Double T - Double Cross

A wealthy lawyer, debonair ladies' man, consummate actor, and courageous gambler, Dusko Popov played the role of playboy amongst the top echelons of British society to become one of Germany's most trusted spies. In fact, he was one of Britain's most successful double agents, and, some say, the inspiration for James Bond. With full access to FBI and MI5 records, along with private family papers, his incredible adventures can now be told authoritatively for the first time. Recruited by the Abwehr in 1940, 27-year-old Popov immediately offered his services to the British. His code-name was Tricycle. Throughout the war he fed the Germans with a constant stream of military 'intelligence', all vetted by MI5, and came to be viewed as their most important and reliable agent in Britain. But when he was ordered by the Abwehr to the United States to report on the defences at Pearl Harbor, J. Edgar Hoover, Director of the FBI, failed to heed his warnings, distrusting all spies and detesting Popov in particular, whom he considered to be 'a moral degenerate'. Facing the danger of exposure, arrest and execution on a daily basis, Tricycle went on to build up a network known as the Yugoslav Ring, which not only delivered a stream of false information to Berlin but also supplied vital intelligence to the Allies on German rocketry, strategy and security. After the war Dusko Popov was granted British citizenship and awarded an OBE. The presentation was made, appropriately, in the cocktail bar at the Ritz.

The Third Rainbow Girl

Acclaimed author Michael Lee Lanning uncovers the backroom dealings that led to the firing of Coach Mike Leach and turned the Red Raider nation against the Texas Tech administration -- P. [4] of cover.

Double Cross : the True Story of the D-Day Spies

The untold story of the Christian missionaries who played a crucial role in the allied victory in World War II What makes a good missionary makes a good spy. Or so thought "Wild" Bill Donovan when he secretly recruited a team of religious activists for the Office of Strategic Services. They entered into a world of lies, deception, and murder, confident that their nefarious deeds would eventually help them expand the kingdom of God. In *Double Crossed*, historian Matthew Avery Sutton tells the extraordinary story of the entwined roles of spy-craft and faith in a world at war. Missionaries, priests, and rabbis, acutely aware of how their actions seemingly conflicted with their spiritual calling, carried out covert operations, bombings, and assassinations within the centers of global religious power, including Mecca, the Vatican, and Palestine. Working for eternal rewards rather than temporal spoils, these loyal secret soldiers proved willing to sacrifice and even to die for Franklin Roosevelt's crusade for global freedom of religion. Chosen for their intelligence, powers of persuasion, and ability to seamlessly blend into different environments, Donovan's recruits included people like John Birch, who led guerilla attacks against the Japanese, William Eddy, who laid the groundwork for the Allied invasion of North Africa, and Stewart Herman, who dropped lone-wolf agents into Nazi Germany. After securing victory, those who survived helped establish the CIA, ensuring that religion continued to influence American foreign policy. Surprising and absorbing at every turn, *Double Crossed* is the untold story of World War II espionage and a profound account of the compromises and doubts that war forces on those who wage it.

Iron Spy

Nick Corey is a terrible sheriff on purpose. He doesn't solve problems, enforce rules or arrest criminals. He knows that nobody in tiny Potts County actually wants to follow the law and he is perfectly content lazing about, eating five meals a day, and sleeping with all the eligible women. Still, Nick has some very complex problems to deal with. Two local pimps have been sassing him, ruining his already tattered reputation. His girlfriend Rose is being terrorized by her husband. And then, there's his wife and her brother Lenny who won't stop troubling Nick's already stressed mind. Are they a little too close for a brother and a sister? With an election coming up, Nick needs to fix his problems and fast. Because the one thing Nick does know is that he will do anything to stay sheriff. Because, as it turns out, Sheriff Nick Corey is not nearly as dumb as he seems. In *Pop. 1280*, widely regarded as a classic of mid-20th century crime, Thompson offers up one of his best, in a tale of lust, murder, and betrayal in the Deep South that was the basis for the critically acclaimed French film *Coup de Torchon*.

Il Dottore

He was GARBO to the Allies and ALARIC to the Germans - the most successful double agent of the Second World War. Indeed, his spy network across Britain was so highly regarded that he was decorated for his achievements by both sides.

Throughout the war, GARBO kept the Germans supplied with reports from his ring of twenty-four agents. Hitler's spymasters never discovered or even suspected a double-cross, but all the agents in GARBO's network existed solely in his imagination. In one of the most daring espionage coups of all time, GARBO persuaded the enemy to hold back troops that might otherwise have defeated the Normandy landings on D-Day; without him, the Second World War could have taken a completely different course. For decades, GARBO's true identity was a closely guarded secret. After the war, he vanished. Years later, after faking his own death, Juan Pujol García was persuaded by the author to emerge from the shadowy world of espionage, and in this new edition of his classic account, now updated to include his agents' original MI5 files, GARBO reveals his unique story.

The Big Sleep

The inspiration for a TV drama series, "Il Dottore" is the true story of a Jewish kid from the Bronx who became a Mafia insider and physician to top NY Mafia dons such as John Gotti, Carlo Gambino, Paul Castellano, and Joe Bonanno. The doctor led a double life: well respected surgeon and socialite by day, and "Il Dottore," gambler and sex addict, by night. One day he had to make a choice between loyalty to the mob and killing a government witness on the operating table, or remaining true to his Hippocratic Oath, all under the watchful eye of New York's top federal prosecutor, Rudolph Giuliani.

Double-Cross System

The first book in the classic vigilante action series from a "writer who spawned a genre" (The New York Times). Overseas, Mack Bolan was dubbed "Sgt. Mercy" for the compassion he showed the innocent. On the home front, they're calling him the Executioner for what he's doing to the guilty. In the jungles of Southeast Asia, American sniper Mack Bolan honed his skills. After twelve years, with ninety-five confirmed hits, he returns home to Massachusetts. But it's not to reunite with his family, it's to bury them—victims in a mass murder/suicide. Even though Bolan's own father pulled the trigger, he knows the old man was no killer. He was driven to madness by Mafia thugs who have turned his idyllic hometown into a new kind of war zone. Duty calls . . . Introducing an action hero "who would make Jack Reacher think twice," this is the first book in the iconic series of vigilante justice that has become a publishing phenomenon (Empireonline.com). With more than two hundred million Executioner books sold since its debut, the series continues to stimulate. Gerry Conway, cocreator of Marvel Comics' The Punisher, credits the Executioner as "my inspiration . . . that's what gave me the idea for the lone, slightly psychotic avenger." The series is also now in development as a major motion picture. War Against the Mafia is the 1st book in the Executioner series, but you may enjoy reading the series in any order.

Double Cross

Unlike Dan Brown's -The Da Vinci Code-, David Ranan's well researched -Double Cross: The Code of the Catholic Church- is a fact based, across-the board analysis of the Catholic Church. His conclusions are not less startling. The book reflects on whether there is a systemic fault at the heart of the Church and considers the paradox between her message of love and her history of violence. Ranan's insightful analysis explains why the modern Church has such difficulty in reversing her teachings on such fundamental questions as birth control, abortions, the Jews, and other shibboleths. He explains why the Church has even today failed to give anything more than a half hearted apology for Galileo's trial and why she has for so long covered up sexual abuse by her priests. This compelling book will be of interest to anyone whose life is or was affected by the Church, as well as Catholics and non-Catholics who are interested in the power of religion and who wonder about the ability of the Church to change.

The Spy and the Traitor

The thrilling true story of the daring double agents who thwarted Hitler's spy machine in Britain and turned the tide of World War II. After the fall of France in the mid-1940s, Adolf Hitler faced a British Empire that refused to negotiate for peace. With total war looming, he ordered the Abwehr, Germany's defense and intelligence organization, to carry out Operation Lena—a program to place information-gathering spies within Britain. Quickly, a network of secret agents spread within the United Kingdom and across the British Empire. A master of disguises, a professional safecracker, a scrubwoman, a diplomat's daughter—they all reported news of the Allied defenses and strategies back to their German spymasters. One Yugoslav playboy codenamed "Tricycle" infiltrated the highest echelon of British society and is said to have been one of Ian Fleming's models for James Bond. The stunning truth, though, was that every last one of these German spies had been captured and turned by the British. As double agents, they sent a canny mix of truth and misinformation back to Hitler, all carefully controlled by the Allies. As one British report put it: "By means of the double agent system, we actually ran and controlled the German espionage system in this country." In *The Spies Who Never Were*, World War II veteran cryptographer Hervie Haufler reveals the real stories of these double agents and their deceptions. This "fascinating account" lays out both the worldwide machinations and the personal clashes that went into the greatest deception in the history of warfare (Booklist).

Double Cross

Just this once . . . Please let me get away with it just this once . . . Tobey wants a better life - for him and his girlfriend Callie Rose. He wants nothing to do with the gangs that rule the world he lives in. But when he's offered the chance to earn some money just for making a few 'deliveries', just this once, would it hurt to say 'yes'? One small decision can change everything . . . The fourth novel in Malorie Blackman's powerful Noughts & Crosses sequence.

Triple Double Cross

Double Cross

On June 6, 1944, 150,000 Allied troops landed on the beaches of Normandy and suffered an astonishingly low rate of casualties. D-Day was a stunning military accomplishment, but it was also a masterpiece of trickery. Operation Fortitude, which protected and enabled the invasion, and the Double Cross system, which specialized in turning German spies into double agents, deceived the Nazis into believing that the Allies would attack at Calais and Norway rather than Normandy. It was the most sophisticated and successful deception operation ever carried out, ensuring that Hitler kept an entire army awaiting a fake invasion, saving thousands of lives, and securing an Allied victory at the most critical juncture in the war.

Double Cross

The number one bestselling author of *Agent Zigzag* and *Operation Mincemeat* exposes the true story of the D Day Spies.

The Unlikely Spy

This true-life thriller describes Juan Pujol, a poultry farmer who opposed the Nazis and concocted a series of staggering lies that lead to his becoming one of Germany's most valued spies, while actually acting as a double-agent for the Allies. 35,000 first printing.

Rogue Heroes

One of the most feared Chicago mobsters Sam Giancana clawed his way to the top of the Mafia hierarchy by starting as a hit man for Al Capone. He was known as one of the best vehicle escape artists, a tenacious business man, and a ruthless killer. He partied with major stars such as Frank Sinatra and Marilyn Monroe and did business with agents ranging from the CIA to the Vatican to the shah of Iran. When politician Joe Kennedy gave Giancana the chance to use mob muscle to get his son John elected, Giancana jumped at the task. But the Kennedy brothers double-crossed him, waging full-out war on organized crime throughout the United States. And Giancana went after them. Written with suspense and conviction, we learn about how the CIA asked Giancana to assassinate Fidel Castro. The book includes Giancana's testimony about the truth of his involvement in the deaths of Monroe and others, among others. Chuck Giancana, Sam's brother, contributes a unique perspective of the mobs relationship with the Bay of Pigs and many other pivotal events of the 60's and beyond.

Double Cross is an eye-opening account of the interworking of the government and the mob and how this relationship has impacted American history.

Pop. 1280

THE DOUBLE-CROSS SYSTEM is not the only document to describe double agents and deception. It is simply the best. Masterman gives us a world of stratagems, inhabited by characters like SNOW, ZIZAG and TRICYCLE. They were known only by these cover names and in them they lived and operated, Nuance became all. Even the methods of communication between the agent and the enemy, whether by wireless, by secret writing, or by personal contact in neutral countries, required empathy on the part of the case officers and planners. The details of a man's wireless style, for example, the warning signals, the very rhythm of the key in sending messages must be mastered so that if the agent should die or for one reason or another be removed, a substitution could be made but not recognised. 'A game played with dynamite in which those who couldn't play were executed. . . . Should on no account be missed by anyone who enjoys a good thriller. ' Anthony Price, OXFORD MAIL.

Double Deal

Part "Spy Kids" and all fun, "The Doublecross" is the first in a fresh middle grade action-adventure series with a healthy dose of humor.

The Spies Who Never Were

Locked in a British military asylum after been wounded in a bloody massacre resulting from his own brother's betrayal, American Tom Wall is offered a chance of freedom if he can pretend to be his traitorous brother to persuade a captured Nazi spy to reveal his sources, in a thriller set on the eve of the Pearl Harbor attack. A first novel. Reprint.

The Doublecross

The never-before-told story of Eric Roberts, who infiltrated a network of Nazi sympathizers in Great Britain in order to protect the country from the grips of fascism June 1940: Europe has fallen to Adolf Hitler's army, and Britain is his next target. Winston Churchill exhorts the country to resist the Nazis, and the nation seems to rally behind him. But in secret, some British citizens are plotting to hasten an invasion. Agent Jack tells the incredible true story of Eric Roberts, a seemingly inconsequential bank clerk who, in the guise of "Jack King", helped uncover and neutralize the invisible threat of

fascism on British shores. Gifted with an extraordinary ability to make people trust him, Eric Roberts penetrated the Communist Party and the British Union of Fascists before playing his greatest role for MI5: Hitler's man in London. Pretending to be an agent of the Gestapo, Roberts single-handedly built a network of hundreds of British Nazi sympathizers—factory workers, office clerks, shopkeepers—who shared their secrets with him. It was work so secret and so sensitive that it was kept out of the reports MI5 sent to Winston Churchill. In a gripping real-world thriller, Robert Hutton tells the fascinating story of an operation whose existence has only recently come to light with the opening of MI5's WWII files. Drawing on these newly declassified documents and private family archives, Agent Jack shatters the comforting notion that Britain could never have succumbed to fascism and, consequently, that the world could never have fallen to Hitler. Agent Jack is the story of one man who loved his country so much that he risked everything to stand against a rising tide of hate.

Double Cross in Cairo

The Big Sleep and (1939 and) is a hardboiled crime novel by Raymond Chandler, the first to feature the detective Philip Marlowe. It has been adapted for film twice, in 1946 and again in 1978. The story is set in Los Angeles The story is noted for its complexity, with characters double-crossing one another and secrets being exposed throughout the narrative. The title is a euphemism for death; the final pages of the book refer to a rumination about and quot;sleeping the big sleep and quot;. In 1999, the book was voted 96th of Le Monde and 's and quot;100 Books of the Century and quot;. In 2005, it was included in Time magazine and 's and quot;List of the 100 Best Novels and quot;.

Agent Garbo

In Double Cross, New York Times bestselling author Ben Macintyre returns with the untold story of one of the greatest deceptions of World War II, and of the extraordinary spies who achieved it. On June 6, 1944, 150,000 Allied troops landed on the beaches of Normandy and suffered an astonishingly low rate of casualties. D-Day was a stunning military accomplishment, but it was also a masterpiece of trickery. Operation Fortitude, which protected and enabled the invasion, and the Double Cross system, which specialized in turning German spies into double agents, deceived the Nazis into believing that the Allies would attack at Calais and Norway rather than Normandy. It was the most sophisticated and successful deception operation ever carried out, ensuring Allied victory at the most pivotal point in the war. This epic event has never before been told from the perspective of the key individuals in the Double Cross system, until now. These include its director (a brilliant, urbane intelligence officer), a colorful assortment of MI5 handlers (as well as their counterparts in Nazi intelligence), and the five spies who formed Double Cross's nucleus: a dashing Serbian playboy, a Polish fighter-pilot, a bisexual Peruvian party girl, a deeply eccentric Spaniard, and a volatile Frenchwoman. The D-Day spies were, without

question, one of the oddest military units ever assembled, and their success depended on the delicate, dubious relationship between spy and spymaster, both German and British. Their enterprise was saved from catastrophe by a shadowy sixth spy whose heroic sacrifice is revealed here for the first time. With the same depth of research, eye for the absurd and masterful storytelling that have made Ben Macintyre an international bestseller, *Double Cross* is a captivating narrative of the spies who wove a web so intricate it ensnared Hitler's army and carried thousands of D-Day troops across the Channel in safety.

Double Cross Blind

A stunning, complex narrative about the fractured legacy of a decades-old double murder in rural West Virginia -- and the writer determined to put the pieces back together. In the early evening of June 25, 1980 in Pocahontas County, West Virginia, two middle-class outsiders named Vicki Durian, 26, and Nancy Santomero, 19, were murdered in an isolated clearing. They were hitchhiking to a festival known as the Rainbow Gathering but never arrived. For thirteen years, no one was prosecuted for the "Rainbow Murders" though deep suspicion was cast on a succession of local residents in the community, depicted as poor, dangerous, and backward. In 1993, a local farmer was convicted, only to be released when a known serial killer and diagnosed schizophrenic named Joseph Paul Franklin claimed responsibility. As time passed, the truth seemed to slip away, and the investigation itself inflicted its own traumas -- turning neighbor against neighbor and confirming the fears of violence outsiders have done to this region for centuries. In *The Third Rainbow Girl*, Emma Copley Eisenberg uses the Rainbow Murders case as a starting point for a thought-provoking tale of an Appalachian community bound by the false stories that have been told about it. Weaving in experiences from her own years spent living in Pocahontas County, she follows the threads of this crime through the complex history of Appalachia, revealing how this mysterious murder has loomed over all those affected for generations, shaping their fears, fates, and desires. Beautifully written and brutally honest, *The Third Rainbow Girl* presents a searing and wide-ranging portrait of America -- divided by gender and class, and haunted by its own violence.

The Lies of Locke Lamora

Known as Fritz to his German spy-handlers and Zig-Zag to the British secret service, Eddie Chapman was a man of many faces. While his early life was rife with petty crime, gang activity and a dishonourable discharge from the British military, Chapman's unique skills were eventually sought out by Nazi Germany, and after convincing them he could use his criminal contacts to sabotage the English forces, he was quickly recruited. But Chapman's loyalty to his country knew no limits. A talented, handsome, and reckless Englishman, Chapman was a traitor on the surface but a fearless patriot on the inside. After cracking Germany's military code, the British sought Chapman for their own affairs, and Chapman was happy to oblige. Eventually being awarded the prestigious Nazi Iron Cross for services to Germany while acting as a double agent for

Britain, Chapman's espionage efforts involved masterful deceit and feats which few men alive could ever boast of. Eddie Chapman's life story is an unbelievable journey of crime, jail-breaks, treachery, and love. He was responsible for saving countless lives during his career, cementing himself as the ultimate double agent during World War II.

Operation Garbo

D-Day, 6 June 1944, the turning point of the Second World War, was a victory of arms. But it was also a triumph for a different kind of operation: one of deceit, aimed at convincing the Nazis that Calais and Norway, not Normandy, were the targets of the 150,000-strong invasion force. The deception involved every branch of Allied wartime intelligence - the Bletchley Park code-breakers, MI5, MI6, SOE, Scientific Intelligence, the FBI and the French Resistance. But at its heart was the 'Double Cross System', a team of double agents controlled by the secret Twenty Committee, so named because twenty in Roman numerals forms a double cross. The key D-Day spies were just five in number, and one of the oddest military units ever assembled: a bisexual Peruvian playgirl, a tiny Polish fighter pilot, a Serbian seducer, a wildly imaginative Spaniard with a diploma in chicken farming, and a hysterical Frenchwoman whose obsessive love for her pet dog very nearly wrecked the entire deception. Their enterprise was saved from catastrophe by a shadowy sixth spy whose heroic sacrifice is here revealed for the first time. Under the direction of an eccentric but brilliant intelligence officer in tartan trousers, working from a smoky lair in St James's, these spies would weave a web of deception so intricate that it ensnared Hitler's army and helped to carry thousands of troops across the Channel in safety. These double agents were, variously, brave, treacherous, fickle, greedy and inspired. They were not conventional warriors, but their masterpiece of deceit saved countless lives. Their codenames were Bronx, Brutus, Treasure, Tricycle and Garbo. This is their story.

Deceiving Hitler

The classic account of how British intelligence penetrated and practically operated Nazi Germany's spy network within the British Isles With great imagination, care, and precise coordination, the British were able to identify Nazi agents, induce many to defect, and supply completely false information to Germany about bombings, battles, and even the D-Day invasion. Told by the man who masterminded the entire, unbelievable four-and-a-half-year scheme, and filled with extraordinary stories and dazzling tidbits, The Double-Cross System is a testimony to Britain's skill in the fine art of counterespionage.

Double Crossed

The incredible untold story of WWII's greatest secret fighting force, as told by our great modern master of wartime intrigue

Britain's Special Air Service—or SAS—was the brainchild of David Stirling, a young, gadabout aristocrat whose aimlessness in early life belied a remarkable strategic mind. Where most of his colleagues looked at a battlefield map of World War II's African theater and saw a protracted struggle with Rommel's desert forces, Stirling saw an opportunity: given a small number of elite, well-trained men, he could parachute behind enemy lines and sabotage their airplanes and war material. Paired with his constitutional opposite, the disciplined martinet Jock Lewes, Stirling assembled a revolutionary fighting force that would upend not just the balance of the war, but the nature of combat itself. He faced no little resistance from those who found his tactics ungentlemanly or beyond the pale, but in the SAS's remarkable exploits facing the Nazis in the Africa and then on the Continent can be found the seeds of nearly all special forces units that would follow. Bringing his keen eye for psychological detail to a riveting wartime narrative, Ben Macintyre uses his unprecedented access to SAS archives to shine a light inside a legendary unit long shrouded in secrecy. The result is not just a tremendous war story, but a fascinating group portrait of men of whom history and country asked the most.

Double Cross

“Ben Macintyre's rollicking, spellbinding Agent Zigzag blends the spy-versus-spy machinations of John le Carré with the high farce of Evelyn Waugh.”—William Grimes, *The New York Times* (Editors' Choice) “Wildly improbable but entirely true . . . [a] compellingly cinematic spy thriller with verve.”—*Entertainment Weekly* NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY ENTERTAINMENT WEEKLY AND ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE WASHINGTON POST Eddie Chapman was a charming criminal, a con man, and a philanderer. He was also one of the most remarkable double agents Britain has ever produced. In 1941, after training as German spy in occupied France, Chapman was parachuted into Britain with a revolver, a wireless, and a cyanide pill, with orders from the Abwehr to blow up an airplane factory. Instead, he contacted M15, the British Secret service, and for the next four years, Chapman worked as a double agent, a lone British spy at the heart of the German Secret Service. Inside the traitor was a man of loyalty; inside the villain was a hero. The problem for Chapman, his spymasters, and his lovers was to know where one persona ended and the other began. Based on recently declassified files, Agent Zigzag tells Chapman's full story for the first time. It's a gripping tale of loyalty, love, treachery, espionage, and the thin and shifting line between fidelity and betrayal.

Double Cross

From the bestselling author of *Agent Zigzag* and *Double Cross* the true story of Friedrich Nietzsche's bigoted, imperious sister who founded a 'racially pure' colony in Paraguay together with a band of blond-haired fellow Germans.

Agent Jack

The extraordinary life of one of the most influential double-agents of the Second World War.

Double Cross

They say that the Thorn of Camorr can beat anyone in a fight. They say he steals from the rich and gives to the poor. They say he's part man, part myth, and mostly street-corner rumor. And they are wrong on every count. Only averagely tall, slender, and god-awful with a sword, Locke Lamora is the fabled Thorn, and the greatest weapons at his disposal are his wit and cunning. He steals from the rich - they're the only ones worth stealing from - but the poor can go steal for themselves. What Locke cons, wheedles and tricks into his possession is strictly for him and his band of fellow con-artists and thieves: the Gentleman Bastards. Together their domain is the city of Camorr. Built of Elderglass by a race no-one remembers, it's a city of shifting revels, filthy canals, baroque palaces and crowded cemeteries. Home to Dons, merchants, soldiers, beggars, cripples, and feral children. And to Capa Barsavi, the criminal mastermind who runs the city. But there are whispers of a challenge to the Capa's power. A challenge from a man no one has ever seen, a man no blade can touch. The Grey King is coming. A man would be well advised not to be caught between Capa Barsavi and The Grey King. Even such a master of the sword as the Thorn of Camorr. As for Locke Lamora

The Ben Macintyre Collection

Since the death of her husband, Anne Dunne and her three children have struggled in every way. In a last ditch effort to save the family, Anne plans an elaborate sailing vacation to bring everyone together once again. But only an hour out of port, everything is going wrong. The teenage daughter, Carrie, is planning to drown herself. The teenage son, Mark, is high on drugs and ten-year-old Ernie is nearly catatonic. This is the worst vacation ever. Anne manages to pull things together bit by bit, but just as they begin feeling like a family again, something catastrophic happens. Survival may be the least of their concerns. Written with the blistering pace and shocking twists that only James Patterson can master, SAIL takes "Lost" and "Survivor" to a new level of terror.

Sail

Double-Cross

#1 New York Times bestselling author Daniel Silva's celebrated debut novel, *The Unlikely Spy*, is "A ROLLER-COASTER WORLD WAR II ADVENTURE that conjures up memories of the best of Ken Follett and Frederick Forsyth" (The Orlando

Sentinel). "In wartime," Winston Churchill wrote, "truth is so precious that she should always be attended by a bodyguard of lies." For Britain's counterintelligence operations, this meant finding the unlikeliest agent imaginable—a history professor named Alfred Vicary, handpicked by Churchill himself to expose a highly dangerous, but unknown, traitor. The Nazis, however, have also chosen an unlikely agent. Catherine Blake is the beautiful widow of a war hero, a hospital volunteer—and a Nazi spy under direct orders from Hitler: uncover the Allied plans for D-Day From the Paperback edition.

The Double-cross System, 1939-1945

Alberto Part 2 After his salvation, Alberto is a hunted man. No Jesuit can leave his order alive! He reveals the infiltration of Protestant organizations, and warns of false "brethren" in our midst. Find out why Alberto was placed on a death list. Read the incredible oath he had to take as a Jesuit. See why the ecumenical movement will lead to a final "inquisition."

Codename Tricycle

NEW YORK TIMES BESTSELLER • The celebrated author of *Double Cross* and *Rogue Heroes* returns with his greatest spy story yet, a thrilling Americans-era tale of Oleg Gordievsky, the Russian whose secret work helped hasten the end of the Cold War. "The best true spy story I have ever read."—JOHN LE CARRÉ If anyone could be considered a Russian counterpart to the infamous British double-agent Kim Philby, it was Oleg Gordievsky. The son of two KGB agents and the product of the best Soviet institutions, the savvy, sophisticated Gordievsky grew to see his nation's communism as both criminal and philistine. He took his first posting for Russian intelligence in 1968 and eventually became the Soviet Union's top man in London, but from 1973 on he was secretly working for MI6. For nearly a decade, as the Cold War reached its twilight, Gordievsky helped the West turn the tables on the KGB, exposing Russian spies and helping to foil countless intelligence plots, as the Soviet leadership grew increasingly paranoid at the United States's nuclear first-strike capabilities and brought the world closer to the brink of war. Desperate to keep the circle of trust close, MI6 never revealed Gordievsky's name to its counterparts in the CIA, which in turn grew obsessed with figuring out the identity of Britain's obviously top-level source. Their obsession ultimately doomed Gordievsky: the CIA officer assigned to identify him was none other than Aldrich Ames, the man who would become infamous for secretly spying for the Soviets. Unfolding the delicious three-way gamesmanship between America, Britain, and the Soviet Union, and culminating in the gripping cinematic beat-by-beat of Gordievsky's nail-biting escape from Moscow in 1985, Ben Macintyre's latest may be his best yet. Like the greatest novels of John le Carré, it brings readers deep into a world of treachery and betrayal, where the lines bleed between the personal and the professional, and one man's hatred of communism had the power to change the future of nations.

War Against the Mafia

In the war against Hitler, the Allies had to use every ounce of cunning and trickery that they possessed. Combining military deceptions with the double-agent network run by the intelligence services, they were able to send the enemy misleading information about Allied troops, plans and operations. From moving imaginary armies around the desert to putting a corpse with false papers floating in the Mediterranean, and from faking successful bombing campaigns to the convoluted deceptions which kept part of the German forces away from Normandy prior to D-Day, Terry Crowley explores the deception war that combined the double-agent network with ingenious plans to confuse and hoodwink the Führer.

Double Cross

An expose of organised crime and its unholy alliance with world leaders, intelligence agencies, and law enforcement, Double Deal is a 40-year saga told with unflinching honesty by mob insider and former Chicago chief of police Michael Corbitt. Growing up poor and angry, Michael Corbitt fought his way up the ranks of greasers and street gangs until he attracted the attention of Chicago crime boss Sam Giancana, who placed him on the Willow Springs, Illinois, police force. By the time Corbitt was appointed chief of police, he'd also moved up the Outfit's ranks and was living the high life of a respected mobster. Corbitt's luck turned when he was indicted on charges of racketeering and conspiracy to commit murder. Although there was a mob contract on his life and he was facing a 20-year jail sentence, he refused to testify against organised crime figures under the witness protection programme, maintaining instead the Mafioso's code of silence - until his release from prison. Now Corbitt breaks that silence, holding back nothing-including the account of his personal involvement in the brutal murder of the wife of Chicago mob attorney Alan Masters. Corbitt bares his soul, confessing in graphic - sometimes horrific - detail a life lived as both saint and sinner, a life that moved back and forth between the conflicting worlds of the police officer and the gangster with ease.

Agent Zigzag

Just when Alex Cross's life is calming down, he is drawn back into the game to confront a criminal mastermind like no other. The elaborate murders that have stunned Washington, DC, are the wildest that Alex Cross and his new girlfriend, Detective Brianna Stone, have ever seen. This maniac adores an audience, and stages his killings as spectacles in public settings. Alex is pursuing a genius of terror who has the whole city on edge as it waits for his next move. And the killer loves the attention, no doubt-he even sets up his own Web site and live video feed to trumpet his madness. And in Colorado, another criminal mastermind is planning a triumphant return. From his supermaximum-security prison cell, Kyle Craig has plotted for years to have one chance at an impossible escape. If he has to join forces with DC's Audience Killer to get back at the man who put him in that cell--Alex Cross--all the better. From the author Time magazine has called "the man who can't miss," Double Cross has the pulse-racing momentum and electrifying thrills that have made James Patterson a #1

bestselling storyteller all over the world.

Forgotten Fatherland

FBI Agent Laurel Evertson's investigation into a scam targeting the elderly takes an unexpected twist when key evidence leads her to Morton Wilmington, a felon she arrested five years ago on her first undercover assignment. That case has haunted her since, and though she's vowed to forget Wilmington—and what she sacrificed to put him away—he is now her best lead. Houston Police Officer Daniel Hilton fears his grandparents may be the scammer's next targets, and he'll do anything to protect his family—even force interagency cooperation. But he's quickly drawn to Laurel's empathy and zeal and agrees to follow her lead . . . even if it means teaming up with a felon. As the unlikely trio uncovers evidence suggesting the scam is more extensive and deadly than they imagined, both Laurel and Daniel find themselves in the crosshairs of a killer. Together they must decide if they can trust Wilmington's claims of redemption, or if he's leading them straight into a double cross.

Double Cross

Agent Zigzag: One December night in 1942, a Nazi parachutist landed in a Cambridgeshire field. His mission: to sabotage the British war effort. His name was Eddie Chapman, but he would shortly become MI5's Agent Zigzag. Dashing and louche, courageous and unpredictable, inside the traitor was a hero; inside the villain, a man of conscience. The problem for Chapman, his many lovers and his spymasters, was knowing where one ended and the other began.
