Leading at a Higher Level

How can you become a more successful manager, a stronger team leader and a motivator who gets the best results from a group? Ken Blanchard's inspiring new book provides the answer. In a beguiling, sometimes humorous fashion, THE LEADERSHIP PILL conjures up a tantalizing possibility: What if there was a pill that could stimulate the natural powers of the mind and body to provide leadership? In the story, an amazing new pill heightens one leader's powers, but contains the wrong ingredients, stimulating him in a short-sighted direction. He is coercive, obsessed with immediate results and drives his team relentlessly until, after a brief spike in performance, they suffer early burnout. In contrast, the 'Effective Leader', working without a pill, inspires and supports his team. He supplies the right ingredients, earning the respect and trust of his team with a blend of integrity, partnership and affirmation. Ultimately it is recognised that there is more to effective leadership than a wonder 'pill'. Destined to be a transforming experience for thousands of readers, THE LEADERSHIP PILL shows how to apply the right techniques, no matter how pressured a business situation.

Patton's One-Minute Messages

Some people find management so easy. They glide effortlessly onwards and upwards through the system, the politics, the people problems, the impossible targets and the work overload. They always seem to say the right thing, do the right thing and know instinctively how to handle every situation. These golden principles show you how to inspire your team to perform (and what to do when it doesn't). They reveal the secrets of managing yourself and your team in a way that gets results. Your life will be easier. Your successes will be greater. And when you are headhunted or promoted (again) nobody will be surprised. Least of all you.

The Rules of Management

Leadership is often a risky, lonely role possessing nearly unbearable lows and fleeting highs. Despite this emotionally and intellectually draining roller coaster, a handful of leaders deliver stunning results, with great consistency. They push past current leadership trends in order to achieve the most extremely challenging goals. They don't fall prey to the platitudes or cliches we see so often see in leadership theory. Instead, they succeed by recognizing and surviving the dangers that challenge them as they take themselves and their teams to higher levels. These rare individuals are those that Chris Warner and Don Schmincke call High Altitude Leaders. In High Altitude Leadership they show how to become that kind of leader. The authors present a new approach to leadership development, based on ground-breaking scientific research, field-tested under the most brutal conditions on the most difficult summits, and successfully applied in the training of executives, management teams, and entrepreneurs throughout the world.

exercise of leadership from Pulitzer Prize-winning author Doris Kearns Goodwin “should help us raise our expectations of our national leaders, our country, and ourselves” (The Washington Post). “After five decades of magisterial output, Doris Kearns Goodwin leads the league of presidential historians” (USA TODAY). In her “inspiring” (The Christian Science Monitor) Leadership, Doris Kearns Goodwin draws upon the four presidents she has studied most closely—Abraham Lincoln, Theodore Roosevelt, Franklin D. Roosevelt, and Lyndon B. Johnson (in civil rights)—to show how they recognized leadership qualities within themselves and were recognized as leaders by others. By looking back to their first entries into public life, we encounter them at a time when their paths were filled with confusion, fear, and hope. Leadership tells the story of how they all collided with dramatic reversals that disrupted their lives and threatened to shatter forever their ambitions. Nonetheless, they all emerged fitted to confront the contours and dilemmas of their times. At their best, all four were guided by a sense of moral purpose. At moments of great challenge, they were able to summon their talents to enlarge the opportunities and lives of others. Does the leader make the times or do the times make the leader? “If ever our nation needed a short course on presidential leadership, it is now” (The Seattle Times). This seminal work provides an accessible and essential road map for aspiring and established leaders in every field. In today’s polarized world, these stories of authentic leadership in times of apprehension and fracture take on a singular urgency. “Goodwin’s volume deserves much praise—it is insightful, readable, compelling: Her book arrives just

is YOU and that is what this book focuses on.

Servant Leader

Best-selling author of The One-Minute Manager, Ken Blanchard, along with Phil Hodges, reveals the meaning of servant leadership modeled after Jesus Christ. Based on Blanchard's and Hodges' Faith Walk seminars, business leaders come to realize that teams are more powerful than the sum of the individuals and to recognize their people as appreciating assets. Servant Leader summarizes the Four Dimensions of Leadership: the head (leadership assumptions and methods) the hands (application and leadership behavior) the heart (edging God out) the habits (solitude, prayer, study of scripture, unconditional love, etc.) The thousands who have attended his seminars witnessed the transforming power of this unconventional approach. Readers seeking to grow as leaders and business executives will find Servant Leader nothing short of life-changing.
