The Roman House in Britain

Through an excerpt from Kenneth Grahame's *The Wind in the Willows* titled "The Open Road," readers meet talking animals and consider life on the road. High-spirited dialogue and vivid descriptions transport readers into Grahame's world of silly Toad, Mole, and Rat. Other funny tales engage readers' imagination, such as "The Inchcape Rock," "The Cat and the Mouse" and "Why the Bear Is Stumpy-Tailed," in addition to demonstrating storytelling consistent with the standards in the Common Core language arts curriculum. Full-color illustrations make each story all the more amusing and fun.

Hondo City Justice

Recent studies have tended to seek explanations for the peculiarities of Romano-British architecture in local tradition, but this book shows how Britain embraced and elaborated Hellenistic ideas and spatial forms. Roman houses were built to sustain power, and Roman architecture gained currency in Britain because of its relevance to new political structures erected in the wake of conquest.

Evergreen Trees and a Butterfly Sneeze

They said Steve Biko was a man of violence; then why did he talk of peace? They said he wanted revolution; so why did he talk of friendship? They said he died of hunger; why was his body broken and bruised ? This is the story of a man's fight with the government of South Africa. It is the story of all people who prefer truth to lies. It is the story of all people who cry 'Freedom', and who are not afraid to die.

BIG TROUBLE IN LITTLE HONDO! Samurai-like Judges rule the streets of Japan's mega-city in the world of Judge Dredd. Tackling organised crime and futuristic Ronin, it takes Judges like the renowned Judge Shimura to keep the streets safe. Hondo City is the Japanese equivalent of Mega-City One - a large, sprawling urban mass policed by a Justice Department. Culturally however, it is totally different. While on the forefront of modern technology, the Hondo-citizens remain tied to the roots and customs of feudal Japan, including the way in which the women are treated as inferior to the male populace. Though the Samurai-like Judge Inspectors are seen to be in charge, the Yakuza crime Syndicates still have a hold on power. From giant city-stomping beasts to vengeful Ronin from beyond the grave, Hondo City life can be hell!

In Weak and Widespread, modernity stands as a contrasting operative practice when compared to that of the 20th century, which was based on finding definitive solutions to old and new problems of industrial society. Today's architecture and urban planning tends to operate through reversible solutions, taking their references from models that are incomplete, imperfect and elastic. Precisely for this reason they are capable of withstanding the continuous processes of innovation. In this book Branzi examines how transformations in the concept of modernity have changed project strategy following new territorial and social developments. He puts this into relation to his own projects and research from the mid-1960's with the radical experience of the Archizoom group until the present.

Cry Freedom

Twenty-five-year-old Anna—restless, famished and emotionally numb—is following the long-cold trail of her father, a celebrated luthier, whose death has always haunted her. She's tracked his former business partner to a sailboat on Bellingham Bay, determined to pry from the old man the secrets of their guitarmaking trade, and maybe a few answers about her father. Anna catches an echo of her musical father in Arlan, guitar player for a local band. Soon she's living on his sofa, hanging out with his girlfriend—having friends for the first time, even. And if Anna's new friends do drugs, read her journal and leave open a few too many bedroom doors, who's to say they aren't real friends? And if Anna has feelings for Arlan, who's to say where her loyalty lies? During a single summer's worth of days, gin-soaked and colored with longing, Anna rediscovers her senses, shut down since her father's death, and finds that the only way to get free of her past is to embrace it.

"Adsit's Poetry Anthology, Volume I" presents a collection of three generations of American poetry from the Adsit family, written by Tim Adsit, his parents, and his grandmother. This unique anthology contains inspirational poetry with recurring themes focusing on wilderness, the nature of man, family, home, love, life, death, faith, patriotism, country, humor, and emotions, as well as personal thoughts and reflections gained while outdoors hunting, hiking, camping, and fishing. With these inspiring thoughts and poetic images, the Adsit family brings us immediately into the beautiful world of nature and human nature. Relaxed, warmly intimate, and sometimes humorous, these verses reveal the inspiring world of nature that provides insight into what we are as human beings; what attitudes and beliefs we should take toward life, its Creator, death, and faith; and the way in which we should mature and develop daily in wisdom, knowledge, understanding, and humility. Each poet at once sees connections between the creatures and situations in nature, and in the opportunities in our own lives. They each have a genuine gift for discovering and presenting new ideas in refreshing ways showing that "there is a stillness in nature that speaks louder than a choir of voices."
