Debt's Dominion

Basic Bankruptcy Law for Paralegals, Abridged Edition evolved from a need to develop a nuts-and-bolts description of the bankruptcy system written in a manner that could be easily understood by nonlawyers. The primary intent has been to design this text as a basic primer for legal assistants or paralegal students to help them grasp the practical aspects of representing debtors or creditors within the bankruptcy system. To meet this challenge, the authors have explained practice and theory together in as concise a format as possible. This Abridged Edition focuses primarily upon consumer bankruptcy since the vast majority of bankruptcy cases are filed as consumer Chapter 7 or Chapter 13 cases.

A Treatise on the Law of Bankruptcy and Insolvency

The Oxford Handbook of Fiduciary Law

Reorganizations Under Chapter 11 of the Bankruptcy Code is the most complete and up-to-date one-volume treatment of this important business-planning tool. It contains a thorough discussion of Chapter 11 law and practice, including significant changes in: exclusivity; key employee retention plans; pre-petition severance pay; the debtor's ability to retain turnaround specialists; conversion and dismissal of cases; the obligation of creditors' committees to share information with members of the constituencies; and the way in which small business and single-asset real estate cases are conducted. This authoritative volume also brings you legal analysis and practical guidance on such subjects as: bankruptcy court jurisdiction; voluntary and involuntary petitions; creditors' committees; managing and operating the debtor and its business, including obtaining post-petition financing; treatment of secured creditors; dealing with executory contracts and unexpired leases; filing and allowance of proofs of claims and interests; the content, modification and confirmation of plans of reorganization, including a discussion of how claims may be classified; the effect of plan confirmation; and post-confirmation appeals and plan consummation. Reorganizations Under Chapter 11 of the Bankruptcy Code will keep you current on the latest statutory and regulatory developments while briefing you on the often conflicting decisions handed down by the courts

A System of the Laws relative to Bankruptcy Selected from the manuscripts of a late Deputy Secretary of Bankrupts, etc

This book provides a detailed introduction to bankruptcy and related state and federal debtor-creditor law. It is equally useful in an introductory Creditors' Rights course that emphasizes bankruptcy; a free-standing Bankruptcy course; or an advanced course in Chapter 11 Reorganization. It provides an ample explanation of the issues likely to arise in any of these courses, specifically including issues raised by the Bankruptcy Abuse Prevention and Consumer Protection Act of 2005. It is also a useful and inexpensive single-volume guide for new and experienced bankruptcy practitioners. This eBook features links to Lexis Advance for further legal research options.

Family Lawyer's Guide to Bankruptcy

This interdisciplinary examination of corporate insolvency law assesses recent reforms and anticipates new legislation.

Reinventing Bankruptcy Law

The Law and Practice in Bankruptcy

Basic Bankruptcy Law for Paralegals, Abridged

In this Handbook, today's leading experts on the law and economics of corporate bankruptcy address fundamental issues such as the efficiency of bankruptcy, the role and treatment of creditors--particularly secured creditors--in the bankruptcy process, the allocation of going-concern surplus among claimants, the desirability of liquidation in the absence of such surplus, the role of contract in bankruptcy resolution, the role of derivatives in the bankruptcy process, the costs of the bankruptcy system, and the special case of financial institutions, among other topics. Chapters trace the historical path of both law and policy analysis, with a focus on how the bankruptcy process serves underlying policy objectives. Proposals to reform corporate bankruptcy are presented. Research Handbook on Corporate Bankruptcy Law includes policy analysis by both lawyers and economists and is thus an invaluable resource to law scholars and students interested in the economic analysis of corporate bankruptcy law as well as to economics and business scholars and students studying the law of corporate bankruptcy. These pages will prove equally valuable to lawmakers and judges who are interested in policy analysis of corporate bankruptcy.

The Law and Practice of the Bankruptcy Court, Ireland

Corporate Insolvency Law

In 2005, more than two million Americans—six out of every 1,000 people—filed for bankruptcy. Though personal bankruptcy rates have since stabilized, bankruptcy remains an important tool for the relief of financially distressed households. In *Bankrupt in America*, Mary and Brad Hansen offer a vital perspective on the history of bankruptcy in America, beginning with the first lasting federal bankruptcy law enacted in 1898. Interweaving careful legal history and rigorous economic analysis, *Bankrupt in America* is the first work to trace how bankruptcy was transformed from an intermittently used constitutional provision, to an indispensable tool for business, to a central element of the social safety net for ordinary Americans. To do this, the authors track federal bankruptcy law, as well as related state and federal laws, examining the interaction between changes in the laws and changes in how people in each state used the bankruptcy law. In this thorough investigation, Hansen and Hansen reach novel conclusions about the causes and consequences of bankruptcy, adding nuance to the discussion of the relationship between bankruptcy rates and economic performance.

A Treatise on the Law and Practice of Bankruptcy

Hilliard, Francis. A Treatise on the Law of Bankruptcy and Insolvency. Second Edition, Embracing the Bankrupt Act of 1867. Philadelphia: J. B. Lippincott & Co., 1867. xxxvi, 512 pp. Reprinted 2003 by The Lawbook Exchange, Ltd. LCCN 2002042755. ISBN 1-58477-349-9. Cloth. \$95. * Reprint of second edition, embracing the Bankruptcy Act of 1867, which was enacted as part of Congress' Reconstruction program initiated after the Civil War. A thorough guide to the principles of mid-nineteenth century Anglo-American bankruptcy law based on a study of American and English cases. Topics include the nature of bankruptcy, petitioning creditors, proof of claims, discharge of debts and the jurisdiction of bankruptcy courts. The appendix includes the texts of U.S. bankruptcy laws and acts passed between 1800 and 1867 and the 1858 Massachusetts Insolvent Law.

Collier on Bankruptcy Taxation

A careful analysis of the fundamentals of bankruptcy law.

Bankruptcy and Debtor/creditor

The Bankruptcy Claims Handbook

Collier on Bankruptcy

A survey of the early major developments of the law of bankruptcy can be found in these three volumes comprising nearly 2,000 pages. While the primary focus is on the 1898 law, including a critical analysis of it, the important and authoritative rulings under the Acts of 1841 and 1867 are included as well as those under the three amendments through 1910. The author declares that the law and practice of bankruptcy has crystallized into a definitive system. Separate chapters are devoted to matters such as the rights and liabilities of secured creditors, the rights of a trustee in bankruptcy as against a prior assignee for creditors, the powers and duties of referees in bankruptcy, fraudulent and voidable conveyances by the bankrupt, preferences, and bankruptcy of corporations and partnerships.

Bankruptcy and Related Law in a Nutshell

A Practical Treatise on the Bankrupt Law

Download Ebook The Law Relating To Bankruptcy Liquidations And Receiverships

Reinventing Bankruptcy Law explodes conventional wisdom about the history of the Companies' Creditors Arrangement Act and in its place offers the first historical account of Canada's premier corporate restructuring statute. The book adopts a novel research approach that combines legal history, socio-legal theory, ideas from political science, and doctrinal legal analysis. Meticulously researched and multi-disciplinary, Reinventing Bankruptcy Law provides a comprehensive and concise history of CCAA law over the course of the twentieth century, framing developments within broader changes in Canadian institutions including federalism, judicial review, and statutory interpretation. Examining the influence of private parties and commercial practices on lawmaking, Virginia Torrie argues that CCAA law was shaped by the commercial needs of powerful creditors to restructure corporate borrowers, providing a compelling thesis about the dynamics of legal change in the context of corporate restructuring. Torrie exposes the errors in recent case law to devastating effect and argues that courts and the legislature have switched roles - leading to the conclusion that contemporary CCAA courts function like a modern day Court of Chancery. This book is essential reading for the Canadian insolvency community as well as those interested in Canadian institutions, legal history, and the dynamics of change.

The Bankruptcy Act, 1869

This book shows that a special bank bankruptcy regime is desirable for the efficient

Download Ebook The Law Relating To Bankruptcy Liquidations And Receiverships

restructuring and/or liquidation of distressed banks. It explores in detail both the principal features of corporate bankruptcy law and the specific characteristics of banks including the importance of public confidence, negative externalities of bank failures, fragmented regulatory framework, bank opaqueness, and the related asset-substitution problem and liquidity provision. These features distinguish banks from other corporations and are largely neglected in corporate bankruptcy law. The authors, an assistant professor for money and finance and a research economist at the Dutch Central Bank, propose changes in both prudential regulation and reorganization policies that should allow regulators and banking authorities to better mitigate disruptions in the financial system and minimize the social costs of bank failures. Their recommendations are complemented by a discussion of bank failures from the 2007–2009 financial crisis.

Bankruptcy Law in Context provides a fresh approach to the study of bankruptcy law through the illustration of bankruptcy issues in typical required doctrinal courses. Students learn the bankruptcy concepts by studying them in the context of materials they already mastered as part of their required law school curriculum. In addition, this title allows for a bankruptcy course to be taught as a capstone, providing a good summary and review of these foundational topics in the context of a body of law that frequently intersects with other areas of law. Key Features: An overview of fundamental doctrinal courses Problems at end of each chapter that build upon each other throughout the book Treatment of fundamental bankruptcy concepts within the context of other areas of law Professors and students will benefit from: A unique approach, that focuses not just on the bankruptcy code but on its interaction with other areas of the law. This appeals not only to students interested in bankruptcy practice, but also to students seeking a way to connect the law school curriculum or to review previously learned areas of law in preparation for the bar examination and practice A review of core doctrinal concepts An understanding of basic bankruptcy concepts Discussion of statutory interpretations throughout book Concluding problems to each chapter that bring

Objection to claims"

Business Bankruptcy Essentials

Bankruptcy Law: Principles, Policies, and Practice, Fourth Edition puts bankruptcy law in context, illuminating the evolution of the Bankruptcy Code with an exploration of current and historical non-bankruptcy remedies. The book continually approaches each topic through the goals of creditors and debtors, exploring how each is served in various parts of the Code. Extensive questions and numerous problems focus student attention on the mechanics of the bankruptcy process. But they do so through the lens of history and policy, and they explain why the law is the way it is. The authors' aim in designing the casebook was to provide a very accessible medium for introducing students to bankruptcy law in a sophisticated manner. As the title indicates, the emphasis is on the relationship between the core principles essential to an understanding of the law, the policies animating those principles, and the challenges presented by the effectuation of those principles and policies in bankruptcy practice. In its methodology, Bankruptcy Law: Principles, Policies, and Practice relies on a variety of expository tools—textual discussion, comprehension questions, problems, cases and thought / discussion questions—all with a careful eye toward building upon previous materials and concepts. The eBook versions of this title feature links to Lexis Advance for further legal research options.

A Treatise on the Bankruptcy Law of the United States

This authoritative treatise on bankruptcy fraud is an invaluable reference book for bankruptcy law practitioners, white-collar criminal lawyers, prosecutors, judges, restructuring professionals, and academicians. Bankruptcy Crimes is the only book extant on the subject and is unique in its dual perspective and analysis of criminality and bankruptcy law.

Selected Cases and Statutes on the Law of Bankruptcy

Bankruptcy in America, in stark contrast to its status in most other countries, typically signifies not a debtor's last gasp but an opportunity to catch one's breath and recoup. Why has the nation's legal system evolved to allow both corporate and individual debtors greater control over their fate than imaginable elsewhere? Masterfully probing the political dynamics behind this question, David Skeel here provides the first complete account of the remarkable journey American bankruptcy law has taken from its beginnings in 1800, when Congress lifted the country's first bankruptcy code right out of English law, to the present day. Skeel shows that the confluence of three forces that emerged over many years--an organized creditor lobby, pro-debtor ideological currents, and an increasingly powerful bankruptcy bar--explains the distinctive contours of American bankruptcy

Download Ebook The Law Relating To Bankruptcy Liquidations And Receiverships

law. Their interplay, he argues in clear, inviting prose, has seen efforts to legislate bankruptcy become a compelling battle royale between bankers and lawyers--one in which the bankers recently seem to have gained the upper hand. Skeel demonstrates, for example, that a fiercely divided bankruptcy commission and the 1994 Republican takeover of Congress have yielded the recent, ideologically charged battles over consumer bankruptcy. The uniqueness of American bankruptcy has often been noted, but it has never been explained. As different as twenty-first century America is from the horse-and-buggy era origins of our bankruptcy laws, Skeel shows that the same political factors continue to shape our unique response to financial distress.

An Untroduction to Bankruptcy Law

Recommended with confidence by law professors across the country, BANKRUPTCY AND DEBTOR/CREDITOR: Examples & Explanations enters its Second Edition helping students Understand The many rules, principles, and policies of bankruptcy and debtor/creditor law. Law and Economics

Covering over one-hundred topics on issues ranging from Law and Neuroeconomics to European Union Law and Economics to Feminist Theory and Law and Economics, The Oxford Handbook of Law and Economics is the definitive work in the field of law and economics. The book gathers together scholars and experts in law and economics to create the most inclusive and current work on law and economics. Edited by Francisco Parisi, the Handbook looks at the origins of the field of law and economics, tracks its progression and increased importance to both law and economics, and looks to the future of the field and its continued development by examining a cornucopia of fields touched by work in law and economics. The uniqueness of its breadth, depth, and convenience make the volume essential to scholars, students, and contributors in the field of law and economics.

The Economics of Bank Bankruptcy Law

This book offers practical guidance on the new legislation and how it affects divorcing spouses. Among the aspects explained include the types of bankruptcy cases; case commencement; automatic stay; property of the estate; lien avoidance; priority of alimony, maintenance, and support debts; avoidability of

Bankruptcy Law in Context

Bankruptcy Law: Principles, Policies, and Practice, 2015

The Oxford Handbook of Fiduciary Law provides a comprehensive overview of critical topics in fiduciary law and theory through chapters authored by leading scholars. The Handbook opens with surveys of the many fields of law in which fiduciary duties arise, including agency law, trust law, corporate law, pension law, bankruptcy law, family law, employment law, legal representation, health care, and international law. Drawing on these surveys, the Handbook offers a synthetic

Download Ebook The Law Relating To Bankruptcy Liquidations And Receiverships

analysis of fiduciary law's key concepts and principles. Chapters in the Handbook explore the defining features of fiduciary relationships, clarify the distinctive fiduciary duties that arise in these relationships, and identify the remedies available for breach of fiduciary duties. The volume also provides numerous comparative perspectives on fiduciary law from eminent legal historians and from scholars with deep expertise in a diverse array of the world's legal systems. Finally, the Handbook lays the groundwork for future research on fiduciary law and theory by highlighting cross-cutting themes, identifying persistent theoretical and practical challenges, and exploring how the field could be enriched through empirical analysis and interdisciplinary insights from economics, philosophy, and psychology. Unparalleled in its breadth and depth of coverage, The Oxford Handbook of Fiduciary Law represents an invaluable resource for practitioners, policymakers, scholars, and students in this essential field of law.
