California Go Math!

McGraw-Hill My Math develops conceptual understanding, computational proficiency, and mathematical literacy. Students will learn, practice, and apply mathematics toward becoming college and career ready.

Daily Math Warm-Ups, Grade 4

Go Math! Grade 4

One of the areas of study students find most difficult to master--and are most fearful of--is math. Yet the core math skills acquired in the first four years of school form the basis of all future academic success. Get Ready for Standardized Tests, the first and only grade-specific test prep series, now features hands-on guidance on helping kids master the all-important basic math skills while arming parents with the tools they need to help their children succeed.

Data-Driven School Improvement

Go Math!

Instant Assessments for Data Tracking: Math for third grade improves the way you assess student growth with formative and summative math assessments that cover topics such as: -multiplication -division -measurement -graphing -area -perimeter With a variety of math assessments that cover third grade skills and standards for the school year, this teacher resource book will help you create a data tracking binder to gather essential information on a student's or class's skill level. This book includes: -exit tickets -pretests -posttests -prompt cards for one-on-one assessments -lists for personalized assessments -formatted tests The need to show proof of progress to parents and administrators grows every year—stay ahead with Instant Assessments for Data Tracking. With one assessment at a time, this series makes tracking student growth easy!

Get Ready! For Standardized Tests : Math Grade 4

Instant Assessments for Data Tracking, Grade 4

GO Math! combines fresh teaching approaches with never before seen components that offer everything needed to address the rigors of new standards and assessments. The new Standards Practice Book, packaged with the Student Edition, helps students achieve fluency, speed, and confidence with grade-level concepts. GO Math! is the first K-6 math program written to align with the Common Core. With GO Math! you will hit the ground running and have everything you need to teach the Common Core State Standards. GO Math! combines fresh teaching approaches with everything needed to address the rigors of the Common Core Standards. Using a unique write-in student text at every grade, students represent, solve, and explain -- all in one place. - Publisher.

Instant Assessments for Data Tracking, Grade 4

GO Math! offers an engaging and interactive approach to covering the Common Core State Standards. This Grade 4 student edition is organized into individual chapter booklets and comes with a student resource book.

Go Math!: Assessment Guide Grade 5

Go Math! California 2015, Grade 4

Lessons for every Common Core State Standards for Mathematics. Core Standards for Math includes 2-page lessons for every Common Core State Standard for Mathematics. Each lesson includes step-by-step instructions, modeling, and ample

practice opportunities with open-response and multiple choice items. In addition, problem solving is integrated into every lesson to help students apply skills to real-world situations

Go Math! Grade 4

"California GO Math! is specifically designed for California teachers and students to ensure success with California Common Core Standards and the Smarter Balanced Assessment. California GO Math! K-6 incorporates mathematical practices in every lesson so students develop the mathematical thinking they need. It features exploration-driven lessons that begin with problem-based situations and build to more abstract problems. It includes resources to personalize instruction for Rtl, online assessment, and ongoing data to inform instruction for Intervention, ELD, and challenge."--Publisher's website.

Go Math! Grade 4

The purpose of this report is to provide technical information about the 1996 State Assessment in Mathematics. It provides a description of the design for the State Assessment and gives an overview of the steps involved in the implementation of the program from the planning stages through to the analysis and reporting of the data. The report describes in detail the development of the cognitive and background questions, the field procedures, the creation of the database and data products for analysis, and the methods and procedures used for sampling, analysis, and reporting. It does not provide the results of the assessment--rather, it provides information on how those results were derived. Chapters include: (1) "Overview: The Design, Implementation, and Analysis of the 1996 State Assessment Program in Mathematics"; (2) "Developing the Mathematics Objectives, Cognitive Items, Background Questions, and Assessment Instruments"; (3) "Sample Design and Selection"; (4) "State and School Cooperation and Field Administration"; (5) "Processing and Scoring Assessment Materials"; (6) "Creation of the Database, Quality Control of Data Entry, and Creation of the Database Products"; (7) "Weighting Procedures and Variance Estimation"; (8) "Theoretical Background and Philosophy of National Assessment Educational Progress (NAEP) Scaling Procedures"; (9) "Data Analysis and Scaling for the 1996 State Assessment Program in Mathematics"; and (10) "Conventions Used in Reporting the Results of the 1996 State Assessment Program in Mathematics." Appendices include: "Participants in the Objectives and Item Development Process"; "Summary of Participation Rates"; "Conditioning Variables and Contrast Codings"; "IRT (Item Response Theory) Parameters for Mathematics Items"; "State Assessment Program Reporting Subgroups; Composite and Derived Common Background Variables; and Composite and Derived Reporting Variables"; "Setting the NAEP Achievement Levels for the 1996 State Assessment in Mathematics"; "Correction of the NAEP Program Documentation Error in the 1992 State Mathematics Results"; "The Information Weighting Error"; and "Sample Design and Selection Tables." (Contains 78 references.) (ASK)

Go Math! Texas 2015, Grade 4

This guide includes teacher-tested, reproducible performance assessment tasks and rubrics for math that are correlated to the NCTM standards and come complete with a student sheet, simple scoring rubric, teaching tips, and sample

student work. Illustrations.

Weekly Practice: Math for grade 4 provides daily practice for key concepts such as

multiplication, division, fractions, decimals, angles, line plots, measurement conversion, and more. Complete with flash cards and activities, this series supports classroom success by offering extra practice at home. --Improve students' math skills in the classroom while also providing a way to continue the learning process at home. Weekly Practice: Math for grade 4 allows you to reinforce math topics at school and at home by offering 40 weeks of standards-based activities and skill review. The unique layout and engaging exercises keep students interested as they build concept knowledge and essential skills. Reproducible at-home activities and flash cards are also included to encourage the home-to-school connection that's essential for student success. --Weekly Practice is the perfect time-saving resource for creating standards-aligned homework packets and keeping students' skills sharp all year long. The Weekly Practice series for kindergarten to grade 5 provides 40 weeks of comprehensive skill review. Each 192-page supplemental workbook focuses on critical skills and concepts that meet the standards for language arts or math. Designed to help students achieve subject mastery, each book includes four days of practice activities, weekly off-the-page activities, Common Core State Standards alignment matrix, flash cards, and an answer key. Weekly Practice offers an effortless way to integrate language arts or math practice into daily classroom instruction.
