Proceedings of the Liverpool Literary & Philosophical Society

Breakwaters and closure dams belong to the most spectacular hydraulic structures. They are exposed to the most severe loading by waves and currents, either during their construction, or during their life cycle. Design and construction of these structures are so vitally interrelated that a proper understanding requires a thorough knowledge of the th

A Treatise of Vapours, Or Hysterick Fits. the Second Edition, Revis'd and Augmented. by John Purcell, M.D

Message in a Bottle

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. Medical theory and practice of the 1700s developed rapidly, as is evidenced by the extensive collection, which includes descriptions of diseases, their conditions, and treatments. Books on science and technology, agriculture, military technology, natural philosophy, even cookbooks, are all contained here. ++++ The below data was compiled from various identification fields in the

bibliographic record of this title. This data is provided as an additional tool in helping to insure edition identification: + + + +

Berlitz Pocket Guide Tallinn is a concise, full-colour travel guide to this enchanting Baltic city, combining inspiring photography with insider tricks and tips to help you uncover the best of Tallinn. It tells you everything you need to know about the best places to visit in the city, from the historic seat of power, Toompea Castle, to the dramatic Aleksander Nevski Cathedral and bustling Town Hall Square. Handy maps on the cover flaps help you find your way around, and are cross-referenced to the text. To inspire you, the book offers a rundown of the 10 top attractions in Tallinn, followed by an itinerary for a Perfect Day in the city. The What to Do chapter is a snapshot of things to do in Tallinn, including entertainment, nightlife, sports, shopping and activities for children. The book provides all the essential background on Tallinn's culture, including a brief history of Tallinn and an Eating Out chapter covering the city's cuisine. There are carefully chosen listings of the best hotels and restaurants and an A-Z of all the practical information you'll need.

A Treatise on Plane and Spherical Trigonometry

Documents the story of Robert "Papa Pilgrim" Hale and the antiestablishment family settlement in remote Alaska that was eventually exposed as a cult-like prison where Hale brutalized and isolated his wife and 15 children, describing the torturous abuse endured by the family before his older children escaped and reported Hale to authorities. Reprint.

Your Travel Guide to Ancient Rome

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Report Of The Commissioners Of The District Of Columbia;

Broadcast editors work with deadlines that are the most demanding in the field. To help you meet those deadlines and learn to use Final Cut Pro at the same time, this easy look-up guide focuses on the essential features that you need to get your stories done quickly without sacrificing quality. For editing everything from voiceovers to sports and news packages, you'll get tips for efficient setup, customization, and trimming techniques. You'll learn the best methods for making audio adjustments, how to use common transitions and effects, splice in fat and tight bites, cover narration with B-Roll, and prepare a story for delivery. "No one teaches cutting edge technology better than Joe Torelli. Read his book. In clear, simple terms, he'll show you things you might miss that will make you a better storyteller." —Bob Dotson, Emmy Award-winning NBC News correspondent "As the first person to use an Avid digital nonlinear editing system in a broadcast environment, who better than Joseph Torelli to write the definitive book on fast story editing under tremendous deadline pressures than this veteran broadcast videographer-editor." —Tom Ohanian, Academy Award and two-time Emmy Award recipient and Co-Inventor, Avid Media, Film, Multicamera Systems

Match Made in Manhattan

After two intense, dead-end relationships, serial monogamist Alison finds herself confused, lonely, and drastically out of touch with the world of modern dating. Refusing to wallow, she signs up for a popular dating app and resolves to remain open-minded and optimistic as she explores the New York City singles' scene. With the click of a button, her adventures begin: On one date, she's dumped before the first kiss; on another, she dons full HAZMAT gear; she meets a tattooed folk singer turned investment banker, an undercover agent who tracks illegal exotic animals, and dozens of other colorful, captivating personalities. Giving them each her signature "pants speech"—her pants aren't coming off unless she has a real connection with someone—she desperately wants to push past the awkward small-talk phase to find true love, but finding "the one" is starting to feel impossible. That is, until she meets Luke, who is sophisticated, funny, and not to mention, hot. Alison finds herself falling for Luke harder than any guy she's dated and finally letting her walls down, but will he stick around or move on to his next match? Match Made in Manhattan is a fast-paced, contemporary story about the struggles of dating in the digital age. Replete with online profiles, witty dialogue, and a super-supportive group of female friends, this all-too-real and relatable debut novel will have readers laughing, crying, and rooting for Alison all the way to the end.

Adventures for Readers

The Haynes Small Engine Repair Manual

Takes readers on a journey back in time in order to experience life in ancient Rome, describing clothing, accommodations,

foods, local customs, transportation, and notable personalities.

Berlitz: Tallinn Pocket Guide

This is a reproduction of a vintage text, originally published in 1904. It is a fabulous collection of photographs of the historic Civil War battlefield and local surroundings. Various locations and landmarks are featured. This book provides historic information and a look at Gettysburg just under 50 years after the Civil War ended.

Apple Pro Training Series

Small Gas Engine Repair

When we use language to interact with one another, we become involved in a continuous and dynamic process of exchange. This fact makes interpersonal communication a fascinating area for behavioral research. During the give-and-take of discourse, the communicators exchange facts, ideas, views, opinions, emotions, and intentions in such a way as to enhance or impede social relationships; create, maintain, and adapt identities; and create or resolve conflicts. In the APA Handbook of Interpersonal Communication, distinguished scholars apply the problem-solving perspectives of applied linguistics to answer fundamental questions. --

Dowsing Manual

This edition can be used for the second part of a two-year American history course. The text includes a review of American history up to the Civil War.

Pilgrim's Wilderness

Insight City Guide Paris is a full-colour, comprehensive travel guide to one of the world's favourite cities. Paris has so much to offer that it's impossible to see everything; Insight City Guide Paris helps you prioritise with its Best Of Paris feature highlighting the blockbuster attractions and its Editor's Choice recommendations for where and when to enjoy the best food and cafes, festivals and shopping. The many Features on culture and history give you a real understanding of the city and its people, covering topics such as architecture, caf life, Paris at the Movies, Paris After Dark, as well as the cabaret scene, and there are lavish Photo Features on iconic sights such as the Centre Pompidou, the Louvre and the Arc de Triomphe. The

Places chapters cover every neighbourhood, from the ancient Ile de la Cit to the maze of narrow streets around Montmartre and ultra-modern La Dfense, while the Trips out of Town chapter suggests interesting day trips within easy reach of the city. Detailed, full-colour maps throughout the book help you navigate the city with confidence, and the Travels Tips at the end offer selective, independent reviews of hotels and restaurants to guide you to the best and most authentic establishments.

Annual Report of the American Institute of the City of New York, for the Years 1863, '64

First published in 1983, this is the second of two volumes on the causes and cure of stagflation – that combination of mass unemployment and rapid inflation that is currently afflicting the mixed economies of the industrially developed world. The authors deplore the unemployment due to the failure of governments to adopt Keynesian measures for the expansion of economic activity, but recognise that in present conditions such measures would lead to an unacceptable and explosive inflation of money wages and prices. They therefore advocate a dual strategy of financial policies for a steady expansion of total money incomes combined with individual wage rates set at levels to promote employment. The book is of importance for all those concerned with macroeconomic theory and policy. The description of the meaning of a New Keynesian policy and of the arguments for it have been written in a way which should be intelligible to policy-makers and students, and not only to economists with technical training. Professional macroeconomists will be interested not only in these sections but also in the fully specified macroeconomic model used to analyse New Keynesian policies in economic terms and to carry out a counterfactual re-running of history. In addition, the unusually detailed exposition of the application of control techniques to a difficult multivariable control problem also makes the book of interest to control engineers who wish to acquaint themselves with recent generalisations of classical frequency response methods.
