Emotional Intelligence For Dummies

Emotional intelligence, the awareness of and ability to manage one's emotions in a healthy and productive manner, is central to Daniel Goleman's groundbreaking work of the last decade. Today, authors Mulle and Feldman, take the concept to the layperson - teaching that emotional awareness is a direct key to personal and professional success. This new title by ASTD Press, will help individuals at all levels understand how emotions have a direct and profound effect on how well he or she performs on the job and life.

Working With Emotional Intelligence

Expressing painful emotions is hard--yet it can actually improve our mental and physical health. This lucid, compassionate book has introduced tens of thousands of readers to expressive writing, a simple yet powerful self-help technique grounded in scientific research. Leading experts James W. Pennebaker and Joshua M. Smyth describe how taking just a few minutes to write about deeply felt personal experiences or problems may help you: *Heal old emotional wounds *Feel a greater sense of well-being *Decrease stress *Improve relationships *Boost your immune system Vivid stories and examples yield compelling insights into secrets, self-disclosure, and the hidden price of silence. The third edition incorporates findings from hundreds of recent studies and includes practical exercises to help you try expressive writing for yourself. It features extensive new information on specific health benefits, as well as when the approach may not be helpful.

EQ, Applied

"Wish you knew exactly what to say in awkward social situations? Do you want a formula for charisma? Do you want to know exactly what to say to your boss, your date, or your mother-in-law? You need to know how people work. As a human behavior investigator, Vanessa Van Edwards studies the hidden forces that drive our behavior patterns in her lab--and she's cracked the code. In *Captivate* she shares a wealth of valuable shortcuts, systems and behavior hacks for taking charge of their interactions at work, at home, and in any social situation. These aren't the people skills you learned in school. This is the first comprehensive, science backed, real life manual on human behavior and a completely new approach to building connections. Just like knowing the right formulas to use in chemistry, or the right programming language to write code, the hacks in this book are simple ways to solve for people. For example: -The Social Game Plan: Every party, networking event and social situation has a predictable map - discover how to work a room and the sweet spot for making the most connections. -The 7 Microexpressions: Learn how to speed-read the 7 universal facial expressions and how they can be used to predict people's emotions. -Conversation Sparks: All conversations can be hacked--if you know how certain words generate dopamine in the people you meet. When you understand the laws of human behavior you can get along with anyone, and your influence, impact, and income will increase as a result. What's more, you will improve your interpersonal intelligence, make a killer first impression, and build rapport quickly and authentically in any situation--negotiations, interviews, parties, and pitches. You will never interact in the same way again"--

The Big Book of Conflict Resolution Games: Quick, Effective Activities to Improve Communication, Trust and Collaboration

Make workplace conflict resolution a game that EVERYBODY wins! Recent studies show that typical managers devote more than a quarter of their time to resolving coworker disputes. The Big Book of Conflict-Resolution Games offers a wealth of activities and exercises for groups of any size that let you manage your business (instead of managing personalities). Part of the acclaimed, bestselling Big Books series, this guide offers step-by-step directions and customizable tools that empower you to heal rifts arising from ineffective communication, cultural/personality clashes, and other specific problem areas—before they affect your organization's bottom line. Let The Big Book of Conflict-Resolution Games help you to: Build trust Foster morale Improve processes Overcome diversity issues And more Dozens of physical and verbal activities help create a safe environment for teams to explore several common forms of conflict—and their resolution. Inexpensive, easy-to-implement, and proved effective at Fortune 500 corporations and mom-and-pop businesses alike, the exercises in The Big Book of Conflict-Resolution Games delivers everything you need to make your workplace more efficient, effective, and engaged.

Specially created exercises, using the tools of NLP, hypnotherapy and cognitive psychology, will help you to boost your emotional intelligence so that you can reach your potential in any situation.? "

The Other Kind of Smart

As the first science-based introduction to the topic, this latest addition to The Psych 101 Series discusses one of the most pivotal new psychological concepts of the twenty-first century: emotional intelligence (EI). Concise yet comprehensive, it provides a critical but balanced account of this new research area, emphasizing what psychologists can learn from the emerging science of EI and how it may help treat mental illness and delinquency, among other issues. An appropriate text for students and practitioners alike, it presents an even-handed appraisal of EI programs, focusing on both their potential and their limitations. Key Features: Discusses how EI can improve student learning and enhance key work skills such as communication and teamwork Covers key research issues, including methods for measuring EI, its overlap with conventional ability and personality traits, and the validity of testing for EI Reviews applied studies and the contribution that research on EI may make to address real-world personal and societal problems Examines the main conceptual, measurement, and research issues identified in various lines of research, most conducted within the last ten years

Primal Leadership

Annotation.

Captivate

Develop and strengthen essential emotional intelligence skills in adolescents with this practical, hands-on resource. Developing emotional intelligence (EQ) in students is essential to preparing them for success in college, careers, and adult life. This practical resource for educators explains what emotional intelligence is and why it's important for all students. The book lays out detailed yet flexible guidelines for teaching fundamental EQ in an intentional and focused way. The core of the book is a series of thirty hands-on lessons, each focusing on critical EQ concepts and centered around productive and respectful discussion. These research-based lessons are designed to take approximately thirty-five minutes each, but they can easily be adapted to meet the specific needs of a school or group. Digital content includes reproducible forms.

The Emotional Intelligence Workbook: Teach Yourself

With a growing body of research showing that Emotional Intelligence is one of the key indicators of success, smart hiring managers know that choosing employees based on their EQ makes sense. What they don't know is the best way to do it. The EQ Interview gives readers the skills and understanding they need to assess candidates' emotional intelligence and ensure that they're the right fit for the job. This practical guide explains the five areas of emotional intelligence, and how these competencies enhance job performance. The book then arms interviewers with more than 250 behavior-based questions specially formulated to help determine how applicants have used their EQ in past experiences. Readers will learn how they can analyze and interpret answers to predict future success, and even spot "EQ frauds" to avoid costly hiring mistakes. Filled with insightful examples, this is the one book that shows readers how to factor emotional intelligence into their hiring process.

The Emotional Intelligence Activity Book

Most managers, supervisors, and team leaders realize the importance of team-building, but just can't seem to find the time in their busy schedules. More Quick Team-Building Activities for Busy Managers provides the solution! The book contains 50 all-new exercises that can be conducted in 15 minutes or less, and which require no special facilities, big expense, or previous training experience.

Bookmark File PDF Quick Emotional Intelligence Activities For Busy Managers 50 Team Exercises That Get Results In Just 15 Minutes

Each activity is presented in just a few short pages with all the relevant information including a list of materials needed, the purpose of the exercise, and handy tips for success, all highlighted for easy reference. Readers will find fun and effective activities for: * building new teams and helping teams with new members * finding creative ways to work together and solve problems * increasing and improving communication * keeping competition healthy and productive within the team * dealing with change and its effects: anger, fear, frustration * and more. The book also includes special guidance for "virtual teams," whose members are in different locations but must work as a unit. For anyone charged with the task of bringing teams together, this book is the answer.

What We Know about Emotional Intelligence

Imagine what would happen if you could quickly elevate the EQ score of everyone in your organization. Profitability, retention, and customer satisfaction would soar! Studies prove that emotional intelligence--knowing how to manage emotions, empathize, build relationships, and more--drives performance. But how do you get naturally resistant people to practice new ways of thinking? Trainers, coaches, and organizational development professionals can now break through and trigger lasting EQ improvements. The fifty original activities in The Emotional Intelligence Activity Kit help: Promote introspection * Increase empathy * Improve social skills * Boost personal influence * Inspire purpose * Bring everyone on board * Make learning stick From setup instructions to debriefing questions, these simple exercises are quick to deploy and target key areas that benefit most from EQ training: leadership, project management, customer service, teamwork, sales, and more. Know-it-all bosses, overcompetitive colleagues, or leaders who rarely leave their offices--common EQ problems such as these damage not just camaraderie, but also results. Fix them fast, and create thriving, successful organizations.

Emotional Intelligence 101

REVISED AND UPDAT ED WITH NEW RESEARCH INTO EQ AND PERSONAL AND CAREER SUCCESS What is the formula for success at your job? As a spouse? A parent? A Little League baseball coach or behind the bench of a minor hockey team? What does it take to get ahead? To separate yourself from the competition? To lead a less stressful and happier existence? To be fulfilled in personal and professional pursuits? What is the most important dynamic of your makeup? Is it your A) intelligence quotient? or B) emotional quotient? If you picked "A", you are partly correct. Your intelligence quotient can be a predictor of things such as academic achievement. But your IQ is fixed and unchangeable. The real key to personal and professional growth is your emotional intelligence quotient, which you can nurture and develop by learning more about EQ from the international bestseller The EQ Edge. Authors Steven J. Stein and Howard E. Book show you how the dynamic of emotional intelligence works. By understanding EQ, you can build more meaningful relationships, boost your confidence and optimism, and respond to challenges with enthusiasm--all of which are essential ingredients of success. The EQ Edge offers fascinating--and sometimes surprising--insights into what it takes to be a top law-enforcement officer, lawyer, school principal, student, doctor, dentist or CEO. You will learn what the top EQ factors are across many different kinds of jobs, from business managers and customer service representatives to HR

Bookmark File PDF Quick Emotional Intelligence Activities For Busy Managers 50 Team Exercises That Get Results In Just 15 Minutes

professionals and public servants. The EQ Edge will help you determine which personnel are the right fit for job opportunities and who among your staff are the most promising leaders and drivers of your business. And because all of us have other roles—parent, spouse, caregiver to aging parents, neighbor, friend—The EQ Edge also describes how everyone can be more successful in these relationships. "Finally, a practical and usable guide to what emotional intelligence is all about. This book peels the onion on what EQ really is and teaches the reader to assess their own EQ and how to increase it. This is the holy grail for career success."—Michael Feiner, Professor, Columbia Graduate School of Business and author of *The Feiner Points of Leadership*

Put Emotional Intelligence to Work

With *Search Inside Yourself*, Chade-Meng Tan, one of Google's earliest engineers and personal growth pioneer, offers a proven method for enhancing mindfulness and emotional intelligence in life and work. Meng's job is to teach Google's best and brightest how to apply mindfulness techniques in the office and beyond; now, readers everywhere can get insider access to one of the most sought after classes in the country, a course in health, happiness and creativity that is improving the livelihood and productivity of those responsible for one of the most successful businesses in the world. With forewords by Daniel Goleman, author of the international bestseller *Emotional Intelligence*, and Jon Kabat-Zinn, renowned mindfulness expert and author of *Coming To Our Senses*, Meng's *Search Inside Yourself* is an invaluable guide to achieving your own best potential.

The EQ Difference

Emotional Intelligence in Action shows how to tap the power of EI through forty-six exercises that can be used to build effective emotional skills and create real change. The workouts are designed to align with the four leading emotional intelligence measures—EQ-I or EQ-360, ECI 360, MSCEIT, and EQ Map, —or can be used independently or as part of a wider leadership and management development program. All of the book's forty-six exercises offer experiential learning scenarios that have been proven to enhance emotional intelligence competencies.

Emotional Intelligence In Action

Every team needs a regular dose of team spirit to function at its best. That's why managers turn to these easy and effective activities for building camaraderie and cohesion. Now in its second edition, *Quick Team-Building Activities for Busy Managers* addresses the problems that drag down group productivity and helps teams: Collaborate successfully * Cope with change * Solve problems * Communicate better * Boost creativity * Leverage diversity * Nurture healthy competition * And more Each of the 50 exercises takes just minutes to prep, and most call for everyday items like pens or paper clips. No elaborate training sessions or prepared presentations required. Simply scan the instructions explaining how to run the session, what problems might crop up, and which questions to ask to drive the lessons home. The results are immediate: sullen

teams find sparkle, nervous teams gain confidence, teams of strangers get to know one another. New and updated activities get everyone, including virtual teams, working together with purpose and a little bit of fun-fifteen minutes of the workday very well spent!

The Emotional Intelligence Activity Book

Become Emotionally Smarter with a Practical Approach! Emotional intelligence has been a buzzword in the personal growth industry and in high-level corporate recruitment strategies since 1995, when Daniel Goleman used the term for his book title and topic. As we would say today, his use of it "went viral" immediately, in the world of business and mental health in particular. Often abbreviated as "EQ", emotional intelligence is the personal ability you have to recognize and label your own emotions and feelings, and to use this information to steer your thinking and behavior in the desired direction. Whether you are looking to climb the career ladder with ease, thrive during social events or simply feel more at peace with yourself, a well-developed EQ is absolutely critical. During the course of this book, we will take a look at the current knowledge surrounding the subject, as well as how you can vastly improve your own emotional intelligence with a series of simple, practical exercises. You will learn about: - How to observe and analyze your emotions at any given moment. - How to connect more easily with people and build strong and lasting relationships. - How your body reacts to your various emotional states. - How to release unwanted and potentially destructive emotions. - "Thought traps" and how to deal with them. - Mindfulness and its role in developing EQ. - How to improve your EQ in everyday environments. - How having a higher emotional intelligence will benefit your life. And more!

50 Activities Emotional Intelligence L1

Being aware of and in control of your emotions is one of the keys to success in life -- both professionally and personally. Emotional Intelligence For Dummies will show you how to take control of your emotions rather than letting your emotions control you! Discover how developing your emotional intelligence can further your relationships with others, in the workplace and at home. Emotional awareness is also a critical skill for career success, and Dr. Stein provides practical exercises for developing this skill and achieving your professional and personal goals. He also provides valuable insights into how emotional intelligence can be applied to raising children and teenagers and realizing personal happiness. Full of lively anecdotes and practical advice, Emotional Intelligence For Dummies is the ideal book for anyone who wants to get smart about their feelings and reach the next level at work and at home. Manage your emotions - identify your feelings, determine what beliefs cause negative emotions, and stop self-destructive behaviors Discover the power of empathy - read other people's emotions through facial cues and body language and show them you understand their feelings Thrive at work - find a job that's right for you, overcome hassles and fears, and develop your leadership skills Build and sustain meaningful relationships - discover how to take your partner's emotional temperature and manage emotions to grow closer Raise an emotionally intelligent child - keep your cool with your child, coax shy children out of their shells, and get your child to be less aggressive and defiant

Introducing Cultural Studies

"In a team situation, many issues -- like lack of trust and commitment, unresolved conflicts, and the inability of individuals to understand how their actions impact the rest of the team -- can stop even the most promising groups from delivering great results. This simple, easy-to-use book gives managers, supervisors, and team leaders activities to help their teams overcome emotional obstacles and become more effective. Readers will find powerful, proven exercises they can use to help employees: * identify individual and team mood * deal with anger and emotional triggers * avert, rather than avoid, conflict * encourage communication * overcome fear and other obstacles * understand and manage competition * honor differences * assess team strengths and weaknesses * pick up on cues from teammates * control the emotional climate of the team Each activity is followed by a discussion of its purpose, how to use it, and a list of post-activity questions to help solidify each lesson. This practical, effective collection of proven exercises will elicit the best from any team."

Emotional Intelligence Mastery

The mental well-being of children and adults is shockingly poor. Marc Brackett, author of *Permission to Feel*, knows why. And he knows what we can do. "We have a crisis on our hands, and its victims are our children." Marc Brackett is a professor in Yale University's Child Study Center and founding director of the Yale Center for Emotional Intelligence. In his 25 years as an emotion scientist, he has developed a remarkably effective plan to improve the lives of children and adults – a blueprint for understanding our emotions and using them wisely so that they help, rather than hinder, our success and well-being. The core of his approach is a legacy from his childhood, from an astute uncle who gave him permission to feel. He was the first adult who managed to see Marc, listen to him, and recognize the suffering, bullying, and abuse he'd endured. And that was the beginning of Marc's awareness that what he was going through was temporary. He wasn't alone, he wasn't stuck on a timeline, and he wasn't "wrong" to feel scared, isolated, and angry. Now, best of all, he could do something about it. In the decades since, Marc has led large research teams and raised tens of millions of dollars to investigate the roots of emotional well-being. His prescription for healthy children (and their parents, teachers, and schools) is a system called RULER, a high-impact and fast-effect approach to understanding and mastering emotions that has already transformed the thousands of schools that have adopted it. RULER has been proven to reduce stress and burnout, improve school climate, and enhance academic achievement. This book is the culmination of Marc's development of RULER and his way to share the strategies and skills with readers around the world. It is tested, and it works. This book combines rigor, science, passion and inspiration in equal parts. Too many children and adults are suffering; they are ashamed of their feelings and emotionally unskilled, but they don't have to be. Marc Brackett's life mission is to reverse this course, and this book can show you how.

Emotional Intelligence Appraisal

"An outstanding entry level text aimed at those with little or no cultural studies

Bookmark File PDF Quick Emotional Intelligence Activities For Busy Managers 50 Team Exercises That Get Results In Just 15 Minutes

knowledge Innovative, creative and clever." - Times Higher Education "The ideal textbook for FE and first year HE cultural studies students. Its quality and character allow the reader to 'feel' the enthusiasm of its author which in turn becomes infectious, instilling in the reader a genuine sense of ebullient perturbation." - Art/Design/Media, The Higher Education Authority An introduction to the practice of cultural studies, this book is ideal for undergraduate courses. Full of practical exercises that will get students thinking and writing about the issues they encounter, this book offers its readers the conceptual tools to practice cultural analysis for themselves. There are heuristics to help students prepare and write projects, and the book provides plenty of examples to help students develop their own ideas. Written in a creative, playful and witty style, this book: Links key concepts to the key theorists of cultural studies. Includes a wide range of references of popular cultural forms. Emphasizes the multidisciplinary nature of cultural studies. Includes pedagogical features, such as dialogues, graphs, images and recommended readings. The book's skills-based approach enables students to develop their creative skills, and shows students how to improve their powers of analysis generally. To listen to David Walton's musical response to Adorno's famous essay on jazz, please visit Adorno: Jazz Perennial Fashion . This song accompanies pages 64 to 66 of the book together with a series of questions designed to get readers to evaluate the positive and negative aspects of Adorno's approach.

Raising Your Emotional Intelligence

Sorting out the scientific facts from the unsupported hype about emotional intelligence. Emotional intelligence (or EI)—the ability to perceive, regulate, and communicate emotions, to understand emotions in ourselves and others—has been the subject of best-selling books, magazine cover stories, and countless media mentions. It has been touted as a solution for problems ranging from relationship issues to the inadequacies of local schools. But the media hype has far outpaced the scientific research on emotional intelligence. In *What We Know about Emotional Intelligence*, three experts who are actively involved in research into EI offer a state-of-the-art account of EI in theory and practice. They tell us what we know about EI based not on anecdote or wishful thinking but on science. *What We Know about Emotional Intelligence* looks at current knowledge about EI with the goal of translating it into practical recommendations in work, school, social, and psychological contexts.

The Emotional Intelligence Quick Book

#1 BESTSELLER • The groundbreaking book that redefines what it means to be smart, with a new introduction by the author "A thoughtfully written, persuasive account explaining emotional intelligence and why it can be crucial."—USA Today Everyone knows that high IQ is no guarantee of success, happiness, or virtue, but until *Emotional Intelligence*, we could only guess why. Daniel Goleman's brilliant report from the frontiers of psychology and neuroscience offers startling new insight into our "two minds"—the rational and the emotional—and how they together shape our destiny. Drawing on groundbreaking brain and behavioral research, Goleman shows the factors at work when people of high IQ flounder and those of modest IQ do surprisingly well. These factors, which include self-

Bookmark File PDF Quick Emotional Intelligence Activities For Busy Managers 50 Team Exercises That Get Results In Just 15 Minutes

awareness, self-discipline, and empathy, add up to a different way of being smart—and they aren't fixed at birth. Although shaped by childhood experiences, emotional intelligence can be nurtured and strengthened throughout our adulthood—with immediate benefits to our health, our relationships, and our work. The twenty-fifth-anniversary edition of Emotional Intelligence could not come at a better time—we spend so much of our time online, more and more jobs are becoming automated and digitized, and our children are picking up new technology faster than we ever imagined. With a new introduction from the author, the twenty-fifth-anniversary edition prepares readers, now more than ever, to reach their fullest potential and stand out from the pack with the help of EI.

Emotional Intelligence

Boost Emotional Intelligence in Students

"We've all heard of "IQ" but what's "EQ?" It's "Emotional Quotient" (aka Emotional Intelligence), and experts say that EQ is a greater predictor of success at work than IQ. Companies are increasingly looking for ways to motivate and develop their employees' emotional intelligence. This book presents trainers and coaches with 50 innovative exercises to be used for either individuals or groups. The activities found in the book are grouped according to the various core competencies associated with Emotional Intelligence: * Self-Awareness and Control: an awareness of one's values, emotions, skills, and drives, and the ability to control one's emotional responses * Empathy: an understanding of how others perceive situations * Social Expertness: the ability to build relationships based on an assumption of human equality * Mastery of Vision: the development and communication of a personal philosophy The book also includes suggested training combinations and coaching tips."

50 Activities for Developing Emotional Intelligence

In this age of social media attacks, broken commitments, and rampant corruption, a high emotional intelligence quotient, or EQ, is more important than ever. Justin Bariso brings the concept of emotional intelligence up to date and into the real world, combining scientific research with high-profile examples and personal stories. EQ, Applied teaches you how to channel your strongest feelings in a way that helps, not harms you--or others--enabling you to break down barriers and improve the quality of your relationships. You'll learn how thoughts and habits affect emotions, and how to replace bad habits with healthier ones. You'll see why even negative feedback is a gift, and when being empathetic can actually get you into trouble. Finally, you'll learn how people can use your emotions to manipulate you, and how you can guard yourself against such attempts, leading to greater mental and emotional strength. EQ, Applied gives you a set of practical tools and exercises that inspire you to be more helpful, move past resentment, and develop your more authentic self. By increasing your knowledge about emotions, you'll better understand yourself and make wiser decisions. It's time to put your emotions to work.

Permission to Feel

Presents a step-by-step guide for increasing emotional intelligence through four core principles: self-awareness, self-management, social awareness, and relationship management.

Quick Team-Building Activities for Busy Managers

Employing exercises, self-tests, case studies, and step-by-step instructions, Segal shows readers how to listen to their intuition and their body's messages, make those signals part of their decision-making process, and thus realize the full benefit of their emotional resources. "Unlike so many parenting books full of generalizations, this title includes specific ideas for games, projects, and even computer games. Highly recommended for all parenting collections." - Library Journal

Emotional Intelligence Pocketbook

Do you have what it takes to succeed in your career? The secret of success is not what they taught you in school. What matters most is not IQ, not a business school degree, not even technical know-how or years of expertise. The single most important factor in job performance and advancement is emotional intelligence. Emotional intelligence is actually a set of skills that anyone can acquire, and in this practical guide, Daniel Goleman identifies them, explains their importance, and shows how they can be fostered. For leaders, emotional intelligence is almost 90 percent of what sets stars apart from the mediocre. As Goleman documents, it's the essential ingredient for reaching and staying at the top in any field, even in high-tech careers. And organizations that learn to operate in emotionally intelligent ways are the companies that will remain vital and dynamic in the competitive marketplace of today—and the future.

Emotional Intelligence 2.0

Emerging during the late nineteenth century in the diverse scholarship of US commentators such as Charles Sanders Peirce, William James and John Dewey, American pragmatism shaped many intellectual currents within a range of disciplines including politics, education, administrative science and religion. Despite attracting attention and interest due to its conceptualization of theory, in terms of its practical consequences for improving the human condition, American pragmatism struggled to maintain its influence and suffered a hiatus until it experienced a renaissance within scholarly circles during the 1970s. While renewed interest in American pragmatism continues to grow, with some scholars distinguishing between classical, neo and new forms of pragmatism, it is only relatively recently that organization studies scholars have drawn upon American pragmatist philosophies for shedding new light on aspects of contemporary organizational life. This edited collection builds on this emergent literature in an engaging and scholarly manner. American Pragmatism and Organization is a ground-breaking collection and distinctive in its book-length treatment of American pragmatism as a relevant resource for analysing organisations. It draws together

Bookmark File PDF Quick Emotional Intelligence Activities For Busy Managers 50 Team Exercises That Get Results In Just 15 Minutes

an international body of research focused on the interconnections and interplay between American pragmatism and organizational phenomena, explores the theoretical possibilities afforded by pragmatist thinking for understanding organization, and illuminates the practical advantages of doing so.

The EQ Interview

Instructional units address: self-awareness, managing feelings, decision making, managing stress, personal responsibility, self-concept, empathy, communications, group dynamics, and conflict resolution.

Emotional Intelligence 101

helpful information and practical ideas. It will show you how freeing yourself from the domination of the left-sided brain thinking can contribute to your inner transformation -the emotional revolution that will help you redefine who you are and what you really want from life.

The Emotional Intelligence Activity Kit

Co-published with SHRM. Emotional Intelligence (EI) is a strong indicator of individual, team, and organizational success. But stocking up on emotionally intelligent employees isn't enough: you need a concrete plan for putting this valuable resource to work. The EQ Difference offers an array of self-assessment tools and team-focused exercises that will help increase and leverage emotional intelligence both in individuals and in groups. It's filled with practical tips and suggestions for developing your own "emotional quotient," as well as that of your peers, employees, and even senior executives. Featuring real workplace examples, Letters to Leaders, and excerpts from actual performance reviews that show the positive impact of EI in a variety of environments, The EQ Difference will help your organization achieve greater productivity, higher morale, and better employee retention -- all keys to stronger bottom line results.

Quick Emotional Intelligence Activities for Busy Managers

Experts now acknowledge that emotional intelligence (EI) is perhaps the most crucial determinant of success in the workplace. And unlike IQ or other traditional measures of intelligence, EI can be developed and dramatically increased. This unprecedented book demonstrates how to master the core competencies of EI, abilities that include self-motivation, high self-awareness, mood management, and emotional mentoring. In addition, it includes scores of real-world examples and dozens of practical exercises that accelerate the process, along with step-by-step approaches to mastering a variety of EI techniques.

- Increasing Your Emotional Intelligence
- Developing High Self-Awareness
- Managing Your Emotions
- Motivating Yourself
- Using Your Emotional Intelligence in your Relations with Others
- Developing Effective Communication Skills
- Developing Interpersonal Expertise
- Helping Others Help Themselves

Emotional Intelligence

A collection of reproducible activities perfect for skill-building on self-awareness, emotional control, empathy, social expertness, personal influence, mastery of vision and more. Emotional Intelligence explains why, despite equal intellectual capacity, training, or experience, some people excel while others of the same caliber do not do as well.

More Quick Team-Building Activities for Busy Managers

We have known for years that the difference between those who become successful in life and those who struggle is their degree of emotional intelligence (EI), or "people skills." Now, The Other Kind of Smart shows readers how they can increase their emotional intelligence and overcome the barriers that are

preventing them from realizing their true potential. Emotional intelligence coach Harvey Deutschendorf has shown thousands of people how to relate emotional intelligence to everyday situations. Here, he uses the proven techniques of storytelling, combined with quotes and exercises, to show readers how to apply the principles of EI on the job. Filled with real-life scenarios and solutions, the book offers tools that will bring results in as little as five minutes a day and shows how to develop stress tolerance, cultivate empathy, increase flexibility with co-workers, boost assertiveness, and resolve problems successfully. Complete with an EI quiz that will help readers measure their own level of emotional intelligence, this invaluable guide will enable everyone to improve their relationships and increase their effectiveness at work in a practical, accessible way.

The Emotional Intelligence Workbook

Key Features --

American Pragmatism and Organization

We've all heard of "IQ" but what's "EQ?" It's "Emotional Quotient" (aka Emotional Intelligence), and experts say that EQ is a greater predictor of success at work than IQ. Companies are increasingly looking for ways to motivate and develop their employees' emotional intelligence. This book presents trainers and coaches with 50 innovative exercises to be used for either individuals or groups. The activities found in the book are grouped according to the various core competencies associated with Emotional Intelligence:

- * Self-Awareness and Control: an awareness of one's values, emotions, skills, and drives, and the ability to control one's emotional responses
- * Empathy: an understanding of how others perceive situations
- * Social Expertness: the ability to build relationships based on an assumption of human equality
- * Mastery of Vision: the development and communication of a personal philosophy

The book also includes suggested training combinations and coaching tips.
