YOU: Being Beautiful

Do you already understand what female ejaculation is, yet wonder how you can achieve it? Have your past attempts at squirting been unsuccessful? Then this book is for you! Squirting: It's Easier Than You Think is a quick book of useful tips and information to help any woman learn how to experience female ejaculation. It doesn't waste time with explaining what female ejaculation is, but instead focuses on providing the best, most useful tips to encourage your body to unleash its flood. The author R. Leigh began experiencing female ejaculation later in adulthood, before she even knew what it was, or her body could do it. Her sexual past included rape, molestation, a physically abusive relationship, and few sexual experiences which were enjoyable nor included a focus on her pleasure. Her first experience with female ejaculation led to a several year journey into

understanding her own sexuality, where she embraced pleasure and developed an immense amount of knowledge about the squirting orgasm and how it's accomplished. As she learned more, and became much more comfortable with her body, as well as accepted the fact she deserved pleasure, she learned more about the role a holistic view plays into sexuality. Her goal is to share knowledge of female ejaculation with others, particularly woman, to help them understand the strong connection a healthy mind, body and spirit has to pleasurable female sexuality. A healthy sex life is not only crucial to strengthening the connection with your partner, but it's also beneficial to a woman's physical and mental health.

I Love Female Orgasm

HOW TO EASILY MAKE A WOMAN SQUIRT You won't get the information embedded in this book anywhere else in the world. This book was born out of the desire to help a brother whose wife was messing around with other men. I gave him some tips and tricks, and that was all he needed to keep his beautiful wife back at home. I have slept with countless women, and I know every single damn thing about a woman's body. Making a woman squirt is a technique that isn't common among the male folks. Whoever makes a woman squirt keep her for life irrespective of your misdoings. Several years, making a woman squirt was an art only Cassanova knew, but today I will show you all you need to make her squirt and want more of you all the time. If you've never seen or felt a true G-Spot orgasm, imagine for a moment, an orgasm that causes the whole vagina to spasm rigorously, often contracting so tight that it literally forces out your finger or any object inside the vagina. And imagine that while these intense contractions are throbbing and pulsing throughout the vagina, the vagina becomes very wet and ejaculates a stream or spurt of fluid with each contraction. Imagine an orgasm that

Download File PDF Female Ejaculation And The G Spot

causes such intense ecstasy that even the quietest and most controlled woman will yell, buck and become wild; one that makes normal "screamers" go dead silent--the scream caught in her throat--a scream that if freed may wake all the neighbours within a four-block radius. Then you can imagine the satisfaction of never having to wonder: "Did she orgasm? Was it fake, or was it real?" But instead knowing the instant her orgasm begins with clear physical signs that occur involuntarily and comes along with the orgasm. This is the glory of a G-Spot orgasm!!! But we don't want you to take our word for it. We want you to see for yourself. SEE WHAT PEOPLE ABOUT THE MAKING A WOMAN SQUIRT "It was absolutely the furriest, most wonderful climax I've had! It was like warmth started in my vagina center and splashed outward all over my body. Wonderful!" -- J. K. "I thought I took a leak! And then (name withheld) explained what had happened after reading series of books and I could hardly believe it finally happened to me. . . I would prefer having this every day and take the stress of washing the sheets everyday"-- T.C. "After I felt what it's like to squirt, I'd rather die than (name withheld) stop making love to me! Our love life has never been better. . ." -- K. C. Like I said, whoever makes a woman squirt owns her for life. If your wife is about to leave you, divorce you, or having an affair with another man, then you need to satisfy her on bed and watch how she turns over a new leaf. The secrets are embedded right inside this book. this book will expose you to How to initiate sex the right way Ways to make a woman want you on bed How to get her wet Where to locate her G-spot The right way to stimulate the G-spot and Clitoris

A Taste of Honey provides a scholarly exposition on the prominent place that sexuality and erotology enjoyed in traditional Islam. The book is divided into two parts; part one presents a critical examination of sexual ethics and part two consists of a concise treatise on the art of seduction and lovemaking. The central aim of this book argues that Islam is a sexually enlightened religion which teaches that sensuality should not be devoid of spirituality. The book also argues that the loss of sacred sensuality afflicting modern society can be reclaimed by a revival of the classical erotological tradition. Drawing upon the Qur'ān, ḥadīth and traditional erotological literature, the book follows the style and composition of classical Eastern and Afro-Arab love texts such as the Kama Sutra and Jalāl ad-Dīn aṣ-Ṣuyūṭī's erotic treatises. A Taste of Honey is a thought-provoking work on a highly sensitive, yet extremely important subject.

Female Ejaculation and the G-Spot

Most people think that beauty revolves around such things as lipstick, sweet eyes, or skinny jeans -- all those things that we can see (and obsess over) in the mirror. But the fact is that beauty isn't some superficial pursuit, and it's not some random act that you can thank (or curse) your ancestors for. There are, in fact, scientific standards to beauty. Beauty is purposeful, because it's how humans have historically communicated who we are to potential mates. Beauty, in fact, is really about your health and happiness. In this groundbreaking book, Dr. Michael F. Roizen and Dr. Mehmet C. Oz bust the myths and stereotypes about the way we view ourselves -- and how we define beauty. In these pages, you'll find out why beauty isn't as much about your vanity as it is about your humanity. The doctors take a scientific, informative, and entertaining look at the three levels of beauty and explain how they all work together to form a complete and authentic YOU. Those three levels of beauty are: Looking Beautiful: Your appearance influences your self-esteem and has major health implications. Here, the docs will tell you how you can look the way you want. Feeling Beautiful: So what if you have luscious lips or gorgeous locks if your joints creak and you have the energy of a rug? The docs will tell you how to improve your energy levels, beat back your life-altering aches and pains, and come to grips with some of life's toughest stresses. Being Beautiful: By improving your relationships with your loved ones as well as with others, you'll be well on your way to finding true happiness. That's the ultimate

goal: Having all three levels of beauty working together so you can have a happy and healthy life. You'll start off by taking the ultra-revealing and validated YOU-Q Test to help you assess where you are on your own beauty scale and where you want to be. Take the test, see how well you do; then use the book to help you improve your score. With their usual candor and honesty, Dr. Roizen and Dr. Oz break down the mechanics of beauty and explain how little adjustments in your routine can help you become a happier, healthier person. You will learn about the biology of beauty, take YOU Tests to determine where you are on the beauty scale, get tons of YOU Tips to help you improve your life, as well as learn the secrets of the Ultimate Beautiful Day. From hair to toenails, Dr. Roizen and Dr. Oz go through every part of your body to explain how different foods, vitamins, creams, gels, and injections can really boost your looks. They scrutinize the beauty myths that bombard us every day and offer an unbiased perspective on which ones cause more harm than good. You will be able to revamp your beauty regimen (or start a new one from scratch). They'll also take a close look at chronic pain, mood swings, low energy, and financial stresses. And they'll dive into the science of building relationships, finding happiness, and using spirituality to help you define your own levels of true beauty. Dr. Roizen and Dr. Oz act as tour guides navigating the tricky but exciting terrain of today's beauty industry. YOU: Being Beautiful is your all-inclusive ticket into the world -- the real world -- of beauty.

What Do Women Want?

The Art of Female Orgasm

Control, Conquer, and Prevail! Everybody's biased. The truth is, we all harbor unconscious assumptions that can get in the way of our good intentions and keep us from building authentic relationships with people different from ourselves. Tiffany Jana and Matthew Freeman use vivid stories and fun (yes, fun!) exercises and activities to help us reflect on our personal experiences and uncover how our hidden biases are formed. By becoming more self-aware, we can control knee-jerk reactions, conquer fears of the unknown, and prevail over closed-mindedness. In the end, Jana and Freeman's central message is that you are not the problem—but you can be the solution.

The Good Vibrations Guide

American culture is more sexually liberal than ever. But compared to men, women's sexual pleasure has not grown: Up to 40 percent of American women experience the sexual malaise clinically known as low sexual desire. Between this low desire, muted pleasure, and experiencing sex in terms of labor rather than of lust, women by the millions are dissatisfied with their erotic lives. For too long, this deficit has been explained in terms of women's biology, stress, and age. In The

Pleasure Gap, Katherine Rowland rejects the idea that women should settle for diminished pleasure; instead, she argues women should take inequality in the bedroom as seriously as we take it in the workplace and understand its causes and effects. Drawing on extensive research and interviews with more than one hundred women and dozens of sexual health professionals, Rowland shows that the pleasure gap is neither medical malady nor psychological condition but rather a result of our culture's troubled relationship with women's sexual expression. This provocative exploration of modern sexuality makes a case for closing the gap for good.

Overcoming Bias

Squirting is without a doubt the most amazing pleasure that a woman can experience. But it is not the philosopher's stone for making her come. It is only one out of many ways to stimulate pleasure in a woman. This book will teach you how to stimulate the G spot, which is the base for having sex connected to the clitoris; but it is also how you stimulate the PS spot, which is connected directly to anal sex. To sum up, the PS spot is responsible for anal pleasure, and stimulating the PS spot is one way that a woman can experience the pleasure of an anal orgasm, even if women aren't open to even talking about anal sex. Obviously, after experiencing an anal orgasm, it will be impossible for a woman not to be interested in anal sex because she will have valid reasons for wanting it. This book is the most complete guide in the world on how to stimulate the PS spot.

The G Spot

A tantric massage practice for awakening and enhancing women's innate sensual, emotional, and spiritual energies • Provides emotional healing by releasing traumatic memories stored in the yoni • Includes exercises that use sexual energy

to cleanse and stimulate the chakras • Empowers women to draw strength and radiant vitality from the restored connection to their innermost core “Yoni” is the Sanskrit word for the female genitalia, describing not only the anatomy but also encompassing the energetic and spiritual dimensions. While a yoni massage offers women the opportunity to enhance their sexuality, Michaela Riedl shows that the effects of this practice are much more profound and have ramifications affecting every area of life. Long held inhibitions in the West about sexuality and the shame and guilt associated with the sexual zones of the body have created deep-seated barriers that prevent individuals from fully expressing themselves. The practices provided in Yoni Massage are designed to allow women to overcome these barriers and reconnect to their innermost core and deepest feminine nature. Yoni massage is not simply a hands-on technique but involves the conscious direction of energy throughout the body through deep breathing and visualization. It provides women the ability to cleanse and energetically stimulate the chakras as well as achieve emotional healing by releasing the traumatic pain that often becomes seated in the yoni. The author explains that the relegation of this important spiritual and energetic center to a “private part” hinders the process of enlightenment. Once women are able to be in touch with their yoni energy, their connection to the entire web of life is restored to its rightful place.

The first edition of *Female Ejaculation and the G-Spot* was meant to raise awareness about the phenomenon of female ejaculation and resurrect a now lost wonder, as well as the mystery surrounding this aspect of female sexuality. It empowered women who already ejaculated and taught women who wanted to. The second edition of the book promises to do even more through its mindful approach to awakening the sensations of the G-spot, and in offering a gentler and safer method that Deborah developed to enable a woman to have more control over her ability to ejaculate. The revision also includes more testimonials from workshop participants, an interview with a sexual healer, and an expanded list of outside references, resources, product makers, and tantra teachers. Sundahl summarizes and explains new information that has come to light regarding the G-spot, paying special attention to the renamed and researched PC muscles, and new "find, see, and feel" techniques for ejaculating with a partner. She has also added new information to her section on men's role in female ejaculation, updating findings on men's sexual tastes. Finally, this edition includes new illustrations and links to online video clips. With its new features meant to enhance Sundahl's original empowering and healing message regarding female sexuality, the second edition of *Female Ejaculation and the G-Spot* helps readers appreciate the wonders and healing potential of female ejaculation.
