body, targeting the Five Master Systems (endocrine, digestive, immune, detoxification, and pH balancing). Balance equals life. At base, our bodies make us fighters because the body will drop everything to make balance happen. So when we put one system out of balance, we are essentially making our body fight itself. The Alkaline Reset Cleanse is a different way of thinking about the body and how we can rapidly replenish, heal, and reboot ourselves back to optimal health. The body's number-one goal is to maintain homeostasis and balance throughout our Five Master Systems: endocrine, immune, digestive, detoxification, and alkaline buffering (pH balancing). But through our dietary and lifestyle choices, we often put our body into a state of emergency. It is this constant state of emergency from which sickness and disease emerge. For over 10 years, health coach Ross Bridgeford has guided thousands of people through his alkaline cleanse programs. In The Alkaline Reset Cleanse, he has distilled his program down to a straightforward and immediately manageable seven-day program, complete with shopping lists, recipes, and encouraging tips from those who have already succeeded. We need to wipe the slate clean. We have to give the body the tools it needs to repair, replenish, rebuild, and thrive. With seven highly nourishing days filled with real, whole foods--specifically selected and planned to make it easy, enjoyable, and energizing--the Alkaline Reset Cleanse will help you to lose weight, restore your immunity, soothe digestion, and give you abundant health.

Breakouts. Dryness. Redness. Oiliness. If you're like most women, you've been on a never-ending quest for perfect skin—or even just good skin—since adolescence. It's a frustrating pursuit to say the least, filled with one disappointing (and expensive) miracle solution after another. Why is it so hard to get good skin? Adina Grigore, founder of the organic skincare line S.W. Basics, would argue that getting clear, calm, happy skin is about much more than products and peels. Or, rather, it's about much less. In *Skin Cleanse*, she guides readers through a holistic program designed to heal skin from the inside out. We tend to think of our skin as a separate entity from the rest of our bodies when in fact it is our largest organ. The state of our skin is a direct reflection of what our bodies look like on the inside. So Adina's program begins as any healthy regime should: with the basics for full-body health. That means eating plenty of fresh, whole foods; drinking more water; getting blood pumping and oxygen flowing to your cells through movement; and giving your skin a chance to repair and regenerate by resting. From there, readers are challenged to a skin cleanse that requires going product-free for twenty-four hours. Once detoxed, Adina then shows us how to overhaul our beauty routine, how to carefully add some products back in, and even how to make our own products at home, with advice and targeted solutions for specific skin conditions such as acne, dry skin, oily skin, and more. The secret to beautiful, stress-free skin is simple: it's an inside job.
