The Warlord of Mars

The Warlord of Mars completes the story begun in A Princess of Mars and continued in The Gods of Mars, finally bringing together John Carter and his beloved Dejah Thoris, Princess of Helium. But the exiled leader of the Therns has rescued his daughter and now wants revenge on Carter for exposing his evil cult.

Warlord Of Mars: Dejah Thoris Omnibus Vol. 2

In the shadows of the forest that flanks the crimson plain by the side of the Lost Sea of Korus in the Valley Dor, beneath the hurtling moons of Mars, speeding their meteoric way close above the bosom of the dying planet, I crept stealthily along the trail of a shadowy form that hugged the darker places with a persistency that proclaimed the sinister nature of its errand. For six long Martian months I had haunted the vicinity of the hateful Temple of the Sun, within whose slow-revolving shaft, far beneath the surface of Mars, my princess lay entombed—but whether alive or dead I knew not. Had Phaidor's slim blade found that beloved heart? Time only would reveal the truth. Six hundred and eighty-seven Martian days must come and go before the cell's door would again come opposite the tunnel's end where last I had seen my ever-beautiful Dejah Thoris. Half of them had passed, or would on the morrow, yet vivid in my memory, obliterating every event that had come before or after, there remained the last scene before the gust

of smoke blinded my eyes and the narrow slit that had given me sight of the interior of her cell closed between me and the Princess of Helium for a long Martian year. As if it were yesterday, I still saw the beautiful face of Phaidor, daughter of Matai Shang, distorted with jealous rage and hatred as she sprang forward with raised dagger upon the woman I loved.

The Gods Of Mars

Combining other worldly, adventures with elements of classical myth and fast-paced plots with cliffhanging tension, Edgar Rice Burroughs' The Martian Tales Trilogy helped define a new literary genre emerging in

the early twentieth century: science fiction. In the first installment of The Martian Tales Trilogy, hero John Carter wins the affections of the princess of Mars and the respect of the Martian warlords whom he befriends. The excitement continues in The Gods of Mars, when Carter engages the Black Pirates in airborne combat above the dead seas of Mars and leads a revolt to free the Martian races from a religion that thrives on living sacrifices. In the third book, The Warlord of Mars, Carter overcomes the forces of evil that would destroy the planet.

Warlord of Mars

After the battle at the end of the previous book, which ended with the destruction of the religion of Issus, John Carter's wife and two other women were locked in a slowly rotating prison attached to the Temple of the Sun, each of whose hundreds of cells are only open to the outside world once every year. In the meantime, Carter's friend Xodar has become the new Jeddak (chief or king) of the black Martian First Born, and those white Martian therns who reject the old religion likewise gain a new unnamed leader, but there are still some who wish to keep the old discredited religion going, including the therns' erstwhile leader, the Holy Hekkador Matai Shang. John Carter discovers that a First Born named Thurid knows the secret of the Temple of the Sun and he and Matai Shang want to rescue the Holy Thern's daughter Phaidor, who has been imprisoned with Dejah Thoris and another Barsoomian princess, Thuvia of Ptarth, in the Temple jail for several

hundred days. Thurid, to spite Carter, gets Matai Shang to also take Dejah Thoris and Thuvia along with them. Carter follows them in the hope of liberating his beloved wife. His antagonists flee to the north, taking the three women along. (This resolves the cliffhanger from the previous book, in which Phaidor attempts to stab Dejah Thoris; apparently, Thuvia successfully disarmed Phaidor, and nobody was killed.) In the equatorial Land of Kaol, on the opposite side of the planet from Helium, their jeddak Kulan Tith has not yet abandoned the old religion, and accepted Matai Shang's request for safe haven. Carter rescues the jeddak's forces from an ambush, and is admitted to Kaol, as a neighboring jeddak and good friend of his comes for a visit with his huge retinue. Matai Shang and Thurid unmask Carter's disguise and denounce his heresies, but the visiting jeddak, Thuvan Dihn of Ptharth, who is Thuvia's father, hotly defends Carter. Kulan Tith orders Matai Shang to deliver Dejah Thoris and Thuvia, but instead, he and Thurid take the women and flee to the north. After this treachery against his friend, Kulan Tith finally abjures the old religion and offers whatever help he can to Carter and Thuvan Dihn, but little can be done at this point. Thereafter John Carter follows them untiringly into the north polar regions where he discovers more fantastic creatures and the nearly forgotten Yellow Martians, who live on the north polar cap behind a ring-shaped ice barrier. After traversing through the Carrion Caves which cross the barrier, Carter and Thuvan Dihn encounter Talu, the rebellious nephew of the tyrant Salensus Oll, who rules the yellow Martians' realm of Okar from the city of Kadabra. Talu provides Carter and Thuvan Dihn with advice and assistance,

including disguising the two as yellow Martians.

The Trilogy includes the following books. A Princess of Mars Gods of Mars Warlords of Mars A Princess of Mars A Princess of Mars is a science fantasy novel by American writer Edgar Rice Burroughs, the first of his Barsoom series. It was first serialized in the pulp magazine All-Story Magazine from February–July, 1912. Full of swordplay and daring feats, the novel is considered a classic example of 20th-century pulp fiction. It is also a seminal instance of the planetary romance, a subgenre of science fantasy that became highly popular in the decades following its publication. Its early chapters also contain elements of the Western. The story is set on Mars, imagined as a dying planet with a harsh desert environment. This vision of Mars was based on the work of the astronomer Percival Lowell, whose ideas were widely popularized in the late 19th and early 20th centuries. The Barsoom series inspired a number of well-known 20th-century science fiction writers, including Jack Vance, Ray Bradbury, Arthur C. Clarke, Robert A. Heinlein, and

John Norman. The series was also inspirational for many scientists in the fields of space exploration and the search for extraterrestrial life, including Carl Sagan, who read *A Princess of Mars* when he was a child. *The Gods of Mars* *The Gods of Mars* is a science fantasy novel by American writer Edgar Rice Burroughs and the second of Burroughs' Barsoom series. It features the characters of John Carter and Carter's wife Dejah Thoris. It was first published in *The All-Story* as a five-part serial in the issues for January–May 1913.[1] It was later published as a complete novel by A. C.
