Care Planning in Children and Young People's Nursing

More than fourteen hundred traditional country-style recipes have been adapted to supermarket ingredients and modern appliances

The Athenæum

This book covers all key aspects of critical care in pediatric nephrology, including acute dialysis in sick children. It also provides detailed protocols for managing fluid and electrolyte balance and dialysis in children in intensive care. In addition, this quick guide discusses innovations in pediatric renal replacement therapy technologies, such as plasma exchange, CARPEDIEM, NIDUS and aquadex. This is a go-to book for intensivists, physicians and trainees working in pediatric intensive care units.

NEW YORK TIMES BESTSELLER • From the stars of the Netflix series *Get Organized with The Home Edit* (with a serious fan club that includes Reese Witherspoon, Gwyneth Paltrow, and Mindy Kaling), here is an accessible, room-by-room guide to establishing new order in your home. Believe this: every single space in your house has the potential to function efficiently and look great. The mishmash of summer and winter clothes in the closet? Yep. Even the dreaded junk drawer? Consider it done. And the best news: it's not hard to do—in fact, it's a lot of fun. From the home organizers who made their orderly eye candy the method that everyone swears by comes Joanna and Clea's signature approach to decluttering. *The Home Edit* walks you through paring down your belongings in every room, arranging them in a stunning and easy-to-find way (hello, labels!), and maintaining the system so you don't need another do-over in six months. When you're done, you'll not only know exactly where to find things, but you'll also love the way it looks. A masterclass and look book in one, *The Home Edit* is filled with bright photographs and detailed tips, from placing plastic dishware in a drawer where little hands can reach to categorizing pantry items by color (there's nothing like a little ROYGBIV to soothe the soul). Above all, it's like having your best friends at your side to help you turn the chaos into calm. PLEASE NOTE: The paperback includes a starter set of labels for your refrigerator; the ebook and audiobook include a link to download and print the labels from a computer (you will need 8-1/2 x 11-inch clear repositionable sticker project paper, such as Avery 4397). Featured in *Glamour's 10 Books to Help You Live Your Best Life*

The American Home

Do you believe rules were meant to be broken? If so, this improvisational quilt-as-you-go technique is for you. Instead of dealing with precise paper patterns and cutting measurements, you'll learn how to piece fabric onto small, manageable batting blocks. Let your creative juices flow as you quilt directly on the blocks (not the entire quilt!), whether in large abstract zigzags or small structured stitches. After the blocks have been joined, all you need to do is add backing fabric and binding, and—voilà—it's finished!

"During the past decade, the first, second and 3rd editions of the NMS Review for USMLE Step 2 have served as important adjuncts for students preparing to take the USMLE Step 2 Examination. This the 4th edition of NMS Review for USMLE Step 2 CK reflects the fact that it only relates to the CK (clinical knowledge) component of the current two-part Step 2 Examination. In providing this knowledge, it continues the traditions of relevance and excellence established by the previous editions"--Provided by publisher.

Equity in education is well recognized as central to achieving inclusive growth and development. The second in the series initiated by the Centre for Policy Research

in Higher Education of the National University of Educational Planning and Administration, India Higher Education Report 2016 focuses on the theme of equity in higher education. The report examines issues related to the expansion of higher education; economic, social, regional and gender inequalities and their implications on education; student diversity and discrimination; and the changing roles of the state, market and private sector in a period of massification of the education sector. The book also addresses topics on learning outcomes, and employment and employability of higher education graduates. The discussions in the book centre on the theoretical perspectives and empirical evidences. This book will be an important resource for academics, policy makers, civil society organizations, media and those concerned with higher education and development. It will also be useful to scholars and researchers of education, public policy, sociology and economics.

Fundamentals of Geriatric Medicine

Youth's Companion

This book distills the wealth of knowledge contained in the classic text, Geriatric Medicine: An Evidence-Based Approach, 4/e into a practical guide for primary care, family medicine, and internal medicine residents. Written by top experts in the field, the book offers a detailed, compact overview of geriatric care. It addresses geriatric pharmacology, Medicare and Medicaid, and numerous other subjects unique to older adults. The case-based instructional approach helps readers navigate the complexity of prevention, presentation, and treatment for conditions such as depression, dementia, and hypertension. Graphs and tables aid the reader in determining the proper courses of treatment.

The Athenaeum

Drawing on a wealth of research, including extensive interviews, this is the true story of Sandra Laing, a woman whose life was torn apart by prejudice in South Africa and healed by love.

When She Was White

Care Planning in Children and Young People's Nursing addresses a selection of the most common concerns that arise when planning care for infants, children and young people within the hospital and community setting. Clear and detailed, this text reflects both the uniqueness and diversity of contemporary children's nursing and utilizes images and case studies to provide a holistic insight into the practice of care planning through the reporting of best available evidence and current research, policy and education. Divided into sections for ease of reference, Care

Planning in Children and Young People's Nursing explores both the theory and practice of care planning. Chapters on the principles of care planning include issues such as managing risk, safeguarding children, ethical and legal implications, integrated care pathways, interprofessional assessment, and invaluable parent perspectives. Additional chapters on the application of planning care examine the practical aspects of a wide range of specific conditions including cystic fibrosis, obesity, cardiac/renal failure and HIV/AIDS. Each chapter is interactive, with questions, learning activities and points for discussion creating an engaging and enquiry-based learning approach. Care Planning in Children and Young People's Nursing is a definitive resource, reflecting innovative practice which is suitable for undergraduate and postgraduate nurse education.

The Calendar

The staff of the Business Library of the Brooklyn Public Library answers more than 175,000 reference questions each year, many of them requests for rankings information. To provide quick answers to questions in the highest interest subject areas, we have compiled Business Rankings Annual. Working from a bibliographic file we have built up over the years, we have culled thousands of items from periodicals, newspapers, financial services, directories, statistical annuals and other printed material. The "top ten" from each of these rankings appears in this volume, grouped under standard subject headings for easy browsing. Typical entries provide: sequential entry number; rankings title: A descriptive phrase, identifying the contents of the list cited; ranked by: Indicates the criteria that establish the hierarchy; remarks: Provides additional details relating to the list from the source material; number listed: Notes the number of listees in the ranking source; top 10 items on the list; and source. Readers can quickly locate all rankings in which a given company; person or product appears by consulting the reference's comprehensive index. In addition, a complete listing of more than 300 sources used to compile Business Rankings Annual is provided in the bibliography.

Among the issues confronting America is long-term care for frail, older persons and

others with chronic conditions and functional limitations that limit their ability to care for themselves. Improving the Quality of Long-Term Care takes a comprehensive look at the quality of care and quality of life in long-term care, including nursing homes, home health agencies, residential care facilities, family members and a variety of others. This book describes the current state of long-term care, identifying problem areas and offering recommendations for federal and state policymakers. Who uses long-term care? How have the characteristics of this population changed over time? What paths do people follow in long term care? The committee provides the latest information on these and other key questions. This book explores strengths and limitations of available data and research literature especially for settings other than nursing homes, on methods to measure, oversee, and improve the quality of long-term care. The committee makes recommendations on setting and enforcing standards of care, strengthening the caregiving workforce, reimbursement issues, and expanding the knowledge base to guide organizational and individual caregivers in improving the quality of care.
