The Bikini Body 28-Day Healthy Eating & Lifestyle Guide

From the A-list bodyworker, trainer, and alignment expert dubbed “the body whisperer” by Goop comes Taller, Slimmer, Younger—a powerfully simple daily foam roller routine to help you sculpt longer, leaner muscles, stand an inch taller, look ten pounds slimmer, and renew your body and mind. Are you ready to roll? ALIGN YOUR BODY, ALIGN YOUR LIFE There’s a new buzzword in the fitness world: fascia. It’s the connective tissue that wraps around your muscles and organs and helps keep everything in place. But in our increasingly busy and often stressful lives, tension and toxins are often stored within our fascia, resulting in serious long-term consequences including poor posture, excess weight, acute anxiety, and chronic pain. Fitness and alignment expert Lauren Roxburgh—who has worked with such stars as Gwyneth Paltrow, Gabby Reece, Melissa Rauch, and Baron Davis—has the solution to keep your fascia supple, flexible, and strong. Using only a foam roller, you can reshape and elongate your muscles for a leaner, younger look, while also releasing tension, breaking up scar tissue, and ridding yourself of toxins. In just fifteen minutes a day, Roxburgh’s 21-day program will guide you through a simple series of unique rolling techniques that target ten primary areas of the body, including the shoulders, chest, arms, legs, hips, butt, back, and stomach. The result is a healthy, balanced, aligned body that not only looks but feels fantastic. Advance praise for Taller, Slimmer, Younger “As an athlete with a lifelong passion for fitness and wellness, I am always looking to get an edge in my body, and Lauren Roxburgh has helped me do just that. Lauren’s philosophy will rejuvenate your body and spirit, helping you look and feel lighter and brighter, reducing stress and tension, while dramatically improving your stance in your body and also in your life!”—Gabby Reece, U.S. beach volleyball champion “This book is sure to become the body bible for anyone who wants to live a healthy, fit, and balanced life.”—Melissa Rauch, actress, The Big Bang Theory and True Blood “Lauren’s method has rejuvenated my spirit, giving me more energy and strength, which has allowed me to perform better on and off the court.”—Baron Davis, two-time NBA all-star “Lauren’s method sculpts the body’s soft tissues, slimming and streamlining whatever part you work. She’s a ‘body whisperer!’”—Goop “If you’ve never tried foam rolling, I highly recommend it. [Lauren Roxburgh’s] program is

designed to improve posture, release tension and stress, activate and strengthen the core, and heal from the inside out. When I was a model, I used a foam roller to lengthen my muscles. I'm so excited to get back into it once I give birth! Oh, and Goop dubbed her 'The Body Whisperer.' Enough said."—MollySims.com

Formula 50

Do you ever feel like a hamster, spinning on a wheel in an endless loop and getting nowhere when it comes to your health and fitness? Are you working out regularly and cutting calories but seeing no real improvements? Does it feel like you will never lose those last 10 or 20 pounds? Or do you feel as if you simply don't have the time required to lose the fat and get into shape? Imagine if you could have the blueprint for the most efficient form of exercise to keep your body healthy and fit and an eating plan to satisfy hunger, taste, and health. Well, now you can. The best part? It will only require 15 minutes of exercise, twice a week, paired with a controlled-carb diet, and on the average, you will lose 10 pounds of fat within five weeks. It's hard to believe, but it works—and 15 Minutes to Fitness:Dr. Ben's SMaRT plan for total Fitness will not only show you how to do it but also explain why it works. If this sounds like just another "new exercise secret," please be assured that it is most certainly not. The foundation of this program is based on years of study, observation, and practice, and it has delivered real, measurable results in the overwhelming majority of those who have tried it. Dr. Vincent "Ben" Bocchicchio has spent the last 40 years in the fitness and health field, and as he approaches 70, people are still shocked to hear that he only spends 14 minutes twice a week on working out. But it's true. With only 7 percent body fat, he is often asked what the secret is and if there's a "magic bullet." The answer would be that

the magic bullet is knowledge. And now with this book you will understand why genetically our bodies require simple and limited exercise exposure and how you can follow this optimal pattern yourself. The fact is that as humans we are hard-wired to exercise our bodies in very specific ways to reap the highest level of health benefits. I will provide the simple scientific argument for why my combination of high intensity exercise and controlled carbohydrate eating is the most effective means for burning fat, so that you can better understand exactly why this works. Exercise and diet are the two most powerful tools available for attaining high levels of health and function, and 15 Minutes to Fitness will show you just how little it actually takes to achieve a maximum response.

Resistance Band Workbook

"I want to be healthy and fit 52 weeks of the year, but that doesn't mean I have to be perfect every day. This philosophy is a year-round common-sense approach to health and fitness that involves doing your best most of the time—and by that I don't mean being naughty for three days and good for four. I mean doing your absolute best most of the time during every week, 52 weeks of the year."—Carrie

Underwood Carrie Underwood believes that fitness is a lifelong journey. She wasn't born with the toned arms and strong legs that fans know her for. Like all of us, she has to work hard every day to look the way that she does! In FIND YOUR PATH she shares her secrets with readers, with the ultimate goal of being the strongest version of themselves, and looking as good as they feel. Carrie's book will share secrets for fitting diet and exercise into a packed routine—she's not only a multi-Platinum singer, she's a businesswoman and busy mom with two young children. Based on her own active lifestyle, diet, and workouts, FIND YOUR PATH is packed with meal plans, recipes, weekly workout programs, and guidelines for keeping a weekly food and workout journal. It also introduces readers to Carrie's signature Fit52 workout, which involves a deck of cards and exercises that can be done at home—and it sets her fans on a path to sustainable health and fitness for life. Fit52 begins with embracing the "Pleasure Principle" in eating, making healthy swaps in your favorite recipes, and embracing a long view approach to health—so that a cheat a day won't derail you. Throughout the book, Carrie shares her personal journey towards optimal health, from her passion for sports as a kid, to the pressure to look perfect and fit the mold as she launched her career after winning American Idol, to eventually discovering the importance of balance and the meaning of true health. For Carrie, being fit isn't about crash diets or a workout routine that you're going to dread. It's about healthy choices and simple meals that you can put together from the ingredients in your local grocery store, and making the time, every day, to move, to love your body, and to be the best version of yourself.

The Resistance Band Workout

The most successful fitness and weight loss stories are from those who can self-motivate and are willing to learn. These qualities are more valuable than having the world's most qualified and expensive personal trainer at your disposal. If you are looking for a home workout fitness routine that:

- Can be done from your own home
- Uses minimal fitness equipment and utilizes bodyweight training
- Is progressive for at least 6 weeks
- Is designed to effectively burn fat, tone muscle and develop cardiovascular fitness
- Won't take you more than 30 minutes four times a week

Then this is the one for you! Hi, I'm James Atkinson (Jim to my friends and readers). I'm a qualified personal trainer/ fitness coach, competing bodybuilder and have a burning desire to help others reach their fitness goals. I have been training for over fifteen years. This training has taken me from long distance running to bodybuilding competition. It is fair to say that I have learned the secrets of weight loss and fitness from my own personal journey. I have been fat, skinny and muscle bound throughout my fitness career and I really feel fulfillment from helping and advising others when it comes to their goals. So I have designed this home workout training routine to effectively burn fat, tone muscle and develop cardiovascular fitness. In this day and age, the pace of life is fast for many, and there are probably millions of people that would say that they haven't got enough time to lose fat, tone up or work on developing their fitness. But my home workout routine is not something that will take up hours of your day, I can tell you that you won't even need to train every day, you just have to follow the routine that will last less than 30 minutes for a maximum of four days per week and each week, you will have a slight upgrade to the previous week. This type of consistent progressive training is a sure fire way to get your fitness results! If I were looking for fat loss, muscle tone and total body fitness and I did not have access to a gym, this is what I would do. Be warned! Although this is a "stand alone" fitness routine, I would NOT recommend this to the beginner to fitness, some of the exercises may be too advanced for someone just starting out. If you do happen to be a beginner, I would recommend my "Home workout for beginners" fitness routine. The home workout for beginners routine was designed as a "prequel" to this and if you were to start with it, and then decide to try this, you will find that it follows on very nicely. Good luck! I'll see you on the inside! Please remember that I am always happy to help where I can, so give me a shout if you get stuck or have any questions. All the best Jim Email: Jim@swapfat4fit.com
