The Execution Channel

Reveals how wartime loss in the Vietnam War transformed U.S. politics, arguing that the effort to recover lost warriors was as much a means to establish responsibility for their loss as it was a search for answers about their fate.

The Theta Timeline

This is a self-help book based on intensive research written especially for women. This book is based on humor, and spiritual facts to advocate for the verity that women have the right to relate to loving, financially-secure, and generous men. Among other topics, it discusses some of the major physiological, emotional, mental and environmental factors that hinder women from attracting love. The book further discusses the implications of the metaphor- "This is a man's world," and suggests ways through which women can empower themselves by acknowledging the limiting and/or conflicting related-beliefs, and then applying them to unleash their full-feminine potential. The book explains the psychological factors that affect peoples' relationships with money, and self-love; and includes emotional freedom exercises and other proven strategies that are guaranteed to help women cleanse, and reprogram their subconscious minds into Love, Men and Money magnets. Among other things, this book reveals the following assertions:-- How to develop a good and healthy relationship with money.- Becoming the "password" to your man's Master, Visa, American Express, PayPal Debit/Credit Cards, ATMs; plus all his local, foreign, public and private accounts. - How to love yourself unconditionally on the Conscious and Unconscious levels.- Say goodbye to the social and cultural factors that could be blinding you from attracting Love, Men and Money.- Heal your childhood negative memories, "daddy issues," Karmic codes plus other emotional and mental blockages.- Magnetize a Loving, Wealthy and Generous man into your fantabulous life.

The Last Wild Men of Borneo

The basis of the 2014 award-winning feature-length documentary! A revealing and dramatic look at the inside of the American Space Program from one of its pioneers. Eugene Cernan was a unique American who came of age as an astronaut during the most exciting and dangerous decade of spaceflight. His career spanned the entire Gemini and Apollo programs, from being the first person to spacewalk all the way around our world to the moment when he left man's last footprint on the Moon as commander of Apollo 17. Between those two historic events lay more adventures than an ordinary person could imagine as Cernan repeatedly put his life, his family and everything he held dear on the altar of an obsessive desire. Written with New York Times bestselling author Don Davis, *The Last Man on the Moon* is the astronaut story never before told - about the fear, love and sacrifice demanded of the few men who dared to reach beyond the heavens for the biggest prize of all - the Moon.

FIVE STAR REVIEW by READERS' FAVORITE A story about first loves, lasting friendships, and remembering that family will always be there, whether you realize it or not. CHARLOTTE Hubbard dreams about falling in love on a daily basis, but she's long rejected the idea that someone would ever be interested in an overweight, unappealing girl like her; an opinion that is shared by her way more popular and attractive sister who seems to enjoy pointing out Charlotte's flaws as much as possible. AND . . . Then there's MILES Fiester, who thinks that making the basketball team is as impossible as getting the girl he's liked since grade school to notice him. He'd have more luck getting his deadbeat dad to visit him for a day. But, in the first few weeks of high school, Charlotte and Miles come to discover that life is unpredictable, love happens when you least expect it, and there's always a first for everything."

A 2019 EDGAR AWARDS NOMINEE (BEST FACT CRIME) • A BANFF MOUNTAIN BOOK AWARDS FINALIST Two modern adventurers sought a treasure possessed by the legendary "Wild Men of Borneo." One found riches. The other vanished forever into an endless jungle. Had he shed civilization—or lost his mind? Global headlines suspected murder. Lured by these mysteries, New York Times bestselling author Carl Hoffman journeyed to find the truth, discovering that nothing is as it seems in the world's last Eden, where the lines between sinner and saint blur into one. In 1984, Swiss traveler Bruno Manser joined an expedition to the Mulu caves on Borneo, the planet's third largest island. There he slipped into the forest interior to make contact with the Penan, an indigenous tribe of peace-loving nomads living among the Dayak people, the fabled "Headhunters of Borneo." Bruno lived for years with the Penan, gaining acceptance as a member of the tribe. However, when commercial logging began devouring the Penan's homeland, Bruno led the tribe against these outside forces, earning him status as an enemy of the state, but also worldwide fame as an environmental hero. He escaped captivity under gunfire twice, but the strain took a psychological toll. Then, in 2000, Bruno disappeared without a trace. Had he become a madman, a hermit, or a martyr? American Michael Palmieri is, in many ways, Bruno's opposite. Evading the Vietnam War, the Californian wandered the world, finally settling in Bali in the 1970s. From there, he staged expeditions into the Bornean jungle to acquire astonishing art and artifacts from the Dayaks. He would become one of the world's most successful tribal-art field collectors, supplying sacred works to prestigious museums and wealthy private collectors. And yet suspicion shadowed this self-styled buccaneer who made his living extracting the treasure of the Dayak: Was he preserving or exploiting native culture? As Carl Hoffman unravels the deepening riddle of Bruno's disappearance and seeks answers to the questions surrounding both men, it becomes clear saint and sinner are not so easily defined and Michael and Bruno are, in a sense, two parts of one whole: each spent his life in pursuit of the sacred fire of indigenous people. The Last Wild Men

of Borneo is the product of Hoffman's extensive travels to the region, guided by Penan through jungle paths traveled by Bruno and by Palmieri himself up rivers to remote villages. Hoffman also draws on exclusive interviews with Manser's family and colleagues, and rare access to his letters and journals. Here is a peerless adventure propelled by the entwined lives of two singular, enigmatic men whose stories reveal both the grandeur and the precarious fate of the wildest place on earth.

End of History and the Last Man

Now the Troll King is sending a slew of zany creatures-smelly trolls, bad-mannered dwarves, scary minotaurs, and worse-to capture Iggy, causing mayhem throughout the Pacific Northwest.

The Revolution's Last Men

The unforgettable and heartbreaking true story of the firemen who bravely fought "the perfect fire" is now in paperback.

If I Loved You

My intentions were never to be a "baby mama." I knew for sure that I'd have a college degree, a house, and a career, and a husband before I brought a life into this world. That was the reason I studied so hard in school, didn't hang out with the popular kids, and didn't rebel against my parents. When I turned 17 years old and became the Valedictorian of my class, I knew I was on the right track. I was ready to go to college and embark on my journey towards becoming a corporate lawyer. Never in a million years did I think that by the time I was eighteen years old, I would be pushing out a baby. Never did I think my life could change so drastically. I had no degree, no career, no house, and no husband; but I had a daughter. I still remember the night everything changed between us. Or maybe things had already changed, and it was the first time I noticed it. I know for sure that it was the first time I had ever accepted the fact that I was truly just a "baby mama" and Flip had no real plans of making me his wife. I remember feeling so many emotions that night. I was hurt, angry, confused, disappointed, and betrayed. But I was still very much in love. I loved him too much to hate him so quickly, so I resented him and I hated myself for being so naive. It didn't take long for that resentment to magnify because once the truth is out, you begin to connect the dots to every lie you've ever been fed and it makes you wonder if any of it was ever real. The moment you lose respect for someone, everything changes. The love is still there, but it's not the same. You become guarded, you become defensive, and sometimes you just want to hurt them the way they hurt you. That's when they start to call you

bitter. I never pictured myself becoming a bitter baby mama, but you know what? Maybe they're right. Maybe I am bitter but I feel like I have every damn right to be. This is my story.

First Man Out-Last Man Standing

"With colorful characters so ludicrous they could only be real, McCord's satire of profit, politics, and capital punishment should be required reading." -- Clarion Review
What will readers encounter when exploring the wicked and witty satirical universe of Michael McCord's *The Execution Channel: A Political Fable*? First, they will travel to the not-so-distant future and discover the emerging new country of Real America and the Galtian Imperatives, a faith-based economic religion which promises that extreme austerity and tax cut policies will ensure "prosperity for all" though the exact details of the magic remain elusive. Next, readers will see that John Galt, the fictional hero of Ayn Rand's *Atlas Shrugged*, has become the founding father icon of Real America and the Real American Party, the new political force sweeping the land. Local militias do their patriotic duty and lead the privatization craze throughout Real America while employing a creative protection racket plan to fit every business budget. Finally, readers will behold the majesty of *The Execution Channel* - a televintet network that promotes a focus-group tested variety of live executions in football stadium settings. As foretold by the Galtian Imperatives, *The Execution Channel* has been hailed as a model of modern economic policy that seamlessly merges massive private sector profits and public sector bankruptcy. Set in 2018 in an increasingly non-United States of America, *The Execution Channel: A Political Fable* is fantastical in its imaginative scope of American political rhetoric and public policy run amok. McCord, an award-winning journalist and writer who lives in New Hampshire, offers fictional reportage with a provocative twist and more than a few punch lines. "The initial spark for this satirical romp came from a 2011 Republican presidential primary debate when some of the audience cheered at the notion that if people without health insurance died, there was nothing anyone could do," McCord said. "I then made the leap to a perfectly sensible investment scheme of publicly televised executions in which guilt or innocence matter less than profit margins. From there, the theme menu grew to include the cult of Ayn Rand, political ambition, incoherence as a political virtue, greed redefined, secession, free market

economics with no restraint, the primacy of sperm, backyard rocket launchers, psychic readings, reality TV mortgage foreclosures and monuments to austerity. The book aspires, as Lewis Carroll's White Queen so eloquently put it, to believe six impossible things at once, if not before breakfast then certainly by supper."Readers also will encounter an intriguing, colorful cast of characters that embrace a higher calling of extreme self-interest:* Gov. Lawrence C. "Demon Seed" Bowie of the Real American Republic of Texas is in a political fix because his 'War on the Poor' tax plan isn't working. * Texas militia leader Col. Rufus T. Fairbush wants to replace Bowie by the bullet or ballot while running on a platform to eliminate the idea of government. * Conservative televinet producer Jason Bravtart seeks redemption following the scandalous cancellation of The Real Homeless of Malibu Beach.* Billionaire speculator James "Big Stake" Frimmer II wants another big financial score to spread his political influence. * In the SoCal Liberty Territory of California, Penelope the Psychic is forced to be a confidential informant for Mr. Jones, the most feared security operator in Real America.The Execution Channel: A Political Fable is a subversive satire for our times and will leave readers wondering: Just how REAL is Real America?Learn more about The Execution Channel: A Political Fable and Michael McCord at www.the-execution-channel.com.

Despite its location close to the airport, under the flight path of 747s and bordered by slums, it has

been pucca for some fifty years. But Bombay has changed in half a century--not least its name--and the world in which Tower A was first built is giving way to a new city; a Mumbai of development and new money; of wealthy Indians returning with fortunes made abroad. When real estate developer Dharmen Shah offers to buy out the residents of Vishram Society, planning to use the site to build a luxury apartment complex, his offer is more than generous. Initially, though, not everyone wants to leave; many of the residents have lived in Vishram for years, and many of them are no longer young. But none can benefit from the offer unless all agree to sell. As tensions rise among the once civil neighbours, one by one those who oppose the offer give way to the majority, until only one man stands in Shah's way: Masterji, a retired schoolteacher, once the most respected man in the building. Shah is a dangerous man to refuse, but as the demolition deadline looms, Masterji's neighbours--friends who have become enemies, acquaintances turned co-conspirators--may stop at nothing to score their payday. A suspense-filled story of money and power, luxury and deprivation, and a rich tapestry peopled by unforgettable characters, not least of which is Bombay itself, Last Man in Tower opens up the hearts and minds of the inhabitants of a great city--ordinary people pushed to their limits in a place that knows none. People were told new laws and restrictions were for their own good. But the reality was a monstrous regime bent on controlling its subjects. Now, there is only one way to stop the Tyranny: go back in time and prevent it from ever starting. At times eloquent, funny, satirical, and infuriating, The Theta Timeline is not only Dietzel's most powerful book, it is as important as any dystopian vision created to date.

The Last Men Out

A “thrilling narrative of bravery, bravado, and loss” (Kirkus Reviews) that tells the “gripping story of a handful of marines who formed the last body of Americans to leave Saigon on April 30, 1975” (Booklist). In a gripping, moment-by-moment narrative based on a wealth of recently declassified documents and in-depth interviews, Bob Drury and Tom Clavin tell the remarkable drama that unfolded over the final, heroic hours of the Vietnam War. This closing chapter of the war would become the largest-scale evacuation ever carried out, as improvised by a small unit of Marines, a vast fleet of helicopter pilots flying nonstop missions beyond regulation, and a Marine general who vowed to arrest any officer who ordered his choppers grounded while his men were still on the ground. Drury and Clavin focus on the story of the eleven young Marines who were the last men to leave, rescued from the U.S. Embassy roof just moments before capture, having voted to make an Alamo-like last stand. As politicians in Washington struggled to put the best face on disaster and the American ambassador refused to acknowledge that the end had come, these courageous men held their ground and helped save thousands of lives. Drury and Clavin deliver a taut and stirring account of a turning point in American history that unfolds with the heartstopping urgency of the best thrillers—a riveting true story finally told, in full, by those who lived it.

Until the Last Man Comes Home

At the age of seventeen, Eustace Conway ditched the comforts of his suburban existence to escape to the wild. Away from the crushing disapproval of his father, he lived alone in a teepee in the mountains. Everything he needed he built, grew or killed. He made his clothes from deer he killed and skinned before using their sinew as sewing thread. But he didn't stop there. In the years that followed, he stopped at nothing in pursuit of bigger, bolder challenges. He travelled the Mississippi in a handmade wooden canoe; he walked the two-thousand-mile Appalachian Trail; he hiked across the German Alps in trainers; he scaled cliffs in New Zealand. One Christmas, he finished dinner with his family and promptly upped and left - to ride his horse across America. From South Carolina to the Pacific, with his little brother in tow, they dodged cars on the highways, ate road kill and slept on the hard ground. Now, more than twenty years on, Eustace is still in the mountains, residing in a thousand-acre forest where he teaches survival skills and attempts to instil in people a deeper appreciation of nature. But over time he has had to reconcile his ambitious dreams with the sobering realities of modernity. Told with Elizabeth Gilbert's trademark wit and spirit, this is a fascinating, intimate portrait of an endlessly complicated man: a visionary, a narcissist, a brilliant but flawed modern hero. *The Last American Man* is an unforgettable adventure story of an irrepressible life lived to the extreme. *The Last American Man* is a New York Times Notable Book and National Book Critics

Circle Award Finalist.

Attending a wedding with his ex-lover, Carl, wasn't the smartest thing Ben ever agreed to do. But one look at David, the groom's best man, and Ben is willing to change his mind. The man is sex personified and Ben falls instantly head-over-heels in lust. David is happy to play the scene and definitely not looking for love. Used to being admired, he doesn't mind Ben's eager attention, though he doubts things will go much past a one-night-stand. A tumble into bed ignites an unexpected passion between the pair that neither can resist or control. Carl will stop at nothing to win back the man he lost. Refusing to take no for answer, Carl becomes obsessed with thoughts of revenge. If he can't have Ben, no one will.
