Personal Best

When sixteen-year old Jacey Adison's parents tell her they must move again, she has never questioned their life style. Until now When Jacey was two, her parents fled the protection of their birthplace, the mystical dimension of Nemele. Leaving was the only solution her parents believed might allow them to keep their family together and alive. The Adisons have been running from a sect of iniquitous beings from Nemele who covet Jacey. Her parents have repressed their adversaries' relentless tracking efforts by not utilizing their own mystical powers. They have chosen to conceal themselves within the only realm they knew they'd be able to survive. They are living under their self-imposed powerless sanctions on Earth, which constitutes the nineteenth nation of Nemele. Her parents have never revealed their true identities to Jacey, consequently keeping her true lineage and unique birthright from her. Jacey's family has pretended to be non-magical humans as a ploy to prevent an ancient omnipotent entity from killing more innocent beings in its relentless quest to possess Jacey. Nemele's inhabitants have been the elemental architectural guides of a number of nations throughout the cosmos. As Elemental Governors, they've influenced the evolution of eighteen other realms throughout the galaxy. Air, earth, wind, fire and water are gifted to each member within the Nemelite Society. It is during their Awakening, or adolescent stage of development, that their talents emerge. Every legend, myth and folklore human beings have believed in and have worshiped since the beginning of time originate within Nemele. Representatives from each of the nineteen nations form the Guild of Elders, a federation to oversee and rule Nemele. From Greek Gods to shape -shifting dragons, all exist. Born as an anomaly, Jacey possesses rare abilities that both virtuous and corrupt entities seek to use as their own. Should either side prevail, Jacey may be the saviour or downfall of every world within Nemele's domains. Blindly thrust into

life and death situations, Jacey learns of her true powers within her dreaming and conscious states.

Promptings

The Road to Key West

In August of 1971, Kansas Stamps and Will Bell set out to simply become commercial divers in the Florida Keys, but they encounter a parade of bizarre characters, from part-time pirates and heartless larcenists, to wacky Jamaican soothsayers and a handful of drug smugglers. Adding even more flavor to this Caribbean brew is a complicated romance, and a pre-antediluvian artifact created by a distant congregation who truly understood the term "pyramid power." Original.

The Old Road (from Canterbury to Winchester)

The Days Before

The Bolinas-Fairfax Road

The legendary 1951 scroll draft of *On the Road*, published word for word as Kerouac originally composed it Though Jack Kerouac began thinking about the novel that was to become *On the Road* as early as 1947, it was not until three weeks in April 1951, in an apartment on West Twentieth Street in Manhattan, that he wrote the first full draft that was satisfactory to him. Typed out as one long, single-spaced paragraph on eight long sheets of tracing paper that he later taped together to form a 120 foot scroll, this document is among the most significant, celebrated, and provocative artifacts in contemporary American literary history. It represents the first full expression of Kerouac's revolutionary aesthetic, the identifiable point at which his thematic vision and narrative voice came together in a sustained burst of creative energy. It was also part of a wider vital experimentation in the American literary, musical, and visual arts in the post-World War II period. It was not until more than six years later, and several new drafts, that Viking published, in 1957, the novel known to us today. On the occasion of the fiftieth anniversary of *On the Road*, Viking will publish the 1951 scroll in a standard book format. The differences between the two versions are principally ones of significant detail and altered emphasis. The scroll is slightly longer and has a heightened linguistic virtuosity and a more sexually frenetic tone. It also uses the real names of Kerouac's friends instead of the fictional names he later invented for them. The transcription of the scroll was done by Howard Cunnell who, along with Joshua Kupetz, George Mouratidis, and Penny Vlagopoulos, provides a critical introduction that explains the fascinating compositional and publication history of *On the Road* and anchors the text in its historical, political, and social context.

Trod the Stony Road

With a supernatural undercurrent, *The Fourth Marker* is the story of an elderly man, Gabriel Townsend, whose spirit is being crushed between the metaphoric anvil of his pragmatic views and the falling hammer of his wife's pending death. The story revolves around a family, the Townsends, whose heritage is partly Native American. The United States' Indian Removal Act of 1830, which resulted in the Trail of Tears episode in American history, required all indigenous people, with few exceptions, to leave their tribal lands in the southeast and east, along the eastern seaboard. Some Lenape (Delaware) tribal members on the Delmarva Peninsula as well as other areas in the east, defied the government and remained on their

ancestral lands, hiding from authorities in the Great Pocomoke Forest, outlying islands, and swamps on the southern peninsula. A conscious decision to "hide in plain sight" or not, they eventually intermarried and bred with local whites, African-Americans, and mulattoes. Many families whose ties to Delmarva date back a hundred years or more share a heritage with those aboriginal people; however, the prejudice and racial bias of a bygone era caused many to ignore – even deny – their lineage. In the story, while a child on the family farm during the Great Depression, Gabe Townsend rejected legends of his Native American ancestors and ignored miraculous cures of family members. Gabe's half-breed grandfather, Noopah, tried to teach him tribal legends and the old ways, explaining that, after most Indians had been killed or driven from their lands by the Army and settlers, tribal elders returned to their lands in spirit form after their deaths. They dwelled at a sacred hill on the family's land and protected their descendants from early death and white man's diseases. During those years, three family members were cured of life-threatening diseases, but Gabe's mother blindly credited their recoveries to the nascent field of modern medicine. After each recovery, a person of evil character and not of tribal blood disappeared, followed by the mysterious appearance of a wood marker on the sacred tribal hill. Yet, despite those events and Noopah's words, Gabe adhered to his mother's intractable views. Now facing the loss of his wife, he relives his childhood memories, guided by the spirit of his grandfather from beyond – well beyond – the grave. Finally understanding the truth of long ago, he decides to beg the tribal spirits to take his life in exchange for his wife's, aware that a fourth marker would signify his own life – and death. As Gabe's father noted, "some understand only what they see; others see only what they understand." The Fourth Marker highlights this most human of vices against the backdrop of Native American legends with ample helpings of farm life during the Great Depression.

INSTANT NEW YORK TIMES BEST SELLER LONGLISTED FOR THE BOOKER PRIZE “If ever there was a perfect time for a new Anne Tyler novel, it’s now.” —People “Tyler's novels are always worth scooping up—but especially this gently amusing soother, right now.” —NPR From the beloved Anne Tyler, a sparkling new novel about misperception, second chances, and the sometimes elusive power of human connection. Micah Mortimer is a creature of habit. A self-employed tech expert, superintendent of his Baltimore apartment building, cautious to a fault behind the steering wheel, he seems content leading a steady, circumscribed life. But one day his routines are blown apart when his woman friend (he refuses to call anyone in her late thirties a "girlfriend") tells him she's facing eviction, and a teenager shows up at Micah's door claiming to be his son. These surprises, and the ways they throw Micah's meticulously organized life off-kilter, risk changing him forever. An

intimate look into the heart and mind of a man who finds those around him just out of reach, and a funny, joyful, deeply compassionate story about seeing the world through new eyes, *Redhead by the Side of the Road* is a triumph, filled with Anne Tyler's signature wit and gimlet-eyed observation.

Readers will feel they know someone just like the characters in this timely novel on social status and social media. Steen Sand, CEO of Stensure Networks, is the head honcho at an IT firm that's developed an Internet service to monitor, compute, and publish people's social status. His chief operating officer, Irene Lund, serves as his muse. He needs her to be part of his world, or he can't achieve anything of significance. But does she feel the same? Chief financial officer, Michael Jensen, is a hard-core pessimist who has learned the hard way not to speak up against the status quo, in spite of his natural inclination to do so. Jensen's a numbers guy. He relates to spreadsheets better than he does to people. Will this cost him in the end? Louise Hald, chief marketing officer, joined Stensure's management team after leaving her post as an assistant professor at a business school. She's beginning to wonder if she'll ever move past the "assistant" part in the eyes of her coworkers. What can she do to ensure she gets ahead? And then there's Sophie Bech. She's made the long trip back to Denmark from South Africa for her own private reasons, and everything looks different to her now. She wonders what her return will hold for her. Was it a mistake? Will her fresh set of eyes-and values-help or hinder the team? Reductionism-understanding complex things by reducing them to fundamental parts and interactions-comes up against social status, so subtle, intricate, and sought-after, in this intriguing modern-day novel. Will these characters-and their supporting players-make the changes they need to survive in today's world? Or will they succumb to the allure of using easy but underhanded methods to get ahead?

End of the Road

Do you frequently find yourself asking, "Why?" This book will, prayerfully, prompt you to see God acting in every circumstance in your life, from the mundane to the monumental; to appreciate that the Creator does, indeed, cause "all things [to] work for good to them that love God, to them who are called according to His purpose." (Romans 8:28) Through prose and poems based on personal experiences, the author shares pieces of her journey through faith-building events. If you have trouble focusing on God and His agenda, this book will sharpen your vision and lead you to reconsider God's purpose for the events in which you may find yourself involved on a daily basis.

On the Old Road, Vol. 2 (of 2)

Robert Coover's imagination blisteringly combines the sinister and the hilarious - in writing both wildly energetic and cruelly vaudevillian. In these three short stories, he conjures macabre scenes of a troubled circus romance, of a brutally comic traffic accident, and of a single night of babysitting where every hope or threat of violence or sex is done and undone.

Romance of the Thin Man and the Fat Lady

The Bolinas-Fairfax Road is unquestionably one of the most scenic roads anywhere. Its hundreds of serpentine turns wind from Fairfax in Marin County, just north of San Francisco, through redwood forests and grassy meadows along sparkling Alpine Lake, climbing a steep mountain ridge to sweeping views of the ocean, before plunging down to Bolinas on the Pacific coast. Beloved by photographers and those who make car commercials, it has been a popular drive for stagecoaches, cars, motorcycles, and bicycles for almost 140 years. It also provides access to scores of popular hiking trails and the heights of Mount Tamalpais. While the road is well known to locals, few know its history - when and why it was built, and by whom. They do not know that it did not originally go to Fairfax at all, but to San Rafael. Built in 1878 by Chinese laborers, it was the subject of anti-Asian vigilante threats. It had extensions to San Rafael and the summit of Mount Tamalpais. A whole series of stagecoach lines, driven by skilled and remarkable characters, provided a crucial transportation link across the county. Intimately tied to the history of Marin County and its water wars, the road was rerouted many times as dams and reservoirs were built. It was also the scene of runaway coaches, landslides, bridge collapses, forest fires, earthquakes, overturns, holdups, and encounters with bears and enraged stags. Compiled and meticulously researched by local historian Brian K. Crawford, with ample assistance by many librarians and historians, this book tells the remarkable story of this spectacular road. Illustrated with many maps and historical photographs, and

directions on visiting the historic sites along the road.

The Portable Beat Reader

Wyatt Earp, the Gunfight near the O.K. Corral, and related events happened in the larger context of an area in turmoil. The Tombstone Mining District was a fluid area, filled with hard working settlers, some of the nations best mining engineers, and some of the nations worst criminals. The Tombstone saga and its greatest conflicts were linked to incidents outside of Tombstone. A shooting near Drew's Station, drew Wyatt Earp more closely into conflict with the local outlaw element. This in turn would set in motion a chain of events that would in part lead to the West's most famous gunfight, the Gunfight near the O.K. Corral. The Earps were brought into court at Contention City over the shootings in Tombstone. The all important history of Drew's Station, Contention City, and Fairbank, Arizona Territory are now revealed for the first time ever. Heavily documented and thoroughly researched, many misconceptions about this portion of the wild west are brought to light, and a great deal of previously unpublished research is now available for the first time, bringing to light the key stories of these key locations along the road to Tombstone.

Terminal Velocity

NATIONAL BESTSELLER WINNER OF THE PULITZER PRIZE The searing, post-apocalyptic novel about a father and son's fight to survive. A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and

the tenderness that keeps two people alive in the face of total devastation.
