 Study Guide

A new book of verses of Rumi by an award-winning translator and poet. This selection captures Rumi in a rare mood and these are some of Rumi's most passionate and heartfelt expressions, each poem resonating with the intensity and fire rarely seen in English language before. Shiva says, "Rumi -- I am constantly reminded -- is a miracle. Everything about

him is absolute magic. Poetry in perfect rhyme and meter poured out of him as he whirled for hours on end, or as he fell into various states of ecstasy and rapture. There is movement in every verse of Rumi. There is music, rhythm and breath in most of his poems in Persian."

We, the Nation

Examines the contrast between truth and illusion in the teachings of modern esoteric philosophy, and points to a bright future. The author discusses the probationary struggle taking place in the soul of the movement founded by Helena Blavatsky. Consists of 28 chapters in three parts.
