## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

A fresh and thoroughly modern take on Afterlife communication. Claire Broad is known as the Honest Medium, in *What the Dead are Trying to Teach* Claire shares invaluable insights into life after death gained through her own experience, whilst also drawing on the most up-to-date scientific studies on consciousness. As a young child, Claire experienced psychic phenomena, as she grew older her experiences and the communications she received became stronger, resulting in Spirit teachers making their presence known and guiding her. Naturally analytical and now an adult, Claire was forced to question the validity of her experiences against the common academic opinion surrounding survival after physical death and embarked upon a life long quest for the truth. In her refreshingly down to earth, honest and open manner, Claire shares personal stories to bring comfort and hope to many whilst highlighting findings from consciousness studies that challenge our understanding of the world and encourage us to consider our true nature and full potential. Claire teaches us why we may have confidence there is life after death, how we can heal and awaken spiritually through the therapeutic practice of mediumship and most importantly what we can learn from those already on the other side in order to make the most of this life whilst we are here. By the end of this compelling book, readers will have an understanding that we all have a natural connection to the spirit world and will have gained tips and tools to deepen this connection; that death is an illusion; that our loved ones can visit us after their passing and that we can learn to recognise the signs; that genuine mediumship is a therapeutic practice and why visiting a medium is nothing to be

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

feared; that spirit guides gently support us all; that it is natural for a child to display psychic ability and what you can do to support a child that does; that there is scientific research to support the validity of mediumship and psychic ability and that it is possible to seek evidence for survival as well as keeping faith.

### **Afterlives of the Rich and Famous**

Accounts and evidence of reincarnation from around the world presented in a clear and easy-to-follow journalistic style with a Ripley's-believe-it-or-not overtone that makes for a perspective changing read.

### **Being a Man**

What happens to us when we die? Many think of heaven as an unimaginable state of bliss. As for hell, it's far out of proportion to any sin we might have committed and makes a travesty of God. But what if the afterlife was something very different? The key to such knowledge is mediumship. Three decades of research have taught the author, a world expert in the field of death and afterlife studies, who the most reliable voices are. These accounts are far better developed and more plausible than anything found in the world's scriptures or theologies. We hunger for a reliable revelation telling us that life here and now is meaningful and

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

good, that each of us has an important part to play in its proper unfolding, that we are accountable for all we do, and that the godless materialism all around us is a pathological mistake. The world ahead, unlike ours, is fascinating and fair. Authentic mediums may be the closest thing to the voice of God that our planet has.

### **Your Eternal Self**

A comprehensive overview of the evidence.

### **Physics of the Soul**

"One of the themes of the book is how to have a fulfilling professional life. In order to achieve this goal, Krantz discusses keeping a vigorous scholarly program going and finding new challenges, as well as dealing with the everyday tasks of research, teaching, and administration." "In short, this is a survival manual for the professional mathematician - both in academics and in industry and government agencies. It is a sequel to the author's A Mathematician's Survival Guide."--BOOK JACKET.

### **Love Knows No Death**

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

Erasing Death: The Science That Is Rewriting the Boundaries Between Life and Death reveals that death is not a moment in time. Death, rather, is a process—a process that can be interrupted well after it has begun. Innovative techniques have proven to be effective in revitalizing both the body and mind, but they are only employed in approximately half of the hospitals throughout the United States and Europe. Dr. Sam Parnia, Director of the AWARE Study (AWAREness during REsuscitation) and one of the world's leading experts on the scientific study of death and near-death experiences (NDE), presents cutting-edge research from the front lines of critical care and resuscitation medicine while also shedding light on the ultimate mystery: What happens to human consciousness during and after death? Dr. Parnia reveals how some form of “afterlife” may be uniquely ours, as evidenced by the continuation of the human mind and psyche after the brain stops functioning. With physicians such as Dr. Parnia at the forefront, we are on the verge of discovering a new universal science of consciousness that reveals the nature of mind and a future where death is not the final defeat, but is, in fact, reversible.

### **Testimony of Light**

It is often said that that one never completely recovers from the loss of a loved one and the shock of bereavement leaves an indelible scar on one's soul that remains forever. Despite this, most bereaved people do return to living productive and

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

meaningful lives, understanding that such pain is unavoidable and part of the human experience. However, in some cases the negative feelings and emotions do not subside over time and what psychologists refer to as "complicated grief" takes hold. This is a serious and debilitating condition that can take a toll on emotional and physical well-being. The good news is that, with appropriate help and support, even sufferers of complicated grief can transform their lives. This workbook is an essential part of the method known as "Love Knows No Death," an innovative approach to grief transformation. This counseling approach, which integrates both written and video lessons, reflects an "unbelievable truth" that the human mind, consciousness and personality do not end with the death of the physical body. In other words, your deceased love one is not, in fact, deceased. As one progresses through the workbook it becomes apparent that there is no religious agenda. The reality that we survive death is based upon established evidence and not blind faith, and the reader is encouraged to do their own reading, learning and thinking. The entire approach is based upon education and not preaching. This innovative approach to grief transformation is based upon established techniques of cognitive therapy. In other words, "The way you feel depends entirely on the way you think." When we learn to think "non-negatively" and replace negative, unrealistic and distorted thoughts with more balanced, neutral and realistic ones, dramatic results can be attained. The chapters and videos in this approach will take readers on a journey of exploration as they examine possible stumbling blocks, what really dies at death, and learn about the substantial evidence for life after life. Some of the

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

phenomena examined include the powers of the mind, deathbed visions, near death experiences, apparitions, mediumship and instrumental trans-communication. Mental health professionals are coming to realize that patients who believe that their deceased loved ones still survive do better than those who do not believe in survival. The "Love Knows No Death" approach recognizes that vague hope or wishful thinking does not have the power to transform grief. Such transformation can only come from "knowing," which can be attained only through personal experiences, thorough examination of the evidence, and changing the way we think. Those who put the effort into diligently following this workbook may very well experience life changing effects. The "afterlife perspective," once integrated into the grieving process, will allow you to lead a better life and truly honor those who have passed before you.

### **An Army in Heaven**

Through her published works and in the classroom, Irene J. Winter has served as a mentor for the latest generation of scholars of Mesopotamian visual culture. The various contributions to this volume in her honor represent a cross section of the state of scholarship today. Topics by the twenty authors include palatial and temple architecture, royal sculpture, gender in the ancient Near East, and interdisciplinary studies that range from the fourth millennium BCE to modern ethnography and cover Sumer, Assyria, Babylonia, Iran, Syria, Urartu, and the

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

Levant. Reflections on Winter's scholarship and teaching accompany her bibliography. The volume will be useful for scholars who are curious about how visual culture is being used to study the ancient Near East.

### **Is There an Afterlife?**

Your Eternal Life presents in readable language overwhelming evidence from renowned scientists showing that the afterlife is as real as this life.

### **Goddesses in Context**

Can Christians Trust Tales from Heaven? Yes! Millions have read the testimonies of those who have been to heaven and returned. But what do these stories mean for Christians? How do they fit with what the Bible teaches? What do they say about who goes to heaven? Debate has raged throughout the church about whether we should trust these testimonies, since they don't always align with what we think the Bible teaches. Reverend John Price, a pastor who has been a pioneer in integrating near-death accounts into ministry, surveys the Bible and Christian doctrines to discover that these firsthand accounts of encounters with God are fully compatible with Christian spirituality. Price began his ministry not believing in heaven. In *Revealing Heaven*, after hearing over two hundred accounts of near-

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

death experiences, Price narrates the stories of those who helped change his mind and now makes a case not only for why Christians can trust near-death accounts but for why we should treat these amazing stories as precious gifts from God.

### **We Don't Die**

What do people see as death approaches? What will Heaven be like? What will Hell be like? *An Army In Heaven* records the deathbed visions of hospice patients, as well as those in a critical care setting who have died and then returned to describe their experience on the other side. Read about their accounts of Heaven and Hell, their visions of loved ones who have long traversed to the other side.

Compassionate and compelling, this book retells their experiences. Their accounts are moving, edifying and sometimes disturbing, as cases of terrible abuse, neglect and even the demonic are also witnessed. Written by the nurse assigned to their care, *An Army In Heaven* is a compilation of their stories, what they saw on the other side and what they see as the veil thins during the dying process. It will change how you view life and most importantly, how you view death.

### **Death Makes Life Possible**

At the very foundation of religious faith and hope is a belief that consciousness will

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

survive death and that we will live on in another dimension of reality. But that foundation easily crumbles when scientific minds are unable to wrap their brains around an afterlife, when they are unable to visualize a non-material world. As the foundation gives way, the philosophy of materialism takes hold and gives rise to moral decadence, egocentricity, hypocrisy, hatred, disorder, flux, strife, chaos, and fear. Such seems to be the state of the world today. There is so much to be found outside the highly guarded boundaries of mainstream science and orthodox religion for those willing to open their minds to it, for those willing to recognize that the dissemination of Truth did not stop with the good books of organized religion and cannot always be found in the laboratory. Beginning in 1848, a number of sensitive people began developing as mediums, bringing forth communications from the spirit world. One of the skeptics investigating the "popular madness" was Professor Robert Hare of the University of Pennsylvania. Intending to debunk it all, Hare would, after extensive research, become a believer. When he asked an apparently advanced spirit what it was all about, he was told that it was "a deliberate effort, on the part of the inhabitants of the higher spheres, to break through the partition which has interfered with the attainment, by mortals, of a correct idea of their destiny after death." Unfortunately, both orthodox religion and mainstream science, acting out of ego and fear, have rebuked the efforts of those inhabitants of the higher spheres to enlighten us, thus permitting the foundations of both faith and hope to further crumble. In "The Afterlife Revealed," Michael Tymn sets forth some of the most credible messages from the spirits relative to the

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

nature of their world. Instead of a heaven-hell dichotomy, we are told that there are many levels, or as Jesus is quoted, "many mansions," and that we cross over to the "other side" based on what might be called a "moral specific gravity." We discover a Divine plan - one of attainment and attunement, of gradual spiritual growth, of evolution of spirit through progressively higher planes. We see how we are really souls occupying bodies rather than bodies housing souls and how our souls are progressing in finding their way back to Oneness with the Creator through the challenges, the adversities, the trials and tribulations offered us in a particular lifetime.

### **Opening Heaven's Door**

When New York Times bestselling author Raymond Moody began writing about near-death experiences, he noticed that the stories resembled the nonsensical writing of his literary heroes Lewis Carroll, Edward Lear, and Dr. Seuss. In this book, Dr. Moody shares the groundbreaking results of four decades of research into the philosophy of nonsense, revealing new ways to understand and experience life, death, and spirituality. Explore the nuanced feelings that accompany nonsense language, and learn how engaging with nonsense can help you on your spiritual path. Discover how nonsense transcends classical true/false logic, opening the doorway to new spiritual and philosophical breakthroughs. With dozens of examples from literature, comedy, music, and art, this accessible book presents a

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

fascinating new approach to the mysteries of the human spirit.

### **The Last Frontier**

Prostitutes and Courtesans in the Ancient World explores the implications of sex-for-pay across a broad span of time, from ancient Mesopotamia to the early Christian period. In ancient times, although they were socially marginal, prostitutes connected with almost every aspect of daily life. They sat in brothels and walked the streets; they paid taxes and set up dedications in religious sanctuaries; they appeared as characters—sometimes admirable, sometimes despicable—on the comic stage and in the law courts; they lived lavishly, consorting with famous poets and politicians; and they participated in otherwise all-male banquets and drinking parties, where they aroused jealousy among their anxious lovers. The chapters in this volume examine a wide variety of genres and sources, from legal and religious tracts to the genres of lyric poetry, love elegy, and comic drama to the graffiti scrawled on the walls of ancient Pompeii. These essays reflect the variety and vitality of the debates engendered by the last three decades of research by confronting the ambiguous terms for prostitution in ancient languages, the difficulty of distinguishing the prostitute from the woman who is merely promiscuous or adulterous, the question of whether sacred or temple prostitution actually existed in the ancient Near East and Greece, and the political and social implications of literary representations of prostitutes and courtesans.

## **Erasing Death**

Love Reaches Us in Many Ways With testimonies from everyday men and women, celebrities, business leaders, and one-time skeptics, *Expect the Unexpected* is an honest firsthand account of how spirits communicate with Bill Philipps, why he believes they chose him to do this, and how he works with them to ultimately convey their messages. As Philipps confirms, it is normal to ask questions about what happens to our loved ones after death and to hope to reconnect with them. He offers insight and suggestions to help you ask for and receive signs with or without a medium and shows why he is convinced that readings always contain the possibility for love, peace, healing, and hope.

## **Prostitutes and Courtesans in the Ancient World**

*Being a Man* is a formative work which reveals the myriad and complex negotiations for constructions of masculine identities in the greater ancient Near East and beyond. Through a juxtaposition of studies into Neo-Assyrian artistic representations and omens, biblical hymns and narrative, Hittite, Akkadian, and Indian epic, as well as detailed linguistic studies on gender and sex in the Sumerian and Hebrew languages, the book challenges traditional understandings and assumed homogeneity for what it meant "to be a man" in antiquity. Being a

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

Man is an indispensable resource for students of the ancient Near East, and a fascinating study for anyone with an interest in gender and sexuality throughout history.

### **What the Dead are Dying to Teach Us**

Presents an extensively researched investigation into the existence of reincarnation, near-death experiences, psychic abilities, and other paranormal phenomena ranging from clairvoyance and out-of-body experiences to remote viewing and psychic espionage.

### **Words at the Threshold**

Joseph Shapiro, a New York businessman, experiences a mid-life crisis. He leaves his wife, his mistress, his business and goes to Israel in search of religious Orthodoxy.

### **The Afterlife Unveiled**

The authors examine from different perspectives some of the most challenging themes in Mesopotamian religion such as gender switch of deities and changes of

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

the status, roles and functions of goddesses. Julia M. Asher-Greve and Goodnick Westenholz incorporate recent scholarship from various disciplines into their analysis of textual and visual sources, representations in diverse media, theological strategies, typologies, and the place of image in religion and cult over a span of three millennia. Different types of syncretism (fusion, fission, mutation) resulted in transformation and homogenization of goddesses' roles and functions. The processes of syncretism (a useful heuristic tool for studying the evolution of religions and the attendant political and social changes) and gender switch were facilitated by the fluidity of personality due to multiple or similar divine roles and functions. Few goddesses kept their identity throughout the millennia. Individuality is rare in the iconography of goddesses while visual emphasis is on repetition of generic divine figures (*hieros typos*) in order to retain recognizability of divinity, where femininity is of secondary significance. This richly illustrated book demonstrates that goddesses were never marginalized or extrinsic and that their continuous presence in texts, cult images, rituals, and worship throughout Mesopotamian history is testimony to their powerful numinous impact. This richly illustrated book is the first in-depth analysis of goddesses and the changes they underwent from the earliest visual and textual evidence around 3000 BCE to the end of ancient Mesopotamian civilization in the Seleucid period. Goddesses in Context is a compelling contribution to Mesopotamian religion and history as well as to history, art history, history of religion and gender studies.

## **African Intellectual Heritage**

In this book Professor Stafford Betty pulls together the best evidences for survival of death. The very best, he maintains, come from psychical research. The near-death experience, deathbed visions, reincarnational memories of children, communication from the so-called dead through mediums, apparitions, poltergeists, spirits that reach out to us through electronic instruments, spirits that attach themselves to our bodies, and episodes of terminal lucidity in Alzheimer's patients are all included. But philosophy has a lot to say as well. In simple terms Betty lays out the evidence against reductive materialism that claims all our experience is generated by the brain and that we perish at death. Viewing the brain as an instrument put to good use by the immaterial self is much more consistent with the evidence. Finally, he surveys the universal affirmation by the world's religions that we survive death. Betty brings together memorable examples and careful analysis of each type of evidence. Each type is imposing enough by itself, but taken together they build a case for survival of death that is insurmountable. He shows that life after death, as mysterious as it is, should no longer be regarded as a hypothesis, but, like dark matter, a fact.

## **Stop Worrying! There Probably Is an Afterlife**

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

A unique approach to understanding and overcoming grief. Bestselling author Raymond Moody and his colleague Dianne Arcangel show how the grieving process can transform our fear and grief into spiritual and emotional growth.

### **One Soul, Many Lives**

Induced After Death Communication (IADC) is a therapy for grief and trauma that has helped thousands of people come to terms with their loss by allowing them the experience of private communication with their departed loved ones. This is the definitive book on the subject. Botkin, a clinical psychologist, created the therapy while counseling Vietnam veterans in his work at a Chicago area VA hospital. Botkin recounts his initial—accidental—discovery of IADC during therapy sessions with Sam, a Vietnam vet haunted by the memory of a Vietnamese girl he couldn't save. During the session, quite unexpectedly, Sam saw a vision of the girl's spirit, who told him everything was okay; she was at peace now. This single moment surpassed months—years—of therapy, and allowed Sam to reconnect with his family. Since that 1995 discovery, Botkin has used IADC to successfully treat countless patients—the book includes dozens of case examples—and has taught the procedure to therapists around the country.

### **Afterlife Encounters**

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

At last, science and the soul shake hands. Writing in a style that is both lucid and charming, mischievous and profound, Dr. Amit Goswami uses the language and concepts of quantum physics to explore and scientifically prove metaphysical theories of reincarnation and immortality. In *Physics of the Soul*, Goswami helps readers understand the perplexities of the quantum physics model of reality and the perennial beliefs of spiritual and religious traditions. He shows how they are not only compatible but also provide essential support for each other. The result is a deeply broadened, exciting, and enriched worldview that integrates mind and spirit into science. Includes a new preface.

### **Induced After Death Communication**

Suffering from world-weariness, former singer/songwriter Annie Kagan gave up her life in New York City and moved to a small house by the bay. While trying to figure out what to do with her life, her brother Billy died unexpectedly. A few weeks after his death, Billy woke his sister at dawn. "It's Billy, darling! I'm drifting weightlessly through gorgeous galaxies and I feel a loving, beneficent presence twinkling all around me." Was Billy real or just a figment of her imagination? In *The Afterlife of Billy Fingers*, Kagan shares her unprecedented journey into the mysteries of the afterlife. Billy's ongoing account of his celestial experiences is filled with transcendent wisdom, irreverent humor, and hope. *The Afterlife of Billy Fingers* will change the way you think about life, death, and the Universe. Another time, Billy

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

says, "If I could give you a gift it would be to find the glory inside yourself, beyond the roles and the drama, so you can dance the dance of the game with a little more rhythm, a little more abandon, a little more shaking those hips." In his foreword, Dr. Raymond Moody, author of *Life after Life*, explains the phenomena of walkers between the worlds, known to us since ancient times, but still surprising to way too many of us.

### **Life After Loss**

In *Handbook to the Afterlife*, two seasoned experts with decades of experience working with channeled material describe the stages that spirits go through, focusing on the details that these accounts have in common. Just as life itself has different stages of growth and development, so most accounts of the afterlife are consistent with the authors' view that dying and rebirth are also continuous processes. Beginning with the moment of death itself, progressing through different transitional stages, and ending with the return of spirits to the physical plane, authors Pamela Heath and Jon Klimo define the purposes and pitfalls of each stage. They look at the kinds of adjustment problems that occur in each phase, and how spirits can be helped to move forward. Questions of pain and emotional state at the time of death, karma, and reincarnation are sensitively addressed. The book includes practical techniques for opening up communication with those who have passed on to the other side. While of interest to anyone seeking a general

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

overview of the subject, Handbook to the Afterlife is particularly useful for those dealing with spirits who have not moved on, such as ghosts.

### **Staring at the Sun**

The first book by a respected journalist on Nearing Death Awareness—similar to Near-Death Experience—this “fascinating” (Kirkus Reviews) exploration brings “humor, sympathy, and keen critical intelligence to a topic that is all too often off-limits” (Ptolemy Tompkins, collaborator with Eben Alexander on Proof of Heaven). People everywhere carry with them extraordinary, deeply comforting experiences that arrived at the moment when they most needed relief: when they lost a loved one. These experiences can include clear messages from beyond, profound and vividly beautiful visions, mysterious connections and spiritual awareness, foreknowledge of a loved one’s passing—all of which evade explanation by science and logic. Most people keep these transcendent experiences secret for fear they will be discounted by hyperrational scrutiny. Yet these very common occurrences have the power to console, comfort, and even transform our understanding of life and death. Prompted by her family’s surprising, profound experiences around the death of her father and her sister, reporter Patricia Pearson sets out on an open-minded inquiry, a rare journalistic investigation of Nearing Death Awareness, which Anne Rice praises as “substantive, eloquent, and worthwhile.” Opening Heaven’s Door offers deeply affecting stories of messages from the dying and the dead in a

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

fascinating work of investigative journalism, pointing to new scientific explanations that give these luminous moments the importance felt by those who experience them. Pearson also delves into out-of-body and near-death experiences, examining stories and research to make sense of these related but distinct categories. Challenging current assumptions about what we know and what we are still unable to explain, *Opening Heaven's Door* will forever alter your perceptions of the nature of life and death.

### **I'm Not Dead, I'm Different**

Identifying the psychological benefits of an afterlife communication practice that the author believes can assuage negative feelings about loss and death, an analysis of religious and historical views draws on near-death experiences and after-death communication to reveal how everyday people can make contact with the afterlife. Original.

### **The Afterlife Revealed**

“I have known Sylvia for twenty years, and I have the greatest respect for her....I applaud her for the peace and solace that she has brought to so many.” —Montel Williams  
The world's most acclaimed psychic, Sylvia Browne, the New York Times

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

bestselling author of *Life on the Other Side*, *All Pets Go to Heaven*, *Contacting Your Spirit Guide*, and more, returns with a rare and riveting look at the lives of some of our favorite celebrities—after their deaths. How do Elvis Presley, Heath Ledger, John Lennon, and others view their time on Earth? After they have shuffled off this mortal coil, what wisdom do they wish to send back to us? Sylvia Browne's moving look at these once larger-than-life heroes is a captivating voyage into the secrets they hold beyond the void.

### **The Boy Who Died and Came Back**

“Hollister Rand’s ability to deliver messages is compassionate, yet educational. Whether in person, on radio, TV, or in this bookshe delivers.” —John Edward, author of *Infinite Quest* Psychic medium Hollister Rand is a magnet for opinionated young people who have lots to say—even after death. In *I’m Not Dead, I’m Different*, she shares with readers the uplifting and enlightening wisdom she has gained from the spirits of children taken from the earthly plane before their time, wisdom that far surpasses their years on Earth. Readers of John Edward, Sylvia Browne, Alison Dubois, and Conchetta Bertoldi will immediately recognize the worth in the guidance offered by these departed young ones, and anyone seeking solace or answers after the loss of a loved one will find great comfort in *I’m Not Dead, I’m Different*.

## **Handbook to the Afterlife**

“We Don’t Die: A Skeptic’s Discovery of Life After Death” gives credible evidence of life after death. The goal of “We Don’t Die” is to have people believe that their deceased loved ones are still near them, help them navigate through the grieving process and educate that we are ‘eternal souls having a human experience. It is unique because it teaches people about the grieving process, keeping relationships whole, gives awe inspiring exercises that the reader experiences that we must be ‘more than our bodies.’ It gets readers in touch with the purpose of their lives and gets them on the path to producing results. Readers will no longer fear death, their pain of losing someone will be lessened, they will have hope, faith, and powerful access to live a successful life.

## **The Afterlife of Billy Fingers**

What Our Last Words Reveal About Life, Death, and the Afterlife A person’s end-of-life words often take on an eerie significance, giving tantalizing clues about the ultimate fate of the human soul. Until now, however, no author has systematically studied end-of-life communication by using examples from ordinary people. When her father became terminally ill with cancer, author Lisa Smartt began transcribing his conversations and noticed that his personality underwent inexplicable changes.

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

Smartt's father, once a skeptical man with a secular worldview, developed a deeply spiritual outlook in his final days — a change reflected in his language. Baffled and intrigued, Smartt began to investigate what other people have said while nearing death, collecting more than one hundred case studies through interviews and transcripts. In this groundbreaking and insightful book, Smartt shows how the language of the dying can point the way to a transcendent world beyond our own.

### **The Penitent**

For the millions who have enjoyed *Proof of Heaven*, *Heaven is Real*, *To Heaven and Back*, and *Getting to Heaven*, *Testimony of Light* is about life after death—and the amazing story of a friendship that endured beyond the veil—published for the first time in the United States. Frances Banks died, as she had lived, fully aware of what she was experiencing and where she hoped to go. She was an Anglican nun for 25 years and for much of that time, the principal of the Teachers' Training College in Grahamstown, South Africa. She was the author of many psychological books. Her last book was *Frontiers of Revelation*, an account of research into psychic and mystical phenomena. Her friend Helen Greaves was by her side as she finally lapsed into unconsciousness. Then, one evening some three weeks after Frances's death, Helen sensed her presence. This extraordinary encounter marked the beginning of contact between them from both sides of the veil—between life as we

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

know it and life on "the other side." Testimony of Light is based on these communications that Helen received telepathically from Frances. The writings have been authenticated by those who knew them both and who were familiar with their individual writing styles. Moving and inspiring, this classic book is a testament to the enduring power of their friendship, and offers an important message to us all—that the death of the body is but a gentle passing to a much freer and fuller life.

### **The Ultimate Journey**

Organized by major themes—such as creation stories, and resistance to oppression—this collection gather works of imagination, politics and history, religion, and culture from many societies and across recorded time. Asante and Abarry marshal together ancient, anonymous writers whose texts were originally written on stone and papyri and the well-known public figures of more recent times whose spoken and written words have shaped the intellectual history of the diaspora. Within this remarkably wide-ranging volume are such sources as prayers and praise songs from ancient Kemet and Ethiopia along with African American spirituals; political commentary from C.L.R. James, Malcolm X, Mary McLeod Bethune, and Joseph Nyerere; stirring calls for social justice from David Walker, Abdias Nascimento, Franz Fanon, and Martin Luther King, Jr. Featuring newly translated texts and documents published for the first time, the volume also

## Download Ebook By Julia Assante The Last Frontier Exploring The Afterlife And Transforming Our Fear Of Death 101412

includes an African chronology, a glossary, and an extensive bibliography. With this landmark book, Asante and Abarry offer a major contribution to the ongoing debates on defining the African canon. Author note: Molefi Kete Asante is Professor and Chair of African American Studies at Temple University and author of several books, including *The Afrocentric Idea* (Temple) and *The Historical and Cultural Atlas of African Americans*. Abu S. Abarry is Assistant Chair of African American Studies at Temple University.

### **Revealing Heaven**

Never-before-released research proves the dead communicate with us. As a former hospice worker and director of the Elisabeth Kübler-Ross Center, Dianne Arcangel was certain that visitations from beyond death provided comfort and hope for loved ones still grappling with their loss. As a researcher, however, she was unable to find specific data to measure that comfort and hope. To remedy this lack of information, she created the Afterlife Encounters Survey, a five-year, international survival study. *Afterlife Encounters* reveals the results of this landmark study and, for the first-time, offers a systematic categorization of such encounters, explaining when these encounters are most likely to occur and what type of apparition is likely to appear. *Afterlife Encounters* presents not only the data, but also the stories beyond the numbers, as friends and family members relate their visitation experiences in their own words. Included are amazing stories of the dead returning

to tell loved ones that they had been murdered and who it was that killed them; apparitions revealing where family treasure was buried; even one spirit who provided a remarkable account of the tragedies of 9/11—weeks before those events occurred. The stats and stories that Arcangel shares are certain to stay with you for a long time, as will her eye-opening conclusion: afterlife encounters provide real, lasting comfort and hope to an astounding 97 percent of those loved ones who experience them.

### **When Did You Ever Become Less By Dying? AFTERLIFE**

Written in Irv Yalom's inimitable story-telling style, *Staring at the Sun* is a profoundly encouraging approach to the universal issue of mortality. In this magisterial opus, capping a lifetime of work and personal experience, Dr. Yalom helps us recognize that the fear of death is at the heart of much of our anxiety. Such recognition is often catalyzed by an "awakening experience"—a dream, or loss (the death of a loved one, divorce, loss of a job or home), illness, trauma, or aging. Once we confront our own mortality, Dr. Yalom writes, we are inspired to rearrange our priorities, communicate more deeply with those we love, appreciate more keenly the beauty of life, and increase our willingness to take the risks necessary for personal fulfillment.

## **Ancient Near Eastern Art in Context**

Our beliefs about what happens when we die define how we live today. And more and more of us are discovering a radical truth: when we release our fear of death, we open to an immensely richer life right here and now. But how do we incorporate this profound insight into our everyday lives? With *Death Makes Life Possible*, Dr. Marilyn Schlitz presents a wealth of teachings and practical guidance on how to turn this taboo topic into a source of peace, hope, connection, and compassion. Featuring contributions by eminent scientists and scholars; spiritual leaders and devout skeptics; health and healing practitioners; and men, women, and children from all walks of life, this far-reaching work reveals the myriad ways that we grow and change by expanding our perspectives on the ultimate mystery facing each one of us.

## **The Last Frontier**

Did Steve Jobs have a vision of the afterlife on his death-bed? Does quantum physics suggest that our mind might survive the physical death of our body? How do some near-death experiencers 'see' outside of their bodies at a time when they are supposed to be dead? In *'Stop Worrying! There Probably is an Afterlife'*, author Greg Taylor covers all these questions and more. From Victorian seance rooms

through to modern scientific laboratories, Taylor surveys the fascinating history of research into the survival of human consciousness, and returns with a stunning conclusion: that maybe we should stop worrying so much about death, because there probably is an afterlife.

### **Making Sense of Nonsense**

Travels in Many Worlds with a Master Storyteller Join Robert Moss for an unforgettable journey that will expand your sense of reality and confirm that there is life beyond death and in other dimensions of the multiverse. Moss describes how he lived a whole life in another world when he died at age nine in a Melbourne hospital and how he died and came back again, in another sense, in a crisis of spiritual emergence during midlife. As he shares his adventures in walking between the worlds, we begin to understand that all times — past, future, and parallel — may be accessible now. Moss presents nine keys for living consciously at the center of the multidimensional universe, embracing synchronicity, entertaining our creative spirits, and communicating with a higher Self.

### **Surviving Death**

In 1958, a successful businessman named Robert Mornroe began to have

experiences that drastically altered his life. Unpredictably, and without his willing it, Monroe found himself leaving his physical body to travel via a "second body" to locales far removed from the physical and spiritual realities of his life. He was inhabiting a place unbounded by life or death. Monroe recorded these experiences in two bestselling, landmark books, *Journeys Out of the Body* and *Far Journeys. Ultimate Journey*, his final and career-defining work, takes us further than we thought possible--and reveals to us what it all means. *Ultimate Journey* charts that area which lies "over the edge," beyond the limits of the physical world. It presents us with a map of the "interstate"--the route that opens to us when we leave our physical lives, with their entry and exit ramps, their signposts and their hazards. It also tells us how Monroe found the route and travelled it, and uncovered the reason and the purpose of this pioneering expedition. It is a journey that reveals basic truths about the meaning and purpose of life--and of what lies beyond. After six hardcover printings, the trade paperback edition of *Ultimate Journey*, will offer an even wider range of readers this exhilarating reading experience, the masterwork of one of the most daring and original thinkers and explorers of our time.

### **Expect the Unexpected**

Knowledge of the afterlife can trigger dazzling transformations in body, mind, and spirit. It unleashes our authentic selves, radically resets our values, and deepens

our sense of life purpose. From it we discover that the real nature of the universe is the very essence of benevolence. In this comprehensive work, Julia Assante probes what happens when we die, approaching with scholarly precision historical and religious accounts, near-death experiences, and after-death communication. She then presents convincing evidence of discarnate existence and communication with the dead and offers practical ways to make contact with departed loved ones to heal and overcome guilt, fear, and grief.
