The British National Bibliography Cumulated Subject Catalogue

Official Jaguar booklet on how to improve performance for racing. 24 pages, illustrated.

Goggomobil

This unique book will help you work through the long list of XJ variants to choose the one that best suits your budget and intended use. Full of practical first-hand tips and pictures to guide even a novice through all the stages of becoming a Jaguar or Daimler saloon owner. Packed with 100 new detail pictures, and with a unique points system to assess the condition of potential purchases, this book is a must for any potential XJ6 owner.

Jaguar/Daimler XJ

A maintenance & repair manual for the DIY mechanic.

Jaguar E Type Owners Workshop Manual

This book covers British car electrical systems from 1950 to 1980. Particular emphasis is placed on the Lucas, Smith and SU

components that were ubiquitous in British cars of the period. Each major system is given its own chapter, providing theory, component parts and full system operating explanations. Modifications are suggested for those wishing to bring performance and reliability up to more modern standards. Fault-finding charts, cross referenced to the appropriate pages in the book, are provided throughout.

Jaguar 3.4 Mk.2 Handbook

The National Union Catalogs, 1963-

The Jaguar XJS was one of the finest grand touring cars of its era even if, when launched in 1975, it raised a few eyebrows. It survived the British Leyland days, Jaguar's privatisation and the takeover by Ford, and is now much in demand as an affordable and practical classic car. The summer of 2005 sees the 30th anniversary of the XJS, which is set to be marked by a number of celebratory events. This all-color book, which covers the full road car and competition history, will fascinate all Jaguar enthusiasts.

E-Type Jaguar Restoration Manual

The Jaguar XJR-9 is the Group C sports racing car built by Jaguar for the 1988 racing season, winning on its debut at the Daytona 24 Hours, and going on to take victory at the Le Mans 24 Hours (Jaguar's first win at the French classic since 1957). The car also took Jaguar to victory in the 1988 Teams' World Championship, and Drivers' World Championship with Martin Brundle. Works cars ran in the American IMSA Championship (running in Castrol livery), as well as the World Sports Car Championship. The XJR-9 is one of the most evocative sports-racing cars of the 1980s, thanks to its success, instantly recognizable Silk Cut livery, and unforgettable V12 engine note. This Manual tells the complete design and engineering story of the XJR series of sports-racing cars, focusing on the XJR-9, and featuring extensive input from many of the engineers and drivers involved.
