The Bountiful Banyan

A stunning, powerful debut novel set against the backdrop of the Cambodian War, perfect for fans of Chris Cleave and Chimamanda Ngozi Adichie For seven-year-old Raami, the shattering end of childhood begins with the footsteps of her father returning home in the early dawn hours bringing details of the civil war that has overwhelmed the streets of Phnom Penh, Cambodia's capital. Soon the family's world of carefully guarded royal privilege is swept up in the chaos of revolution and forced exodus. Over the next four years, as she endures the deaths of family members, starvation, and brutal forced labour, Raami clings to the only remaining vestige of childhood - the mythical legends and poems told to her by her father. In a climate of systematic violence where memory is sickness and justification for execution, Raami fights for her improbable survival. Displaying the author's extraordinary gift for language, In the Shadow of the Banyan is testament to the transcendent power of narrative and a brilliantly wrought tale of human resilience. 'In the Shadow of the Banyan is one of the most extraordinary and beautiful acts of storytelling I have ever encountered' Chris Cleave, author of The Other Hand

'Ratner is a fearless writer, and the novel explores important themes such as power, the relationship between love and guilt, and class. Most remarkably, it depicts the lives of characters forced to live in extreme circumstances, and investigates how that changes them. To read In the Shadow of the Banyan is to be left with a profound sense of being witness to a tragedy of history' Guardian 'This is an extraordinary debut ... as beautiful as it is heartbreaking' Mail on Sunday

Autobiography of Lutfullah a Mohamedan Gentleman; and His

Transactions with His Fellow-creatures

I have walked through these streets at night, when all is silent and only the moonlight casts shadows over the clean and deserted pavements. The architecture retakes centre stage, and the classic French style of the building designs once again becomes apparent. As you walk, your eyes are drawn to the beautiful carved doorways and ornate shutters. Above, the ghostly modern additions to the already complicated rooftops mingle with the silhouettes of mature trees and vibrant bougainvillea that have taken on the black hues of midnight. It could all be a pen and ink sketch for, here in the heart of the city by moonlight, the streets take on a beauty they do not possess in the afternoon sun. Gael Harrison's life has almost come full circle, from her birth and schooling as a British rubber planter's daughter in Kuala Lumpur, Malaysia, to her newly found life in Vietnam. In 2001 Volunteer Services Overseas assigned Gael to a Save the Children Fund project in the remote Vietnamese highlands where only ethnic dialects were spoken. The daunting task of existing and working in these areas, in spite of speaking neither Vietnamese nor the local dialects, reveals the qualities that allow Gael to tell her story of the seldom-seen world of the volunteer in a difficult and alien environment through very human

Nelson English Student Book

"Irresistible" - Literary Review Fig trees have affected humanity in profound but little-known ways: they are wish-fulfillers, rainforest royalty, more precious than gold. Ladders to Heaven tells their incredible story. They fed our pre-human ancestors, influenced diverse cultures and played a key role in the birth of civilisation. More recently, they helped restore life after Krakatoa's catastrophic eruption and proved instrumental in Kenya's struggle for independence. Figs now sustain more species of bird and mammal than any other fruit - in a time of falling trees and rising temperatures, they offer hope. Theirs is a story about humanity's relationship with nature, as relevant to our past as it is to our future.

own . . . 17-year-old Banyan is a tree builder. Using salvaged scrap metal, he creates forests for rich patrons who seek a reprieve from the desolate landscape. Although Banyan's never seen a real tree--they were destroyed more than a century ago--his missing father used to tell him stories about the Old World. Everything changes when Banyan meets a mysterious woman with a strange tattoo, a map to the last living trees on earth, and he sets off across a wasteland from which few return. Those who make it past the pirates and poachers can't escape the locusts . . . the locusts that now feed on human flesh. But Banyan isn't the only one looking for the trees, and he's running out of time. Unsure of whom to trust, he's forced to make an alliance with Alpha, a beautiful, dangerous pirate with an agenda of her own. As they race towards a promised land that might only be a myth, Banyan makes shocking discoveries about his family, his past, and how far people will go to bring back the trees.
