Guiding Strala is designed to support aspiring and experienced yoga instructors learn how to improve their practice and lead others with the Strala Yoga philosophy: giving the gift of easy, effortless movement rooted in a strong connection to the self. Strala Yoga offers teachers and students the process and freedom to be their best, most radiant, strong, centered, calm, inspired, ridiculously happy self - on and off the mat. This in-depth manual also features contributions from Strala co-founder and Harvard and Oxford graduate Mike Taylor and renowned shiatsu healer Sam Berliand. This book will show readers how to deliver their practice and lead clearly and effectively. Tara teaches readers the elements of Strala including breath connection, feeling and natural movement so they can embody ease and guide themselves and others to radiant well-being. Guiding Strala is a wonderful tool for leaders in any field to learn how to accomplish more with less energy.

The Minnesota Legislative Manual

The stories of Thor, Odin and Loki are familiar to most of us. Many people know that the Norse gods fought against giants and were ultimately betrayed by Loki the trickster. The end of the world and the death of the gods in a grim battle called Ragnarok has also found its way into popular culture. Ideas taken from Norse mythology are frequently found in modern fantasy and science fiction – such as elves, dwarfs and undead warriors rising from an unquiet grave, for example. Norse mythology is rich in adventure and ideas about creation, death and the afterlife. Norse Myths takes a wide-ranging approach, examining the creation stories of the Norse world, the monsters and the pantheons of the deities, including such

figures as Heimdall, Freya and Baldr. It looks at the sagas and the Prose and Poetic Eddas, which tell of real and imagined people, featuring both heroic tales and humorous escapades. The book also examines how Norse myths were interpreted in a Christianized Europe and how their motifs influenced medieval German writers and, in turn, were used in the modern world in very different ways, by the likes of composer Richard Wagner and in the writings of J.R.R. Tolkien. Illustrated with 180 colour and black-&-white artworks and illustrations, Norse Myths is an engaging and highly informative exploration of a rich mythology that still resounds today.
