From the Corner of His Eye

Though Opal was only fourteen when she was forced to move out on her own, she put her own dreams aside and made the best of her situation. She married young, had kids right away, and worked hard for a living. Though she overcame extreme circumstances, Opal insisted that there was nothing special about her, other than no matter how hard things got, she just kept on going. Join Opal in Theresa Elder-Rhine's novel based on her own life experiences, Opal through the Eye of the Storm. Just as Opal did, you'll learn what it's like to strike out on your own for the first time. You'll find out what it means to find happiness, only to lose it in a moment. You'll discover what it's like to feel truly alone. But most importantly, though everything seems hopeless, you'll know what it's really like to love someone and have that love in return.

Through the Eye of a Needle

A sweeping intellectual history of the role of wealth in the church in the last days of the Roman Empire Jesus taught his followers that it is easier for a camel to go through the eye of a needle than for a rich man to enter heaven. Yet by the fall of Rome, the church was becoming rich beyond measure. Through the Eye of a Needle is a sweeping intellectual and social history of the vexing problem of wealth in Christianity in the waning days of the Roman Empire, written by the world's foremost scholar of late antiquity. Peter Brown examines the rise of the church through the lens of money and the challenges it posed to an institution that espoused the virtue of poverty and called avarice the root of all evil. Drawing on the writings of major Christian thinkers such as Augustine, Ambrose, and Jerome, Brown examines the controversies and changing attitudes toward money caused by the influx of new wealth into church coffers, and describes the spectacular acts

of divestment by rich donors and their growing influence in an empire beset with crisis. He shows how the use of wealth for the care of the poor competed with older forms of philanthropy deeply rooted in the Roman world, and sheds light on the ordinary people who gave away their money in hopes of treasure in heaven. Through the Eye of a Needle challenges the widely held notion that Christianity's growing wealth sapped Rome of its ability to resist the barbarian invasions, and offers a fresh perspective on the social history of the church in late antiquity.

“Hey, yo, Jim . . . This is Sylvester Stallone. Give me a call . . .” It was these words that would set Jim Peterik on the road to rock ‘n’ roll immortality. After he and his Survivor bandmates recorded “Eye of the Tiger” for the Rocky III soundtrack, the song would go on to earn a Grammy, an Oscar nomination, reach triple platinum status—and become one of the most recognizable tunes in music history. But there’s much more to the story of Survivor and its founding member, Jim Peterik, than meets the eye. As one of the most prolific songwriters of his generation, Peterik has cowritten songs with some of the most famous bands and artists of our time, including 38 Special (“Caught Up in You,” “Hold on Loosely”), Sammy Hagar (“Heavy Metal”), The Beach Boys, The Doobie Brothers, REO Speedwagon, Cheap Trick, and many more. Now, for the first time, Peterik is sharing his stories. Filled with tales from Peterik’s life in rock ‘n’ roll, Through the Eye of the Tiger documents his early days of success with The Ides of March (“Vehicle”), through the often torturous power struggles within Survivor, and the giddy highs that accompany a trail of worldwide hits. From going to a party in Led Zeppelin’s hotel room (and turning right back out the door) to escorting a disoriented Janis Joplin back to her hotel room after opening her show in Calgary, Peterik’s accounts will surprise and delight. Through the Eye of the Tiger is more than just a memoir of a songwriting legend; it’s a classic rock ‘n’ roll story told through the eyes of someone who has lived through it all—and through the Eye of the Tiger.

This book is a new experience in poetry with Spanish and English poems of varying themes and sizes, but with many sonnets. The sonnet form has not been used much in recent years but has again surfaced as a succinct way to express oneself poetically. Although these sonnets are not exactly like the ones of old of Elizabethan and Italian forms, they are an experiment in fourteen-line verse for our day.

There are many questions that fishermen ask themselves. Why do certain lures appeal to certain types of fish? How does the physical make-up of a type of fish affect its hunting strategy? Do fish learn to avoid lures and hooks? In *Through the Fish's Eye*, these questions, and much more are answered. A classic book written by some of the best names in the business, *Through the Fish's Eye* offers a new perspective on the art of fishing by breaking down the behavior of the fish and tying it into their biological make-up. Skyhorse Publishing is proud to publish a broad range of books for fishermen. Our books for anglers include titles that focus on fly fishing, bait fishing, fly-casting, spin casting, deep sea fishing, and surf fishing. Our books offer both practical advice on tackle, techniques, knots, and more, as well as lyrical prose on fishing for bass, trout, salmon, crappie, baitfish, catfish, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

Clay Barton gained access to temporarily declassified past life regression protocols used by the CIA when he worked at the Stanford Research Institute. Since then he has been something of an armchair treasure hunter, conducting hypnotic past life regressions on people. Shali Faisal and Clay take their roaming reincarnation parapsychology practice direct to their subjects and guide them through their past lives. They coax out information about lost valuables or hidden treasures from long ago. The subjects remember almost nothing of their reincarnation sessions so the rewards are all theirs for the taking. They heard whispers about a collection of "hidden writings" that have ties to the rumored secrets of the universe. Upon finally finding these treasures, they are confronted by a unidentifiable, secretive nemesis intent on stopping them. Despite being aided by a benevolent ally, they are repeatedly blocked from their goal.

Imagine you've just entered the parking garage of your office building one morning, you step out of the car, still a little sleepy-eyed, lock the door with your remote and turn around: There staring in your face is a camel, with profoundly soft, gentle eyes, silhouetted against a setting sun. The parking lot? Gone. Your office building? Doesn't exist anymore. And your hum-drum 9-to-5? Gone too. No, this is not the Twilight Zone, it's what this book *Through the Eye of A Needle* is about: The transformation of our hum-drum existence into the miraculous -- and you don't even have to buy expensive tickets and fly to Egypt for it to happen, the transformation can begin right in the middle of this sentence you're reading -- like turning around in a parking garage one hum-drum morning and staring at a camel. And if that were not not good enough, the book won't even cost you that much: \$39.95 (and as everybody knows if you wait long enough, Amazon will sell it to you for a third of that price.) So what's this book about again? Read the inside flap of the dust cover, it will tell you: It's about "the union of the sacred and the profane.

“Poems of Love and Life as seen through the eyes of the heart” is a collection of the feelings you experience in your total being, your body and your soul. The moment when you meet that one in a million person or when you look at a piece of nature and it seems to look back at you. An unexplainable tingle you get in your spine when you see a leaf moving but cannot see the wind that’s pushing it. Or that feeling you get when you think of a loved one who’s moved on and you know in your heart they are standing next to you. In other words, the truths and beliefs of your mind.

In the beginning, we were created in God’s own image according to Genesis 1:27; “So God created man in his own image, in the image of God created he them. That means we were created as a spirit. So even before we inhabited our bodies as the Word of God says in Genesis 2:7, we were taught by God the Father. (John 6:45; “It is written in the prophets, and they shall be all taught of God. Every man therefore that hath heard, and hath learned of the Father, cometh unto me.) The Prophetic allows us to move in the realm of the spirit in such a dimension that we are able to see, smell, taste, hear, and even touch. (Read Hebrews 5:14) As we begin to walk and live in the spirit as the Word of God says in chapter 5 of Galatians, we need the understanding and the revelations by The Spirit and Truth. I have written this book in hopes of giving understanding in the way God has shown me. May the Lord Jesus Christ bless you as you read “The Prophetic Through the Eye of the Eagle.”

The reader may ask, How did you get here or through? The tragic nature of the event on which this memoir sprang in 1951, the multiple relocations from my birth village to the second and third villages, the weeks and months spent in boarding schools in Bas-Congo from age five to twenty, while spending vacation days in villages and towns, all sharpened my sense of observation and reflection. Therefore, my brain got me here and through. Moreover, this book documents my life which, like a cotton thread made of tiny pieces of fiber, exceptionally passes through the eye of the needle. The nineteen chapters elaborate on and share certain reasons and ways of acting: walking on the sides of family members or kins who believed in conforming to and respecting ancestral and clanic traditions; working with teachers in Kikongo, my first language, French, my almost first language, and later, English, my third language, during pre- and post-Congolese independence; putting in ninety-five percent of academic perspiration and relying on five percent of inspiration; adapting to life circumstances, and last but not least, depending on Christian beliefs and sense of cooperation.

In this fast-paced, pressure-packed, and turbulent world--where truth has become subjective, and living the Christian life with an uncompromising perspective has become a challenge for the child of God nothing compares with sitting down with God through the pages of His word, and beholding Him through the eyes of the Spirit in a way that opens the Father's heart to you in a refreshing way. This book

A globe-spanning history of sewing, embroidery, and the people who have used a needle and thread to make their voices heard In 1970s Argentina, mothers marched in headscarves embroidered with the names of their “disappeared” children. In Tudor, England, when Mary, Queen of Scots, was under house arrest, her needlework carried her messages to the outside world. From the political propaganda of the Bayeux Tapestry, World War I soldiers coping with PTSD, and the maps sewn by schoolgirls in the New World, to the AIDS quilt, Hmong story clothes, and pink pussyhats, women and men have used the language of sewing to make their voices heard, even in the most desperate of circumstances. Threads of Life is a chronicle of identity, protest, memory, power, and politics told through the stories of needlework. Clare Hunter, master of the craft, threads her own narrative as she takes us over centuries and across continents—from medieval France to contemporary Mexico and the United States, and from a POW camp in Singapore to a family attic in Scotland—to celebrate the age-old, universal, and underexplored beauty and power of sewing. Threads of Life is an evocative and moving book about the need we have to tell our story.

Through the Eyes of the East: Inspirational Poems

Domestic Violence has plagued America as well as other countries. The author speaks out of his own experience of being the abuser in explicit detail of violent acts that he himself had done being possessed by the spirits of rage, anger, conceit, unforgiveness, enmity, jealousy, along with an explosive revengeful behavior. The author's lifestyle has led him down a road that he is not proud of, but he feels that exposure of these events will help change lives, he is on a quest to destroy the tactics and the plots and schemes that Satan has contrived upon the men and women of this day and age. The author George Love has one other published book titled Who Do You Say I Am? Be brave and not enslaved to Domestic Violence. For if you know not what you're fighting, how can you fight it? You cannot understand what you don't know. Neither can you aim, at what you cannot see.
