Healing Earthquakes

"Project Leadership unveils a chapter-by-chapter program for developing the skills of a leader. You discover techniques for matching individuals' talents to specific tasks skills for delegating authority without fear of losing control physical approaches for quickly building rapport with other persons tips for acquiring credibility in an unfamiliar setting and much more."--BOOK JACKET.

Functional Programming in Swift

Eight classic picture books by the legendary author, brought together in one lavish slipcased volume This glorious treasury brings together eight iconic tales by Tomi Ungerer, featuring well-known classics (The Three Robbers, Moon Man, Otto), acclaimed recent works (Fog Island), and lost gems (Zeralda's Ogre, Flix, The Hat,

and Emile), some of which are being published for the first time in 50 years! Special features include a personal letter from Tomi, new quotes and anecdotes about each story, an exclusive interview, photos and previously unpublished materials from the making of some of his most celebrated works, such as storyboards, sketches, photographs, and images that inspired him.

Hemp

Read by millions since its launch in 2004, BLDGBLOG is the leading voice in speculation about architecture, landscape, and the built environment. Now The BLDGBLOG Book distills author Geoff Manaugh's unique vision, offering an enthusiastic, idea-filled guide to the future of architecture, with stunning images and exclusive new content. From underground exploration to the novels of J.G. Ballard, from artificial glaciers in the mountains of Pakistan to weather control in Olympic Beijing, The BLDGBLOG Book is "part conceptual travelogue, part manifesto, part sci-fi novel," according to Joseph Grima, executive director of New York's Storefront for Art and Architecture. "BLDGBLOG is something new and substantially different from anything else I have seen," says Errol Morris, Director of Fast, Cheap & Out of Control and the Academy Award-winning documentary Fog of War. "Secretly, I had always hoped it would become a book. Geoff Manaugh has provided the reader with an excursion into a new world—part digital fantasy, part reality at the intersection of art, architecture, landscape design, and pure ideas.

Like the blog, the book is personal, idiosyncratic, and, best of all, incredibly interesting."

GIS Data Conversion Handbook

An award-winning work of brilliant passion and epic poetry that vividly captures the impossible truth of an entire romance from beginning to end. Jimmy Santiago Baca introduces us to a man and woman before they are acquainted and re-creates their first meeting, falling in love, their decision to make a family, the eventual realization of each other's irreconcilable faults, the resulting conflicts, the breakup and hostility, and, finally, their transcendence of the bitterness and resentment. Throughout the relationship we are privy to the couple's astonishing range of emotions: the anguish of loneliness, the heady rush of new love, the irritations and joys of raising children, the difficulties in truly knowing someone, the doldrums of breakup, and so on. It is impossible not to identify with these characters and to recognize one's own experience in theirs. As he weaves this story, Baca explores many of his traditional themes: the beauty and cruelty of the desert lands where he has spent much of his life, the grace and wisdom of animals, the quiet dignity of life on small Chicano farms. An extraordinary work that "expresses both bliss and heartache with lyric intensity" (Booklist) from one of America's finest poets. "Baca is a force in American poetry . . . His words heal, inspire, and elicit the earthly response of love." —Garrett Hongo "[Baca] writes with unconcealed passion . . .

what makes his writing so exciting to me is the way in which it manifests both an intense lyricism and that transformative vision which perceives the mythic and archetypal significance of life-events.” —Denise Levertov

The BLDGBLOG Book

This landmark book addresses the data conversion issues involved in geographic information systems (GIS) technology. Converting paper-based maps to digital files can be expensive, complicated, and time consuming. It is the first comprehensive handbook that cohesively integrates the many complex issues of data conversion into a single publication for the GIS professional as well as for the student or layperson. Written and edited by international authorities on GIS conversion, the handbook covers the subject from basic conversion issues and map digitizing to advanced data capture techniques.

Project Leadership

This book will teach you how to use Swift to apply functional programming techniques to your iOS or OS X projects. These techniques complement object-oriented programming that most Objective-C developers will already be familiar with, providing you with a valuable new tool in your developer's toolbox. We will

start by taking a look at Swift's new language features, such as higher-order functions, generics, optionals, enumerations, and pattern matching. Mastering these new features will enable you to write functional code effectively. After that, we will provide several examples of how to use functional programming patterns to solve real-world problems. These examples include a compositional and type-safe API around Core Image, a library for diagrams built on Core Graphics, and a small spreadsheet application built from scratch.

The Kitchen Art Studio

The Kitchen Art Studio turns the old adage "Don't play with your food" on its head by encouraging readers to discover the creative energy hidden in their pantry. In Peter Jenny's playful exercises, broccoli becomes material for sculpture, a cookie depicts the waning moon, cherry stems form captivating patterns, and spoons inspire performance art.

Pharmacy Registration Assessment Questions

A colorful study of a masterpiece of residential architecture by one of America's leading modern architects offers a visual tour of the stylish Grotta House in Harding Township, New Jersey, a home that exemplifies the best in modernist

design and showcases the owners' exceptional furniture and crafts collection. 12,500 first printing.

Tomi Ungerer: A Treasury of 8 Books

Hemp production for industrial purposes continues to grow worldwide, and is currently being used for many applications including house insulation, paper making, animal bedding, fabric, rope making and also as a biofuel. This book brings together international experts to examine all aspects of industrial hemp production, including the origins of hemp production, as well as the botany and anatomy, genetics and breeding, quality assessment, regulations, and the agricultural and industrial economics of hemp production. A translation of *Le Chanvre Industriel*, this book has been revised and updated for an international audience and is essential reading for producers of industrial hemp, industry personnel and agriculture researchers and students.

The Ladybird Book of Dating

Pharmacy Registration Assessment Questions features over 400 closed book and calculation questions for the GPhC Pharmacy Registration Exam.

The Grotta House by Richard Meier

THE PERFECT GIFT for the lonely, the deluded and the desperate.

_____ It is Barney and Leigh's wedding day. They have certainly come a long way from their first date. They have learned to suppress their personalities and pretend they want the same things, so they will be able to put up with each other for several years. Everyone is happy for them. Their story is over.

_____ Marcus and Fiona have had three dates. Fiona knows this means she will either end up spending the rest of her life with Marcus, or eventually have to break up with him, horribly. Both of these ideas are terrifying to Fiona. Tomorrow Fiona will fake her own death and join Cirque du Soleil.

_____ This delightful book is the latest in the series of Ladybird books which have been specially planned to help grown-ups with the world about them. The large clear script, the careful choice of words, the frequent repetition and the thoughtful matching of text with pictures all enable grown-ups to think they have taught themselves to cope. Featuring original Ladybird artwork alongside brilliantly funny, brand new text.
