### **Lilith**

Two gods, two houses, one quest, and the eternal war between life and death To save his kingdom, Anubis, Lord of the Dead, sends forth his servant on a mission of vengeance. At the same time, from The House of Life, Osiris sends forth his son, Horus, on the same mission to destroy utterly and forever The Prince Who Was a Thousand. But neither of these superhuman warriors is prepared for the strange and harrowing world of mortal life, and The Thing That Cries in the Night may well destroy not only their worlds, but all mankind. As Zelazny did with the Hindu pantheon in the legendary, groundbreaking classic Lord of Light, the master storyteller here breathes new life into the Egyptian gods with another dazzling tale of mythology and imagination.

## **The Realm of Dark and Light**

Between Darkness and Light is the story of a one-eyed Chinese interpreter in WW1. Shortlisted for the Impress Prize for New Writers, it is a novel about blindness, an unconventional love story, a war novel in which there is no fighting, and a post-war novel about the meeting of East and West.

## **A Darkness More Than Night**

Roger and Carolyn Perron purchased the home of their dreams and eventual nightmares in December of 1970. The Arnold Estate, located just beyond the village of Harrisville, Rhode Island seemed the idyllic setting in which to raise a family. The couple unwittingly moved their five young daughters into the ancient and mysterious farmhouse. Secrets were kept and then revealed within a space shared by mortal and immortal alike. Time suddenly became irrelevant; fractured by spirits making their presence known then dispersing into the ether. The house is a portal to the past and a passage to the future. This is a sacred story of spiritual enlightenment, told some thirty years hence. The family is now somewhat less reticent to divulge a closely-guarded experience. Their odyssey is chronicled by the eldest sibling and is an unabridged account of a supernatural excursion. Ed and Lorraine Warren investigated this haunting in a futile attempt to intervene on their

behalf. They consider the Perron family saga to be one of the most compelling and significant of a famously ghost-storied career as paranormal researchers. During a seance gone horribly wrong, they unleashed an unholy hostess; the spirit called Bathsheba; a God-forsaken soul. Perceiving herself to be the mistress of the house, she did not appreciate the competition. Carolyn had long been under siege; overt threats issued in the form of fire...a mother's greatest fear. It transformed the woman in unimaginable ways. After nearly a decade the family left a once beloved home behind though it will never leave them, as each remains haunted by a memory. This tale is an inspiring testament to the resilience of the human spirit on a pathway of discovery: an eternal journey for the living and the dead.

### **The Archaeology of Darkness**

Stapledon projects two separate futures for humanity, depending not on the outcome of World War II but on the failure or success of a future "Tibetan Renaissance" to influence the temper and ideology of the militaristic empires that threaten it.

### **Double-cross**

Why does knowledge make us see things we don't want to see? Why does it make

us suffer more than it makes us happy? Why do we exist in a world with dominating curses more than blessings? Why can't we define the true meaning of happiness, and barely smell its odor? When are we going to finally start asking the right questions? Why are we down here on this planet, asked to seek perfection in an imperfect world? What was the true reason behind making Prophet Adam eat from the forbidden tree? When do artists finally reach their point of perfection? If human beings, animals and insects have their own psychology, what about other creatures among which are invisible ones? Not all explanations are mentioned in books But till when will we have questions without any answers? Searching for a way, some souls ask: Why does darkness exist, while light seems endless? We search for the key chain, while we don't even know which door is the right one! But, who's she; who astonished his life, captured the sundered pieces of his heart, and brought him the keys to tons of buried secrets the one who didn't fear touching his wounds, and the one who anticipated all his moves? Some masts are old enough to be one of the antiques the sea carries or swallows, yet it still supports the deck, controls the ship, and above its towering apex, it guides the captain It's still a lively organ in the giant space of the sea. He stood there, his body straight and solid as a mast, while erecting from such bemusements with the strength of a sailor, the knowledge of a captain and the vision of an artist, he sailed for his journey, toward the endless seas of the Universe

### **The Dark Night of the Soul**

A visionary work of radical empathy. Known for immersion journalism that is more immersed than most people are willing to go, and for a prose style that is somehow both fierce and soulful, Jeff Sharlet dives deep into the darkness around us and awaiting us. This work began when his father had a heart attack; two years later, Jeff, still in his forties, had a heart attack of his own. In the grip of writerly self-doubt, Jeff turned to images, taking snapshots and posting them on Instagram, writing short, true stories that bloomed into documentary. During those two years, he spent a lot of time on the road: meeting strangers working night shifts as he drove through the mountains to see his father; exploring the life and death of Charley Keunang, a once-aspiring actor shot by the police on LA's Skid Row; documenting gay pride amidst the violent homophobia of Putin's Russia; passing time with homeless teen addicts in Dublin; and accompanying a lonely woman drifting into dementia, whose only friend was a houseplant, on shopping trips. Early readers have called this book "incantatory," the voice "prophetic," in "James Agee's tradition of looking at the reality of American lives." Defined by insomnia and late-night driving and the companionship of other darkness-dwellers—night bakers and last-call drinkers, frightened people and frightening people, the homeless and the lost (or merely disoriented), other people on the margins—This Brilliant Darkness erases the boundaries between author, subject, and reader to ask: how do people live with suffering?

## **Healing Performances of Bali**

In a compilation of essays written during her husband's life-threatening illness, the author shares her direct observations and meditations on the natural and unnatural world, from an awe-inspiring salmon run to a disembodied doll's head trapped with the carcass of a whale on a remote island. Original.

### **Between Light and Dark**

Through time people have lived with darkness. Archaeology shows us that over the whole human journey people have sought out dark places, for burials, for votive deposition and sometimes for retreat or religious ritual away from the wider community. Thirteen papers explore Palaeolithic use of deep caves in Europe and the orientation of mortuary monuments in the Neolithic and Bronze Age. It examines how the senses are affected in caves and monuments that were used for ritual activities, from Bronze Age miners in Wales working in dangerous subterranean settings, to initiands in Italian caves, to a modern caver's experience of spending time in the one of the world's deepest caves in Russia. We see how darkness was and is viewed at northern latitudes where parts of the year are spent in eternal night, and in Easter Island where darkness provided communal refuge from the pervasive sun. We know that spending extended periods in darkness and silence can affect one physically, emotionally and spiritually. How did interactions

between people and darkness affect individuals in the past and how were regarded by their communities? And how did this interaction transform places in the landscape? As the ever-increasing electrification of the planet steadily minimizes the amount of darkness in our lives, curiously, darkness is coming more into focus. This first collection of papers on the subject begins a conversation about the role of darkness in human experience through time.

### **Between Darkness and Light - Coal Eyes and Fight for Right**

This is a collection of Poetry by Brandy M. Davis that spans from 2000-2004. Between the Light and Darkness Angels dance in the light and demons slink in darkness and between the two I balance precariously, grasping for stability and gasping for breath while the world rushes by me. Refusing to give in and fall, to be tempted to let go battle daily to stay here in this mortal

realm between the light and darkness.

## **Freedom of Thought**

This poetry book contains a neat balance of light and dark poetry. Poems range from feelings of utter hate to those of pure love. Hopefully this book will contain enough poems to satisfy the curious buyer. Some would even say the author has a strange way displaying certain emotions through fictional monsters.

## **Between Darkness and Light**

They left in the middle of the night—often carrying little more than the knowledge to follow the North Star. Between 1830 and the end of the Civil War in 1865, an estimated one hundred thousand slaves became passengers on the Underground Railroad, a journey of untold hardship, in search of freedom. In *Through Darkness to Light: Photographs Along the Underground Railroad*, Jeanine Michna-Bales presents a remarkable series of images following a route from the cotton plantations of central Louisiana, through the cypress swamps of Mississippi and the plains of Indiana, north to the Canadian border— a path of nearly fourteen hundred miles. The culmination of a ten-year research quest, *Through Darkness to Light* imagines a journey along the Underground Railroad as it might have appeared to

any freedom seeker. Framing the powerful visual narrative is an introduction by Michna-Bales; a foreword by noted politician, pastor, and civil rights activist Andrew J. Young; and essays by Fergus M. Bordewich, Robert F. Darden, and Eric R. Jackson.

It is sure to leave you thirsting for more!" - Diane Alberts, USA Today Bestselling Author "I love a vampire that does what a vampire is supposed to do! I highly recommend this story as a must read! Goodbye Bella and Edward!" - I Heart YA Books "This was such a magical and beautifully written tale of love and found family. The plot had all the dynamic twists and turns to keep me enthralled to see what would happen next. I support any book that takes the "good versus evil" theme and flips it so the "evil" beings are misunderstood and hated by the "good" for being different. Also, I just really like vampires." - Verified Reviewer "Leighton had shown off her talents as a world builder, with an ability to create an atmosphere the reader can feel a part of. Her characters arrive on the scene fully fleshed out, each with their own quirks and backstory." - Steve Taintor, Vine Voice "Holy f\*\*\*ing s\*\*\*! This woman is an f\*\*\*ing genius! I mean, seriously! I was hooked in from the very first word to the f\*\*\*ing last! This book deserves 1,000s of stars because its just that f\*\*\*ing epic. EPIC!!! That's the perfect word for this

book." -Verified Reviewer Charlotte Ruzikova is an ordinary girl, but in a world of magic and monsters, it's exactly what makes her a freak. In occult Prague, Witches draw enchantment spells, Shifters throw tea parties, and markets glow like stardust as with jack-o'-lanterns jeer from cobblestone paths. For humans on the mundane side of town, the occult city is a fairy tale for storybooks, but for Charlotte, it's home. When she catches the eye of an Elven prince and spurns his advances, Charlotte sparks a devastating war between the creatures of the light and those lurking in the darkness. Worst of all, she endangers the person she loves most: the man who brought her to the occult city. Joining forces with a coven of outcast monsters, Charlotte rebels against an empire to preserve the magic in her city, and in her heart. But can her allies set aside their differences for the greater good? Loyalties are tested and grudges grow thorny roots, but no matter the cost, Charlotte will fight to save the shadows. In the occult city, the dawn cannot consume the night. Warning: Vampires and rogue monsters at large. They are very dangerous and will stop at nothing. Be mindful of a group traveling with a human girl. If you think you'd like a story with Guillermo del Toro-style monsters with the heart of a Studio Ghibli film, and are a fan of The Mortal Instruments Series, this series is for you. **This Brilliant Darkness: A Book of Strangers**

A deeply panoramic tour of the night, from its brightest spots to the darkest skies we have left. A starry night is one of nature's most magical wonders. Yet in our artificially lit world, three-quarters of Americans' eyes never switch to night vision and most of us no longer experience true darkness. In *The End of Night*, Paul Bogard restores our awareness of the spectacularly primal, wildly dark night sky and how it has influenced the human experience across everything from science to art. From Las Vegas' Luxor Beam -- the brightest single spot on this planet -- to nights so starlit the sky looks like snow, Bogard blends personal narrative, natural history, science, and history to shed light on the importance of darkness -- what we've lost, what we still have, and what we might regain -- and the simple ways we can reduce the brightness of our nights tonight.

Jim is an accomplished and successful man in

spite of being blind; he has never allowed his blindness to handicap him nor steal from him the joys of experiencing life at full throttle. Jim meets and falls for a young and lonely single mother of two young children at a time when Stacey Perryman has almost given up on love and men; and in that order that is until she meets the middle age and impressionable and charismatic Jim Klein whose love and support provides her with the ability to love and trust again. ### **Darkness and the Light**

Freedom of Thought is a book about 'thinking for oneself' -- With some material dating back twenty three years, plus new writings too, Andrew J Jones challenges the aspects of the Collective Consciousness. To think as individuals, and not as a 'Herd mentality'.

### **Creatures of Light and Darkness**

No one knows what occurs behind closed doors. There are many cries in the dark that no one can hear. Sometimes entire communities ignore what they see or

accept outright abuse without lifting a finger. When family members or an entire town refuse to act, they are all guilty of negligence as reminders that abuse can only stop when people who have the ability to act do so. Terrible acts of violence can be prevented when individuals remove their blinders or ear plugs to provide help when needed. Jimmy, was such a victim and it could have been worse had it not been for his mother. She herself had experienced abuse and eventually scummed to a life of compliance. Faced with threats and physical abuse could make anyone fearful to run and hide. What saved Jimmy was more then his wit or character, it was his love of family. Her attempts to protect him when as far as placing him under the care of her parents at the farm for a few months at a time. The fact that he had an uncle, just a few years older than Jimmy, made Jimmy's stay at the farm the core of his humanity. Jimmy was not a perfect child but a kid with a good heart. Both Tommy and Jimmy never expected to hear the story of John the Dom but grandma had to tell it because time was running out for Jimmy. She had a way of telling the story that captivated Jimmy and mentally transported him to a far away place. Like Jimmy, John faced a difficult life, an orphan without parents. There was no one to help guide him but there was a system that was ready to destroy him. Yet, unlike Jimmy, his parents loved him. John was street wise, strong and fearless. He too had a good heart and was ready to forgive offenses. John lived in a world different than Jimmy's but with people who could be just as vicious as in Jimmy's world. Jimmy needed to conquer his fears of the dark, fears of his father, fears of being dislike and fears of the unknown. Grandma

provided a light between the darkness of despair in a story she about a boy similar to Jimmy. He only had a short period of time to become a different person before he returned home to face the monster there. Mother wouldn't always be there to protect him but perhaps if the story was right, he could stand up against a tyrant and be the John Dom he could be. The world is very dark and very few lights to lead the way. When we find those lights, treasure them, protect them so that when the time comes we too can be the light between the darkness.

### **Between Darkness and Light**

Now in paperback: a distinguished psychiatrist, spiritual counsellor and bestselling author shows how the dark sides of the spiritual life are a vital ingredient in deep, authentic, healthy spirituality. Gerald G. May, MD, one of the great spiritual teachers and writers of our time, argues that the dark 'shadow' side of the true spiritual life has been trivialised and neglected to our serious detriment. Superficial and naively upbeat spirituality does not heal and enrich the soul. Nor does the other tendency to relegate deep spiritual growth to only mystics and saints. Only the honest, sometimes difficult encounters with what Christian spirituality has called and described in helpful detail as 'the dark night of the soul' can lead to true spiritual wholeness. May emphasises that the dark night is not necessarily a time of suffering and near despair, but a time of deep transition, a search for new orientation when things are clouded and full of mystery. The dark gives depth,

dimension and fullness to the spiritual life.
