Dark Light Consciousness

As the pineal gland was the one most recognized and written about by the earlier adepts, it is the logical beginning of any occult discussion of the endocrine chain. The epiphysis cerebri, or pineal body, secures its name from its peculiar shape (the pinus, or pine cone) and arises in the fifth week of the human embryo as a blind sac branching off from that section of the brain which is next in front of the mid-brain—the diencephalon—which includes the area of the third ventricle and adjacent parts. The distal, or remote, portion of this sac becomes the body of the gland. The proximal portion (the point of attachment or origin) remains as the stalk. Is not this pine cone the one to which E. A. Wallis-Budge refers in his *Osiris and the Egyptian Resurrection*, when in describing the entry of Ani into the presence of Osiris in the Egyptian ritual of Coming Forth by Day as “the so-called ‘cone’ on Ani’s wig,” for which the good Egyptologist could find no intelligent reason? Is this not also the whirring cone which was among the symbolic playthings of the child Bacchus and which Bastius describes as a small cone-shaped piece of wood around which a cord was wound so that it might be made to spin and give out a “humming noise”? (See *Orpheus*, by G. R. S. Mead.) Those acquainted with the esoteric function of the pineal gland or who have experienced the “whirring” sound attendant upon its activity will realize how apt is the analogy.

Live the Promise

The Melchizedek teachings are undoubtedly the first on every inhabited world as they are considered to be the basis of any civilization. This first book of The Melchizedek Teachings series clarifies a subject that is very important in our times: the higher self and the ascension process.

The Ancient Secret of the Flower of Life, Volume 2

Jack and Annie travel in their magic tree house to the land of the mystical selkies to seek a magical sword for Merlin.

Writing in Light

One of the greatest spiritual teachers of the twentieth century shares his wisdom about building loving relationships in *Intimacy: Trusting Oneself and the Other*. "Hit-and-run" relationships have become common in our society as it has grown more rootless, less tied to traditional family structures, and more accepting of casual sex. But at the same time, there arises an undercurrent of feeling that something is missing—a quality of intimacy. This quality has very little to do with the physical, though sex is certainly one possible door. Far more important is a willingness to expose our deepest feelings and vulnerabilities, with the trust that the other person will treat them with care. Ultimately, the willingness to take the risk of intimacy has to be grounded in an inner strength that knows that even if the other remains closed, even if that trust is betrayed, we will not suffer any permanent damage. In this gentle and compassionate guide, Osho takes his readers step-by-step through what makes people afraid of intimacy, how to encounter those fears and go beyond them, and what they can do to nourish themselves and their relationships to support more openness and trust. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the *Sunday Times* of London as one of the "1000 Makers of the 20th Century" and by *Sunday Mid-Day* (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

The Mayan Ouroboros

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

The Emerald Tablets of Thoth The Atlantean

This adventure in science and imagination, which the *Medical Tribune* said might herald "a Copernican revolution for the life sciences," leads the reader through unexplored jungles and uncharted aspects of mind to the heart of knowledge. In a first-person narrative of scientific discovery that opens new perspectives on biology, anthropology, and the limits of rationalism, *The Cosmic Serpent* reveals

how startlingly different the world around us appears when we open our minds to it.

The Mayan Code

There have been many interpretations and predictions about the year 2012, known as the Mayan End Time—touted in everything from books to television commercials. But what do the Mayans themselves have to say about these prophecies? In *The Mayan Ouroboros*, the much-anticipated follow-up to his bestselling *Serpent of Light*, spiritual researcher Drunvalo Melchizedek reveals for the first time what Mayan elders have told him about this period. In this book he explains how to prepare for this transition to a new 13,000-year cycle by learning how to move out of our brain and into our hearts. He shares the Mayan insight of the importance of our heart connection to our survival and ability to thrive during these times. Plus *The Mayan Ouroboros* reveals: The untold positive side of the Mayan prophecies The Mayan End Time--a seven-year period of transition which began in 2007 The magnetic pole shift that is currently affecting humans around the world The new ways in which humans will begin to perceive and communicate in the world. The discovery of thousands of ancient Mayan codexes that are currently being decoded by the Mayans

You Are a Spiritual Being Having a Human Experience

A scientific investigation and personal adventure story about zombies and the voodoo culture of Haiti by a Harvard scientist. In April 1982, ethnobotanist Wade Davis arrived in Haiti to investigate two documented cases of zombies—people who had reappeared in Haitian society years after they had been officially declared dead and had been buried. Drawn into a netherworld of rituals and celebrations, Davis penetrated the voodoo mystique deeply enough to place zombification in its proper context within voodoo culture. In the course of his investigation, Davis came to realize that the story of voodoo is the history of Haiti—from the African origins of its people to the successful Haitian independence movement, down to the present day, where voodoo culture is, in effect, the government of Haiti's countryside. *The Serpent and the Rainbow* combines anthropological investigation with a remarkable personal adventure to illuminate and finally explain a phenomenon that has long fascinated Americans.

Touched by the Light

Assesses the scientific, cultural, and historical relevance of the year 2012, covering such topics as consciousness science, wormholes, the Mayan calendar, and three-

dimensional time.

Christina, Book 1: Twins Born as Light

In October 2007, a new phenomenon appeared in the sky, was named the Comet Holmes, and is being claimed and acclaimed by the Hopi Nation as the Blue Star of their prophecy. The Blue Star is the harbinger. Between now and somewhere in 2013-2014, when the Red Star appears, great shifts in human consciousness will continue. With the fulfillment of the Mayan Long Count calendar in 2012 and the appearance of the Red Star, many are predicting that human consciousness will rise to the next level. Although there may be catastrophic events associated with this period, and life as we know it will surely change, if we do the work, this will not be the Apocalypse. In *The Astrology of 2012 and Beyond*, Garrison explores the changing sky, starting with the movement of Pluto into Capricorn, a region it hasn't inhabited since 1733. It's revolutionary times coming for individuals, governments, and the planet. Garrison draws on traditional astrology and her understanding of the Hopi prophecies and their relationship to the Mayan 2012 predictions, as well as the ending of the 13,000 year masculine kundalini cycle, to offer practical advice and information that will help us evolve through the next four years, including what to expect during the nearly inevitable polar shift.

Journeys Into the Heart

The courageous story of how one American woman transcended normal. That is, she rediscovered the natural human state beneath the past trauma and conditioning of "life as we've always known it." Her transformational story is told through the inner, feminine view of a lifetime of Angel-ET visits, and numerous Kundalini-Koyopa episodes in the physical body. The nonhuman intelligence "spoke" in frequency, and informed her of humanity's evolutionary leap in consciousness at this definitive crossroads in time. She was shown that everyone is wired within to accept, integrate, and move forward with these shifts, but it is a choice. Through a unique practice of honesty and innocence, she was guided to tune into and translate the resonance which began "filling in" the bulk of what had been conditioned out of most of humanity - the feeling-knowing wisdom of the feminine. The more she adapted to her own signature frequency, the more she felt and understood the universal tones of nonhuman intelligence. It made for a challenging life of attempting to appear normal, even when each visit would wipe out her entire worldview. Ultimately, a critical fork-in-the-road decision needed to be made: Be true to herself and honest with her community about what she was experiencing and remembering; or squish back into the insane, tight masks and clothing of conditioning that we were taught to believe was "life." There is so much more. In the change of cycles, the Maya prophesied the Return of the Plumed Serpent. This story points to a 26,000 year old alignment - in both the cosmos and the human body. The Author states that words and concepts don't really matter in these high-vibratory states - because when they occur, you cannot think. It's more about adapting to high frequencies in the body, healing and releasing the past, practicing present-moment attention, and embracing wave after wave of body-mind-spirit upgrades. Through her lifetime of experiences and the resonant practices given through this field of Love, the author provides a roadmap for you to navigate this revolutionary contact within. Should you choose to grow up and out

of the old matrix, this book has plenty of inspiration, pragmatic guidance, and encouragement.

Intimacy

The history of the Emerald Tablets is strange and beyond the belief of modern scientists. Their antiquity is stupendous, dating back some 36,000 years B.C The author is Thoth, an Atlantean Priest-King who founded a colony in ancient Egypt, wrote the Emerald Tablets in his native Atlantean language which was translated by Dr. Michael Doreal. This edition of the Emerald Tablets is unique in that it includes both the translation and interpretation by Dr. Doreal. Because of the tablet's reference to the Egypt and sacred geometry they became a priority reference for those studying the Flower of Life and the Merkaba meditation. As requested by the Flower of Life Organization, this edition offers Dr. Doreal's translation and interpretation in a side-by-side study format.

The Melchizedek Teachings

Welcome to Paradise. Showdown A man cloaked in black arrives in the sleepy town of Paradise, Colorado. He knows too much about the town's many unspoken secrets, and he himself holds the greatest secret of them all. Bearing the power to grant any unfulfilled dream, he is irresistible. As dark clouds and sandstorms envelop the town, it becomes apparent that Paradise is being isolated for a reason. But why? Saint He belongs to the X Group. They call him Saint. Invasive techniques have stripped him of his identity and made him someone new . . . but who is he really? From the deep woods of Hungary to the streets of New York, one man's search for truth leads him into a world of government cover-ups, political intrigue, and ultimate betrayal. Sinner This is the story of Marsuvees Black, a force of raw evil who speaks with wicked persuasion that is far more destructive than swords or guns. It's also the story of two unsuspecting survivors of a research project gone bad—who may be the most powerful people on earth. And finally, it's the story of one who comes out of the desert to lead those willing to stand for truth. The epic conclusion to what began in a small town called Paradise.

The Ancient Secret of the Flower of Life, Volume 1

If we understood the true role of money in our lives, writes philosopher Jacob Needleman, we would not think simply in terms of spending it or saving it. Money exerts a deep emotional influence on who we are and what we tell ourselves we can never have. Our long unwillingness to understand the emotional and spiritual effects of money on us is at the heart of why we have come to know the price of everything, and the value of nothing. Money has everything to do with the pursuit of an idealistic life, while at the same time, it is at the root of our daily frustrations. On a social level, money has a profound impact on the price of progress. Needleman shows how money slowly began to haunt us, from the invention of coins in Biblical times (when money was created to rescue the community good, not for self gain), through its hypnotic appeal in our money-obsessed era. This is a remarkable book that combines myth and psychology, the poetry of the Sufis and the wisdom of King Solomon, along with Jacob Needleman's searching of his own

soul and his culture to explain how money can become a unique means of self-knowledge. As part of the Currency paperback line, it includes a "User's Guide" an introduction and discussion guide created for the paperback by the author -- to help readers make practical use of the book's ideas.

Edge of the Universe

"Here, Drunvalo Melchizedek presents in text and graphics the first half of the Flower of Life Workshop, illuminating the mysteries of how we came to be, why the world is the way it is and the subtle energies that allow our awareness to blossom into its true beauty." --COVER.

Making Noise

An accessible look at the mysteries that lurk at the edge of the known universe and beyond The observable universe, the part we can see with telescopes, is incredibly vast. Yet recent theories suggest that there is far more to the universe than what our instruments record—in fact, it could be infinite. Colossal flows of galaxies, large empty regions called voids, and other unexplained phenomena offer clues that our own "bubble universe" could be part of a greater realm called the multiverse. How big is the observable universe? What it is made of? What lies beyond it? Was there a time before the Big Bang? Could space have unseen dimensions? In this book, physicist and science writer Paul Halpern explains what we know—and what we hope to soon find out—about our extraordinary cosmos. Explains what we know about the Big Bang, the accelerating universe, dark energy, dark flow, and dark matter to examine some of the theories about the content of the universe and why its edge is getting farther away from us faster Explores the idea that the observable universe could be a hologram and that everything that happens within it might be written on its edge Written by physicist and popular science writer Paul Halpern, whose other books include Collider: The Search for the World's Smallest Particles, and What's Science Ever Done For Us: What the Simpsons Can Teach Us About Physics, Robots, Life, and the Universe

Koyopa: Contact Within

Bestselling author Barbara Hand Clow shows how the Mayan Calendar is a bridge to galactic wisdom that fosters personal growth and human evolution • Unearths the meaning behind the calendar, its message for modern civilization, and what will happen when the calendar ends • Reveals how time acceleration is a manifestation of the acceleration of consciousness • By the author of The Pleiadian Agenda The Mayan Code is a deep exploration of how, as we approach the end of the Mayan Calendar, time and consciousness are accelerating, giving us a new understanding of the universe. Using Carl Johan Calleman's research, as well as the ideas of other Mayan Calendar scholars, Barbara Hand Clow examines 16.4 billion years of evolution to decode the creative patterns of Earth--the World Mind. These great patterns culminate in 2011, and then during 2012 major astrological influences will inspire us to attain oneness and enlightenment. The Mayan Code shows how the time cycles of the Calendar match important periods in the evolutionary data banks of Earth and the Milky Way Galaxy. These stages of

evolution are converging during the final stage of the Calendar, the period between 1999 and 2011. War and territoriality, resource management and separation from nature, are all part of daily events we must process during these few short years: evidence of the tightening spiral of time that we experience as time speeding up. Barbara Hand Clow counsels that our own personal healing is the most important factor as we prepare to make this critical leap in human evolution--now referred to as the awakening of the World Mind.

Serpent of Light

Long ago we humans used a form of communication and sensing that did not involve the brain in any way; rather, it came from a sacred place within our hearts. What good would it do to find this place again? This is a book of remembering. You have always had this place within your heart, and it is still there now. It existed before creation, and it will exist even after the last star shines its brilliant light. At night when you enter your dreams, you leave your mind and enter the sacred space of your heart. But do you remember? Or do you only remember the dream? Why am I telling you about this "something" that is fading from our memories? What good would it do to find this place again in a world where the greatest religion is science and the logic of the mind? Don't I know where emotions and feelings are second-class citizens? Yes, I do. But my teachers have asked me to remind you who you really are. You are more than just a human being, much more. For within your heart is a place, a sacred place, where the world can literally be remade through conscious cocreation. If you really want peace of spirit and if you want to return home, I invite you into the beauty of your own heart. With your permission, I will show you what has been shown to me. I will give you the exact instructions to the pathway into your heart where you and God are intimately one. It is your choice. But I must warn you: Within this experience resides great responsibility. Life knows when a spirit is born to the higher worlds, and life will use you as all the great masters who have ever lived have been used. If you read this book and do the meditation and then expect nothing to change in your life, you may get caught spiritually napping. Once you have entered the light of the great darkness, your life will change -- eventually, you will remember who you really are.

Summer of the Sea Serpent

Using fascinating case stories, Dr. Yvonne Kason shares the results of her research and experience counselling hundreds of STE experiencers.

Earth, the Cosmos and You

"A brilliant debut, full of everything I love: a sparkling and fully realized heroine, an intricate and deadly system of magic, and a searing romance that kept me reading long into the night. *Serpent & Dove* is an absolute gem of a book." —Sarah J. Maas, #1 New York Times bestselling author of *A Court of Thorns and Roses* series *Bound as one, to love, honor, or burn*. Book one of a stunning fantasy duology, this tale of witchcraft and forbidden love is perfect for fans of Kendare Blake and Sara Holland. Two years ago, Louise le Blanc fled her coven and took shelter in the city of Cesarine, forsaking all magic and living off whatever she could steal. There,

witches like Lou are hunted. They are feared. And they are burned. As a huntsman of the Church, Reid Diggory has lived his life by one principle: Thou shalt not suffer a witch to live. But when Lou pulls a wicked stunt, the two are forced into an impossible situation—marriage. Lou, unable to ignore her growing feelings, yet powerless to change what she is, must make a choice. And love makes fools of us all. Set in a world of powerful women, dark magic, and off-the-charts romance, book one of this stunning fantasy duology will leave readers burning for more.

The Serpent and the Rainbow

Can you recall an instance when you were introduced to something—anything—that rocked your world, leaving you with a vague but undeniable certainty that you'd touched into the miraculous? For both Bodie McCoy and his wife Barbara, that instance came with the introduction of the Lord's Prayer into their young lives.' Live the Promise is their book about the relationship of the Lord's Prayer to the world's major mystical and religious traditions and its magical, mystical, ultra-light and yet entirely down-to-earth power to take us to the ultimate seat of wisdom within. Live the Promise begins with Bodie's heart-centered story of his own spiritual unfolding. From there, it leads into the creation of a game that opens people to deeper levels of inner truth by exposing some of the limitations they've accepted—with a game board Bodie intuitively created that turned out to embody the star tetrahedron, the flower of life as well as sacred symbols from many ancient teachings. And the story continues, with a journey to ancient Mayan temples with Hunbatz Men to the heart of sacred geometry with Drunvalo Melchizedek to a variety of Eastern spiritual traditions to holographic insights about time travel and heredity to a really expensive cup of coffee to a simple exercise that brings it all together and offers your own experience of the promise embodied in the Lord's Prayer. Live the Promise is a heady book abundantly laced with heart, written by an author I know as a man of extraordinary love and gentleness. The whole point, is "to offer exercises to experientially reveal the promise of the Lord's Prayer within you." It's a book that will help you uncover in a meaningful way' ever-deeper levels of the God/Goddess that you are.

The Synchronicity Key

Part travel adventure, part spiritual instruction - a first-hand account of the movement of the Earth's Kundalini and the rise of the Female Light, 1948 to 2013.

The Astrology of 2012 and Beyond

Every 13,000 years on Earth a sacred and secret event takes place that changes everything. Mother Earth's Kundalini energy emerges from its resting place in the planet's core and moves like a snake across the surface of our world. Once at home in ancient Lemuria, it moved to Atlantis, then to the Himalayan mountains of India and Tibet, and with every relocation changed our idea of what spiritual means. And gender. And heart. This time, with much difficulty, the Serpent of Light has moved to the Andes Mountains of Chile and Peru. Multi-dimensional, multi-disciplined, and multi-lived, for the first time in this book, Drunvalo begins to tell his stories of 35 years spent in service to Mother Earth. Follow him around the

world as he follows the guidance of Ascended Masters, his two spheres of light, and his own inner growing knowledge. His story is a living string of ceremonies to help heal hearts, align energies, right ancient imbalances, and balance the living Earth's Unity Consciousness Grid - in short to increase our awareness of the indivisibility of life in the universe. We are all - rocks and people and interdimensional beings - one! Part travel adventure, part spiritual instruction - a firsthand account of a once in 13,000 years process. Drunvalo Melchizedek has a story to tell - an adventure story, a story of healing ceremonies that take place from the Yucatan to Kauai and Moorea to the Grand Canyon and New Zealand and to Peru. See what can happen when we choose to open our hearts and follow the path of light.

Secrets of Mayan Science/Religion

Too many people allow themselves to be limited by their ideas about themselves and the world around them. Bob Frissell reminds readers that they create their own reality through their consciousness and that improving this reality and living a fuller life is simply a matter of broadening one's perspectives. In this book, he shows people how to reconnect with their multidimensional selves and remake their lives.

MEN AROUND THE MESSENGER

Drawing upon such diverse sources as the archives of antinuclear activists and radio advertisers, catalogs of fireworks and dental drills, and daybooks of physicists, travel diaries and civil defense pamphlets, Schwartz traces the process by which noise today has become as powerfully metaphorical as the original Babel.

Serpent & Dove

Yet again, Gardiner finds himself on a journey across the world to uncover the ancient secrets of the world's most powerful men.

Money and the Meaning of Life

The sacred Flower of Life pattern, the primary geometric generator of all physical form, is explored in even more depth in this volume, the second half of the famed Flower of Life workshop. The proportions of the human body, the nuances of human consciousness, the sizes and distances of the stars, planets and moons, even the creations of humankind, are all shown to reflect their origins in this beautiful and divine image. Through an intricate and detailed geometrical mapping, Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third-dimensional existence. From the pyramids and mysteries of Egypt to the new race of Indigo children, Drunvalo presents the sacred geometries of the Reality and the subtle energies that shape our world. We are led through a divinely inspired labyrinth of science and stories, logic and coincidence, on a path of remembering where we come from and the wonder and magic of who we are. Finally, for the first time in print, Drunvalo shares the instructions for the Mer-Ka-Ba meditation, step-by-step techniques for the re-creation of the energy field of the evolved human, which is the key to

ascension and the next dimensional world. If done from love, this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension, from protective powers to the healing of oneself, of others and even of the planet. Embrace the expanded vision and understanding that Drunvalo offers to the world. Coincidences abound, miracles flourish and the amazing stories of mysteries unveiled arise as the author probes the Ancient Secrets of the Flower of Life.

Our Ultimate Reality, Life, the Universe and Destiny of Mankind

Moving into the Heart There is movement associated with entering the sacred space of the heart. Without this movement, your brain only imagines that you are in the sacred space of the heart, but this is not true. In *Journeys into the Heart*, you will find exercises that show you how to move your spirit there. If you have never done this before, it may seem a little strange, but you will get it. The master authorized to guide you into your heart is the spirit behind the eyes reading these words now. That is you. Read and enjoy practicing and applying all the methods we offer you. Decide the appropriate one for you. Then practice, practice, and practice again, and remember who you really are. Last, read about our experiences entering the heart, about the prayer of the heart, and living in the heart. You might find them very helpful on your own spiritual journey. Remember, you and I are alike. I am you and you are me. --Drunvalo Melchizedek and Daniel Mitel

The Cosmic Serpent

"From the earliest days of thinking man, people the world over have pondered the nature of the Universe, our planet, and of ourselves. What does it all mean? Why am I here? What is the real purpose of my life? What will happen to me after I die? Will I return once again for another life on Earth?" So starts the first paragraph of this book, summarising and encapsulating very succinctly both the reason I was inspired to write *Our Ultimate Reality* and a concise summary of the contents contained therein. As we approach the end of a great age for humanity, increasingly more people from all walks of what we know as "life" are asking what it all means for them, for their families and for their future existence on this planet we call "Earth." *Our Ultimate Reality, Life, the Universe and Destiny of Mankind* is your complete reference and guide for realising the Divine heritage of each and every one of us as equal aspects of our Creator, a life of perfect happiness, health, abundance, fulfilment and Spiritual evolution. This book has been written in a modern, understandable, non-mystical way, setting out in a concise, logical, easy to follow format, all you need to know in order to understand, pursue and realise your own true potential during this pivotally important era. I wish you every possible success as you follow your own true destiny on the path of return to our Divine Creator from Whom we came in the beginning, and wish that this book will prove to be your valuable guide and companion.

Beyond a Boundary

Expands on the author's findings in alternative sciences to reveal the interconnected nature of the universe, explaining hidden elements of time, how they relate to 2012 prophecies, and his recommendations for a spiritual life.

Secret Societies

An engaging study that reveals sacred teachings that the Mayan priesthood hid from Spanish conquistadores in Mexico in 1519. The author explores the scientific and spiritual principles underlying the ancient glyphs, numbers, and language of the Maya.

Revelation

25th Anniversary Edition Over 3 Million Copies Sold 'I couldn't give this book a higher recommendation' BILLY CONNOLLY Written by the Buddhist meditation master and popular international speaker Sogyal Rinpoche, this highly acclaimed book clarifies the majestic vision of life and death that underlies the Tibetan Buddhist tradition. It includes not only a lucid, inspiring and complete introduction to the practice of meditation, but also advice on how to care for the dying with love and compassion, and how to bring them help of a spiritual kind. But there is much more besides in this classic work, which was written to inspire all who read it to begin the journey to enlightenment and so become 'servants of peace'.

Living in the Heart

This book describes the philosophy and the use of Aleister Crowley's Thoth Tarot, a deck of Tarot cards designed by Crowley and co-designed and painted by Lady Frieda Harris. The Thoth Tarot has become one of the best-selling and most popular Tarot Decks in the world. It is also one of the most original interpretations of the tarot, incorporating astrological, numerological, Egyptian, and Qabalistic symbolism. While there are many other useful guides to this famous tarot deck, there are no others that explain the deck in its designer's own words. The book is divided into four major parts: * Part One: The Theory Of The Tarot. * Part Two: The Atu (Keys or Trumps). * Part Three: The Court Cards. * Part Four: The Small Cards. Part One is further divided into three chapters; Part Two into two chapters and an appendix; Part Three into one chapter; and Part Four into one chapter. The book includes a list of plates depicting the Tarot cards as seen by Crowley and Harris.

The Tibetan Book Of Living And Dying

How to awaken the Ureaus--the serpent power of spiritual transcendence within each of us--and connect to the superconscious of the universe • Reveals the biochemistry of how the body's melanin provides the template for the subtle energy body or light body • Shows how embracing the dark light consciousness of the awakened Ureaus opens a portal to the sacred darkness of the superconscious • Provides illustrated instructions for meditation practices, breathing exercises, and yoga postures to safely awaken Ureaus/Kundalini energy Within each of us lies the potential to activate a personal connection to the superconscious. Called "Ureaus" in ancient Egyptian texts and "Kundalini" in ancient Hindu yoga traditions, our innate serpent power of spiritual transcendence inhabits the base of the spine in its dormant state. When awakened, it unfurls along the spinal column to the brain, connecting individual consciousness to the consciousness of the universe enfolded within the dark matter of space. At the root of creativity and

spiritual genius across innumerable cultures and civilizations, this intelligent force reveals portals that enfold time, space, and the luminous matrix of reality itself. Combining physics, neuroscience, and biochemistry with ancient traditions from Africa and India, Edward Bruce Bynum, Ph.D., explores the ancient Egyptian science of the Ureaus and reveals how it is intimately connected to dark matter and to melanin, a light-sensitive, energy-conducting substance found in the brain, nervous system, and organs of all higher life-forms. He explains how the dark light of melanin serves as the biochemical infrastructure for the subtle energy body, just as dark matter, together with gravity, holds the galaxies and constellations together. With illustrated instructions, he shows how to safely awaken and stabilize the spiritual energy of the Ureaus through meditation practices, breathing exercises, and yoga postures as well as how to prepare the subtle body for transdimensional soul travel. By embracing the dark light of the shining serpent within, we overcome our collective fear of the vast living darkness without. By embracing the dark, we transcend reality to the dimension of light.

The Trickster's Totem

In C. L. R. James's classic *Beyond a Boundary*, the sport is cricket and the scene is the colonial West Indies. Always eloquent and provocative, James--the "black Plato," (as coined by the London Times)--shows us how, in the rituals of performance and conflict on the field, we are watching not just prowess but politics and psychology at play. Part memoir of a boyhood in a black colony (by one of the founding fathers of African nationalism), part passionate celebration of an unusual and unexpected game, *Beyond a Boundary* raises, in a warm and witty voice, serious questions about race, class, politics, and the facts of colonial oppression. Originally published in England in 1963 and in the United States twenty years later (Pantheon, 1983), this second American edition brings back into print this prophetic statement on race and sport in society.

The Source Field Investigations

Life has returned to normal for fourteen-year-old Evan and his older sister, Claire. That is until Dunkle, a clever but stinky little imp, pays an unexpected visit to their school. He has come to take the siblings back to Sagaas, the mythical realm of the gods. Once again, a Relic from the ancient Mystic Orb has fallen into the wrong hands. Only Evan and Claire, with their unique mystical abilities, can help find it. Through the power of the Trickster's Totem, a coyote trickster has escaped. His laughter echoes throughout the realm, as he spreads mischief and mayhem. He burns an entire crop of popcorn, carves his grinning image into sacred artifacts, and things really get interesting when he shape-shifts into Evan's friends. Claire and Evan must capture the Trickster, retrieve the Totem, and be careful not to become sidetracked by robotic Steampunk animals, "sweet" pixie-like Pains, and a problematic mermaid ... all while dodging Mothman-like aces. Most surprising, Evan discovers the true reason dragons exist in the Native American Spirit World. The Paradise Trilogy

Book 1 of the best selling book series about Christina von Dreien – now in English translation: Christina (born 2001) is a young woman from Toggenburg, Switzerland. She was born with greatly expanded consciousness and thus belongs to a new generation of young evolutionary thinkers who recognise, describe and live human existence as a complexity of quantum physics, neuropsychology and spirituality. She has always shown remarkable insight into today's world events and one cannot help but be astonished by her high ethics, her wisdom and inner peace that hint at a new dimension of being human. Without being overchallenged in any way, Christina displays a completely natural handling of a multitude of paranormal gifts such as multi-dimensional perception, aura perception, clairvoyance, telepathy, telekinesis, contact with other levels of existence, animal and plant communication and the like. From birth, she has also been consciously connected to higher dimensional spheres and civilisations of light. A harbinger of a new stage in human evolution, Christina, together with her twin sister Elena, incarnated on Earth to spread light and peace. She says, "The lights are already here, all over the world. It just needs someone to press the 'On' button." The first book tells the story of Christina's extraordinary birth, childhood and youth up to the age of 16, from the perspective of her mother, Bernadette. For Christina, it was a time of becoming accustomed to three-dimensionality, of being trained and tested in order to prepare herself for her life's task. Christina summarises this task with the three core concepts of freedom, truth and love.
