Reading Greek: Teacher's Notes

Revelation is one of the most controversial books of the Bible. Some people love its prophetic writings, while others reject its end time connotation. John, an apostle of Christ, was given this prophetic word to give to the seven churches of Asia Minor. A blessing was pronounced over all who reads and understand it. In this 2nd lesson, you will understand the message God gave to John concerning the 7 churches' spiritual condition in Asia Minor, and how these same messages can be used to help the Body of Christ today. May God bless you and open your heart to what He has to say to the church.

Like yeast, parables are explosive stories of Jesus that invade our lives and transform us into citizens of the kingdom of God. But they are also cryptic, and that's where this book is useful. More than an explanation or interpretation of each parable, this definitive work is primarily an exercise in hermeneutics. In it, readers are taken through a process of discovering which sayings of Jesus are parables, problematic questions related to counting and categorizing them, and Jesus' rationale for speaking in parables. The work then analyzes four distinct ways that parables are structured and three levels at which they do their work in us. The final chapter presents parable-related hermeneutical guidelines, and the book ends with seven extensive Appendices and two Indexes. It is a must read for every biblical scholar!
