Compact Utility Tractors, or CUTs, are cute little cutters! As farming became more refined so did the needs of tractors. The answer was a smaller, more maneuverable and fuel-efficient tractor with a variety of implements and

attachments. With this focus on special needs, attachments became available such as plows, disc harrows, mower decks, cultivators, spreaders, snowblowers, and more. They have become a necessary utility for farmers, orchards, small construction jobs, and landscaping/maintenance for estates, parks and golf courses. At the forefront of this evolution was the Farmall Cub and John Deere Model L. Then came the Japanese invasion; a new kind of tractor by companies such as Yanmar and Kubota. These four-wheel drive machines were rugged and tough and used a variety of hydraulically powered attachments. American companies like John Deere, International Harvester, and Massey Ferguson built their own their own four-wheel versions. Today's compact tractors, such as the Kubota BX series, Massey Ferguson's GC series, and the John Deere 3000, offer an even larger selection of implements for special purposes.

Had another good night; rose soon after seven, found ourselves within 3 miles of the coast of Ireland with Cantyre on our right. Heard the Captain speak to a vessel going to Liverpool telling them to report us all well. Breakfasted very well but soon

returned upon deck as we expected soon to lose sight of land. A pretty stiff gale about ten which threw the vessel a good deal on one side. Continued in sight of Ireland till past five when the land and we parted for some weeks. About this time I became qualmish and went to the stern to see if I could hasten the catastrophe by putting down my fingers; this did not avail, therefore I descended to open my store of camomile and black currants; no sooner was this accomplished than I became sick three or four times. I then undressed and rolled into my berth and slept 3 or 4 hours. The ship rolled very much and the water I heard splashing by; it seemed sometimes as if actually going over. Two interesting circumstances occurred last night. I dreamed that my father was actually alive and in his better way.
