How Is Paper Made and Sold?

An adventurous exploration of the "I" in American culture, by the author of Neck Deep and Other Predicaments Me. Me. Me. Me. Me. Me. Me. Me. Me. Me. Me. Me. Me. Me. Me. In contemporary America, land of tell-all memoirs and endless reality television, what kind of person denies the opportunity to present himself in his own voice, to lead with "I"? How many layers of a life can be peeled back before the self vanishes? In this provocative, witty series of meditations, Ander Monson faces down the idea of memoir, grappling with the lure of selfinterest and self-presentation. While setting out to describe the experience of serving as head juror at the trial of Michael Antwone Jordan, he can't help veering off into an examination of his own transgressions, inadvertent and otherwise. He scrutinizes his private experience of the public funeral ceremony for Gerald R. Ford. He considers his addiction to chemically concocted Doritos and disappointment in the plain, natural corn chip, and finds that the manufactured, considered form, at least in snacks, is ultimately a more rewarding experience than the "truth." So why is America so crazy about accurately confessional memoirs? With Vanishing Point, Monson delivers on the promise shown in Neck Deep, which introduced his winning voice and ability to redefine the essay and "puts most memoirs to shame" (Time Out Chicago).

Being grateful is a must to avoid being screwed by the influence of others around you. Am I depressed? Depression, anxiety, a borderline personality disorder, panic attack, postpartum depression, mental health, dysthymia, mood disorders, are not problems affecting you or a loved one. 'A superbly told tale of folklore-infused fantasy, full of rising dread, set in a sharply observed Australian outback town.' Garth Nix Strange what chooses to flourish here. Which plants. Which stories. Bettina Scott lives a tidy, quiet life in Runagate, tending to her delicate mother and their well-kept garden after her father and brothers disappear - until a note arrives that sends Bettina into the scrublands beyond, searching for answers about what really happened to this town, and to her family. For this is a land where superstitions hunt and folk tales dream - and power is there for the taking, for those willing to look. PRAISE FOR FLYAWAY 'Jennings' prose dazzles, and her magic feels real enough that you might even prick your finger on it.' Kelly Link 'Half mystery, half fairy tale, all exquisitely rendered and full of teeth.' Holly Black 'Brilliant light washes through these pages, a perfect foil for the novella's shadowy, all-too-serious battles of class, community and family. Sly visitations from imported, half-naturalised folklore add further layers of mystery and wonder to a more-than-magical tale of history's grip, the land's memory, and the harm we cannot help but do to ourselves and each other.' Margo Lanagan 'In spellbinding, lyrical prose Jennings lulls readers into this rich, dreamlike world. Lovers of contemporary fairy tales and magical realism will find this a masterful work.'
