Kaiju Big Battel, a series of live events that revolve around tournament-style performances, is a tongue-in-cheek hybrid of Japanese-monster-movie mayhem and lowbrow pop-culture. These sold-out events feature a roster of over thirty monsters battling in a modern conflict of epic proportions. Kaiju Big Battel, the official guide, will provide an overview of the Kaiju universe, principally the key monsters and the epic battles, for devoted fans and new readers alike. In addition to a 16-page full-color insert of Kaiju studio photographs and a glossary, Kaiju Big Battel will be ornamented with a safety manual, weapon profiles and a guide to the inner workings of the Kaiju world. A crash course in everything Kaiju, readers would be well-advised to pay careful attention as those uneducated in monster mayhem could be imperiled next time Kaiju Big Battel erupts in their neighborhood! The Big Battel Rages on in the Kaiju Universe! Planet Earth is under threat. Scattered throughout the galaxy is a monstrous mob of maniacal villains, alien beasts, and city-crushing monsters that are waging a war against one another. In a recent New Year's Eve Kaiju Big Battel, Kung-Fu Chicken Noodle defeated RoBox: "Kung-Fu Chicken Noodle couldn't wait for the ball to drop to avenge his shocking loss to the newest Kaiju Hero, RoBox, at Kaiju Rampage New York. As Loudon Noxious counted down to the stroke of midnight, the killer klucker burst into the Danger Cage and began to lay waste to the snow-covered cityscape. Seeing this wanton destruction, newly constructed Kaiju Hero, RoBox rushed the Cage to put a stop to the terror. This was perhaps the robotic Hero's biggest mistake of the night. Fresh from an extended stay in China with his sensei, Mr. Wong, Soup unleashed a barrage of devastating new maneuvers upon Kung-Fu Chicken Noodle. High-flying flips and crushing corkscrews quickly overloaded RoBox's circuits and the new Hero was unable to mount any significant counter attack. Finally Soup delivered the Bouillion Back Flip for the pin, earning the right to fulfill his new year's resolutions: to kill again!"

Trudeau and Our Times

In the World Library of Educationalists series, international experts compile career-long collections of what they judge to be their finest pieces - extracts from books, key articles, salient research findings, major theoretical and practical contributions

- so the world can read them in a single manageable volume. Readers will be able to follow the themes and strands and see how their work contributes to the development of the field. Spanning Mel Ainscow's accomplished 30 year international career in education, the texts in this book trace his efforts to find ways of fostering more equitable forms of education. This has involved a series of struggles as he has experimented with different approaches - in a variety of contexts - to find new possibilities for responding to learner diversity. Over the years this has related to a variety of headline themes, starting from special education, through to integration, on to inclusive education, and then, more recently, educational equity. The readings have been chosen to illustrate the changes that have occurred in Ainscow's thinking and practices and a short introduction is provided for each chapter that is intended to help readers to understand the significance of what is presented and how this relates to other chapters in the book. The writings in this text reinforce the idea that the promotion of equity in schools is essentially a social process that has to occur within particular contexts.

Mammals raising their young evolved brains hardwired for emotional relationships. Around this mammalian core, humans evolved a new, larger brain for abstract thinking. Too often our abstract thinking gets in the way of emotionally connecting with other people. *Hearts and Minds* shows you how to improve your relationships by integrating these different brain systems. Plus, you'll find: The best places to meet single men and women (page 93). How young men and women fall in love with mirrors of themselves (page 74), when mature men and women love their real partners, including accepting their faults (page 83). How switching gender roles moves dating into a committed relationship (page 139). How to use conflicts to strengthen a relationship (page 146).

This volume is part of a three-volume set designed for use in a course in applied international corporate finance for managers and executives. Instead of the "encyclopedic" approach, the volumes focus on main issues of interest to managers who deal with overseas operations. This volume's issue is how uncertain foreign exchange (FX) rate changes affect a firm's ongoing cash flows and equity value, and what can be done about this risk. Numerous examples of real-world companies are used. The volume contains a hypothetical case that aims to tie the material together. The case company has overseas operations and is faced with ongoing FX exposure in corporate revenues. The decision maker estimates the FX exposure and considers financial hedging using foreign currency debt and currency swaps. The accounting implications are also considered. The volume reviews some basics of FX rates; for more information, see the first volume: *Introduction to Foreign Exchange Rates*, 2nd edition, Business Expert Press, 2016. The third volume deals with the estimation of the cost of capital for international operations and the evaluation of overseas investment proposals: *Applied International Finance: International Capital Budgeting*, 2nd edition, Business Expert Press, 2017.

China's Cultural Revolution, 1966-1969

The classic two-volume study of Trudeau and his impact upon Canadian society and politics
Volume 1: The Magnificent Obsession Winner of the Governor General's Award This volume examines the formative influences on Pierre Trudeau's childhood, his knight-errant youth and early manhood, his charismatic ascent to the Liberal Party leadership, and his dramatic first decade as prime minister. It concludes with his bittersweet triumphs in fighting off the separatists in the 1980 referendum campaign and his battle with provincial premiers to patriate the Canadian constitution.
Volume 2: The Heroic Delusion Winner of the John W. Dafoe Prize for Distinctive Writing This volume describes in fascinating detail the abiding liberal Pierre Trudeau's quixotic confrontations with his neo-conservative opponents, Margaret Thatcher and Ronald Reagan. A masterful analysis of the country's political economy in the decades following World War II, it suggests that Trudeau's delusion was that Canada could pursue a policy independent of her neighbours to the south.
