Doctor Apollo

The brilliant new novel about contemporary London gangland crime by the hugely well reviewed author of THE PARADISE TRAIL. Britain's best known gangster, Charlie Hook, wants to tell his life story and chooses crime reporter Laurie Lane as his reluctant ghost. But the next day Hook is dead, his blood and hair on the walls of his north London mansion. Who has killed the last of the London Godfathers, the man who used to be a driver for the Kray twins? Laurie is having his own problems - he's suspected of fiddling his expenses and his country singer wife has left him for an older man - but he needs to find the killer to keep his job. Could it be a Russian businessman with a love of Scottish poetry and something dodgy in his Hampstead garden?

Spirit Fox

The emphasis of this book is on engineering aspects of fluid turbulence. The book explains for example how to tackle turbulence in industrial applications. It is useful to several disciplines, such as, mechanical, civil, chemical, aerospace engineers and also to professors, researchers, beginners, under graduates and post graduates. The following issues are emphasized in the book: - Modeling and computations of engineering flows: The author discusses in detail the quantities of interest for engineering turbulent flows and how to select an appropriate turbulence model; Also, a treatment of the selection of appropriate boundary conditions for the CFD simulations is given. - Modeling of turbulent convective heat transfer: This is encountered in several practical situations. It basically needs discussion on issues of treatment of walls and turbulent heat fluxes. - Modeling of buoyancy driven flows, for example, smoke issuing from chimney, pollutant discharge into water bodies, etc

Dinosaurs in the Attic

This story is about one narcissistic young man who was interested in self-gratification regardless of who got hurt or even killed in the process.

Why Not Say What Happened?

A second volume of practice papers for Higher Maths! With three brand new question papers, this book also provides worked solutions so that you can not only see the answer but know how to get to it. A handy topic index lets you find specific questions quickly, and exam hints and tips further prepare for the final exam.

Tea, tarot, and trouble. Abigail Beanblossom's dream of owning a tea room in her California beach town is about to come true. She's got the lease, the start-up funds, and the recipes. But Abigail's out of a tearoom and into hot water when her realtor turns out to be a conman... and then turns up dead. But not even death puts an end to the conman's mischief. He rented the same space to a tarot reader, Hyperion Night. Convinced his tarot room is in the cards, Night's not letting go of the building without a fight. But the two must work together, steeping themselves in the murky waters of the sham realtor's double dealings, in order to unearth the truth - before murder boils over again. Steeped in Murder is the first book in the Tea and Tarot cozy mystery series. Buy the book to start this hilarious caper today. Recipes in the back of the book!

Steeped in Murder

"Linda Broday's heroes step right out of her books and into your heart." —JODI THOMAS, New York Times bestselling author Three Brothers. One Oath. No Compromises. The MEN of LEGEND The Outlaw Outlaw Luke Weston survives by his wits. On the run for a murder he didn't commit, the last thing he needs is to go looking for more trouble. But when Luke stumbles across a fiercely beautiful woman struggling against two heavily armed men, it's obvious that trouble has found him. After all, he never could resist a damsel in distress. Josie Morgan's distressed, all right—and hopping mad. She has no idea why she's been kidnapped or who she is or why her body melts for the mysterious gunslinger who saved her life. But as the lost memories come tumbling back together, Josie is faced with the stark reality of why she and Luke can never be even as her heart is telling her she will always be his. Men of Legend Series: To Love a Texas Ranger (Book 1) The Heart of a Texas Cowboy (Book 2) To Marry a Texas Outlaw (Book 3) Praise for Forever His Texas Bride: "Broday's Westerns always captivate." —RT Book Reviews 4 stars "Poignant, dramatic and packed with action and mystery." —Addicted to Romance for Forever His Texas Bride

The Life and Times of Sgt. Joseph Thomas "Tom" Biway, USMC

On the ferry to my mother's sixth (and hopefully last) wedding, I met my perfect match. With his blue eyes and five o'clock shadow, Professor David Carstairs was the most handsome man I'd ever seen. Add in his dry wit and easy charm, and I fell fast. What started as a conversation about our favorite books culminated in the

most romantic night of my life. When he dropped me off at my hotel the next morning, I was already halfway in love. But everything came crashing down a few hours later when his dad married my mom, making family dinners a whole lot more complicated. Someone pass the booze, please.

Language Implementation Patterns

With more than 1.5 million books sold, the Baseball Card Adventures series brings the greatest players in history to life. Featuring black-and-white photographs and stats throughout, plus back matter separating fact from fiction, *Willie & Me* is the perfect mix of history and action for every young baseball fan. Stosh thought he was finished traveling back in time. But then Ralph Branca shows up in his room one night, begging for Stosh's help. In 1951, Branca pitched a ball to Bobby Thomson that would become the "Shot Heard Round the World," a home run that won the National League pennant for the New York Giants and changed the lives of Branca and Thomson forever. Branca says the Giants were cheating, and he needs Stosh to use his power with baseball cards to go back in time and set things right. Stosh is determined to help, but he quickly learns that you can't change just one little thing in history. If he erases the "Shot Heard Round the World," he may forever alter the life of a young rookie named Willie Mays. With wisdom from all the players he has helped before—plus the surprise return of some familiar faces—Stosh uses his power to travel in time using baseball cards one last time in a fabulous finale to the adventure of a lifetime. Correlates to the Common Core State Standards in the English Language Arts

Dreams, A Portal to the Source

David Hartford, Earl of Castledon, is unwilling to break out of his prison of sorrow after the death of his wife, though everyone expects him to remarry and beget an heir. Impulsive Amelia Andrews befriends Lord Castledon and decides that he would make the perfect match for her prim older sister. Amelia cannot help but see the lonely man behind David's grim exterior-- and caught beneath his piercing stare, she wonders how to melt his icy heart. When Amelia is caught in a web of ruin, David cannot stand aside and let her suffer. Can an unexpected marriage bring about a love even greater than the one he lost?

Introduction to Game Theory

Beautiful, intelligent and wealthy, Ivana Lowell seemed to have it all. Part of the Guinness dynasty, her family were glamorous and well-connected. Her charismatic but spoilt grandmother Maureen had made an excellent marriage with the Lord of Dufferin and Avon and was a leader of the fashionable set in her youth. Her mother, the writer Caroline Blackwood, socialised with the most glitteringly bohemian and high-profile figures of New York and London. Caroline had intense love affairs and was married to the painter Lucian Freud and the talented composer Israel Citkowitz before finally settling down with the poet Robert Lowell. However, being born into the Guinness inheritance was not the blessing that it appeared to be. Ivana's life of glamour and high-living has been marked by tragedy and loss. Like her brilliant but troubled mother, she has been plagued by

an addiction to alcohol which took root when she was still a self-conscious schoolgirl. Having survived a childhood accident which left her physically scarred and the instability of a frenetic home life, she is also faced with the discovery of a secret which threatens to undermine her entire past. This frank and witty memoir is both vibrant and sad. It is laced with anecdotes and familiar names from the 1940s to the present, but it is ultimately an account of the relationship between mother and daughter, the story of two women whose deep affection for each other withstands everything that life has to throw at them.

Oakland, Jack London, and Me

Rory Tanner loved women. But Macy Keller had been a burr under his saddle ever since she'd come to town, threatening the Tanner empire with scandal. Deeply protective of his family, Rory vowed to keep an eye on the mysterious Macy. And discovered the feisty beauty was keeping him up at night with scandalous thoughts.... Macy had come to Tanner's Crossing to find her roots, but she couldn't resist blue-eyed cowboy Rory Tanner. A natural-born flirt, Rory seemed intent on discovering her secrets. Rory was the last man she should trust, yet soon she longed to share everything with him—including her heart!

The Snake and the Tooth

Essays by Jay Winter, Jeffrey T. Schnapp, Jennifer D. Keene, and others reveal the centrality of visual media, particularly the poster, within the specific national contexts of Britain, France, Germany, Russia, and the United States during World War I. Ultimately, posters were not merely representations of popular understanding of the war, but instruments influencing the.

Of Stones and Man

The Bond That Never Was Two decades ago, the producers of the James Bond movies hired legendary crime novelist Donald E. Westlake to come up with a story for the next Bond film. The plot Westlake dreamed up – about a Western businessman seeking revenge after being kicked out of Hong Kong when the island was returned to Chinese rule – had all the elements of a classic Bond adventure, but political concerns kept it from being made. Never one to let a good story go to waste, Westlake wrote an original novel based on the premise instead – a novel he never published while he was alive. Now, nearly a decade after Westlake's death, Hard Case Crime is proud to give that novel its first publication ever, together with a brand new afterword by one of the movie producers describing the project's genesis, and to give fans their first taste of the Westlake-scripted Bond that might have been.

Return to No Man's Land

First published in 1991. Routledge is an imprint of Taylor & Francis, an informa company.

Practice Papers for SQA Exams

Spike is part of the Rattles — a very special snake family. Spike has a problem, a tooth problem, and his family must help him figure out what to do. Can Spike fix his tooth? Or will he forever look different from everyone else? Find out what happens to Spike when he makes that brave decision to accept his differences.

She's Country Strong

Indie Publishing Handbook

Of Stones and Man explores the many errors of judgement made by civilizations both ancient and modern across the world. Arrogance and a penchant for excess drove mankind to build ever greater and more ambitious edifices. The author analyzes these works from a scientific and historically-sensitive perspective, highlighting the hydro-geological background to repeated infamous disasters, from the faults inherent in the Sphinx to the leaning Tower of Pisa. Beautifully illustrated throughout, Of Stones and Man is a testament to the impermanence of our surroundings. It questions how the earth and its resources have borne the cumulative burden placed upon it over the ages by one civilization after another, and how, in turn, the earth has exacted its inevitable revenge on the great constructions of our ancestors. Of Stones and Man is the final work of Jean Kerisel (1908-2005) who served as President of the International Society for Soil Mechanics and Foundation Engineering from 1973 to 1977, and who worked worldwide as a consultant on many ambitious engineering projects. Driven by his great passion for Ancient Builders and Egyptology, Kerisel here extends his professional knowledge into the realms of historical architecture.

Not Quite Perfect

Learn to build configuration file readers, data readers, model-driven code generators, source-to-source translators, source analyzers, and interpreters. You don't need a background in computer science--ANTLR creator Terence Parr demystifies language implementation by breaking it down into the most common design patterns. Pattern by pattern, you'll learn the key skills you need to implement your own computer languages. Knowing how to create domain-specific languages (DSLs) can give you a huge productivity boost. Instead of writing code in a general-purpose programming language, you can first build a custom language tailored to make you efficient in a particular domain. The key is understanding the common patterns found across language implementations. Language Design Patterns identifies and condenses the most common design patterns, providing sample implementations of each. The pattern implementations use Java, but the patterns themselves are completely general. Some of the implementations use the

well-known ANTLR parser generator, so readers will find this book an excellent source of ANTLR examples as well. But this book will benefit anyone interested in implementing languages, regardless of their tool of choice. Other language implementation books focus on compilers, which you rarely need in your daily life. Instead, Language Design Patterns shows you patterns you can use for all kinds of language applications. You'll learn to create configuration file readers, data readers, model-driven code generators, source-to-source translators, source analyzers, and interpreters. Each chapter groups related design patterns and, in each pattern, you'll get hands-on experience by building a complete sample implementation. By the time you finish the book, you'll know how to solve most common language implementation problems.

The EVIL HOUSE SPOOKSVILLE 14

Can a bold-faced lie lead to everlasting love? One by one, the impetuous heroines in the Wicked Deceptions series intend to find out, each in her unique way. . . How to seduce an estranged husband--and banish debt!--in four wickedly improper, shockingly pleasurable steps 1. Learn the most intimate secrets of London's leading courtesan. 2. Pretend to be a courtesan yourself, using the name Juliet Leighton. 3. Travel to Venice and locate said husband. 4. Seduce husband, conceive an heir, and voila, your future is secure! For Julia, the Duchess of Colton, such a ruse promises to be foolproof. After all, her husband has not bothered to lay eyes on her in eight years, since their hasty wedding day when she was only sixteen. But what begins as a tempestuous flirtation escalates into full-blown passion--and the feeling is mutual! Could the man the Courtesan Duchess married actually turn out to be the love of her life?

Willie & Me

Easton: Hockey isn't forever. The money, excitement, and glory of being a professional hockey player meant more to me than a family, a home, and a forever. Another man has my forever, and I have hockey. I thought making the big bucks and playing against the best in the world would feel better than this. Instead I'm empty and hollow, like a big piece of my heart was hacked off. There's something missing. Something big. Something I can never get back. Caroline: I loved him, but he wasn't the love of my life. My husband died too young, too suddenly, too tragically. I was unprepared with no education, no job skills, and no

future plans. When a DNA test reveals my twins' true parentage, I have no choice but to do the right thing. I turn to the one man who'd turned his back on me all those years ago. I'd been shutout from his life, and I'd shut him out from mine. Can two strangers make a family? Do we have what it takes to forgive and move on?

Undressed by the Earl

Rose Gardner Mystery Novella #6.5 in the New York Times and USA Today bestselling series. After her assistant DA boyfriend's near brush with death, Rose Gardner hopes to make it through the holiday season with a minimal amount of drama. But she can't forget the promise she made to the king of the Fenton County underworld in exchange for Mason's life. What's worse, she's not the only one keeping secrets—Mason has been working on a hush-hush case in his private time, Joe is grappling with the sudden reappearance of his sister after a mysterious two-year disappearance, and Hilary continues in her single-minded quest to secure a commitment from Joe at any cost—for motives only she understands. Though peace and quiet is all Rose wants, it's the last thing she's liable to get. And the ripple of secrets in her life threatens to create an undertow that will endanger her and everyone she holds dear. Includes POVs from Joe, Mason, Hilary, and Skeeter.

The Complete Moon Base Alpha

When a disgraced country singer meets a wealthy rancher, sparks fly! From enemies to lovers Sabrina Wilder's scandal derailed her singing career, so when there's interest from Nashville in staging a comeback, an image consultant is hired to repair her tarnished halo. But the handsome man she meets is stubborn and bossy. He wouldn't recognize the word "please" if it lassoed him. This Texas rancher is a fixer Damien "D.C." Caldwell works with celebrities to repair their damaged images. Now, he's amassed a large enough fortune to retire and return to his beloved Texas. Tasked for one last job, D.C. heads to the beach town of Whistle Cove, California for what should be an easy fix. When one night in Hollywood turns their relationship into a tailspin, these two opposites suddenly can't stay away from each other. But they're headed in two different directions for very different lives. He's headed to his ranch and a lifetime of peace and solitude She's headed back to the bright lights of Nashville and a very public life

Safety of Industrial Trucks. Test Methods for Measuring Vibration

A beautiful white toy bear is proud to be the untouchable attraction at the toy store, and he does not like it when a little girl purchases him and begins to play with him all the time, dirtying his fur and ruining his music box.

One Paris Summer

New York Times bestseller! Most teens dream of visiting the City of Lights, but it feels more like a nightmare for Sophie Brooks. She and her brother are sent to Paris to spend the summer with their father, who left home a year ago without any explanation. As if his sudden abandonment weren't betrayal enough, he's about to remarry, and they're expected to play nice with his soon-to-be wife and stepdaughter. The stepdaughter, Camille, agrees to show them around the city, but she makes it clear that she will do everything in her power to make Sophie miserable. Sophie could deal with all the pain and humiliation if only she could practice piano. Her dream is to become a pianist, and she was supposed to spend the summer preparing for a scholarship competition. Even though her father moved to Paris to pursue his own dream, he clearly doesn't support hers. His promise to provide her with a piano goes unfulfilled. Still, no one is immune to Paris's charm. After a few encounters with a gorgeous French boy, Sophie finds

herself warming to the city, particularly when she discovers that he can help her practice piano. There's just one hitch—he's a friend of Camille's, and Camille hates Sophie. While the summer Sophie dreaded promises to become best summer of her life, one person could ruin it all.

Sweet And Simple Party Cakes

Acclaimed novelist, editor, and critic Eric Miles Williamson, with the publication of his first book of nonfiction, establishes himself as one of the premier critics of his generation. There is no other book that resembles *Oakland, Jack London, and Me*. The parallels between the lives of Jack London and Eric Miles Williamson are startling: Both grew up in the same waterfront ghetto of Oakland, California; neither knew who his father was; both had insane mothers; both did menial jobs as youths and young men; both spent time homeless; both made their treks to the Northlands; both became authors; and both cannot reconcile their attitudes toward the poor, what Jack London calls "the people of the abyss." With this as a premise, Williamson examines not only the life and work of Jack London, but his own life and attitudes toward the poor, toward London, Oakland, culture and literature. A blend of autobiography, criticism, scholarship, and polemic, *Oakland, Jack London, and Me* is a book written not just for academics and students. Jack London remains one of the best-selling American authors in the world, and Williamson's *Oakland, Jack London, and Me* is as accessible as any of the works of London, his direct literary forbear and mentor.

Blood River

Routine applications of advanced statistical methods on real data have become possible in the last ten years because desktop computers have become much more powerful and cheaper. However, proper understanding of the challenging statistical theory behind those methods remains essential for correct application and interpretation, and rarely seen in the medical literature. *Modern Methods for Epidemiology* provides a concise introduction to recent development in statistical methodologies for epidemiological and biomedical researchers. Many of these methods have become indispensable tools for researchers working in epidemiology and medicine but are rarely discussed in details by standard textbooks of biostatistics or epidemiology. Contributors of this book are experienced researchers and experts in their respective fields. This textbook provides a solid starting point for those who are new to epidemiology, and for those looking for guidance in more modern statistical approaches to observational epidemiology. Epidemiological and biomedical researchers who wish to overcome the mathematical barrier of applying those methods to their research will find this book an accessible and helpful reference for self-learning and research. This book is also a good source for teaching postgraduate students in medical statistics or epidemiology.
