The mountain pine beetle (*Dendroctonus ponderosae* Hopkins) is the most destructive insect that attacks lodgepole pine (*Pinus contorta* Dougl.), a species valued for multiple uses throughout North America. The effective residual life of carbaryl, applied as a 2 percent suspension of Sevimol to the bark of lodgepole pine to prevent attack by mountain pine beetle, was evaluated near Dillon, Colorado. Trees (9,568) treated in 1982 under operational conditions were used to assess the efficacy of the treatment for one and two beetle flight periods after insecticide application. Estimated mortality of untreated trees was 0.91 percent compared with 0.074 percent for trees treated 16 months earlier with carbaryl. Residues of carbaryl were estimated at 359 ppm 16 months after application. When exposed to intense beetle pressure, bolts from trees treated 13 months earlier suffered fewer attacks and had shorter mean egg gallery length than did bolts from untreated trees; bolts from trees sprayed 3 months earlier suffered no attacks. Apparently a 2 percent suspension of carbaryl applied to the bole of lodgepole pine was effective in protecting lodgepole pine from mountain pine beetle for the flight period 3 months after application and even provided protection for a second flight period 16 months after treatment. The results suggest that protection cost and insecticide use could be reduced by 50 percent during a 4-year outbreak.

Flying High [Pacific Cove 2]

Dear Jackson, I'm leaving you this note because I know you're very busy and I don't want to waste the town sheriff's time. Lord knows I've already wasted enough of it. Thank you for taking me home last night and everything else. I made you a basket of wild blueberry muffins for your trouble. That seemed like the appropriate baked good for getting naked in your living room. I wasn't myself last night. I didn't mean to kiss you or fondle your backside or ask all those intimate questions. Thank you for pretending to enjoy it. It was very noble of you to sleep on the couch while I was starfished on your bed. I couldn't help but notice it's quite large. The bed, that is. I swear, I didn't notice anything else when I let myself out this morning. As you know, Talbott's Cove is a ridiculously small town and there's no chance we can avoid each other. Not that I'd want to avoid you, of course, but I'm not sure I can look at you without thinking of the forty different ways I made a fool of myself. Instead of avoidance, let's try to be friends. We'll forget all about last night...if that's what you want. Please burn this note after you read it— Annette p.s. I whipped up some cinnamon buns, too. Please enjoy them. I'm not sure why, but I couldn't get buns out of my mind today.

[Siren Publishing: The Stormy Glenn Menage ManLove Collection Erotic Alternative Paranormal Menage a Trois Romance, M/M/M, shape-shifters, sex toys, HEA] Danny O'Shay grew up knowing he never really fit in. His family avoids him. He falls so much that the staff at the local hospital know him by first name. And he can't get a date to save his life. Enter handsome fire fighters, Ben and Abe Lake, two men that bring every fantasy Danny ever had to life. Except Ben and Abe seem to have some business deal with Danny's father that involves a ton of money and the assumption that Danny has a clue. He doesn't. When Ben and Abe start talking about fated mates, shifters, and a family legacy that goes back decades, Danny is pretty sure they belong in an insane asylum. But as he gets to know the handsome twins, he begins to wonder if being crazy is that bad. Being alone again seems worse. After someone starts trying to take Danny out of the picture permanently,

he has to trust that Ben and Abe are trustworthy and not in on the plot to kill him, because they might be the only thing to keep his life from going up in flames.

[Siren Publishing: The Stormy Glenn Menage ManLove Collection: Erotic Alternative Paranormal Menage a Trois Romance, M/M/M, shape-shifters, HEA] When Joseph and Samuel Lake spot their mate while running through the woods, they know they can't leave without him. They have been looking for him their entire lives, but convincing the gorgeous man that they want him was turning out to be a lot harder than finding him. Matthew Brooks knows he isn't the world's best catch. He's a little more plump than he'd like and has a very boring life as a paralegal. Finding two men that seem interested in him at the same time thrusts him firmly into fantasy land. When someone starts coming after Matt, getting him to Pacific Cove seems like the safest idea, but to do that, they will have to explain to the man about bear shifters and mates and all that entails and that might cause them to lose their mate faster than an assassin's bullet. Note: This book contains double anal penetration. ** A Siren Erotic Romance
