The Ghost Kings

The Cabuliwallah

It's the mid-to-late 1800s and the British have banished Wajid Ali Shah--the nawab of Awadh in Lucknow--to Calcutta. To the sound of the soulful melody of the sarangi, the mercurial courtesan Laayl-e Aasman is playing a dangerous game of love, loyalty, deception, and betrayal. Bajrangi and Kundan, bound by their love for each other and for Laayl-e, struggle to keep their balance. Ranging across generations and geography, the scale of Laayl-e's story sweeps the devil, a crime lord, and many other remarkable characters into a heady mix. Mirror of the Darkest Night is almost an aberration in Mahasweta Devi's oeuvre. Known for her activism and hard-hitting indictment of social inequalities, she pays close attention to detail in this sparkling novel. It offers a rare glimpse of Devi's talent for telling the sort of story she normally eschewed--and it's a cracker of a tale.

Meyebela

The provocative classic work newly updated An intimate personal odyssey across America's changing sexual landscape When first published, Gay Talese's 1981 groundbreaking work, Thy Neighbor's Wife, shocked a nation with its powerful, eye-opening

revelations about the sexual activities and proclivities of the American public in the era before AIDS. A marvel of journalistic courage and craft, the book opened a window into a new world built on a new moral foundation, carrying the reader on a remarkable journey from the Playboy Mansion to the Supreme Court, to the backyards and bedrooms of suburbia—through the development of the porn industry, the rise of the "swinger" culture, the legal fight to define obscenity, and the daily sex lives of "ordinary" people. It is the book that forever changed the way Americans look at themselves and one another.

In *The Muhammad Avatara*, Ayesha Irani offers an examination of the *Nabivamsa*, the first epic work on the Prophet Muhammad written in Bangla. This little-studied seventeenth-century text, written by Saiyad Sultan, is a literary milestone in the multi-ethnic, multi-cultural history of Islam, and marks a significant contribution not only to Bangla's rich literary corpus, but also to our understanding of Islam's localization in Indic culture in the early modern period. That Sufis such as Saiyad Sultan played a central role in Islam's spread in Bengal has been demonstrated primarily through examination of medieval Persian literary, ethnographic, and historical sources, as well as colonial-era data. Islamic Bangla texts themselves, which emerged from the sixteenth century, remain scarcely studied outside the Bangladeshi academy, and almost entirely untranslated. Yet these premodern works, which articulate Islamic ideas in a regional language, represent a literary watershed and underscore the efforts of rebel writers across South Asia, many of whom were Sufis, to defy the linguistic cordon of the Muslim elite and the hegemony of Arabic and Persian as languages of Islamic discourse. Irani explores how an Arabian prophet and his religion came to inhabit the seventeenth-century Bengali landscape, and the role that pir-authors, such as Saiyad Sultan, played in the rooting of Islam in Bengal's easternmost regions. This text-critical study lays bare the sophisticated strategies of translation used by a prominent early modern Muslim Bengali intellectual to invite others to his faith.

The Lonely King and Queen

The Italian-American mafia has its roots in a mysterious and powerful criminal network in Sicily. While the mythology of the mafia has been widely celebrated in American culture, the true origins of its rituals, laws, and methods have never actually been revealed. John Dickie uses startling new research to expose the secrets of the Sicilian mafia, providing a fascinating account that is more violent, frightening, and darkly comic than anything conceived in popular movies and novels. How did the Sicilian mafia begin? How did it achieve its powerful grip in Italy and America? How does it operate today? From the mafia's origins in the 1860s to its current tense relationship with the Berlusconi government, Cosa Nostra takes us to the inner sanctum where few have dared to go before. This is an important work of history and a revelation for anyone who ever wondered what it means to be "made" in the mob.

Biographical novel based on the author's imagination about the suicide note of Kādambarī Debī, 1859-1884, 19th century Bengali author and member of Tagore family; translated from Bengali.

The Mayan Secrets

"During the colonial period, Indian intellectuals--philologists, lawyers, scientists and literary figures--all sought to hold a mirror to their country. Whether they wrote novels, polemics, or scientific treatises, all sought a better understanding

of society in general and their society in particular. Curiously, female sexuality and sexual behavior play an outside role in their writing. The figure of the prostitute is ubiquitous in everything from medical texts and treatises on racial evolution to anti-Muslim polemic and studies of ancient India. In this book, Durba Mitra argues that between the 1840s and the 1940s, the new science of sexuality became foundational to the scientific study of Indian social progress. The colonial state and an emerging set of Bengali male intellectuals extended the regulation of sexuality to far-reaching projects that sought to define what society should look like and how modern citizens should behave. An exploration of this history of social scientific thought offers new perspectives to understand the power of paternalistic and deeply violent claims about sexual norms in the postcolonial world today. These histories reveal the enduring authority of scientific claims to a tradition that equates social good with the control of women's free will and desire. Thus, they managed to dramatically reorganize their society around upper-caste Hindu ideals of strict monogamy"--

"Last night there was a snowstorm that made my window disappear. I woke up thinking you had died. This is my first letter in three and a half years. First letter since I left Pakistan. First letter since Nusrat." It is 1992. Violence is exploding in Pakistan. In India, a 16th century mosque is about to be demolished. Tanya Talati in Karachi and Tania Ghosh in Bombay

write letters to each other, moving from the commonplace to what cannot be said to anyone: a mother who has fallen silent, sex that has become a weapon, bills that cannot be paid and a servant with impossibly soft hands. When Tanya's brother receives a kidnapping threat in Karachi, she sets in motion what no one could have predicted, least of all Tania, who finds herself alone in a forbidden Bombay bazaar, listening to a riot torn city draw closer and closer and closer. Tanya Tania is a story about power, love and belonging as two girls searching for selfhood become women in adolescent India and Pakistan.

Tanya Tania

The “uproariously funny” second book in the Rosy Crucifixion trilogy, “may be Miller’s masterpiece” (Choice). “Plexus is the core volume in The Rosy Crucifixion: the volume which has the most complete description of Henry Miller’s basic values, beliefs, opinions, judgments, both at the time of his ‘Crucifixion’ and at the later time when the trilogy was written. Plexus is simply the most marvelous volume of emotion and ideas and visions and nightmares about man and society in the twentieth century—with art as the link perhaps, or as the soul’s refuge—that I have read in many a long year. There is absolutely no subject in the world that Henry Miller does not seem to know about, want to talk about, and to evaluate with the deep authority of wisdom. He is

probably the most learned of all our American writers, the most open to ideas and feelings, and yes, the most worshipful of all the aspects of life, as well as the most critical literary spokesman of our time.”

The Muhammad Avat=ara

Poet, novelist, painter and musician, Rabindranath Tagore (1861-1941) is the grand master of Bengali culture. Written during the 1890s, the stories in this selection brilliantly recreate vivid images of Bengali life and landscapes in their depiction of peasantry and gentry, casteism, corrupt officialdom and dehumanizing poverty. Yet Tagore is first and foremost India's supreme Romantic poet, and in these stories he can be seen reaching beyond mere documentary realism towards his own profoundly original vision.

Balika Badhu

A savage indictment of religious extremism and man’s inhumanity to man, Lajja was banned in Bangladesh, but became a bestseller in the rest of the

world. The Duttas—Sudhamoy and Kironmoyee, and their children, Suranjan and Maya— have lived in Bangladesh all their lives. Despite being members of a small, vulnerable Hindu community, they refuse to leave their country, unlike most of their friends and relatives. Sudhamoy believes with a naive mix of optimism and idealism that his motherland will not let him down. And then, on 6 December 1992, the Babri Masjid is demolished. The world condemns the incident, but its immediate fallout is felt most acutely in Bangladesh, where Muslim mobs begin to seek out and attack Hindus. The nightmare inevitably arrives at the Duttas' doorstep, and their world begins to fall apart.

Rabindranath Tagore, also written Rabindranatha Thakura, (7 May 1861 - 7 August 1941), sobriquet Gurudev, was a Bengali polymath who reshaped Bengali literature and music, as well as Indian art with Contextual Modernism in the late 19th and early 20th centuries. Author of Gitanjali and its "profoundly sensitive, fresh and beautiful verse", he became the first non-European to win the Nobel Prize in Literature in 1913. In translation his poetry was viewed as spiritual and mercurial; however, his "elegant prose and magical poetry remain largely unknown outside Bengal. Tagore introduced new prose and verse forms and the use of colloquial language into Bengali literature, thereby freeing it from traditional models based on classical Sanskrit. He was highly influential in introducing the best of Indian culture to the West

and vice versa, and he is generally regarded as the outstanding creative artist of the modern Indian subcontinent, being highly commemorated in India and Bangladesh, as well as in Sri Lanka, Nepal and Pakistan.

The Lustful Turk

We can each radiate unconditional love. We don't even need to create it - we are love. But the flow of love is blocked in moments of hurt, blame, anger, criticism, competition or insecurity. These emotions have dominated our emotional space, and hardly enable us to feel our own love. So today, we rely on someone else to love us. This book teaches us to think right, enable self-love, feel it and extend it to other people. The central message here is that love is not 'out there', but within us. A spectrum of emotions like attachment, expectations, hurt, worry, stress, fear or anger, which we use in the pretext of love, are

analysed. The conversations also explore the fact that the parent-child relationship is not challenging – It does not need to be. As you free yourself from judgments and expectations, as you start thinking right for people, and as you accept people for who they are, you become a Radiator of unconditional love. You are one decision away from vibrating at a frequency of love ... by not needing love or giving love – but just by being love.
