How to Restore Your Harley-Davidson

Imagine a top producing real estate salesperson, single mom, bad relationships with men, unhealthy, self-styled dumb blonde who awakens to her destiny of healing bodies, minds and souls. Meet Nadine Mercey, high vibrational healer. This is her personal story. Reading it will change yours. Her mission is raising awareness about the potential in all of us to boost our personal vibration so we can be healthy, in loving relationships, and laughing often and out loud. lol About the Author Nadine Mercey is a high vibrational healer. She grew up in Brantford, Ontario, and confesses to having never done well at formal education. "My mind just didn't work like other people's." Looking back, she recognizes signs of mild autism in her behavior. For twenty years, Nadine worked in real estate, rising to become one of Canada's top realtors. Her success came from an uncanny ability to intuitively understand the needs and motivations of buyers and sellers. Her awakening to the extent of her intuitive capabilities came from selling a haunted house -- one that had been featured in her dreams since childhood. Soon she was experiencing great vibrational development -- and receiving messages in her mind from voices who identified themselves as angels. She is guided and protected by the Gabrielle Collective and other energies. Nadine conducts readings, often at great distances, during which she communicates with the client's spirit guide(s) and/or angel(s). These entities provide instruction about what is required to raise the person's vibration, in order to restore balance to soul, mind and body. Generally energy flows into the person's body as Nadine visualizes areas that need help. Healing happens through creative visualization, and only when intended for the highest and best interest -- to help that person progress toward his or her predetermined life purpose. Blessed with extraordinarily high vibration, Nadine devotes a portion of her practice to healing other intuitives and to making people aware of their own intuitive capabilities. She is a medical intuitive, who has helped doctors identify illnesses in their patients. Nadine is a dynamic presenter at seminars, and has been the subject of a documentary film. Discussions are underway about hosting a television show. She is also developing her own line of healing products. Nadine lives in Ancaster, Ontario, Canada with her two teenaged sons, Eric and Jaxon. She loves to dance and laugh. And she does own way too many shoes. Reviews "Nadine's healing is amazing. Pro and amateur athletes will gain new awareness and better health by reading her new book." -- Peter Zezel, NHL hockey legend and coach "Nadine Mercy is the most powerful healer that I know and will astonish even her most ardent skeptic. This profound book is a must read!" -- renown psychic medium Karyn Reece (as seen on Lifetime Channel, TLC and Discovery Channel) "Deeper Souls, Less Shoes is a fascinating and breezy narrative. At first I felt like a voyeur, but soon I realized this book was all about me, too! Nadine's tale gives me permission to fully embrace the many odd occurrences that fall into my life daily and to expect

that these occurrences or clues, will fit together to create a picture, MY LIFE, larger, more fulfilling and powerful than I can currently imagine. After reading Nadine's book I am filled with confidence to look, and guess what it's there. Thank you, sister! -- Linda Schaumleffel, Olympic athlete and brain fitness expert

The West has always been a symbol of the wild frontier, rugged adventure, and dangerous exploration. However, if it wasn't for fear of the unknown, the West would just be another cardinal direction. Old Scratch and Owl Hoots delves into that fear and captures it in fourteen tales of terror set in the West ranging from the 1800s to the present day. Take a gander inside and you'll find stories dealing with a strange creature on Antelope Island that can never satisfy its hunger a young girl kidnapped by highwaymen; but she carries a dangerous secret a woman's vacation to Zion National Park that takes a dark turn when she can't stop hearing the cries of a newborn baby an outlaw on the run from Porter Rockwell who finds more than he bargains for in the Utah wilderness a war veteran who carries a darkness inside him that threatens his very own family. Experience these stories and more in Old Scratch and Owl Hoots. All the stories in the anthology are written by authors with Utah connections. Some are veterans at the craft, while others are making their debut. Cozy up next to a campfire and delve into these fourteen stories and find out why it's dangerous to be out and about in the West when the sun goes down.

This little book contains some of the greatest wisdom literature of the ages. Everyone, and especially young people, should be familiar with it. Both Epicureanism and Stoicism taught that if we want to be happy and productive, we must strengthen and train our willful and wayward minds. There are echoes of the Buddha's Dhammapada. The passages selected are both beautiful and moving.
