Deeds of Darkness

When a Paleontologist and a Dinosaur Bone Pirate Join Forces, Only the Future Can Tell What They'll Dig Up in Discover Time for Love, A Time Travel Romance from Louise Clark --Montana Badlands, 2020-- Professional paleontologist, Liz Hamilton, is seeking the academic find of a lifetime and separation from her family's strange secret. What she's not seeking is a car wreck and being rescued by a dino-bone pirate. Mike Edwards makes money finding dino-bones and selling them to the highest bidder. When a torrential rainstorm hits the Montana prairie he rescues the attractive Liz Hamilton and the two weather the storm in his truck. The next morning, the unlikely duo discover the remains of a rare creature in a washout. The creature straddles the border between private and federal land, requiring them both to work together on the discovery despite Liz's contempt for Mike's motives. A journey to the future convinces Liz the find is significant for her career. What she doesn't know is how to handle Mike's profiteering or the emotional bond and deepening attraction between them. After Mike and Liz's Story, Enjoy Claim Time for Love, A Time Travel Romance Based on Make Time for Love, Book 1 in the Forward in Time Series --Boston, 1772 and Present Day, New York City-- Andrew Byrne, a prosperous colonial with rebellious inclinations, is determined to marry the beautiful Mary Elizabeth Strand, the daughter of George Strand, a British

official in Boston. The problem is George Strand has promised his daughter to Colonel Bradley, a British officer. When Andrew and Mary Elizabeth decide to elope, their secret passage to New York City leaks to Colonel Bradley who sets pursuit. Now, only a leap in time can save the lovers and take them to a destiny truly their own. The Forward In Time Series: Make Time for Love Discover Time for Love w/Claim Time for Love A Turbulent Time for Love About Louise Clark: Louise Clark's time travel romance series, Forward in Time, includes both contemporary and historical settings, as well as humor, passion, and hot heroes. Her experience writing both contemporary and historical romance made writing a time travel series a natural. As well, her love of travel meant the books are set in different locals, from historic Boston to the badlands of the American West, and beyond.

Raven's Strike

The latest in the Home Front Detective series by master of historical fiction, Edward Marston. In June 1916, a young woman is found dead in a cinema. Harvey Marmion and Joe Keedy are assigned the task of finding the killer who fled in the dark. Before long, two more victims, of striking similarity but differing backgrounds, are found dead around the city. Meanwhile, miles from home, Marmion's son, Paul, prepares for life on the front line as he marches towards the Battle of the Somme.

Discover Time For Love (Forward in Time, Book Two)

The New Electronics

A heart-pounding romantic thriller from New York Times bestselling author Suzanne Brockmann, previously published in 1995. Emily Marshall is enjoying a pleasure cruise on the Gulf of Mexico when she stumbles on a murder and a violent drug-smuggling ring. And the only person she can trust is the man who broke her heart so many years ago, Jim Keegan. Jim had thought he was over Emily—until a passionate encounter at a beach house proved him wrong. Now, he must face a group of deadly criminals to save the woman he knows he still loves.

Running a Small Library

Unraveling secrets is their mission... But the truth can be fatal. After his last CIA assignment ended in betrayal, the covert operative known only as Ned holes up for Christmas in his remote mountain cabin, preparing to trap the men hunting him. But journalist Mary Grace Ramsey reaches Ned first, injured and determined to uncover why someone is after her and her CIA agent brother. Together, can they unravel a conspiracy that goes higher than they ever imagined?

Handbook of Semiconductor Electronics

Unlikely duo Pip and Flinx return to right another wrong in this all-new sci-fi adventure from one of the genre's living legends. Fans of fun, fast-paced, imaginative science fiction adventure, rejoice! #1 New York Times bestselling

author Alan Dean Foster returns to his much-loved Commonwealth series with a new novel starring the indefatigable Flinx and his venomous minidrag, Pip. Facing danger and doing good is their business . . . provided the price is right. The unexpected return of an old friend draws Flinx and Pip to the backward planet of Largess, whose seal-like denizens' primitive technology and fractious clan politics have kept a wary Commonwealth from a profitable trade relationship. But now a rogue human employing forbidden advanced weaponry threatens to ignite a war among the Larians. And Flinx is just the man to stop it before it starts. But once on Largess, Flinx discovers that his empathic abilities—usually his greatest asset—are rendered useless by the natives' unique language, which is sung rather than spoken. Worse, the abduction of a powerful chieftain's daughter has raised tensions to the boiling point. Now Flinx must depend on his own mettle—and of course Pip, the devoted minidrag with the deadly edge—to right wrongs, mend fences, and battle a cold-blooded adversary armed with enough firepower to blow them all away . . . and destroy the chance for peace in Largess forever. Advance praise for *Strange Music* "Adventure-loving readers new to the series, as well as old fans, will enjoy [Alan Dean] Foster's return to Commonwealth space."—Publishers Weekly

Don't miss this fan favorite tale of romantic suspense from #1 New York Times bestselling author Nora Roberts. When the handsome Adam Haines shows up at Kirby Fairchild's ancestral home looking for a quiet place to paint, she's more than skeptical. Yet as days and nights wear on, the attraction she feels for him builds, whether she wants it to or not. But when Adam begins to act suspiciously, Kirby must uncover his real purpose at her father's home...before it's too late. Originally published in 1986.

Deathless Love

An Illustrated Guide to Linear Programming

QUEEN SACRIFICE (Historical Fiction) - The ULTIMATE chess novel? In ancient Wales, two kings battle for their lives. In a land where battles can last decades,

trouble is brewing and the stakes are high. The queen of the northern tribes has a new son and the king of the south has young Saxon bride. At the heart of the conflict are the bishops, who are torn between their faith and their duty. Powerful knights and warlords see the opportunity to grow rich but know there the loser will pay a heavy price. This is a tale of love and sacrifice, soldiers and spies, heroes and assassins, who meet in the war to end all wars. * * * * *

* * * * * The narrative faithfully also follows EVERY move in the queen sacrifice game, known as "The Game of the Century" between Donald Byrne and 13-year-old Bobby Fischer in New York City on October 17th, 1956. "Set this chessboard and its pieces before your most learned men, to see if their intellects can fathom this subtle game." (Challenge from an Indian King) Queen Sacrifice from Tony Riches continues the epic fantasy tradition of George R R Martin.

The Thinking Dog

In Her Mother's Keeper, "America's favorite writer" (The New Yorker)—#1 bestselling phenomenon Nora Roberts—tells the tale of a daughter determined to protect her mom from a celebrity notorious for his trysts, only to find herself falling under his spell. When Gwen Lacrosse learns her mother has taken in the famous novelist Luke Powers as a boarder, she immediately catches a flight from New York to her hometown just outside New Orleans. Convinced the reputed womanizing author is going to break her mother's heart, Gwen wants him gone. But when Luke turns his skills with words and seduction on Gwen, she finds her will collapsing under the weight of her growing desire.

Her Mother's Keeper

It is such a joy to work with a dog who proactively engages in behaviors while you build a relationship that will surprise you in its depth and versatility. Clicker training has proven to be the most effective means of developing a "Thinking Dog," one who offers behaviors in anticipation of a reward rather than a dog who has been trained only to wait for his owner's commands. One of the biggest obstacles the new clicker trainer faces, however, is his or her own history of training and habits of working with a dog. But you can make the transition once you understand how dogs learn and the mechanisms of operant conditioning. Learn from author Gail Fisher's crossover experiences as well as those of the hundreds of students she has helped make the change over the past thirteen years. You will learn: * How dog training has evolved over the past 100 years, the strengths and weaknesses of various training styles, and to what extent you can intergrate your previous methods with clicker training. * The particular challenges you will face as you crossover from whatever style of training you have used in the past (compulsion, luring, etc.) to clicker training. * The detailed nuts and bolts of clicker training - from getting a behavior started, to methods of rewarding, to reducing the need to click and treat over time while still getting the results you want. * How to work with dogs trained with force or harsh methods and change them into behavior-offering dynamos.
