Your Travel Destination. Your Home. Your Home-To-Be. Kansas City World-class museums. Historic jazz clubs. Romantic cafes. Riverboat casinos. High-end cuisine. Down-home barbecues. • A personal, practical perspective for travelers and residents alike • Comprehensive listings of attractions, restaurants, and accommodations • How to live & thrive in the area—from recreation to relocation • Countless details on shopping, arts & entertainment, and children's activities

Insiders' Guide® to San Diego

Insiders' Guide to Denver is the essential source for in-depth travel information for visitors and locals alike to this storied Colorado city. Written by a local, and true insider, Insiders' Guide to Denver offers a personal and practical perspective of Denver and its surrounding environs that makes it a must-have guide for travelers as well as residents looking to rediscover their hometown.

Insider's Guide to Graduate Programs in Clinical and Counseling Psychology

Updated for 2012, the second edition of this best-seller will help you get the best possible deal on your home or investment property. Having worked as an agent for both property buyers and sellers Patrick Bright knows the tricks of the

trade. Written specifically for home buyers to help them find, negotiate and buy a home for less, Patrick empowers buyers to better understand how to search for and negotiate the best possible deal saving you tens of thousands of dollars. Includes tips on: How to determine the true market value of a property, understanding the common ways property is marketed, 7 negotiation secrets that real estate agents don't want you to know, how to save in excess of five per cent plus off the market value of the property, common mistakes to avoid when buying your next home.

An Insider's Guide to Academic Writing with 2020 APA Update

San Diego, California's second largest city with 70 miles of beaches and a mild Mediterranean climate, is popular for visitors—temporary or permanent. Insiders' Guide to San Diego is the quintessential and comprehensive source for travel and relocation information about this sprawling, spectacular Southern California city. Take advantage of the personal perspective of the local authors to gain detailed knowledge necessary to making the most of your experience. Now in its sixth edition, this fully updated and revised guide includes seven maps and 32 black-and-white photographs.

On Board

Confused by cases? Stuck on statutes? Or just unsure where to start with writing, research or revision? The Insider's Guide to Legal Skills will show you what you need to succeed, applying skills in their real-world context and helping you get to grips with legal method and thinking. Making use of problem-based learning and examples throughout, this practical and accessible guide will provide you with a clear guide to skills within the law degree and how to make the most of them in assessment, but also help you to see their importance to a future legal career. Designed for LLB/GDL students who want a clear overview of what a law degree is all about, the book has been built on the skills curriculum, and is a suitable text for Legal Skills, Methods and Reasoning courses as well as a general introduction to law, or pre-reading for those considering a law degree.

Seattle - Insiders' Guide®

A first edition, Insiders' Guide to Seattle is the essential source for in-depth travel and relocation information to this thriving city in the Pacific Northwest. Written by a local (and true insider), this guide offers a personal and practical perspective of Seattle and its surrounding environs.

The Insider's Guide to Law Firms

Valued for its clear, accessible presentation of disciplinary writing, the first edition of *An Insider's Guide to Academic Writing* was celebrated by adopters at two-year and four-year schools alike. With this second edition, the authors build on that proven pedagogy, offering a series of flexible, transferable frameworks and unique Insider's video interviews with scholars and peers that helps students to adapt to the academic writing tasks of different disciplinary discourse communities - and helps instructors to teach them. New to the second edition is additional foundational support on the writing process, critical reading, and reflection, to give students stronger tools to apply to their disciplinary writing. *An Insider's Guide to Academic Writing* is based on the best practices of a first-year composition program that has trained hundreds of teachers who have instructed thousands of students. Use ISBN 978-1-319-05355-0 to get access to the online videos for free with the brief text and ISBN 978-1-319-05354-3 for the version with readings

The Insider's Guide to a Career in Book Publishing

Stem Cells: An Insider's Guide is an exciting new book that takes readers inside the world of stem cells guided by international stem cell expert, Dr. Paul Knoepfler. Stem cells are catalyzing a revolution in medicine. The book also tackles the exciting and hotly debated area of stem cell treatments that are capturing the public's imagination. In the future they may also transform how we age and reproduce. However, there are serious risks and ethical challenges, too. The author's goal with this insider's guide is to give readers the information needed to distinguish between the ubiquitous hype and legitimate hope found throughout the stem cell world. The book answers the most common questions that people have about stem cells. Can stem cells help my family with a serious medical problem such as Alzheimer's, Multiple Sclerosis, or Autism? Are such treatments safe? Can stem cells make me look younger or even literally stay physically young? These questions and many more are answered here. A number of ethical issues related to stem cells that spark debates are discussed, including risky treatments, cloning and embryonic stem cells. The author breaks new ground in a number of ways such as by suggesting reforms to the FDA, providing a new theory of aging based on stem cells, and including a revolutionary Stem Cell Patient Bill of Rights. More generally, the book is your guide to where the stem cell field will be in the near future as well as a thoughtful perspective on how stem cell therapies will ultimately change your life and our world.

The Insiders' Guide to Hedge Funds

Why do decisions in universities take so long and involve so many people? Why isn't growth a priority for colleges? Why can't faculty be managed like any other employees? How can alumni work more effectively with campus leaders? As leaders in higher education with years of experience working with business executives, governing boards, faculty, consultants, and alumni, James W. Dean Jr. and Deborah Y. Clarke have noticed that these questions often arise, revealing that many business-based partners have a limited understanding of academic institutions. This book offers practical guidance for those who seek to invest in and help enhance higher education. Dean and Clarke advocate for the distinctive missions and structures that make universities unique among American enterprises. And while they acknowledge the challenges often faced when working with academic institutions, they argue that understanding institutional mission is essential to improving the effectiveness of business leaders who engage in higher education. Presenting numerous real-world insights and drawing from interviews with a range of stakeholders, Dean and Clarke chart a path for building and sustaining relationships that work to strengthen higher education.

The Black Dagger Brotherhood

"For over thirty years, Lon Milo DuQuette has written incisively about tarot, magick, qabalah, divination, and provided introductory material for the most renowned authors on these topics, such as Aleister Crowley, Israel Regardie, John Dee, Frater Achad, Rodney Orpheus, H. P. Lovecraft, Phyllis Seckler, John Michael Greer, Susan Montag, Donald Michael Kraig, and many others. Collected here are Lon's best writings, each crafted with an eye toward the importance and immortality of the work with his studied insight and scholarship, along with his renowned sense of humor. Considered as a whole, this collection of writings provides an invaluable introduction to many aspects and personalities of the occult and esoteric world by one of the foremost authorities on such arcane subjects"--

The Insider's Guide to the Colleges

"If I was going to start a new business today I would be sure to study and pay close attention to Kevin Ready's new book, *Startup*. His wisdom, experience, and his self-effacing and honest writing make this a real gem for aspiring entrepreneurs and business people of all kinds." —Bob Beaudine, author of *The Power of WHO*

Startup: An Insider's Guide to Launching and Running a Business is for people who are excellent at something—product or web development, writing code, marketing or selling anything—but who are now toiling for others. Yet they have long had a dream: to take that special skill set and use it, on their own terms, in a startup business. This pattern is romanticized by the media in the form of the "tech entrepreneur"—the guy brainstorming with buddies in a garage who ends up selling his startup for millions. But what is the reality behind stories like that one? For that matter, what mental processes, frames of reference, hard knocks, and lessons learned make up the "back story" behind any startup success? This book not only reveals the actual experience of entrepreneurship, but it provides readers with a set of universal entrepreneurial skills and tools they can use to build a business. Author Kevin Ready has made this journey, and more than once. He earned his MBA—Master of Bruise Acquisition—through numerous encounters with "situations," problems, black holes, bad employees, sea monsters, not enough money, and other karate chops to the organizational body. *Startup* illustrates in detail the lessons he learned the hard way—so you don't have to. Backed up by stories of both his successes and failures, Ready helps readers learn shortcuts to help them do what eight out of 10 entrepreneurs can't: Build and sustain a successful start-up. Illustrates the entrepreneurial journey from start to finish Helps readers decide—or not—to start a business Provides dozens of lessons learned and other takeaways budding entrepreneurs can put to use today

The Insider's Guide to Independent Film Distribution

College students discuss what colleges are really like, including grades, sports, social life, alcohol policies, gender relations, admissions, and classes

Insiders' Guide® to Denver

Throughout the world, thousands of people give their time, skill and energy to serving on a board. From local councils to international corporations - boards play a critical role in the running and success of any organisation, large and small. In On

Board John Tusa brings us behind the closed doors of the boardroom to provide an insight into the inner-working of boards. From personal squabbles to financial crises, Tusa shares his experiences serving on a wide variety of international boards such as the National Gallery and American Public Radio. These lively life-stories unveil how boards overcome deep-set divisions, appoint new members and survive in times of chaos. Through these stories, Tusa provides lessons and tips on how to effectively operate in cooperative business environments. Tusa teaches the reader how to overcome the big egos and how to work collaboratively yet effectively. On Board is not only an engaging foray into the vibrant career of John Tusa - it is also a comprehensive guide to anyone who struggles to work on boards or committees - or in any cooperative environment.

The Insider's Guide to Working with Universities

So you want to work in publishing? Publishing is a hard industry to get into and the first few years involve a lot of work for no pay. Through this book you will gain the information you need to enter the world of books with your eyes wide open. The vast majority of people who want to go into publishing want to be editors, which is the path with the least pay and most work (at least in the bottom ranks). But do you know what the other jobs in publishing even are? You might be more ideally suited and enjoy working in a completely different department that you've never thought of before. This book takes you through all the major career paths in book publishing and explains the advantages and disadvantages of each, so you can match up your personality and skills to find the perfect job for you. After explaining the different jobs, the book explains about types of publishing houses, and gives you tips for how to get into publishing including: *how to break down a job description and see what it's really asking for *how to research the ideal jobs for you *what you can do to stand out from the crowd *how to approach the job hunt if you're not in New York City.

The Insider's Guide to Grantmaking

The Insiders' Guide to Factual Filmmaking is an accessible and comprehensive 'how to' guide about the craft of making documentaries for TV, online or social media. Filmmaker Tony Stark distils a long career at the BBC and as an independent producer to explain the conceptual, visual, editorial and organisational skills needed to make impactful and stylish factual films. Interviews with top industry professionals in the UK and US - commissioners, executive producers, filmmakers, strand editors and media lawyers - add valuable insight and authority to this book. For more experienced filmmakers The Insiders' Guide tells you how to get the green light for undercover investigations, how to tell film stories online and on social media, and how to budget a factual film. This is a key text for anyone who wants to succeed in the rapidly changing, competitive freelance markets in Britain and America. It provides expert guidance to students on filmmaking courses, journalists wanting to move from print to video and non-professionals with an interest in film-making. Whatever the final destination of your film - and whatever the budget - The Insiders' Guide provides a vital roadmap. The book's accompanying website is a 'show-me' resource for new directors: with 24 specially-shot film clips illustrating the key rules of filmic grammar and sequence shooting - together with downloadable versions of essential production forms.

Stem Cells: An Insider's Guide

Why did the CIA overthrow Iran's democratically elected government? And why has the United States treated Iran as one of its biggest enemies for four decades? Is the Trump administration's "Maximum Pressure" campaign working, or will it precipitate a war with Iran? In *The CIA Insider's Guide to Iran: from CIA Coup to the Brink of War*, former CIA Officer John C. Kiriakou and investigative journalist and historian Gareth Porter explain how and why the United States and Iran have been either at war or threatening such a war for most of the forty years since Islamic Republic of Iran was established. The authors delve below the surface explanations for the forty-year history of extreme U.S. hostility toward Iran to blow up one official U.S. narrative after another about Iran and U.S. policy. Against the background of Iran's encounters with heavy-handed British and Russian imperialist control over its resources, this book shows how the U.S. began its encounter with Iran by clearly siding with British imperialism against Iranian aspirations for control over its oil in its 1953 overthrow of the Mossadegh government, then proceeded to actively support the Saddam Hussein regime's horrific chemical war against Iran. The book shows how a parade of politically-motivated false narratives have taken U.S. Iran policy progressively farther from reality for three decades and have now brought the United States to the brink of war with Iran. It explains how Donald Trump's trashing of the nuclear deal with Iran and seeking to cut off Iran's oil exports creates a very high risk of such a war, demanding major public debate about changing course. *The CIA Insider's Guide to the Iran Crisis* also includes appendices with key official documents on U.S. policy toward Iran, with particular emphasis on the major official statements of the Trump administration's "Maximum Pressure" strategy.

The Insiders' Guide to Factual Filmmaking

Every complex product needs to be explained to its users, and technical writers, also known as technical communicators, are the ones who do that job. A growing field, technical writing requires multiple skills, including an understanding of technology, writing ability, and great people skills. Whether you're thinking of becoming a technical writer, just starting out, or you've been working for a while and feel the need to take your skills to the next level, *The Insider's Guide to Technical Writing* can help you be a successful technical writer and build a satisfying career. Inside the Book Is This Job for Me? What does it take to be a technical writer? Building the Foundation: What skills and tools do you need to get started? The Best Laid Plans: How do you create a schedule that won't make you go crazy? How do you manage different development processes, including Agile methodologies? On the Job: What does it take to walk into a job and be productive right away? The Tech Writer Toolkit: How do you create style guides, indexes, templates and layouts? How do you manage localization and translation and all the other non-writing parts of the job? I Love My Job: How do you handle the ups and downs of being a technical writer? Appendixes: References to websites, books, and other resources to keep you learning. Index

The Insider's Guide to Buying Real Estate

Innovation in technology means that almost anyone can make an independent film these days. Although this may be good news for aspiring filmmakers, it also means that the oversupply of independent films on the market has caused acquisition prices to dramatically decrease. As a result, producers and investors rarely recover their initial investment in the films they make. But don't be discouraged! Use this book to learn the realities of the market in advance and map out a winning distribution plan. This comprehensive manual for filmmakers and producers dedicated to film distribution and the marketplace could mean the difference between getting your film out to the public and keeping it "in the can." Learn how to sell your movie to a studio, a cable network, a video distributor, or international buyers. Self-distribution and other alternatives to traditional distribution are also considered. As well, you'll hear some success stories from producers and hear directly from buyers what they are seeking. Stacey Parks has worked with dozens of hungry filmmakers to get their films a distribution deal and knows how frustrating the whole process can be. Let her tell you how you can take control of your filmmaking career and start getting your work seen by audiences with a few little-known distribution secrets. Features include: * Interviews and case studies with producers and distributors * Ten Ways to Market Your Film for Self-Distribution * Sales Projections per Territory * Distribution Resource Listings * Negotiation tips for distribution agreements * Sample distribution agreements

The Insiders Guide to a Free Ride: Winning \$500,000 of Scholarships for College Was Easy, Learn How

Don't Panic! The Insider's Guide to the New GP Contract represents a concise interpretation and analysis of the GMS Contract from members of the team that negotiated it. It is therefore authoritative and timely; it identifies the important issues and underlying principles of the new GP Contract and how they relate to GPs' performance and numeration. The contents cover patient registration funding the services available in primary care practice management and other key elements of the Contract and also examines the changes that will take place in Information Technology as a result. General practitioners primary care managers and their professional advisers will find this book essential and invaluable reading.

YouTube

- In 2003, four mining shares rose over four times in price, with one gaining ten times.- In just the first two months of 2004, 26 mining shares increased more than 20%, with five shares doubling.- Merrill Lynch's World Mining Trust is the UK's best performing fund over the past three years, having risen by over 200 per cent. But is the mining boom about to end? Not according to this book, by Michael Coulson, Chairman of the Association of Mining Analysts. Coulson argues that, if anything, we are still in the early stages of prolonged strength in mining stocks and despite what some commentators are saying, the boom is far from over. FROM THE BACK COVER The prospect of instant riches gives the mining sector an obvious glamour. And when the mining sector begins to run it can be an awesome sight and the excitement generated can be every bit as seductive and heady as that which enveloped markets during the internet boom. But due to the counter-cyclical nature of many mining stocks, they can also offer a valuable refuge when stock markets turn down. In this book, Michael Coulson gives a masterly overview of the sector, explains both the rewards and the pitfalls of investing in mining shares and argues convincingly that mining should once again form a core sector for all investors. The book is for anyone interested in mining, and particularly mining as an investment. Whilst it contains material which will be useful to even experienced followers of the sector, its main target is those who are interested in mining but perhaps not particularly familiar with the sector, and would like to know more. All the subjects are covered that are fundamental to acquiring sufficient knowledge about the mining sector to invest in it with confidence. While the mining s

The Insider's Guide to Technical Writing

Your Insiders Guide to Retirement sheds surprising light on the necessary financial

planning for a secure retirement. Are you ready to retire, but are afraid of running out of money? Do you know who to trust? People imagine retirement as learning new things, challenging themselves, giving back as a mentor, spending their days with family and friends, or filling them with exciting adventures. The vision is the beginning but getting to that destination requires more steps than people realize. Your Insiders Guide to Retirement serves as a mentor for retirees and as a guide who has been down this path countless times with a proven system in place. With a combined seventy-five years of experience in financial services, Troy Daum, RJ Gordon Tudor, and Jeff Poole explore why people are fed up with the scandals of Wall Street, brokerages, and insurance companies. They introduce readers to an exciting new profession where companies act as a fiduciary. They present a paradigm shift in the financial services space and emphasize the importance of why retirees must understand and have a financial plan and how they, too, can follow the path to an amazing retirement journey.

Insiders' Guide® to Richmond, VA

Unlike many formal professions, foundation grantmaking is a calling with no training programs and little definitive literature on the latest and best practices. Written for program officers and of considerable value to grantseekers, this volume is the first and only practical guide to making foundation grants and developing essential skills for effective and ethical grantmaking. Author Joel J. Orosz provides: The history, structure, and function of foundations in society. The complex role that program officers play in their day-to-day activities. Real-world advice on a myriad of tasks--from meeting with applicants and reviewing their proposals to assisting the funded project and managing foundation initiatives. A useful overview for those new to the field, helps more experienced program officers to think more deeply about their work, and shares rich insights for the thousands of nonprofit leaders who pursue foundation grants.

The Insider's Guide to the Colleges, 2004

"Perseverance is much more important than talent. Because so many talented people fall by the wayside." --James Michener The history of writing is full of authors striving to succeed in a hyper-competitive publishing world, contending with agents, editors, publishers, critics, and sometimes the greatest challenge of all - overnight success. For all of the extraordinary changes that have recently taken place, however, there are a few things that remain the same. Getting published still requires persistence, preparation, and smarts, as well as an understanding of how the business works, where it's been, and where it's going. An Insider's Guide to Publishing pulls back the industry curtain for millions of published and aspiring authors, revealing Hemingway's famous feuds, Poe's raving madness, Capote's vengeful wit, and much more. With clever insights and dark humor to spare, David Comfort, a thirty-year veteran of the publishing trenches, explores the achievements and faultures of literary masters and editorial workaholics to show readers how they, too, can:

- Use their creativity and composure to overcome publishing pitfalls.
- Work with agents, editors, publishers, and critics like a pro.
- Deal with rejection - and success - while avoiding the madhouse.
- Navigate the pros and cons of both traditional and self-publishing.

An Insider's Guide to Publishing shares the wicked wit and wisdom of some of the

craziest and most ambitious authors and editors of all time - proving that even the talented need luck, pluck, persistence, and the inside scoop on this rapidly changing industry in order to succeed!

The Insider's Guide to Book Publishing Success

A guide to the United Nations covers such topics as its history, organization, finances, and operations around the world.

The Insider's Guide to Match-fixing in Football

An Insider's Guide to Publishing

A WAVE OF MATCH-FIXING THREATENS THE WORLD'S MOST POPULAR SPORT. There are dozens of national police investigations; hundreds of matches from top international games to the Champions League to youth teams have been fixed and over one thousand players, coaches and referees have been arrested. This new form of sports corruption will destroy football, unless we fight it. TO FIGHT IT, WE HAVE TO UNDERSTAND IT. 'The Insider's Guide to Match-Fixing in Football' is an analysis of the motivations, the mechanisms and the methods within this modern form of fixing. Hill was the first person to break the story of the new form of football fixing when he infiltrated an Asian match-fixing gang in 'The Fix' - now he returns with a book that is 'Freakonomics meets Football Corruption'. "Only Declan Hill could write a book with this level of academic rigor and foundation of investigative journalism. I expect Dr. Hill's new book to be the seminal work in the sports corruption space and I have adopted it for use in my PhD seminar on forensic sports law analytics." - Ryan M. Rodenberg, JD/PhD, Florida State University "Declan Hill has broken new ground academically, imparting much-needed order and clarity to the murky world of global match-fixing. This is an important book for anyone who cares about the integrity of sport, and it's an indispensable book for those involved in sports analytics" - Marc Carinci, Managing Director, Sports Gambling Data Services "Tenacious, factual and with an unrivalled understanding of the current threat being posed to the integrity of sport, Declan Hill consistently challenges those who stand idly by." - Senator Cecilia Keaveney, Former Head of the Council of Europe's Task Force on Match-Fixing "Declan Hill's new book is an absolute must-read for every thinking fan of the beautiful game on the planet. Being part of Declan's team preparing the book I know how much effort and research Declan invested in it. Declan's passion for our game, professional courage and expertise pours from every page." - Steven Powell, Director of Policy, Football Supporters' Federation "A new book from one of the best investigative writers on the subject of match and spot fixing in football. The challenge to the integrity of sport from sporting fraud is growing exponentially. This new book documents that cancerous expansion. The author is a renowned expert who focuses on football with the precision of a laser beam. A must read!" - Professor Richard McLaren, Faculty of Law, University of Western Ontario, London, Canada "The Insider's Guide to Match-Fixing in Football is an education for scholars and students of organized crime and a wake-up call for sports administrators. Rigorously researched but accessibly written, this book makes sense of match

fixing in straightforward, rational terms. Such confirms Declan Hill as both master storyteller and global authority on the corruption threatening the beautiful game. Not to be missed." - James A. Densley, PhD, author of *How Gangs Work: An Ethnography of Youth Violence*
