Master Stroke

Making use of his true scholar's understanding, yet writing in an approachable and anecdotal style, Tom Wright captures the verve and sparkle of these letters. Paul wrote the letters while in prison facing possible death, but their passion and energy are undimmed. They reveal Paul's longing to see young churches grow in faith and understanding, rooted in Jesus himself, and to see this faith worked out in practice - in one case, through the rehabilitation of a runaway slave. Wright's stimulating comments are combined with his own translation of the Bible text.

The fourth volume in Peterson's best-selling "conversations" in spiritual theology. Just as God used words both to create the world and to give us commandments, we too use words for many different purposes. In fact, we use the same language to talk to each other and to talk to God. Can our everyday speech, then, be just as

important as the words and prayers we hear from the pulpit? Eugene Peterson unequivocally says "Yes!" Peterson's *Tell It Slant* explores how Jesus used language, particularly in his parables and prayers. His was not a direct language of information or instruction but an indirect, oblique language requiring a participating imagination — "slant" language. *Tell It Slant* beautifully points to Jesus' engaging, relational way of speaking as a model for us today.

Your Victory in Jesus

Are you frustrated with trying to live the Christian life? Do your struggles with sin discourage you? Have you been taught you can't ever win the battle . . . that as long as you are living, you will fall short? Jesus told people to sin no more. Rather than tell them the struggle with sin and Satan would be difficult, He said, "My yoke is easy and my burden is light." Jesus doesn't ask us to do the impossible. Ken Gould rejected distorted teachings about God and was an atheist for twenty years, until God revealed His existence to him. Afterward, he recognized Christianity wasn't something to be taken lightly. His highest priority became to know God and

understand His counsel. Gould says, "It is possible to live a godly life in victory. What we believe about God affects our ability to live a victorious life." In this guidebook on living in God's victory, learn: How to cooperate with God to attain the victory He has for you. How our definition of sin can remove frustration and allow us to live a godly life. How believing lies about God keeps us from escaping our rebellious, sinful attitudes. The interaction between natural laws and sin. "God's truth sets us free from Satan's slavery and it's lies about God that keep us trapped."

Jesus and the Victory of God

N. T. Wright offers a penetrating assessment of the major scholarly contributions to the current 'quest' for the historical Jesus. He then sets out in fascinating detail his own compelling account of how Jesus himself understood his mission: how he believed himself called to remake Israel, the people of God, around himself; how he announced God's judgement on the Israel of his day, especially its Temple and hierarchy; and how he saw his own movement as the divinely ordained fulfilment of Israel's destiny.

Gustaf Aulen's classic work, 'Christus Victor', has long been a standard text on the atonement. Aulen applies history of ideas' methodology to historical theology in

tracing the development of three views of the atonement. Aulen asserts that in traditional histories of the doctrine of the atonement only two views have usually been presented, the objective/Anselmian and the subjective/Aberlardian views. According to Aulen, however, there is another type of atonement doctrine in which Christ overcomes the hostile powers that hold humanity in subjection, at the same time that God in Christ reconciles the world to Himself. This view he calls the "classic" idea of the atonement. Because of its predominance in the New Testament, in patristic writings, and in the theology of Luther, Aulen holds that the classic type may be called the distinctively Christian idea of the atonement.

Jesus' Final Victory

In this challenging collection of his best recent sermons and speeches, Tom Wright provides a series of case studies that show how the Bible can be applied to pressing contemporary issues, including:

- How it is possible to love the Bible and affirm evolution
- Why belief in heaven means we should be at the forefront of the environmental movement
- Where Christians today have lost focus, and why it is important for them to engage in politics

Helpful, practical, and wise, *Surprised by Scripture* demonstrates how to affirm the Bible in today's world—as well as mapping out new ways of applying its principles and engaging effectively with the world around us.

THE LAMB OF GOD

The Lamb of God represents Jesus slain for us on the cross. Jesus' death redeemed the dominion lost by Adam. Through his death and resurrection, the believers on Earth will rule and reign in such a way that they will become praise on Earth. The seven horns on the Lamb of God are emblems of all power given to Christians. We could be creative in our approach to warfare with these horns of the devil, which scatter anything that brings praise to God. You have to acknowledge and understand unsearchable riches we have in Christ. The tough times must be viewed as times that can lead us to our God-given purpose in life, instead of

2nd VICTORY IN JESUS

Of the many recent books on the historical Jesus, none has explored what the latest biblical scholarship means for personal faith. Now, in *Meeting Jesus Again for the First Time*, Marcus Borg addresses the yearnings of those who want a fully contemporary faith that welcomes rather than oppresses our critical intelligence and openness to the best of historical scholarship. Borg shows how a rigorous examination of historical findings can lead to a new faith in Christ, one that is critical and, at the same time, sustaining. "Believing in Jesus does not mean believing doctrines about him," Borg writes. "Rather, it means to give one's heart, one's self at its deepest level, to . . . the living Lord." Drawing on his own journey from a naive, unquestioning belief in Christ through collegiate skepticism to a mature and contemporary Christian faith, Borg illustrates how an understanding of the historical Jesus can actually lead to a more authentic Christian life—one not rooted in creeds or dogma, but in a life of spiritual challenge, compassion, and community. In straightforward, accessible prose, Borg looks at the major findings

of modern Jesus scholarship from the perspective of faith, bringing alive the many levels of Jesus' character: spirit person, teacher of alternative wisdom, social prophet, and movement founder. He also reexamines the major stories of the Old Testament vital to an authentic understanding of Jesus, showing how an enriched understanding of these stories can uncover new truths and new pathways to faith. For questioning believers, doubters, and reluctant unbelievers alike, Meeting Jesus Again for the First Time frees our understanding of Jesus' life and message from popular misconceptions and outlines the way to a sound and contemporary faith: "For ultimately, Jesus is not simply a figure of the past, but a figure of the present. Meeting that Jesus—the living one who comes to us even now—will be like meeting Jesus again for the first time."

He puts in motion a plan to get rid of his Pentecostal ties, his grubby, down-at-the-heels Prophetess OnFire, as well as his working-class Board members and song-leader, while improving his grammar and adding the Rabboni Barry Wolfowitz, a dynamic trumpet-playing and yarmulke-wearing ersatz Christian-Jew. Tell It Slant

Jesus' stories should be understood as healings, not teachings. Conservatives, for whom the parables are allegorical, and liberals, who view them as creative works of art, make the mistake of treating the parable as a form that conceals even as it reveals. They fail to appreciate that Jesus intended to be painfully clear, since most of his stories were meant for people with sick attitudes and were designed to make them aware of their condition. If the parables, as they appear in the Gospels, seem mysterious, it is because first-century writers were ill equipped to report them adequately, not because they were intrinsically enigmatic. A compelling new methodology of interpretation is advanced, and applied with striking effect to twelve parables.

1st Victory in Jesus

Preaching and the Victory of the Gospel is a systematic presentation of the biblical promises pertaining to God's plan for human history from Genesis to Revelation. God has planned the end from the beginning (Isa. 46:10), and has ordained victory for His church, not defeat. How can a sovereign God lose? How can Jesus, as King

Online Library Jesus And The Victory Of God Christian Origins Question 2 Nt Wright

of kings and Lord of lords, who has all authority and power in the universe, not prevail in history? We must learn to live by faith in God's precious promises and not by sight. Pastor John M. Otis demonstrates from Scripture that Jesus is presently reigning from the Father's right hand in heaven. The risen and ascended Christ is presently sitting on David's throne, which is in heaven. Jesus is defeating all His enemies as the Scripture promises. The Father has already installed His king on Mt. Zion, and has given the nations to the Son as His inheritance. The Great Commission will be accomplished before Christ's Second Coming because Jesus has all authority and power. Jesus has ordained His church as the primary agent in His spiritual conquest of the earth. He has provided for His church divinely powerful weapons for this task. As promised, Jesus is with His church to the end of the world, empowering her to accomplish incredible things. Jesus is going forth conquering to conquer (Rev. 6:2). This victory perspective was commonplace among many preachers of the 18th and 19th Centuries, inspiring and propelling world missions. God was pleased to bring to pass some of history's greatest revivals because of faithful preaching and praying. Today, does Christ's church exude this confidence in God's promises? Are we diligent in the exercise of the divinely powerful spiritual weapons at our disposal? When Christ's church once again recovers its vision, we will see the mighty hand of God revealed.

N.T. Wright takes us on a fascinating journey through ancient beliefs about life after death, from the shadowy figures who inhabit Homer's Hades, through Plato's hope for a blessed immortality, to the first century, where the Greek and Roman world (apart from the Jews) consistently denied any possibility of resurrection. We then examine ancient Jewish beliefs on the same subject, from the Bible to the Dead Sea Scrolls and beyond. This sets the scene for a full-scale examination of early Christian beliefs about resurrection in general and that of Jesus in particular, beginning with Paul and working through to the start of the third century. Wright looks at all the evidence, and asks: Why did the Christians agree with Jewish resurrection belief while introducing into it - across the board - significant modifications? To answer this question we come to the strange and evocative Easter stories in the gospels and asks whether they can have been late inventions. Wright seeks the best historical conclusions about the empty tomb and the belief that Jesus really did rise bodily from the dead, recognizing that it was this belief that caused early Christians to call Jesus 'Son of God'. In doing so, they posed a political challenge as well as a theological one. These challenges retain their power in the twenty-first century.

Jesus & the Restoration of Israel

"We have just ended a century dominated by a multitude of failed prophecies from those who looked to be raptured out of a collapsing world at any moment. The dawning of a new millennium will hopefully cause the Church to pause and consider whether these discredited prophets should be hooted off the stage. Victory in Jesus: The Bright Hope of Postmillennialism offers a sober and faithful examination of Scripture while clearly demonstrating that Christians have every reason to expect the victory of Jesus and the triumph of the gospel as the Great Commission is fulfilled on earth. The first three chapters (edited from lectures delivered by Dr. Bahnsen), offer a simple and easy to understand presentation of eschatology in general and especially postmillennial eschatology.
