Would I Lie to You? Not This Year. Veteran author and speaker Phil Callaway is no stranger to daunting challenges. He has been laughed at—repeatedly—by large crowds of people from Halifax to Hong Kong. He fathered three children in three years, spent much of last year on airplanes built by the lowest bidder, and flipped an out-of-control ATV, which doesn't mean he sold it for a profit. So who better than Phil Callaway to boldly accept a challenge that would make the average person run and hide? Phil promised to tell the truth for an entire year, and he wasn't joking. Twelve months later, his journal was crammed with successes, near-successes, and outright failures. During his year-long experiment with veracity, he made a disastrous financial investment, fielded

hundreds of intrusive questions from friends and strangers, attended a thirty-year class reunion, and waded into possibly the most revealing—and hilarious—situations he has ever documented. Find out what happens when a follower of Jesus does his level best to always tell the truth. There is no doubt you'll be entertained. But don't be surprised if you are left with a question: how might your life be changed if you sold out to the truth—with no exceptions?

The fascinating history of Spiritualism is coaxed into the material realm as the object of this perceptive and sweeping overview by that legendary author of the occult and supernatural, Raymond Buckland. Containing more than 500 entries and 100 illustrations, *The Spirit Book* is the comprehensive encyclopedia to Spiritualism and its related subjects. Plus it provides full biographies of every prominent person connected to the field. Drawing on decades of research, writing, and transcendence, Buckland describes sundry methods of channeling, events associated with Spiritualism, including séances and exorcism, organizations focused on clairvoyance, and a colorful host of mortals—famous and infamous—who delved into Spiritualism.

Nostradamus, Helena Blavatsky, and Edgar Cayce receive their due, as well as Joan of Arc, William Blake, Susan B. Anthony, Winston Churchill, Arthur Conan Doyle, Mahatma Gandhi, Harry Houdini, and Mae West (look up and see her sometime). It explores Qabalah, Sibyls, Fairies, Poltergeists; phenomena such as intuition and karma; objects useful in the attempt to cross the divide, including tarot cards, flower reading, and runes; and related practices such as Shamanism, transfiguration, meditation, and

mesmerism.

## **To Be Perfectly Honest**

A “certainly weird . . . strangely wonderful . . . [and] often irresistible” search to find the real Garden of Eden (The New York Times Book Review). Where, precisely, was God’s Paradise? St. Augustine had a theory. So did medieval monks, John Calvin and Christopher Columbus. But when Darwin’s theory of evolution changed our understanding of human origins, shouldn’t the desire to put a literal Eden on the map have faded away? Not so fast. This “gloriously researched, pluckily written historical and anecdotal assay of humankind’s age-old quixotic quest for the exact location of the Biblical garden” (Elle) explores an obsession that has consumed scientists and theologians alike for centuries. To this day, the search continues, taken up by amateur explorers, clergymen, scholars, engineers and educators—romantic seekers all who started with the same simple-sounding Bible verses, only to end up at a different spot on the globe: Sri Lanka, the Seychelles, the North Pole, Mesopotamia, China, Iraq—and Ohio. Inspired by an Eden seeker in her own family, “Wilensky-Lanford approaches her subjects with respect, enthusiasm and conscientious research” (San Francisco Chronicle) as she traverses a century-spanning history provoking surprising insights into where we came from, what we did wrong, and where we go from here. And it all makes for “a lively journey” (Kirkus Reviews).

### **The Total Christian Guy**

"Over the past decade there has been substantial progress in understanding Maya hieroglyphic writing. This development led to the reconstruction of Classic Maya (AD 300-900) political history. Epigraphers suggested a major influence of Teotihuacan during the Early Classic Period (AD 300-600), and some even argued for a direct Teotihuacan conquest of the Maya lowlands. The Late Classic Period (AD 600-900) was interpreted as a constant hegemonic struggle between Tikal and Calakmul, which in different ways influenced Classic Maya political relations. These reconstructions of political history were directly tied to the interpretations of political organisation, ranging from peer polity interaction models to more bureaucratic polities. In this work the author examines and analyses inscriptions from the Western Maya Region, which are especially rich in information concerning interaction of polities and interpolity organisation. The author reconstructs the historical development of the region, examining the influence of Teotihuacan and that of the hegemonic states Tikal and Calakmul."--Publisher's website.
