Financial Accounting Theory : William Scott : 9780134166681

Written in a friendly style with clear explanations, Financial Accounting Theory provides a thorough presentation of financial accounting theories. This new edition continues to include considerable coverage of accounting standards oriented to IASB standards as well as major U.S. accounting standards. While the text discussion concentrates on relating standards to the theoretical framework of the book, the coverage provides students with exposure to the contents of the standards themselves.

Financial Accounting Theory: International Edition: Amazon

Financial Accounting Theory continues to orient the coverage of accounting standards to those of the International Accounting Standards Board (IASB). As in previous editions, some coverage of major U.S. accounting standards is also included. While the text discussion concentrates on relating standards to the theoretical framework of the book, the coverage provides students with exposure

to the main features of the standards themselves.
