A masterpiece of Biblical scope, and the magnum opus of one of America's most enduring authors, in a commemorative hardcover edition In his journal, Nobel Prize winner John Steinbeck called *East of Eden* "the first book," and indeed it has the primordial power and simplicity of myth. Set in the rich farmland of California's Salinas Valley, this sprawling and often brutal novel follows the intertwined destinies of two families—the Trasks and the Hamiltons—whose generations helplessly reenact the fall of Adam and Eve and the poisonous rivalry of Cain and Abel. The masterpiece of Steinbeck's later years, *East of Eden* is a work in which Steinbeck created his most mesmerizing characters and explored his most enduring themes: the mystery of identity, the inexplicability of love, and the murderous consequences of love's absence. Adapted for the 1955 film directed by Elia Kazan introducing James Dean, and read by thousands as the book that brought Oprah's Book Club back, *East of Eden* has remained vitally present in American culture for over half a century.

Lewis B. Smedes's inaugural lecture examines the subject of commitment. James M. Gustafson follows with a look at moral discourse, while Peter Kreeft speaks on immortality. Alvin Plantinga explores the nature of Christian scholarship, and Marty E. Marty surveys the denominational landscape. Allen D. Verhey probes key issues in medical ethics, while Nicholas P. Wolterstorff compares neo-Calvinism and "Yale theology." Other lectures feature Dewey J. Houtenga Jr. on happiness, John Feikens on conflict, George I. Mavrodes on philosophy, Arthur F. Holmes on Christian education, and J. Harold Ellens on dysfunction. Eleanore Stump rounds out the volume with an insightful discussion of the problem of evil. In Eden Mine, the award-winning author of Black River examines the aftershocks of an act of domestic terrorism rooted in a small Montana town on the brink of abandonment, as it tears apart a family, tests the faith of a pastor and the loyalty of a sister, and mines the deep rifts that come when the reach of the government clashes with individual freedom Jo Faber is packing up the home she and her brother Samuel inherited. For generations, the Fabers have lived near Eden Mine, but Jo and Samuel will be the last. Their family home has been seized by the state through eminent domain. At the moment she hears the news of the bombing on the radio, Jo knows nothing, but she also knows that something isn't right. The arrival of their friend and unofficial guardian, Sheriff Hawkins, confirms her suspicions. Samuel said he was going to find work. But soon it's clear that he's not gone, but missing—last seen by a security camera near the district courthouse at Elk Fork. And a nine-year-old girl, the daughter of a pastor of a storefront church, is in critical condition. This isn't the first time Jo and Samuel have seen the ravages of violence visit their family. Last time, they lost their mother and Jo lost her ability to walk. Samuel took care of her, outfitted their barn with special rigging so she could

keep riding their mule. But he was never the same, falling in with a separatist group, getting a tattoo he'd flaunt, then spending years hiding. She thought he had finished with all that. But now he's missing, and she can't talk to the one person she trusts. A timely story of the anger and disaffection tearing apart many communities in this country, S.M. Hulse's Eden Mine is also a beautiful novel of the West, of a deep love for the land, of faith in the face of evil, and of the terrible choices we make for the ones we love.

Re-Entering Eden

When you read your Bible, do you see and understand Gods plan for all mankind in it? Do you understand why Gods son had to become one of us? Is there really a hell burning with fire? Do you wonder will there really be a rapture, and all will go to heaven? Anti-Christ, is he someone that is yet to come, and do we really have to fear him? Is the number 666 actually a mark that we will have on our right hand or on our forehead? What is it, or what was it, that no man could buy or sell? Do you really want to know the answers to these, and more questions? God has the answers in his book, the Bible. As a Christian, you should know, no, you need to know the answers; you need to know the truth, and the truth is in Gods Word. How can you prove we are in the end-time? And how can you be saved from the wrath of God? Do you believe God as much as you believe man? This book will give answers to believers and nonbelievers alike. It is a book for all ages, written in plain and easy-to-understand language showing that God does have all the answers to his book, the Bible. You will never be so glad you have read it.

The Truth About Eden

"No interpreter of the creation narratives can avoid interacting with this book."
—Derek W. H. Thomas Christians have long discussed and debated the first three chapters of the Bible. How we interpret this crucial section of Scripture has massive implications for how we understand the rest of God's Word and even history itself. In this important volume, biblical scholar Vern Poythress combines careful exegesis with theological acumen to illuminate the significance of Genesis 1-3. In doing so, he demonstrates the sound interpretive principles that lead to true understanding of the biblical text, while also exploring complex topics such as

the nature of time, the proper role of science, interpretive literalism, and more.

Hidden Truths from Eden

When we read old family letters or hear stories about our great-grandparents, they hold our attention in a particular way. Events from long before we were born are about us: they tell us something important about who we are. If there's a story about great-aunt Mildred on the Oregon Trail as a young child, we want to know that story, because it affects who we are today. Commonly we read the Bible as a historical text, making it a source of facts or doctrines: useful information, but perhaps not very personal. Yet the narratives in early chapters of the Bible need to be understood not as ancient history, but as part of the story of our family. Again and again, for example, the people of Israel of later generations were reminded, "Remember that you were slaves in Egypt"--they must understand that the story of the deliverance is not distant history, but their own reality. From the Mists of Eden retells eleven key stories, from Genesis through Joshua, as family stories: Aunt Hagar and Aunt Sarai, Uncle Joshua, and Uncle Red and Uncle Jacob and Uncle Joe.

This study describes a variety of ways of thinking about place in the Renaissance

and in Paradise Lost. Despite coming from different perspectives, they have in common the idea that the difficulty of the relationship of reciprocity that poetic subjects often expect from their environment destabilizes those subjects' understanding, not only of environment, but of themselves. The study explores destabilization as it affects aspects of the poem from Adam's sense of the landscape of Eden and the meaning of the Fall itself, to the relationship the ambiguous landscapes of Paradise Lost create between Adam and Eve, the poet and the reader; all of whom are struggling to make sense of the same problematically described places. To a surprisingly large extent, the description of prelapsarian Eden and the events that go on within it have in common a failed attempt to understand the nature of the surroundings. In observing the centrality and difficulty of this poetic discourse of place, the problem of place is found at the very heart of the Fall.

Western history, is typically read as an ancient account of original sin and humanity's fall from divine grace. In this highly innovative study, Ziony Zevit argues that this is not how ancient Israelites understood the early biblical text. Drawing on such diverse disciplines as biblical studies, geography, archaeology, mythology, anthropology, biology, poetics, law, linguistics, and literary theory, he clarifies the worldview of the ancient Israelite readers during the First Temple period and elucidates what the story likely meant in its original context. Most provocatively, he contends that our ideas about original sin are based upon misconceptions originating in the Second Temple period under the influence of Hellenism. He shows how, for ancient Israelites, the story was really about how humans achieved ethical discernment. He argues further that Adam was not made from dust and that Eve was not made from Adam's rib. His study unsettles much of what has been taken for granted about the story for more than two millennia—and has far-reaching implications for both literary and theological interpreters. "Classical Hebrew in the hands of Ziony Zevit is like a cello in the hands of a master cellist. He knows all the hidden subtleties of the instrument, and he makes you hear them in this rendition of the profoundly simple story of Adam, Eve, the Serpent, and their Creator in the Garden of Eden. Zevit brings a great deal of other biblical learning to bear in a surprisingly light-hearted book."—Jack Miles, author of *God: A Biography*

How did the replication bomb we call "life" begin and where in the world, or rather, in the universe, is it heading? Writing with characteristic wit and an ability to clarify complex phenomena (the New York Times described his style as "the sort of science writing that makes the reader feel like a genius"), Richard Dawkins confronts this ancient mystery.

Eden's Bridge: The Marketplace in Creation and Mission explores a biblically based theology of the marketplace implicit in the creation narrative of Genesis 1-2. The thesis validates the calling and ministry of all marketplace Christians. David Doty invites readers to rethink and redirect the purposes of vocation, trade, and profit toward the purposes of God's Kingdom, as they were revealed in the beginning and are to be restored in Christ's reign. This book is eye-opening and inviting as it explores how God is moving to reclaim the marketplace for His Kingdom, and His redeeming purposes for the world of commerce. The marketplace holds untold potential if business is conducted according to God's plan: poverty can be eradicated, abundant living can be shared among all people, and shalom can

Eden's Bridge

The esoteric knowledge presented here, represents what are in my belief, some of the most carefully guarded, heavily veiled, and least understood secrets of biblical wisdom traditions. Many have stumbled upon this knowledge without necessarily grasping just what the full implications this knowledge means for unlocking and deciphering the riddles of our Holy Bible as bestowed upon us by our Father Yahweh through the line of prophets and even His only begotten Son Yahushuah Savior Messiah. The secret that unlocks all things biblical is knowledge that Cain was a child of Eve and Lucifer and not the first born son of Adam. Understanding that there are two blood lines upon the planet and that these two bloodlines have been warring with one another since the inception and dawning of humanity upon this world will help one to decipher this critical theme as it plays out through the totality of all available scripture, from the fall to soon coming judgment.

From comic books to summer blockbusters, all people enjoy art in some form or another. However, few of us can effectively explain why certain books, movies, and songs resonate so profoundly within us. In *Echoes of Eden*, Jerram Barrs helps us identify the significance of artistic expression as it reflects the extraordinary creativity and unmatched beauty of the Creator God. Additionally, Barrs provides

the key elements for evaluating and defining great art: (1) The glory of the original creation; (2) The tragedy of the curse of sin; (3) The hope of final redemption and renewal. These three qualifiers are then put to the test as Barrs investigates five of the world's most influential authors who serve as ideal case studies in the exploration of the foundations and significance of great art.

Two Trees in Eden

Both John the Baptist and Jesus said, Behold, the kingdom of heaven is at hand. Yet we know that heaven will only come when sin ends. Therefore, humankind needs to know which sin removed us from the first paradise Eden. In *A Law from Eden Solving the Mystery of Original Sin*, author Marilyn Taplin looks to the Bible to show that the true original sin is not pride or the seeking of knowledge about good and evil; rather, she shows that the true original sin is an act of sexual perversion. A misunderstanding of human sexuality has led to this morally wicked society, and biblical research shows how sexual acts originating in ancient pagan societies and now found in contemporary LGBT communities have distorted the way even those professing to be Christians view their own sexuality. Many believe that the world is moving in the wrong direction, and Jesus shows us how to reverse that direction and bring Eden to the earth once again. If those professing to be Christians learn the powerful truth about original sin and end this sexual act, then they will be able to help usher in the heaven on earth promised by God.

This collection seeks to rectify this oversight by integrating the study of esoteric readings into academic discourse. This is the first of two volumes of edited sermons spanning the greater part of the second half of the twentieth century, and the first major collection of sermons from a Liberal Jewish point of view produced in Britain since Claude G. Montefiore's *Truth in Religion* of 1906. It combines forthrightly radical thinking with spirituality, love of Jewish tradition, and an abundance of carefully documented quotations from classical Jewish sources. This combination yields many fresh insights into the interpretation of Scripture, as examined in Part I, and the significance of the Jewish festivals dealt with in Part II, and brings out the relevance of both to present-day intellectual and social issues. Both Parts will be found to contain many original ideas, novel formulations, and occasional touches of humour.
