Recently divorced, she is planning to take some personal time to put her life in order, and to reconnect with her grandmother and two sisters. Descended from a long line of herbalists and wise women, Dru is determined to reclaim her family's traditions and practices. While she was away, the family property has become overgrown and fallen into a state of disrepair. Drusilla resolves to take on the task of restoring the grounds herself, and to bring back to life the enchanting gardens that have inspired her books. However, a troubled, angry young girl and her attractive guardian, Garrett Rivers seem to constantly interrupt Dru's master plan for solitary soul searching. The last thing Dru was looking for was love, and it will take a touch of the garden's natural magick to make her learn to trust again. For even the wisest of women must learn that love can spring up unexpectedly into their life, take the strongest of hearts by surprise, and change their path forever.

Kitchen Witchcraft

With few exceptions, our ancestors did not store their cooking, medicinal, and magical herbs separately. If the lady of the house needed a pinch of cinnamon for a sweet treat, she reached for the same cinnamon she would use in a warm drink to ease a child's cold. That same herb would be used in a spell to ignite passion in her husband. Today should be no different. In this book, Master Herbalist Deborah Martin details sixty-nine herbs that will do triple duty, whether in your cooking pot, medicine chest or cauldron.
