Die direkten Zitate im Hebräerbrief gehen vermutlich auf eine Vorlage aus der Septuaginta zurück, sind aber bislang kaum erforscht. Von einer traditionsgeschichtlichen und einer textkritischen Perspektive aus geht Gert J. Steyn dieser Sachlage auf den Grund. Er folgt damit der im Hebräerbrief angelegten Struktur, die zwei verschiedene Arten von Zitaten kennt, die paarweise aufgeführt werden: primär Liedtexte und Zitate aus der Torah, die sich mit Psalm- und Prophetenworten vermischen. Gert J. Steyn untersucht jedes Zitat auf dem Hintergrund der möglichen alternativen Vorlage(n). Im Verlauf der Studie wird deutlich, dass der Briefautor selbst eine ganze Reihe an Zitaten aus der frühen jüdischen und der frühen christlichen Tradition kombiniert hat.

In spite of all the papers that others have written about the manuscript, there is no complete survey of all the approaches, ideas, background information and analytic studies that have accumulated over the nearly fifty-five years since the manuscript was discovered by Wilfrid M. Voynich in 1912. This report pulls together all the information the author could obtain from all the sources she has examined, and to present it in an orderly fashion. The resulting survey will provide a firm basis upon which other students may build their work, whether they seek to decipher the text or simply to learn more about the problem.

Vegetarian Nirvana came about as the result of my effort to create curriculum material for a classes I taught on Indian vegetarian cooking in Bloomington, Indiana. The accumulation of various and diverse menus is a unique aspect of the book. The recipes themselves come from traditional recipes, but also

from my experimentation in my kitchen over the last 30 years. The book has been organized with the idea in mind that a cook who is new to Indian cooking (or to cooking in general) can still prepare excellent, authentic, vegetarian Indian food by starting with simple menus, and perhaps move on to try more complex menus. These recipes really do build on each other, and as an individual cook acquires more and more familiarity and skill, any recipe in this book should be well within your reach. As with any cuisine, how much and when to use seasonings and spices is crucial. And so it is with Indian cooking. Hence the reason for the order of menus: from simple to complex. As the spices and circumstances in which they are included become more familiar, the easier it will be to prepare new dishes that might seem daunting at first. For those who enjoy and wish to learn vegetarian and Indian cooking, I have written this book in the hope that it will provide the necessary passage to that end.
