"Starting with the basics - the building of farms, fences, stables, roads, and bridges - McWilliams demonstrates through careful analyses of farmer and merchant account books how these small infrastructure improvements established the foundation for more ambitious, overseas adventures. Using an intensely local lens, McWilliams explores the century-long process whereby the Massachusetts Bay Colony went from a distant outpost of the incipient British Empire to a stable society integrated into the transatlantic economy."--BOOK JACKET.

J.A. Souders's haunting debut—Renegade Since the age of three, sixteen-year-old Evelyn Winters has trained to be Daughter of the People in the underwater utopia known as Elysium. Selected from hundreds of children for her ideal genes, all her life she's believed that everything is perfect. Her world. Her people. The Law. But when Gavin Hunter, a Surface Dweller, accidentally stumbles into Elysium's

secluded little world, Evelyn comes to a startling realization: Everything she knows is a lie. Her memories have been altered. Her mind and body aren't under her own control. And the person she knows as Mother is a monster. Together with Gavin she plans her escape, only to learn that her own mind is a ticking time bomb and Mother has one last secret that will destroy them all. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

## **The Renegade Writer**

The Pure Land sect of Japanese Buddhism is one of the strongest Buddhist sects in Japan, with three and a half million followers. In this book, Soho Machida provides the first detailed, objective account in English of the life and thought of its founder, Honenbo Genku (1133-1212), known as Honen. Opening with the destruction and chaos that beleaguered Kyoto during Honen's lifetime, Soho Machida explores Honen's social context to discover the roots of his thought and the source of his popularity. The Old Buddhist regime had a stranglehold on peasants, he shows, by concocting images of vindictive spirits, hell, and an apocalyptic collapse of the law in these chaotic times. Machida asserts that when Honen countered such negative, menacing images by focusing his imagination on the Pure Land and actually affirming death, he became not only a radical thinker but also the leader of a revolutionary social movement—a medieval Japanese "liberation theology." Clearly argued and informed by contemporary Western theory, this book will become the definitive source on Honen's life and thought for decades to come.

### **In A Renegade's Embrace**

Kara Renee Ottis had always known what she wanted in life, just never had the nerve to grab it. After leaving a dream executive chefs job in Chicago returning to her small hometown of Budding Rose to live on the horse ranch where she grew up, she hopes to gain the ability not only to KNOW what she wants, but to reach for it as well. If only the demons that followed her from Chicago dont get her first. Ty Jones wiped the dust of Budding Rose from his boots over a decade ago, with only intermittent trips back. Now, hes home to witness the birth of his first niece or nephew, a bitter sweet experience in itself. When a neighbor needs his assistance, he may get more than he bargained for.

### **Skateboard Renegade**

Inner city communities in the US have become "junkyards of dreams," to quote Mike Davis--wastelands where gangs package narcotics to stimulate the local economy, gunshots occur multiple times on any given day, and dreams of a better

life can fade into the realities of poverty and disability. Laurence Ralph lived in such a community in Chicago for three years, conducting interviews and participating in meetings with members of the local gang which has been central to the community since the 1950s. Ralph discovered that the experience of injury, whether physical or social, doesn't always crush dreams into oblivion; it can transform them into something productive: renegade dreams. The first part of this book moves from a critique of the way government officials, as opposed to grandmothers, have been handling the situation, to a study of the history of the historic "Divine Knights" gang, to a portrait of a duo of gang members who want to be recognized as "authentic" rappers (they call their musical style "crack music") and the difficulties they face in exiting the gang. The second part is on physical disability, including being wheelchair bound, the prevalence of HIV/AIDS among heroin users, and the experience of brutality at the hands of Chicago police officers. In a final chapter, "The Frame, Or How to Get Out of an Isolated Space," Ralph offers a fresh perspective on how to understand urban violence. The upshot is a total portrait of the interlocking complexities, symbols, and vicissitudes of gang life in one of the most dangerous inner city neighborhoods in the US. We expect this study will enjoy considerable readership, among anthropologists, sociologists, and other scholars interested in disability, urban crime, and race.

## **Star Wars®: Rebel Force #3: Renegade**

Still going after thirty years, The Fall are one of the most distinctive British bands, their music - odd, spare, cranky and repetitious - an acknowledged influence on The Smiths, The Happy Mondays, Nirvana and Franz Ferdinand. And Mark E. Smith IS The Fall - 47 members have come and gone over the years yet he remains its charismatic leader, a professional outsider and all-round enemy of compromise, a true enigma. There have been a number of biographies of the legendary Smith, but this is the first time he has opened up in a full autobiography. For the first time we get to hear his full, candid take on the ups and downs of a band as notorious for its in-house fighting as for its great music; and on a life that has endured prison in America, drugs, bankruptcy, divorce, and the often bleak results of a legendary thirst.

## **Renegade**

As the Third World War rages on, America is confronted by Soviet spies and American traitors. In this shadowy world of uncertain alliances, the Roadhouse Sons must distinguish between friend, foe and a serial killer.

## **Yachting**

Written by two freelancers who broke the rules to win the game, this handbook contains a wealth of information for writers who are frustrated by the seemingly limited ways to operate in the freelance market. A suite of appendixes cover topics such as contract procedures, getting paid, services for freelancers, generating ideas, and doing research.

## **The Path of a Renegade**

\*Formerly titled FIREBLOSSOM\* Daniel "Fox" Matthews, sent to Little Bighorn by the president to keep an eye on hot-headed General Custer, is haunted by guilt for a battle outcome he couldn't prevent. The raucous gold town of Deadwood, South Dakota seems like the perfect refuge, although it's located in the Black Hills, sacred land to the same Sioux Indians who decimated Custer's troops. Madeleine Avery, raised to be a lady in Philadelphia, is appalled when she arrives in Deadwood with her family. Slowly she unbends, coaxed out of her shell by a powerful attraction to Fox and a journey into the world of the Sioux Indians. IN A RENEGADE'S EMBRACE is a compelling tale of cultures colliding and the bittersweet, tender journey of Fox and Maddie as they discover the secrets of their own hearts. REVIEWS: "By including historical figures like Calamity Jane and Wild Bill Hickok, Custer and Crazy Horse, Cynthia Wright adds depth and color to an absolutely wonderful novel!" ~ ROMANTIC TIMES "Wright weaves history and fiction together skillfully. Maddie is a proper lady who must learn to unbend. Fox is the presidential adviser who's undercover and trying to live with a decision that left him alive while Custer's men died. Like 'Dances With Wolves,' IN A RENEGADE'S EMBRACE paints the Sioux as an idyllic people faced with the end of life as they know it. Wright creates sympathetic Indian characters and populates Deadwood with an array of real-life eccentrics. IN A RENEGADE'S EMBRACE again shows why Wright is one of the country's most popular romance novelists." ~ THE SIOUX FALLS ARGUS LEADER Author's note: Maddie's grandmother, Susan Hampshire O'Hara, is the daughter of Lion & Meagan from TOUCH THE SUN. She also appears in HER DANGEROUS VISCOUNT as a young woman.

## Summary: Career Renegade

Dedicated to organizing workers from diverse racial, ethnic, and religious backgrounds, many of whom were considered "unorganizable" by other unions, the progressive New York City-based labor union District 65 counted among its 30,000 members retail clerks, office workers, warehouse workers, and wholesale workers. In this book, Lisa Phillips presents a distinctive study of District 65 and its efforts to secure economic equality for minority workers in sales and processing jobs in small, low-end shops and warehouses throughout the city. Phillips shows how organizers fought tirelessly to achieve better hours and higher wages for "unskilled," unrepresented workers and to destigmatize the kind of work they performed. Closely examining the strategies employed by District 65 from the 1930s through the early Cold War years, Phillips assesses the impact of the McCarthy era on the union's quest for economic equality across divisions of race, ethnicity, and skill. Though their stories have been overshadowed by those of auto, steel, and electrical workers who forced American manufacturing giants to unionize, the District 65 workers believed their union provided them with an opportunity to re-value their work, the result of an economy inclining toward fewer manufacturing jobs and more low-wage service and processing jobs. Phillips recounts how District 65 first broke with the CIO over the latter's hostility to left-oriented politics and organizing agendas, then rejoined to facilitate alliances with the NAACP. In telling the story of District 65 and detailing community organizing efforts during the first part of the Cold War and under the AFL-CIO umbrella, A Renegade Union continues to revise the history of the left-led unions of the Congress of Industrial Organizations.

The must-read summary of Jonathan Fields' book: "Career Renegade: How to Make a Great Living Doing What You Love". This complete summary of the ideas from Jonathan Fields' book "Career Renegade" shows how it is now entirely possible and realistic to transform your passions and interests into a source of good income. In his book, the author explains how all you need to do this is a workable game plan that will give you a clear idea of how to get there. By reading this summary, you will learn how to create a game plan and become a career renegade by turning your passions into wealth. Added-value of this summary: • Save time • Understand key concepts • Expand your business knowledge To learn more, read "Career Renegade" and discover how your passions can lead you on the road to riches.

## **Renegade**

2020 Anisfield-Wolf Book Award Winner Finalist for the National Book Critics Circle Award From an award-winning historian comes a dazzling history of the birth of cultural anthropology and the adventurous scientists who pioneered it--a sweeping chronicle of discovery and the fascinating origin story of our multicultural world. A century ago, everyone knew that people were fated by their race, sex, and nationality to be more or less intelligent, nurturing, or warlike. But Columbia University professor Franz Boas looked at the data and decided everyone was wrong. Racial categories, he insisted, were biological fictions. Cultures did not come in neat packages labeled "primitive" or "advanced." What counted as a family, a good meal, or even common sense was a product of history and circumstance, not of nature. In *Gods of the Upper Air*, a masterful narrative history of radical ideas and passionate lives, Charles King shows how these intuitions led to a fundamental reimagining of human diversity. Boas's students were some of the century's most colorful figures and unsung visionaries: Margaret Mead, the

outsspoken field researcher whose *Coming of Age in Samoa* is among the most widely read works of social science of all time; Ruth Benedict, the great love of Mead's life, whose research shaped post-Second World War Japan; Ella Deloria, the Dakota Sioux activist who preserved the traditions of Native Americans on the Great Plains; and Zora Neale Hurston, whose studies under Boas fed directly into her now classic novel, *Their Eyes Were Watching God*. Together, they mapped civilizations from the American South to the South Pacific and from Caribbean islands to Manhattan's city streets, and unearthed an essential fact buried by centuries of prejudice: that humanity is an undivided whole. Their revolutionary findings would go on to inspire the fluid conceptions of identity we know today. Rich in drama, conflict, friendship, and love, *Gods of the Upper Air* is a brilliant and groundbreaking history of American progress and the opening of the modern mind.

## **Renegade Dreams**

Beginning with a deceptively simple question—What do we mean when we designate behaviors, values, or forms of expression as “black”?—Evie Shockley's *Renegade Poetics* separates what we think we know about black aesthetics from the more complex and nuanced possibilities the concept has long encompassed. The study reminds us, first, that even among the radicalized young poets and theorists who associated themselves with the Black Arts Movement that began in the mid-1960s, the contours of black aesthetics were deeply contested and, second, that debates about the relationship between aesthetics and politics for African American artists continue into the twenty-first century. Shockley argues that a rigid notion of black aesthetics commonly circulates that is little more than a caricature of the concept. She sees the Black Aesthetic as influencing not only African American poets and their poetic production, but also, through its shaping of criteria and values, the reception of their work. Taking as its starting point the young BAM artists' and activists' insistence upon the interconnectedness of culture and politics, this study delineates how African American poets—in particular, Gwendolyn Brooks, Sonia Sanchez, Harryette Mullen, Anne Spencer, Ed Roberson, and Will Alexander—generate formally innovative responses to their various historical and cultural contexts. Out of her readings, Shockley eloquently builds a case for redefining black aesthetics descriptively, to account for nearly a century of efforts by African American poets and critics to name and tackle issues of racial identity and self-determination. In the process, she resituates innovative poetry that has been dismissed, marginalized, or misread because its experiments were not “recognizably black”—or, in relation to the avant-garde tradition, because they were.

### **Rebel Dance, Renegade Stance**

Despite incredible political upheavals and a minimal national history of film production, movies such as *Come Back, Africa* (1959), *uDeliwe* (1975), and *Fools* (1998) have taken on an iconic status within South African culture. In this much-needed study, author Litheko Modisane delves into the public critical engagements around old 'renegade' films and newer ones, revealing instructive details both in the production and the public lives of South African movies oriented around black social experiences. This illuminates the complex nature of cinema in modern public life, enriching established methodologies by expanding the cultural and conceptual boundaries of film as a phenomenon of textual circulation.

#### **South Africa's Renegade Reels**

This practical book shows how veteran, justice-oriented social studies teachers are responding to the Common Core State Standards, focusing on how they build curriculum, support students' literacy skills, and prepare students to think and act critically within and beyond the classroom. In order to provide direct classroom-to-classroom insights, the authors draw on letters written by veteran teachers addressed to new teachers entering the field. The first section of the book introduces the three approaches teachers can take for teaching for social justice within the constraints of the Common Core State Standards (embracing, reframing, or resisting the standards). The second section analyzes specific approaches to teaching the Common Core, using teacher narratives to illustrate key processes. The final section demonstrates how teachers develop, support, and sustain their identities as justice-oriented educators in standards-driven classrooms. Each chapter includes exemplary lesson plans drawn from diverse grades and classrooms, and offers concrete recommendations to guide practice. Book Features: Offers advice from experienced educators who have learned to successfully navigate the constraints of high-stakes testing and standards-based mandates. Shares and analyzes curricular and pedagogical approaches to teaching the Common Core, including lesson plans teachers can use in their own classrooms. Examines a range of philosophical and political stances that teachers might take as they navigate the unique demands of teaching for social justice in their own context. "This inspiring book invites us into conversations that cannot help but to make our teaching more collective, impactful, and profound." —Kevin

Kumashiro, University of San Francisco “This is a must-read book for practicing and aspiring educators interested in learning how to teach justice-oriented, critical social studies.” —Brian D. Schultz, Northeastern Illinois University “At a time of increasing pressure on teachers, this book provides practical approaches from teachers, for teachers to teach within the confines of the Common Core without compromising rigor, integrity, or social justice.” —Tyrone C. Howard, director, UCLA Black Male Institute, UCLA

## **A Renegade's Guide to God**

Jules has got a score to settle against the drug dealers of Denver. Vance has made it his mission that Jules won't get dead while dishing out vigilante justice. Jules doesn't have time for romance, she's too busy saving the world and she enlists Zip (the gunstore owner), Heavy (an ex-PI) and Frank (a mysterious recluse) to help. The Rock Chicks of Fortnum's Bookstore get involved to provide romantic advice and guidance, none of which Jules accepts at first. The Hot Bunch of Nightingale Investigations adopt Jules as one of their own. Even though Jules tries to hang on to her inner Head Crackin' Mamma Jamma, the Rock Chicks; Hot Bunch; Jules's long-suffering Uncle Nick; Jules's friend the rotund, African-American, Jackie-O wannabe, May; and especially Vance will stop at nothing to wear her down. But Jules makes some bad guys pretty angry and one is dedicated to taking her out. Vance and the Hot Bunch have to pull out all the stops to keep her alive. At the same time, Jules and Vance learn the true meaning of home but once they find this precious entity they've been searching for all their lives, will Jules's enemies tear it away?

## **A Renegade Psychiatrist's Story**

## **A Renegade History of the United States**

The untold story of an eccentric, scientific visionary whose death-defying research has saved millions of lives. Sixty years ago, cars and airplanes were still deathtraps waiting to happen. Today, both are safer than ever, thanks in part to one pioneering air force doctor's research on seatbelts and ejection seats. The exploits of John Paul Stapp (1910–1999) come to thrilling life in this biography of a Renaissance man who was once blasted—faster than a .45 caliber bullet—across the desert in his Sonic Wind rocket sled, only to be slammed to a stop in barely a second. The experiment put him on the cover of Time magazine and allowed his swashbuckling team to gather the data needed to revolutionize automobile and aircraft design. But Stapp didn't stop there. From the legendary high-altitude balloon tests that ensued to the ferocious battles for car safety legislation, Craig Ryan's book is as much a history of America's transition into the Jet Age as it is a biography of the man who got us there safely.

## **Renegade Poetics**

Rogue states pursue weapons of mass destruction, support terrorism, violate human rights, engage in acts of territorial aggression, and pose a threat to the international community. Recent debates and policy shifts regarding Iraq, North

Korea, Syria, Iran, and Afghanistan reflect the uneven attempts to contend with regimes that pursue deviant behavior. In this timely new work, Miroslav Nincic illuminates the complex issues and policy choices surrounding clashes between international society and states that challenge the majority's espoused interests and values. As conventional approaches to international relations lose their relevance in a changing world, Nincic's work provides new and necessary frameworks and perspectives. Nincic explores recent events and develops theoretical models of contemporary asymmetrical power relations among states to offer a systematic account of the genesis, trajectory, and motivations of renegade regimes. He discusses how the pursuit of policies that defy international norms is often motivated by a regime's desire for greater domestic control. From this starting point, Nincic considers states' deviant behavior through two stages: the first is the initial decision to defy key aspects of the international normative order, and the second is the manner in which subsequent behavior is shaped by the international community's responses. In addressing attempts to control pariah states, Nincic assesses the effectiveness of sanctions and military responses. He provocatively argues that comprehensive economic sanctions can lead to a restructuring of the renegade regime's ideology and economy that ultimately strengthens its grip on power. In his chapter on military intervention, Nincic argues that force or the threat of force against a rogue state frequently triggers a protective reflex among its citizens, inspiring them to rally around the government's goals and values. Military threats, Nincic concludes, produce several kinds of consequences and their impact needs to be better understood.

## **A Renegade Union**

Buzz cut or ponytail? Grunge look? Tattoo, body paint, or earring? How about none of the above? When Zach takes up skateboarding, he doesn't realize that he's expected to look a certain way -- and cop a certain attitude, too. At least that what it seems like. But Zach just isn't comfortable with any of these things; he wants to skateboard for the fun of it, and maybe take part in a few competitions. Will he be ostracized because he looks and acts so "normal"? Or will his decision to stay true to himself mark him as a renegade, the very attitude his skateboarding buddies will appreciate?

Travel back in time with New York Times Bestselling Author Cynthia Wright. Immerse yourself in the historically colorful American West and discover the adventurous, romantic magic that's created when Rogues Go West! **BRIGHTER THAN GOLD**: In 1864 Columbia, California, spirited Katie McKenzie writes newspaper articles about the Griffin, a Robin Hood-style highwayman who robs from the unscrupulous mine owners and gives back to the townspeople. When roguish Jack Adams, an adventurer with a secret, rides into town one sleepy afternoon, Katie's life is changed forever. **IN A RENEGADE'S EMBRACE** (formerly titled **FIREBLOSSOM**) Fox Matthews, a recent survivor of Little Bighorn, is in no mood for love, but when he meets proper Madeleine Avery in rollicking 1876 Deadwood, South Dakota, passion kindles in spite of the obstacles between them. As cultures collide between new settlers and the Lakota people, Fox and Maddie discover the secrets of their own hearts. **THE DUKE & THE COWGIRL** (formerly

titled WILDBLOSSOM) "An English Duke and a woman from the Wild West – that's a combination you just can't beat!" says author Catherine Coulter. Join impetuous Shelby Matthews, daughter of Fox and Maddie, as she manages the family ranch in Cody, Wyoming and promptly loses half of it in a poker game to dashing Geoffrey Weston, an English nobleman who has come to the West in search of adventure. "Cynthia Wright magically entwines passion and history!" ~ Kathe Robin, ROMANTIC TIMES

## **Survey of China Mainland Press**

I present this work as a novel, a work of fiction even though I myself believe it to be more truthful than any other version of our ancient history. Conceptually, the novel attempts to trace Earth's history in the very broadest of ranges from its beginnings up until about 1500 B.C. That history is seen through the eyes of extraterrestrials, who have had a close connection with Earth from its beginnings. The overall view is taken in the first place from the research and writings of Zecharia Sitchin. He has done the basic spadework and interpretation on ancient Sumer, whose clay tablets all too clearly reveal the presence of extraterrestrials who call themselves the Anunnaki. My own research has taken me down a path that seems strange even to me. I have come across a pair of ancient documents that taken together seem to lead to a sensational conclusion. I have used my imagination and these two documents to fabricate a story that I hope embraces an essential truth about human history that will, if accepted, shake orthodox concepts to their very foundations. It might be inferred that what I have done is blend my knowledge of the Anunnaki and the Holy Bible of orthodox Christianity. In such an amalgamated view, Jehovah is viewed not as an omnipotent creator of the universe, but rather as the extraterrestrial that I believe he was. Pulling no punches and stating it as blatantly as I can, the portrait that emerges of Jehovah is not a sympathetic one. It may seem that I have given him motivation which explains his biblical actions but does not justify them. Also his sudden disappearance from human history may seem explained in my novel. And yet, in the final analysis, the truth is that I have done nothing. It is the two ancient documents themselves that orchestrate everything written in what I have chosen to call a novel. So in all honesty I must list myself not as author, but as editor. That, I think, puts things in their truest perspective. I understand this book is bound to cause at the very least controversy. Orthodox religions may even condemn it as blasphemous. But for me it is the closest approximation I have to truth. -- Caleb Levi

## **Preparing to Teach Social Studies for Social Justice (Becoming a Renegade)**

A Texas Cattleman's Club tale of second chances from USA TODAY bestselling author Charlene Sands Having recovered from amnesia, Alex del Toro has a new mission—expose his kidnapper, and regain his fiancée's love. Though he moved to Royal, Texas, under false pretenses, there's nothing false about his feelings for the ravishing Cara Windsor—who also happens to be his business rival's daughter. Cara's instincts tell her to stay away from a man who lied to her, who tried to steal her family's company. Except she has a secret, too—she's pregnant with his child.

## **Lord Randolph Churchill, Radical Or Renegade?**

To say Bill Murray's entire life has been unconventional would be an understatement! After all, how many people have lived in Canada, England, Spain and traveled the world; burned down a barn and two houses, graduated from the Air Force Academy (1975), and while there burned up a dorm room; played collegiate football, wrestling, and lacrosse; flown supersonic fighters, got booted out of the Air Force over a wet rug, only to be reinstated a few years later; crashed an aerobatic plane and survived, had cancer and survived, had children and survived? You get the idea! In *Renegade Colonel*, Murray recounts his experiences from childhood through his Air Force career. From his early years as an F-111 WSO to his later years in leadership positions as a senior director in the Air Force, Bill has had the experiences of a lifetime. He wrote this book because in years to come, he wants his family and friends to be able to share in the memories and travel back in time, if only for a few chapters. *Renegade Colonel* is a book of unbelievable lifetime experiences anyone could enjoy vicariously and learn from!

## **Double Intensity**

### **The Renegade**

Popular historian Thaddeus Russell offers a highly provocative and absorbing new perspective on America's history that will turn convention on its head and is sure to elicit as much controversy as it does support. Russell shows that drunkards, laggards, prostitutes, and pirates were the real heroes of the American Revolution. Slaves worked less and had more fun than free men. Prostitutes, not feminists, won women's liberation. White people lost their rhythm when they became good Americans. Without organized crime, we might not have Hollywood, Las Vegas, labour unions, legal alcohol, birth control, or gay rights. Zoot-suiters and rock-and-rollers, not Ronald Reagan or the peace movement, brought down the Soviet Union. And Britney Spears will win the war on terror. The more that 'bad' people existed, resisted, and won, the greater was our common good. In *A RENEGADE HISTORY OF THE UNITED STATES*, Russell introduces us to the origins of America's identity as we have never seen it before.
