Their Frontier Family (Mills & Boon Love Inspired Historical) (Wilderness Brides, Book 1)

Sometimes love is a lot closer to home than you think. Charlie Burroughs can't keep a man. All he wants is a good relationship like the ones he sees his friends having, but none of the men he picks ever work out. Despite him trying to be the perfect boyfriend, the men are either threatened by his looks or his epilepsy or a combination of the two. It's lucky that he has his best friend Misha to turn to. The two of them are closer than peas in a pod and fiercely loyal to each other. He can't imagine his life without Misha in it. Misha Lebedinsky is the complete opposite of his best friend. Being the support system for his mum and twin sisters leaves Misha with neither the time nor the inclination for a relationship. Quick and frequent hook-ups are his favourite means of communication and any other pesky emotional needs he has are met by Charlie, who he's devoted to. He lives a life of happy compartmentalization with no

intention of ever changing. All of this changes when the two best friends move in together. Being in close proximity means that they suddenly start to see each other in a very different light. But Charlie struggles when his drive to be the perfect partner clashes with the fact that he's in love with a man who knows every little thing about him. And even if he can get past that, can a relationship ever work with a man who'd need a dictionary to tell him what love means? From bestselling author Lily Morton comes a love story about a sunny librarian who has relationship written all over him and a cynical banker who doesn't even have it in his blurb. This is the second book in the Close Proximity series but it can be read as a standalone.

Dream Dancer

Kathryn Shay creates a world of politics, gangs and her forte--the problems of teenagers. This is the first in the O'Neil Family trilogy! "SOMEONE TO BELIEVE IN is a wonderfully written, emotional and extraordinary read and truly deserves a five-star rating." Affaire de Coeur Bailey O'Neil, aka, the Street Angel, has been the arch enemy of Senator Clay Wainwright since he was a district attorney and she a young, idealistic social worker. He put her in jail for harboring a teen offender and never looked back. Eleven years later, she's a thorn in his side as an anti-gang specialist trying to get kids out of gangs. While Clay wants to put them in jail, Bailey is determined to help these troubled teenagers make good lives for themselves. But when Bailey and Clay are thrown together on the

mayor's task force, the impossible happens—they're attracted to each other. Their passion erupts early on, and only grows stronger the further they get into a relationship. When they fall deeply in love, their conflicting views drive a wedge between them. Both the Street Angel and the Senator must find a way to deal with their differences in order to make a life together. Available also: the O'Neil brothers' stories in CLOSE TO YOU and TAKING THE HEAT "Once again, Shay shines in this starkly realistic story of gang members and people involved in prevention and intervention programs. Shay pulls no punches when describing brutal events, and secondary characters, including Clay's environmentalist son, Bailey's overprotective brothers, and Taz, a member of the notorious Good Girls gang, are especially well developed. This powerful story will stay with readers long after they finish the book. *Starred Review* Shelley Mosley, American Library Association. "Shay's writing trademark is taking seemingly impossible relationships and developing them into classic tales of true love, which is what she does here." Fresh Fiction "What we get in SOMEONE TO BELIEVE IN is Clay and Bailey fighting each other in the media but heating up the sheets (or the stairs, elevators, and the walls) with love making. Talk about a hot book filled with great dialogue and love scenes." A Reader

Education, Arts, and Morality

No one is more surprised than Sunny Licht when Noah Whitmore proposes. She's a scarlet woman and an unwed mother—an outcast even in her small Quaker community. But she can't resist Noah's offer of a fresh start in a place where her scandalous past is unknown. In Sunny, the former Union soldier sees a woman whose loneliness matches his own. When they arrive in Wisconsin, he'll see that she and her baby daughter want for nothing...except the love that war burned out of him. Yet Sunny makes him hope once more—for the home they're building, and the family he never hoped to find.

In the Attic

Inspired by Howard Gruber's Evolving Systems Approach, these studies explore creativity in several domains. The idea that the creative person embodies a system of loosely coupled sub-systems - knowledge, purpose, and affect that work together, is viewed here in different chapters that explore this concept. These include autobiographies of incarcerated youth, curricula for moral and civic responsibility, changing attitudes of readers to text (romance novels), as well as case studies of highly creative individuals, such as George Bernard Shaw. Gruber's approach provides concepts as well as methodological tools which the authors apply to diverse creative processes. This book is a valuable

resource for undergraduate as well as graduate level students interested in creativity, development, and education. In addition to the intrinsic interest of each chapter, the guiding theme of the book is the underlying theory of creativity, Gruber's Evolving Systems Approach, and illustrates the unusual breadth and flexibility of that theory.

What Hamlet Said

A searing debut novel centering around a gay-to-straight conversion camp in Mississippi and a man's reckoning with the trauma he faced there as a teen. Grad student Will Dillard has largely buried memories of the summer he spent at a camp intended to "cure" homosexuality. But when he finds out a horror movie based on the camp is hitting theaters, he's forced to face his past—and his role in another camper's death. As he recounts the events surrounding his "failed rehabilitation," Will strikes out on an impromptu road trip back home to Mississippi, eventually returning to the abandoned campgrounds to solve the mysteries of that pivotal summer. With a masterful confluence of sensibility and place, *How to Survive a Summer* introduces an exciting new literary voice from the American South.
