Exploding the Israel Deception

Fortress Israel

This volume deals with the varied forms of shame reflected in biblical, theological, psychological and anthropological sources. Although traditional theology and church practice concentrate on providing forgiveness for shameful behavior, recent scholarship

has discovered the crucial relevance of social shame evoked by mental status, adversity, slavery, abuse, illness, grief and defeat. Anthropologists, sociologists, and psychologists have discovered that unresolved social shame is related to racial and social prejudice, to bullying, crime, genocide, narcissism, post-traumatic stress and other forms of toxic behavior. Eleven leaders in this research participated in a conference on The Shame Factor, sponsored by St. Mark's United Methodist Church in Lincoln, NE in October 2010. Their essays explore the impact and the transformation of shame in a variety of arenas, comprising in this volume a unique and innovative resource for contemporary religion, therapy, ethics, and social analysis.

We Were Caught Unprepared

In the late 1940s, David Ben-Gurion founded a unique military society: the state of Israel. A powerful defense establishment came to dominate the nation, and for half a century Israel's leaders have relished continuous war with the Arabs with an unblinking determination.

The Great Deception

The book that shook a large part of the world 20 years ago has finally been updated and brought back into print (read the reviews of the original book on Amazon). Philistine is truly an explosive blockbuster-it will shock you; it will grip you; it will inform you; until you read it you will never understand the Middle East-

the world's most volatile region. As the book progresses the learned author unfolds the fascinating history of Israel and Palestine that every Western politician would do well to both read and to absorb. And the author initiates readers into the appalling, deceitful practices of the Western news media as well as the anti-Semitism and anti-Israel bias that permeates the United Nations. The author also documents the shocking truth about the Palestinian Refugee issue. The PLO (Palestinian Liberation Organization) peace deal with Israel is not a peace deal at all, it is only a deceitful Islamic truce, a copy of the one used by Mohammed against the Kuraish people and the one used by Saladin against the Crusaders-both times the truces ended in Islamic victories. There can never be peace with Israel, only eventual victory for Islam. The Arab-Israeli conflict is not over land per se, it is a 1,400-year-long spiritual conflict that will end only when one side is vanquished, or when the Jewish Messiah stands on the Mount of Olives. Over 1,500 quotations and references document the devastating broadsides the author courageously fires in this updated version of the 1995 runaway international bestseller that was published in 11 languages. As the Editor has said: "This book is a 'must' on the reading list of both the informed and uninformed."

Texts that Linger, Words that Explode

The second novel in the Christian end times series, Perilous Times. The novel is about the first 3 1/2 years of the Tribulation. The person who becomes the new

leader of the world reorganizes the world into 10 provinces and fixes the failing economy. Meanwhile, the trumpet judgments occur, the two witnesses appear in Jerusalem, and nothing will ever be the same again.

Liespotting

The popular Left Behind series depicting the rapture of the Church and the rise of Antichrist has captured the imaginations of millions. This gripping, but fictional, story dramatizes a widely accepted view of Revelation's mysterious prophecies, and how earth's last days might be fulfilled. But could these bestsellers about missing people also be missing important Bible truths? Truth Left Behind, by Steve Wohlberg, has a clear purpose: to take a closer look at what the Bible really says about the Rapture, the Tribulation, The Antichrist and his deadly mark (Revelation 14:9, 14). What's true about The Rapture? What's false? According to the author, when it comes to understanding God's truth, we cannot afford to be "left behind"!

Truth Left Behind

A Little Deception

Every day, billions of photographs, news stories, songs, X-rays, TV shows, phone calls, and emails are being scattered around the world as sequences of zeroes and ones: bits. We can't escape this explosion

of digital information and few of us want to-the benefits are too seductive. The technology has enabled unprecedented innovation, collaboration, entertainment, and democratic participation. But the same engineering marvels are shattering centuries-old assumptions about privacy, identity, free expression, and personal control as more and more details of our lives are captured as digital data. Can you control who sees all that personal information about you? Can email be truly confidential, when nothing seems to be private? Shouldn't the Internet be censored the way radio and TV are? is it really a federal crime to download music? When you use Google or Yahoo! to search for something, how do they decide which sites to show you? Do you still have free speech in the digital world? Do you have a voice in shaping government or corporate policies about any of this? Blown to Bits offers provocative answers to these questions and tells intriguing real-life stories. This book is a wake-up call To The human consequences of the digital explosion.

Hour of the Witch

THE EVILS OF 9-11 REVISITED 10 years ago, on the brilliantly sunny morning of Sept. 11, 2001 mass murderers the sickest and most evil psychopaths among the human race unleashed a reign of terror that would ultimately kill nearly 3,000 innocent citizens. As Americans watched these horrors unfold on their television sets, they were subjected to an occult, magical rite that would severely traumatize them and forever transform our nation. As sirens

wailed, fires burned, people screamed and television newsmen riddled their viewers with alarm, those who orchestrated this sacrificial slaughter reveled in the paranoia and carnage. As blame for these attacks was quickly placed on Osama bin Laden and 19 Muslim hijackers, the actual plotters Talmudic exterminators and their neo-con political sycophants peered from the shadows as horrified jumpers leaped to their deaths from the World Trade Center towers and splattered on New York City's streets. Shortly thereafter, these two 110-story skyscrapers were swallowed directly into the Earth by energy sources as powerful as the Sun. Ground Zero, in its original interpretation as the spot of a nuclear explosion, had been born. The monstrous aberrations responsible for these crimes against humanity mutilated and desecrated our security. Certainly 9-11 was an inside job, but it was also an outside job as well. The ravenous dogs that assaulted USS Liberty crewmembers in 1967 now unleashed without a trace of conscience their cesspool of bloodlust on America's own homeland. On that fateful morning, pandemonium ran rampant through every neighborhood. People wondered rightly so if WW III had begun? After the Pentagon our military nerve center was purportedly rendered ineffective against this onslaught, what target would be next? Television sets cast incantations and demented spells over every viewer that sat transfixed, frozen with fright. In a state of primal fear, these cabalistic sorcerers and propagandists actually took possession of the victimized masses. At this precise moment, brainwashing, trauma programming and psychic driving would reach its height of effectiveness. More

sirens, flames, controlled demolitions, hellish smoke, terror alerts on every channel and mounting death counts. The world had changed, and we could never return to where we once were. Like vermin-infected rodents carrying toxic poison in their DNA, the 9-11 architects created this Pearl Harbor grand illusion to lay a foundation for even more lies, i.e. wars in Afghanistan and Iraq where killing-field corpses would be stacked by the thousands. 9-11 Evil . . . 10 years ago the spiritually malignant blackness of this Made in Israel false-flag attack stole our family's lives and savaged our country's collective mindset. They are destroyers, vipers of an inhuman species, and we will never forget what they've done to us.

Air Operations in Israel's War Against Hezbollah

Abstract: "This paper is a history of the Israeli nuclear weapons program drawn from a review of unclassified sources Israel has most probably conducted several nuclear bomb tests. They have continued to modernize and vertically proliferate and are now one of the world's larger nuclear powers. Using 'bomb in the basement' nuclear opacity, Israel has been able to use its arsenal as a deterrent to the Arab world while not technically violating American nonproliferation requirements."

Earth's Last Empire

The Old Testament theologian extraordinaire reflects on the meaning of Israel's prophets for today's world.

Made in Israel

Explores the author's theorized evolutionary basis for self-deception, which he says is tied to group conflict, courtship, neurophysiology, and immunology, but can be negated by awareness of it and its results.

End Times Health War

Mr. Wohlberg unveils the New Testament teaching of two Israel's-an Israel after the flesh (1 Cor. 10:18) and the Israel of God centered in Jesus Christ (Gal. 6:14-16)-then proves conclusively that Armageddon swirls around God's spiritual Israel, not the Middle East.

The Most Musical Nation

In the mid 1960s, hundreds of kilograms of highly enriched uranium went missing from a nuclear fuel manufacturing plant called NUMEC in Apollo, PA. From the time the Atomic Energy Commission first discovered that significant amounts of this atom-bomb-making material were missing, there was a concern that it went to Israel because of the connection between the plant's owners and Israeli nuclear and intelligence officials. Because of the enormously high stakes involved, denial and deception have clouded the affair for half a century. Although the AEC, its successor agency the Nuclear Regulatory Commission, the FBI, the CIA, the Congressional Joint Committee on Atomic Energy, the General Accounting Office, the National Security Council, the Defense Intelligence Agency, two committees of the U.S. House of Representatives and four presidential administrations purported to investigate what became of the uranium, they never found it. They all acknowledged that the material might have made its way to Israel, and some in high position were certain it went there, but, until recently, proof was veiled in secrecy. This book brings together for the first time recently discovered personal papers of the lead CIA agent, recently declassified files of NRC, GAO, FBI and CIA, and interviews of U.S. government investigators. The author is an engineer who led a 1977 NRC investigation of the affair that was thwarted by unwarranted secrecy and interagency bumbling. This book culminates years of research to get at the facts and set the record

straight.

The Folly of Fools

The first novel in a new trilogy unravels the ancient shroud of evil and unmask the ominous forces preparing humanity for a powerful delusion. All mankind becomes ensnared by this spectacular revelation, except for those brave enough to peer behind the dark curtain and behold the truth.

End Time Delusions

The human population's annual total consumption is not sustainable by one planet. This unprecedented situation calls for a reform of religious cultures that promote a large ideal family size. Many observers assume that Christianity is inevitably part of this problem because it promotes "family values" and statistically, in America and elsewhere, has a higher birthrate than nonreligious people. This book explores diverse ideas about human reproduction in the church past and present. It investigates an extreme fringe of U.S. Protestantism, including the Quiverfull movement, that use Old Testament "fruitful" verses to support natalist ideas explicitly promoting higher fecundity. It also challenges the claim by some natalists that Martin Luther in the 16th century advocated similar ideas. This book argues that natalism is inappropriate as a Christian application of Scripture, especially since rich populations' total footprints are detrimental to biodiversity and to human welfare. It explores the ancient cultural

context of the Bible verses quoted by natalists. Challenging the assumption that religion normally promotes fecundity, the book finds surprising exceptions among early Christians (with a special focus on Saint Augustine) since they advocated spiritual fecundity in preference to biological fecundity. Finally the book uses a hermeneutic lens derived from Genesis 1, and prioritising the modern problem of biodiversity, to provide ecological interpretations of the Bible's "fruitful" verses.

Spotlight on Regional Affairs

In response to a surprise incursion by Hezbollah combatants into northern Israel and their abduction of two Israeli soldiers, Israel launched a campaign that included the most complex air offensive to have taken place in the history of the Israeli Air Force (IAF). Many believe that the inconclusive results of this war represent a "failure of air power." The author demonstrates that this conclusion is an oversimplification of a more complex reality. He assesses the main details associated with the Israeli Defense Forces' (IDF's) campaign against Hezbollah to correct the record regarding what Israeli air power did and did not accomplish (and promise to accomplish) in the course of contributing to that campaign. He considers IAF operations in the larger context of the numerous premises, constraints, and ultimate errors in both military and civilian leadership strategy choice that drove the Israeli government's decisionmaking throughout the counteroffensive. He also examines the IDF's more successful operation against the terrorist organization Hamas in the Gaza Strip in December 2008 and January 2009, to provide points of comparison and contrast in the IDF's conduct of the latter campaign based on lessons learned and assimilated from its earlier combat experience in Lebanon.--Publisher description.

The sordid events that happen without self discipline or control invades secrets and unlocks the mysteries of the past. Lives begins changing as the plot thickens into a very exciting end! Delia sitting in front of the mirror completed the task of looking extra beautiful. Her lips pursed soothingly while caressing the moisturized lips of ruby-red lipstick. A pearl necklace from the family heirlooms her mother used to wear on her wedding day was delicately placed around the neckline to accentuate the plunging cleavage clearly intended to expose sensual emotions in motion. The bodice of the satin dress draped faultlessly on her curvature. The vintage stocking seam-line rose into areas known for personal satisfaction, to be later adventured by her devoted lover, soon to be rich aficionado. Delia was impassioned by expressions of love. The manifestation of impending connection created an epitome of desire, reaching a crescendo of loves tsunami's billowing on waves of opportunity.

For centuries, most Christians believed that because the New Testament was The Hebraic Roots of the

Christian Faith written in Greek, the study of its Greek roots should take priority over the study of the Hebrew Scriptures. Today, that conception is changing. Christian scholars are now beginning to examine the Hebraic origins of Scripture with renewed interest. In *Faith of the Ages*, author Richard Rhoades explores the Hebraic origins of the first century faith and the when, where, how, and why early Christian leaders rejected that interpretation. *Faith of the Ages* also investigates the origins of the Christian Church and looks at the anti-Semitism of the Greek and Latin Church fathers, the Roman Emperor Constantine, Roman Catholic Church authorities, and the leaders of the Reformation, who all played a major role in moving Christianity away from its Hebraic roots. Rhoades examines passages of Scripture that Catholic and Protestant translators have changed by adding to and subtracting from certain words found in the ancient Greek manuscripts. Thoroughly researched, *Faith of the Ages* answers questions about the first century community of believers, the roots of Christian faith, and its rich Hebrew heritage in Jesus and provides impetus for believers to reexamine their Christian faith.

Deception, Consensus, And War

But could these bestsellers about missing people also be missing important Bible truths? The Epiphany Deception

Deception

The most powerful and prophetic book yet from best-selling author Pastor John Hagee. Our world is in crisis mode, but God is still on the throne. Bible prophecy clearly reveals that immediately prior to the rapture of the Church, four powerful kings will race onto the stage of world history. Pastor Hagee reveals who they are, where they come from, and what they signify. Learn why Hagee believes that we are in the beginning stages of World War III, and how this will eventually take us to the Battle of Armageddon. Pastor Hagee vividly describes the key players that signify the King is coming!

Elusive Deception

Will Christians vanish in a rapture? Will seven years of apocalyptic terror overtake those left behind? Will one future Mr. Diabolical—the antichrist—rise to control the world? Will he enter a rebuilt Jewish temple, claiming to be God? Will Earth's nations attack Israel at Armageddon? Best-selling books like *Left Behind* and popular apocalyptic movies predict such things. Are they correct? No area of Christianity has been subject to more misguided interpretation than end time prophecy. Millions of Christians sense we are nearing Jesus Christ's return. Yet when it comes to what the majority thinks will happen during Earth's last days, and what the Bible actually says will occur, the difference is seismic. With clarity and biblical accuracy, *End Time Delusions* exposes massive errors

now flooding through media and in much of today's sensational prophecy writing. This book closely examines tightly meshed yet speculative theories about the rapture, seven-year tribulation, antichrist, and the modern Jewish state. This book is no novelty. Buttressed with solid teachings from many of Christianity's most illustrious scholars, it lets the Bible speak for itself about the past, present, and future.

Faith of the Ages

This is a print on demand edition of a hard to find publication. The fact that the outcome of the 2006 Hezbollah-Israeli War was, at best, a stalemate for Israel has confounded military analysts. Long considered the most professional and powerful army in the Middle East, with a history of impressive military victories against its enemies, the Israeli Defense Forces (IDF) emerged from the campaign with its enemies undefeated and its prestige tarnished. This historical analysis of the war includes an examination of IDF and Hezbollah doctrine prior to the war, as well as an overview of the operational and tactical problems encountered by the IDF during the war. The IDF ground forces were tactically unprepared and untrained to fight against a determined Hezbollah force. ¿An insightful, comprehensive examination of the war.¿ Illustrations.
