Electrical Safety for EntertainersMen, Masculinities and Honour-Based AbuseIntroductory Mathematical AnalysisFurniture for Interior DesignThe Long View

## Electrical Safety for Entertainers

This comprehensive, practical guide explores how contemporary furniture is used within interior design to define a space, create division and enclosure, and alter or redefine circulation. Initial chapters illustrate the different contexts in which furniture is used, from the office and domestic interiors to retail and exhibition space; look at types of furniture, whether off-the-shelf or bespoke; and explore the new vogue for recycling and vintage. Later chapters examine both traditional materials such as wood and the more unusual such as stone and glass, while also explaining new methods of manufacture - such as Computer Numerical Controlled and Selected Laser Sintering. The final chapter looks at how a design is developed, the site surveyed, prototypes made and specifications and schedules drawn up. Furniture for Interior Design is a detailed, highly illustrated guide to specifying and placing existing manufactured furniture, but also shows the reader how to design, detail, and commission batch-produced furniture or one-off, site-specific pieces.

## **Men, Masculinities and Honour-Based Abuse**

This book examines changes in public-sector budgets resulting from the Water Pollution Control Act. It suggests that clean water can be financed in two ways—public agencies can pay or industries can recover their expenditures through increased prices to consumers.

## **Introductory Mathematical Analysis**

"Political and trend analyst JP Landman's latest book 'The Long View' asks some of South Africa's toughest questions: is South Africa going to make it? Are we going to become a shining example of a modern society, a proud member of the world's leading countries? Are we going to be okay? Or are our worst fears going to become reality: are we becoming a failed state?"--Publisher.

## **Furniture for Interior Design**

## **The Long View**

Offers guidance for entertainers who use electrical equipment for sound, lighting or

other effects. This title describes basic measures you can take to help control the electrical risks from the use of such equipment.
