## **2019 Individual Income Tax Forms and Instructions**

Tax-Free Wealth is about tax planning concepts. It's about how to use your country's tax laws to your benefit. In this book, Tom Wheelwright will tell you how the tax laws work. And how they are designed to reduce your taxes, not to increase your taxes. Once you understand this basic principle, you no longer need to be afraid of the tax laws. They are there to help you and your business—not to hinder you. Once you understand the basic principles of tax reduction, you can begin, immediately, reducing your taxes. Eventually, you may even be able to legally eliminate your income taxes and drastically reduce your other taxes. Once you do that, you can live a life of Tax-Free Wealth.

This revised handbook provides a concise discussion of the limited liability company (LLC), the popular alternative business form for small- and medium-sized enterprises that strategically combines the pass-through tax advantages and operational flexibility of the partnership with the limited liability of the corporation. The Guide explains, in clear language, key information about the benefits available within the LLC format, and a synopsis of each state's LLC statute enables you to quickly identify relevant planning opportunities or potential pitfalls. tool for tax practitioners and business professionals who work with multiple state tax jurisdictions. This handy and affordable reference provides readers with an overview of the taxation scheme of each state and the District of Columbia, as well as multistate charts on income taxes (personal and corporate), sales and use taxes and tax administration. It is a time saving resource for tax professionals by providing a single source of key state tax information instead of having to consult multiple sources. This book brings together important tax information for each state tax system and adds value to the practice of multistate tax advisors and those advising multistate businesses.

### **Moving to SC**

Peter Jason Riley is a CPA who for many years has practiced in the Boston area. His book opens with basic material that applies to everyone, offering a roadmap through today's tax landscape and general discussions of different types of income, various kinds of expenses and IRS-allowed tax deductions.

Following are the chapters that deal with the specific tax situation relevant to each category of artist. These range from the cost of acting lessons and makeup through depreciation of guitars and the maintenance of home studios to income from teaching jobs and royalties. In the final sections of the book, Riley considers various ways performers and other arts professionals can reduce their taxes, explains how to prepare for an audit, and suggests ways to locate, evaluate, choose and effectively work with a professional arts-oriented tax advisor.

**New Tax Guide**

Are you paying more taxes than you have to? The IRS is certainly not going to tell you about a deduction you failed to take, and your accountant is not likely to take the time to ask you about every deduction you're entitled to. As former IRS Commissioner Mark Everson admitted, "If you don't claim it, you don't get it. That's money down the drain for millions of Americans." This invaluable book, updated to reflect changes in tax law, not only lists the individual items that are deductible—from Internet domain name costs to theft losses—but also explains where to list them on your income tax form. "Tax law isn't easy," the author explains, "but this book is." The twelfth edition will be completely updated to include new changes in tax law, a chapter on home-based businesses, and include a special "jump out" highlights in the A-to-Z listings for any deduction that has special rules for home-based businesses.
