Dear Calvin

An anthology of short stories about the perils and tensions of middle age; includes a broad spectrum of contributors from well-established to up-and-coming authors

Chrysler Full-Size Trucks, 1989-96

The truth that parents learn as much from their children as their children learn from them is poignantly captured in this book by father and son.

Raising Dad

This book is only possible through the will of God. The inspirational messages given to us at times are very evident in this story and are meant for all. God can and will work through anyone whose heart is open and whose mind is still enough to hear that gentle voice speak to them. It is then that we realize how much our heavenly Father loves each one of us and wants us all to have a close relationship with Him. My name is Elisabeth, and this is my journey with the Lord. I was given this opportunity to share a part of my life with you. Alma, my sister, is truly blessed and has accompanied me through this journey. Some of the pictures and most of the inspirational messages associated with the pictures were given to Alma for us to use in this book. The pictures are all a gift from God. For this we humbly thank Him and our Blessed Mother, for allowing us to be a part of God's plan.

Haynes Techbook Cummins Diesel Engine Manual

The author recounts a father-son road trip during which he gained insight into the worldviews, challenges, and talents of his socially challenged savant son, Zach.

Father's Day

How do we form a connection to the ideals and institutions of public life? This connection is sometimes expressed in the language of civic engagement, public service, and commitment to the public good. While we do not lack for literature to guide us in thinking about public life, we have less to call on when our problem is not only to explore public ideals and institutions, but also to consider the nature and origin of our capacity to make a connection with and find meaning in those institutions and ideals. Levine explores the nature and origin of this capacity to form a connection and find meaning.
