Self Building an Islamic Guide for Spiritual Migration Towards God

The Secrets of the Self is a book-length, philosophical poem rooted in metaphysical thought and ideology, as well as Islamic theology. Originally published in 1915, the poem speaks of the "Self" in relation to the universe, how it is the inner power and soul of each individual human. It instructs on how to improve the Self through Love and willpower, which can then help one control the forces within the universe. The poem includes stories that illustrate its points and promotes the spread of Islamic ideals. MUHAMMAD IQBAL (1877-1938) was a poet, prophet, and politician in British India. Born in Sialkot, Punjab, Iqbal converted to Islam with his family as a child. He studied literature and law at Cambridge, Munich, and Heidelberg before starting his own law practice and concentrating on his scholarly writing, which he authored primarily in Persian. Many of Iqbal's works promote Islamic revival, especially in South Asia, and he was a well-known leader of the All India Muslim League. Today, he is recognized as the official poet of Pakistan, and his birthday is celebrated as a national holiday.

SALAT : AN ISLAMIC YOGA & MEDITATION

They Must Be Stopped is New York Times bestselling author Brigitte Gabriel's warning to the world: We can no longer ignore the growth of radical Islam--we must act soon, and powerfully. Gabriel challenges our western and politically-correct notions about Islam, demonstrating why radical Islam is so deadly and how

we can halt its progress. Brigitte Gabriel speaks her mind: *Fundamentalist Islam is a religion rooted in 7th century teachings that are fundamentally opposed to democracy and equality. *Radical Islamists are utterly contemptuous of all "infidels" (non-Muslims) and regard them as enemies worthy of death. *Madrasahs in America are increasing in number, and they are just one part of a growing radical Islamic army on US soil. *Radical Islam exploits the US legal system and America's protection of religion to spread its hatred for western values. *America must organize a unified voice that says "enough" to political correctness, and demands that government officials and elected representatives do whatever is necessary to protect us. Brigitte Gabriel has fearlessly faced down critics, death threats, and political correctness, and is one of the most sought after terrorism experts in the world. They Must Be Stopped is her clarion call to action. Gabriel thoroughly addresses the historical and religious basis of radical Islam, its frightening encroachment into societies around the world, and its abuses of democracy in the name of religion.

Bin Laden, Islam, & America's New War on Terrorism

Shaikh Muhammad al-Tahir ibn Ashur is the most renowned Zaytuna Imam and one of the great Islamic scholars of the 20th century. The publication of this translation of Shaikh Ibn Ashur's *Treatise on Maqasid al-Shari'ah* is a breakthrough in studies on Islamic law in the English language. In this book, Ibn Ashur proposed *Maqasid* as a methodology for the renewal of the theory of Islamic law, which has not undergone any serious development since the era of the great imams. Ibn Ashur -

quite courageously – also addressed the sensitive topic of the intents/Maqasid of Prophet Muhammad (SAAS) behind his actions and decisions. He introduced criteria to differentiate between the Prophetic traditions that were meant to be part of Islamic law and the Prophetic actions/ sayings that were meant to be for the sake of specific purposes such as political leadership, court judgment, friendly advice, and conflict resolution. But Ibn Ashur's most significant contribution in this book has been the development of new Maqasid by coining new, contemporary, terminology that were never formulated in traditional usul al-fiqh. For example, Ibn Ashur developed the theory of the 'preservation of lineage' into 'the preservation of the family system', the 'protection of true belief' into 'freedom of beliefs', etc. He also introduced the concepts of 'orderliness', 'natural disposition', 'freedom', 'rights', 'civility', and 'equality' as Maqasid in their own right, and upon which the whole Islamic law is based. This development opens great opportunities for Islamic law to address current and real challenges for Muslim societies and Muslim minorities.

Lebanese scholar As'ad AbuKhalil examines the roots of the September 11 crisis, the causes for antipathy toward the United States, and the historical relations between the U.S. and the Islamic world. AbuKhalil also reviews the background of U.S. entanglement with the Middle East, and how it catalyzed militant fundamentalist networks that came to perceive the United States as an enemy. Beginning with an introduction on the legacy of Western misconceptions about Islam and Arabs, the book focuses on Islamic fundamentalism and U.S. foreign policy, and the way both polarize the world into a "good and evil" "with us or against us" view. Drawing heavily from Arabic language sources, AbuKhalil discusses the rise of Osama bin Laden and al-Qaeda, the Saudi connection, the Arab-Israeli conflict, Afghanistan, Pakistan, and the regional implications of the American "War On Terrorism."
