Legacy of Night

'Unquestionably the most authoritative, balanced, readable, and meticulously documented introduction to the Third Reich.' - International History Review
Sir Ian Kershaw is regarded by many as the world's leading authority on Hitler and the Third Reich. Known

for his clear and accessible style when dealing with complex historical issues his work has redefined the way we look at this period modern European history. The Nazi Dictatorship is Kershaw's landmark study of the Third Reich. It covers the major themes and debates relating to Nazism including the Holocaust, Hitler's authority and leadership, Nazi Foreign Policy and the aftermath, including issues surrounding Germany's unification. The Revelations edition includes a new preface from the author.

The Boy in the Striped Pyjamas

The Nobel Peace Prize-winning author of more than 30 books, including the bestselling *Souls on Fire* and, most recently, *The Forgotten*, offers a collection of 25 portraits of men and women of the Bible, the Talmud, and the Hasidic tradition. *Sages and Dreamers* is a moving and revealing reminder of our common history, beliefs, and aspirations. Glossary.

Ministry to Persons with Chronic Illnesses

This century has bequeathed to the Jewish people a series of events "with horrific and startling consequences," including the Holocaust, the birth of the state of Israel, and its development into a powerful military state. Ellis argues that the history and identity of the Jewish people are now being decisively transformed and reinterpreted. What is their destiny in the next century? Ellis asks, "Are there religious ideals, intellectual concepts, and political

movements . . . that will help Jews confront the history we are creating . . . ?" In this profound and provocative work, he finds the answers in the covenant, symbolized by Jerusalem. Ellis offers a renewed theology of the covenant and its justice dimensions, its present "exile," and its future in revolutionary forgiveness.

Studies in short fiction

Brings together an original short story and a poignant love letter to New York City with selections from the monologue--about a devastating accident that occurred while vacationing in Ireland and its painful aftermath--that he left unfinished at the time of his tragic 2004 suicide. 30,000 first printing.

The Book of Dirt

Ninah Huff, the teenage granddaughter of the founder of an isolated religious community, causes controversy when she is discovered to be pregnant with what she claims is a holy child

Theology as Hope

What is the difference between writing a novel about the Holocaust and fabricating a memoir? Do narratives about the Holocaust have a special obligation to be 'truthful'--that is, faithful to the facts of history? Or is it okay to lie in such works? In her provocative study *A Thousand Darkneses*, Ruth Franklin investigates these questions as they arise in

the most significant works of Holocaust fiction, from Tadeusz Borowski's Auschwitz stories to Jonathan Safran Foer's postmodernist family history. Franklin argues that the memory-obsessed culture of the last few decades has led us to mistakenly focus on testimony as the only valid form of Holocaust writing. As even the most canonical texts have come under scrutiny for their fidelity to the facts, we have lost sight of the essential role that imagination plays in the creation of any literary work, including the memoir. Taking a fresh look at memoirs by Elie Wiesel and Primo Levi, and examining novels by writers such as Piotr Rawicz, Jerzy Kosinski, W.G. Sebald, and Wolfgang Koeppen, Franklin makes a persuasive case for literature as an equally vital vehicle for understanding the Holocaust (and for memoir as an equally ambiguous form). The result is a study of immense depth and range that offers a lucid view of an often cloudy field.

The Rapture of Canaan

The controversial journalistic analysis of the mentality that fostered the Holocaust, from the author of *The Origins of Totalitarianism* Sparking a flurry of heated debate, Hannah Arendt's authoritative and stunning report on the trial of German Nazi leader Adolf Eichmann first appeared as a series of articles in *The New Yorker* in 1963. This revised edition includes material that came to light after the trial, as well as Arendt's postscript directly addressing the controversy that arose over her account. A major journalistic triumph by an intellectual of singular influence, *Eichmann in Jerusalem* is as shocking as it is informative—an unflinching look at one of the most unsettling (and unsettled) issues of the twentieth century.

Reading Auschwitz with Barth

This publication considers how cinema, as a major modern art form, has covered topics relating to the Holocaust in documentaries and fiction, historical reconstructions and more symbolic films, focusing on the question of realism in ethical and artistic terms. It explores a range of issues, including whether cinema is an appropriate method for informing people about the Holocaust compared to other media such as CD-ROMs, video or archive collections; whether it is possible to inform and appeal to the emotions without being explicit; and how the medium can nurture greater sensitivity among increasingly younger audiences which have been inured by the many images of violence conveyed in the media. Films discussed include *Schindler's List*, *Life is Beautiful*,

The Pianist, Sophie's Choice, Shoah, Au revoir les enfants, The Great Dictator and To Be or Not to Be.

The Nazi Dictatorship

'An immense work of love and anger, a book Bram Presser was born to write.' Joan London They chose not to speak and now they are gone What's left to fill the silence is no longer theirs. This is my story, woven from the threads of rumour and legend. Jakub Rand flees his village for Prague, only to find himself trapped by the Nazi occupation. Deported to the Theresienstadt concentration camp, he is forced to sort through Jewish books for a so-called Museum of the Extinct Race. Hidden among the rare texts is a tattered prayer book, hollow inside, containing a small pile of dirt. Back in the city, Františka Roubíčková picks over the embers of her failed marriage, despairing of her conversion to Judaism. When the Nazis summon her two eldest daughters for transport, she must sacrifice everything to save the girls from certain death. Decades later, Bram Presser embarks on a quest to find the truth behind the stories his family built around these remarkable survivors. The Book of Dirt is a completely original novel about love, family secrets, and Jewish myths. And it is a heart-warming story about a grandson's devotion to the power of storytelling and his family's legacy. Bram Presser was born in Melbourne in 1976. His stories have appeared in Best Australian Stories, Award Winning Australian Writing, The Sleepers Almanac and Higher Arc. 'The lyrical, impassioned and culturally rich prose of The Book of Dirt, and its moral force,

bears echoes of such great Jewish writers as Franz Kafka (Presser inherited his grandfather's copy of *The Trial*), Elie Wiesel, Primo Levi, Isaac Bashevis Singer and Cynthia Ozick. It is a major book, and one for the times: while I was reading it, neo-Nazis in America brought fatal violence to Charlottesville, and, in Melbourne, neo-Nazis placed posters in schools calling for the killing of Jews to be legalised. *The Book of Dirt* is a courageous work, as necessary for us to read as it was for Presser to write.' Saturday Paper 'A beautiful literary mind.' A.S. Patrić 'Meet Bram Presser, aged five, smoking a cigarette with his grandmother in Prague. Meet Jakub Rand, one of the Jews chosen to assemble the Nazi's Museum of the Extinct Race. Such details, like lightning flashes, illuminate this audacious work about the author's search for the grandfather he loved but hardly knew. Working in the wake of writers like Modiano and Safran Foer, Presser brilliantly shows how fresh facts can derail old truths, how fiction can amplify memory. A smart and tender meditation on who we become when we attempt to survive survival.' Mireille Juchau 'The Book of Dirt is a grandson's tender act of devotion, the product of a quest to rescue family voices from the silence, to bear witness, drawing on legend, journey and history, and shaped by extraordinary storytelling.' Arnold Zable 'A remarkable tale of Holocaust survival, love and genealogical sleuthing. A beautiful tale that will stay with the reader long after the book's end.'

Books+Publishing 'It's hard not to be captured from the opening epigraph[A] magnificent ode to all that is lost.' Longin to Be 'It is difficult to convey the breadth and nuance of this extraordinary work. It is a book about how history is made—and about who is allowed

the privilege to remake it. There are echoes here of Sebald's biting honesty and Chabon's long and rewarding vignettes. An absolute pleasure to read.' Readings 'As in Sebald's prose narratives, Presser's novel inhabits and the dynamic region between fiction and non-fiction.' Australian Book Review 'An impressive and captivating story of remembrance, a journey into the past for the sake of deciphering our present.' Dasa Drndic 'In The Book of Dirt the fractured lines of memory create a gripping story of survival and love.' Leah Kaminsky 'I found Bram Presser's The Book of Dirt impossible to forget. Penetrating, soulful, and surprisingly welcoming, it reminded me of my own ancestors and how easy it is to sidestep the past.' Barry Scott, Australian Book Review, 2017 Publisher Picks 'Presser blurs the boundaries of fact and fiction in a compelling wayA wonderful and original book, told in rich, lyrically beautiful prose that is laden with history and cultural meaning.' Good Reading 'A combination of homage, mystery, family history and a sepia-toned love storyThe Book of Dirt is magnificent.' ANZ LitLovers 'A heartfelt and original attempt to bridge the ever-growing gaps between history, memory and silencelts heart beats so earnestly, and so loudWhat Presser has produced is a meditation on the ethics of storytelling, of the duties we owe to the people whose stories we tell, and to the people whose stories we don't.' Australian 'Always surprising and beautifully complex, and both deft and sensitive in its handling of its intertwined narratives and materials. It is an incredibly affecting book, one that lingers long after reading—and a remarkably assured debut.' Age 'A gripping tale of survival and an absorbing novelisation

of his family's extraordinary lives Presser fills in the gaps in his grandfather's story with vivid character studies; together with poignant black and white snapshots, he brings them evocatively to life. His poetic narrative is a perfect foil for the silences of his forbears.' Toowoomba Chronicle 'The Book of Dirt is both a loving, honest portrayal of lives that would have been erased, and an incorporation of the broader lessons of their experience into contemporary mythology. It keeps the discussion about trauma, memory, and intergenerational acts of transfer alive for those generations that follow, that risk forgetting. It is a potent achievement for a debut novel.' Navigating the Kingdom of Night

Ellen Fine's book is full of original insights, beautifully written and structured. I could not put it down. It is a very important study." -- Rosette Lamont, Queens College and Graduate School, City University of New York "By treating Wiesel's novels as literary-spiritual stages in the development of Wiesel's larger experience, as a survivor-witness-writer, Dr. Fine's book takes on an inherently dramatic character which

makes it alive and exciting as well as instructive." -- Terrence Des Pres, Colgate University "Fine clarifies Wiesel's intentions, especially illuminating the complex variations on the themes of speech and silence, fathers and sons, escape and return--in short, the ideas around which Wiesel organizes his literary universe. No one has done this before so thoroughly." -- Lawrence Langer, Simmons College

Jihad vs. McWorld is a groundbreaking work, an elegant and illuminating analysis of the central conflict of our times: consumerist capitalism versus religious and tribal fundamentalism. These diametrically opposed but strangely intertwined forces are tearing apart--and bringing together--the world as we know it, undermining democracy and the nation-state on which it depends. On the one hand, consumer capitalism on the global level is rapidly dissolving the social and economic barriers between nations, transforming the world's diverse populations into a blandly uniform market. On the other hand, ethnic, religious, and racial hatreds are fragmenting the political landscape into smaller and smaller tribal units. Jihad vs. McWorld is the term that distinguished

writer and political scientist Benjamin R. Barber has coined to describe the powerful and paradoxical interdependence of these forces. In this important new book, he explores the alarming repercussions of this potent dialectic for democracy. A work of persuasive originality and penetrating insight, *Jihad vs. McWorld* holds up a sharp, clear lens to the dangerous chaos of the post-Cold War world. Critics and political leaders have already heralded Benjamin R. Barber's work for its bold vision and moral courage. *Jihad vs. McWorld* is an essential text for anyone who wants to understand our troubled present and the crisis threatening our future.

Long Night's Journey Into Day

Bernard Lonergan is a world-renowned philosopher, methodologist, and theologian. The complexity of his work has tended to limit his accessibility to average readers. *Bringing Bernard Lonergan Down to Earth* seeks to remedy this limitation by showing how Lonergan did address problems of community life. He also broadened his interest after writing *Insight* to include a reaching into our hearts as modeled, for example, by the genius Blaise Pascal. Lonergan also sought to bridge religious divides. Here the Christian theological virtues of faith, hope, and love are indispensable but that does not curtail from Lonergan's uncanny ability to reach out to secularists by focusing on ethics. The importance of Lonergan's interdisciplinary work is signaled in the book's twelve explorations (in the concluding Part IV) that detail for interested readers his extraordinary ability to solve

major philosophical issues.

Jihad vs. McWorld

A scrupulously researched investigation of the mysterious massacre of Hopi Indians at Awat'ovi, and the event's echo through American history. The Hopi community of Awat'ovi existed peacefully on Arizona's Antelope Mesa for generations until one bleak morning in the fall of 1700—raiders from nearby Hopi villages descended on Awat'ovi, slaughtering their neighboring men, women, and children. While little of the pueblo itself remains, five centuries of history lie beneath the low rises of sandstone masonry, and theories about the events of that night are as persistent as the desert winds. The easternmost town on Antelope Mesa, Awat'ovi was renowned for its martial strength, and had been the gateway to the entire Hopi landscape for centuries. Why did kinsmen target it for destruction? Drawing on oral traditions, archival accounts, and extensive archaeological research, James Brooks unravels the story and its significance. *Mesa of Sorrows* follows the pattern of an archaeological expedition, uncovering layer after layer of evidence and theories. Brooks questions their reliability and shows how interpretations were shaped by academic, religious and tribal politics. Piecing together three centuries of investigation, he offers insight into why some were spared—women, mostly, and taken captive—and others sacrificed. He weighs theories that the attack was in retribution for Awat'ovi having welcomed Franciscan missionaries or for the residents' practice

of sorcery, and argues that a perfect storm of internal and external crises revitalized an ancient cycle of ritual bloodshed and purification. A haunting account of a shocking massacre, *Mesa of Sorrows* is a probing exploration of how societies confront painful histories, and why communal violence still plagues us today.

Night

Born into a Jewish ghetto in Hungary, as a child, Elie Wiesel was sent to the Nazi concentration camps at Auschwitz and Buchenwald. This is his account of that atrocity: the ever-increasing horrors he endured, the loss of his family and his struggle to survive in a world that stripped him of humanity, dignity and faith. Describing in simple terms the tragic murder of a people from a survivor's perspective, *Night* is among the most personal, intimate and poignant of all accounts of the Holocaust. A compelling consideration of the darkest side of human nature and the enduring power of hope, it remains one of the most important works of the twentieth century. New translation by Marion Wiesel, with a new introduction by Elie Wiesel.

Theodicy, Suffering, and Good and Evil

This book is a socio-autobiography of a young man, born in a Jewish town at the foot-hills of the Carpathian Mountains in 1925 to a devout Jewish family, and his journey through the Holocaust toward

academia in the United States. This new edition also follows his story into retirement. This book is the revelation and personal evolution of a boy born and steeped in orthodoxy who, while retaining the essence of the values into which he inducted, sought at the same time to re-interpret his original values and ideals. He takes this orthodox-particularism and seeks to reconstruct it to become a universalist view of mankind. This book is also a description of his effort to reconstruct his life which had been destroyed by Hitler's effort to make the world "Jew free." In the camps, he lost most of his family upon which the foundation of his early life was built. After the war, finding himself alone, he had to revise his plans for the future and was forced to find his way alone, in another world and another way of life. He seeks to overcome obstacles and rebuild his life, while also finding a niche for himself in a new, post-Holocaust world. Eugen Schoenfeld, shares with his readers the hardships he endured both in the camps and after liberation; of hunger and loneliness and separation from his father living behind the Iron Curtain. He invites his readers to share the various choices he had to make, to understand the reasons for his decisions, in the process of re-constructing his life. He explores the paths he had to follow in order to achieve his goal of understanding, finding the answers to the question he asked his father on the first day in Aushwitz-Birkenau: "How is possible that now, in the midst of the twentieth century, after all the great achievements in philosophy, psychology, and theology, man is still inhumane?" This book is his search for a way through which human beings can reconstruct themselves, can cease living merely as

human beings and evolving into humane beings.

The Jews of Silence

The number of books and articles dealing with various aspects of World War II has increased at a phenomenal rate since the end of the hostilities. Perhaps no other chapter in this bloodiest of all wars has received as much attention as the Holocaust. The Nazis' program for the "Final Solution of the Jewish Question" - this ideologically conceived, diabolical plan for the physical liquidation of European Jewry - has emerged as a subject of agonizing and intense interest to laypersons and scholars alike. The centrality of the Holocaust in the study of the Third Reich and the Nazi phenomenon is almost universally recognized. The source materials for many of the books published during the immediate postwar period were the notes and diaries kept by many camp and ghetto dwellers, who were sustained during their unbelievable ordeal by the unusual drive to bear witness. These were supplemented after the liberation by a large number of personal narratives collected from survivors all over Europe. Understandably, the books published shortly after the war ended were mainly martyrological and lachrymological, reflecting the trauma of the Holocaust at the personal, individual level. These were soon followed by a considerable number of books dealing with the moral and religious questions revolving around the role of the lay and spiritual leaders of the doomed Jewish communities, especially those involved in the Jewish Councils, as well as God'

s responsibility toward the "chosen people.

My Reconstructed Life

The narrative of a boy who lived through Auschwitz and Buchenwald provides a short and terrible indictment of modern humanity.

The Finkler Question

An autobiographical narrative, in which the author describes his experiences in Nazi concentration camps.

Cilka's Journey

Mesa of Sorrows: A History of the Awat'ovi Massacre

Three boys struggle to come to terms with the death of a friend in a drunk-driving auto accident in which all four were involved, in a story told through newspaper stories, diary entries, school announcements, telephone conversations, and classroom assignments.

A Thousand Darkesses

In the fall of 1965 the Israeli newspaper Haaretz sent a young journalist named Elie Wiesel to the Soviet Union to report on the lives of Jews trapped behind the Iron Curtain. "I would approach Jews who had

never been placed in the Soviet show window by Soviet authorities,” wrote Wiesel. “They alone, in their anonymity, could describe the conditions under which they live; they alone could tell whether the reports I had heard were true or false—and whether their children and their grandchildren, despite everything, still wish to remain Jews. From them I would learn what we must do to help . . . or if they want our help at all.” What he discovered astonished him: Jewish men and women, young and old, in Moscow, Kiev, Leningrad, Vilna, Minsk, and Tbilisi, completely cut off from the outside world, overcoming their fear of the ever-present KGB to ask Wiesel about the lives of Jews in America, in Western Europe, and, most of all, in Israel. They have scant knowledge of Jewish history or current events; they celebrate Jewish holidays at considerable risk and with only the vaguest ideas of what these days commemorate. “Most of them come [to synagogue] not to pray,” Wiesel writes, “but out of a desire to identify with the Jewish people—about whom they know next to nothing.” Wiesel promises to bring the stories of these people to the outside world. And in the home of one dissident, he is given a gift—a Russian-language translation of *Night*, published illegally by the underground. “‘My God,’ I thought, ‘this man risked arrest and prison just to make my writing available to people here!’ I embraced him with tears in my eyes.”

The Shoah on Screen

In 2011, Amy T Matthews published *End of the Night Girl*, a novel which engages creatively with questions

of identity politics and the ethics of fictionalising the Holocaust. Navigating the Kingdom of Night is a critical exegesis in which the author contextualises End of the Night Girl in terms of the critical debate surrounding Holocaust fiction.

Confessing Christ in a Post-Holocaust World

"He should have seen it coming. His life had been one mishap after another. So he should have been prepared for this one" Julian Treslove, a professionally unspectacular and disappointed BBC worker, and Sam Finkler, a popular Jewish philosopher, writer and television personality, are old school friends. Despite a prickly relationship and very different lives, they've never quite lost touch with each other - or with their former teacher, Libor Sevick, a Czechoslovakian always more concerned with the wider world than with exam results. Now, both Libor and Finkler are recently widowed, and with Treslove, his chequered and unsuccessful record with women rendering him an honorary third widower, they dine at Libor's grand, central London apartment. It's a sweetly painful evening of reminiscence in which all three remove themselves to a time before they had loved and lost; a time before they had fathered children, before the devastation of separations, before they had prized anything greatly enough to fear the loss of it. Better, perhaps, to go through life without knowing happiness at all because that way you had less to mourn? Treslove finds he has tears enough for the unbearable sadness of both his friends' losses. And it's that very

evening, at exactly 11:30pm, as Treslove hesitates a moment outside the window of the oldest violin dealer in the country as he walks home, that he is attacked. After this, his whole sense of who and what he is will slowly and ineluctably change. The Finkler Question is a scorching story of exclusion and belonging, justice and love, ageing, wisdom and humanity. Funny, furious, unflinching, this extraordinary novel shows one of our finest writers at his brilliant best.

Bringing Bernard Lonergan Down to Earth and into Our Hearts and Communities

'Some things are just sitting there, minding their own business, waiting to be discovered. Like America. And other things are probably better off left alone' Nine-year-old Bruno has a lot of things on his mind. Who is the 'Fury'? Why did he make them leave their nice home in Berlin to go to 'Out-With' ? And who are all the sad people in striped pyjamas on the other side of the fence? The grown-ups won't explain so Bruno decides there is only one thing for it - he will have to explore this place alone. What he discovers is a new friend. A boy with the very same birthday. A boy in striped pyjamas. But why can't they ever play together? **BACKSTORY:** Read an interview with the author JOHN BOYNE and learn all about the Second World War in Germany.

Tears of a Tiger

"The author has built knowledge into artistic

fiction."—The New York Times Book Review Elisha is a young Jewish man, a Holocaust survivor, and an Israeli freedom fighter in British-controlled Palestine; John Dawson is the captured English officer he will murder at dawn in retribution for the British execution of a fellow freedom fighter. The night-long wait for morning and death provides Dawn, Elie Wiesel's ever more timely novel, with its harrowingly taut, hour-by-hour narrative. Caught between the manifold horrors of the past and the troubling dilemmas of the present, Elisha wrestles with guilt, ghosts, and ultimately God as he waits for the appointed hour and his act of assassination. Dawn is an eloquent meditation on the compromises, justifications, and sacrifices that human beings make when they murder other human beings.

Ultimate Reality and Meaning

Collection of critical essays about Elie Wiesel's Holocaust memoir, *Night*.

Elie Wiesel

Long Night's Journey into Day is a controversial and stimulating attempt to deal with the impact of the Holocaust within the framework of modern-day Christian and Jewish thought. In this enlarged and revised edition, authors Alice and Roy Eckardt probe the moral, theological, historical, and political issues raised for Christians and Jews by the event. In addition, they take into account contemporary topics such as the significance and aftermath of Bitburg and the remarkable statement of the Rhineland Synod of

the German Evangelical Church

Night - Elie Wiesel

Hope is the leitmotiv of Jurgen Moltmann's theology. Not merely one aspect of his project, hope is the whole of it, the supreme doctrine interpenetrating all others. Indeed, hope is his method. The present study is both historical and developmental while also being analytical and interrogative. This chronological exploration seeks to show the nature, composition, and development of Moltmann's doctrine of hope, as the distinctive doctrine of his theology, implicating all others. Part I establishes Moltmann's doctrine of hope as grounded in God's faithfulness in the cross and resurrection. Part II investigates major doctrines in his project in light of this ground. This design seeks to take advantage of the chronological approach while also integrating the best elements of a topical approach.

O, Jerusalem!

It has been widely accepted that few individuals had as great an influence on the church and its theology during the twentieth century as Karl Barth (1886-1968). His legacy continues to be explored and

explained, with theologians around the world and from across the ecumenical spectrum vigorously debating the doctrinal ramifications of Barth's insights. What has been less readily accepted is that the Holocaust of the Jews had an equally profound effect, and that it, too, entails far-reaching consequences for the church's understanding of itself and its God. In this groundbreaking book, Barth and the Holocaust are brought into deliberate dialogue with one another to show why the church should heed both their voices, and how that may be done.

Sages and Dreamers

From the author of the multi-million copy bestseller *The Tattooist of Auschwitz* comes a new novel based on a riveting true story of love and resilience. Her beauty saved her — and condemned her. Cilka is just sixteen years old when she is taken to Auschwitz-Birkenau Concentration Camp in 1942, where the commandant immediately notices how beautiful she is. Forcibly separated from the other women prisoners, Cilka learns quickly that power, even unwillingly taken, equals survival. When the war is over and the camp is liberated, freedom is not granted to Cilka: She is charged as a collaborator for sleeping with the enemy and sent to a Siberian prison camp. But did she really have a choice? And where do the lines of morality lie for Cilka, who was sent to Auschwitz when she was still a child? In Siberia, Cilka faces challenges both new and horribly familiar, including the unwanted attention of the guards. But when she meets a kind female doctor, Cilka is taken

under her wing and begins to tend to the ill in the camp, struggling to care for them under brutal conditions. Confronting death and terror daily, Cilka discovers a strength she never knew she had. And when she begins to tentatively form bonds and relationships in this harsh, new reality, Cilka finds that despite everything that has happened to her, there is room in her heart for love. From child to woman, from woman to healer, Cilka's journey illuminates the resilience of the human spirit—and the will we have to survive.
